WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-4" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted. highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said The Dalles-Eight Mile Creek Section of The Dalles-California Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list. marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated The Dalles-California Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation construction, improvement and maintenance of the said The Dalles-Eight Mile Creek Section of The Dalles-California Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest. and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "J-4" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 23rd day of October, 1958, as Condemnation Resolution No. 1024.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1024, under the heading "Real Property Condemnation Resolutions," and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-5"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, by virture of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the North Yamhill River Section of the Pacific Highway West; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-5" (Cont)

WHEREAS, for the purpose of widening, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said North Yamhill River Section of the Pacific Highway West as a throughway, certain interest in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved Pacific Highway West and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improvement and maintenance of the said North Yamhill River Section of the Pacific Highway West and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "J-5" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 23rd day of October, 1958, as Condemnation Resolution No. 1025.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1025, under the heading "Real Property Condemnation Resolutions," and said description, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-6"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit; For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Mosier-The Dalles Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-6" (Cont)

WHEREAS, for the purpose of widening, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Mosier-The Dalles Section of the Columbia River Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.*

3. That the widening, improvement and maintenance of the said Mosier-The Dalles Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "J-6" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 23rd day of October, 1958, as Condemnation Resolution No. 1026.

EXHIBIT "J-7"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways. and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Wilderville-Grants Pass Section of the Redwood Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-7" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Wilderville-Grants Pass Section of the Redwood Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Redwood Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Wilderville-Grants Pass Section of the Redwood Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "J-7" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 23rd day of October, 1958, as Condemnation Resolution No. 1027.

---

30821

EXHIBIT "J-8"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Middleton-Rex Hill Section of the Pacific Highway West; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-8" (Cont)

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Middleton-Rex Hill Section of the Pacific Highway West, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Pacific Highway West and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Middleton-Rex Hill Section of the Pacific Highway West and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "J-8" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 23rd day of October, 1958, as Condemnation Resolution No. 1028.

---

* FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1028, under the heading "Real Property Condemnation Resolutions", and said description, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-9'

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads. frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Albany-Judkins Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-9" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "J-9" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 23rd day of October, 1958, as Condemnation Resolution No. 1029.

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1029, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

30827

EXHIBIT "J-10"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, by virtue of the Laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Baker-Pleasant Valley Section of the Old Oregon Trail Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-10" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Baker-Pleasant Valley Section of the Old Oregon Trail Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no right of access of any nature between the right of way of the said relocated Old Oregon Trail Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Baker-Pleasant Valley Section of the Old Oregon Trail Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "J-10" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 23rd day of October, 1958 as Condemnation Resolution No. 1030.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1030, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-11"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to locate, construct, improve and maintain the Redwood Interchange Section of the Redwood, Pacific, and Williams Secondary Highways; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highways shall be located, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-11" (Cont)

WHEREAS, for the purpose of locating, constructing, improving and maintaining the said highways as throughways, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highways should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for the construction, improvement, betterment and maintenance of highways of the state highway system, and the location, construction, improvement and maintenance of the said Redwood Interchange Section of the Redwood, Pacific, and Williams Secondary Highways as throughways, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said Redwood, Pacific, and Williams Secondary Highways and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the location, construction, improvement and maintenance of the said Redwood Interchange Section of the Redwood, Pacific, and Williams Secondary Highways and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "J-11" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interest of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 23rd day of October, 1958, as Condemnation Resolution No. 1031.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1031, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

30833

EXHIBIT "J-12"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Jumpoff Joe Creek-Grants Pass Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-12" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Jumpoff Joe Creek-Grants Pass Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Jumpoff Joe Creek-Grants Pass Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 23rd day of October, 1958, as Condemnation Resolution No. 1032.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1032, under the heading "Real Property Condemnation Resolutions", and said descriptions maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-13"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials, approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Sunset Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-13" (Cont)

WHEREAS, for the purpose of widening, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Sunset Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved Sunset Highway, including the Highlands Traffic Interchange, and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improvement and maintenance of the said Sunset Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "J-13" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 23rd day of October, 1958, as Condemnation Resolution No. 1033.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1033, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-14"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Klamath Falls, West Side By-pass Section of The Dalles-California Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-14" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Klamath Falls, West Side By-Pass Section of The Dalles-California Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list. marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated The Dalles-California Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction,improvement and maintenance of the said Klamath Falls, West Side By-Pass Section of The Dalles-California Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "J-14" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 23rd day of October , 1958, as Condemnation Resolution No. 1034.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1034, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-15"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the McMinnville Airport-Dayton Junction Section of the Three Mile Lane Secondary Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-15" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the McMinnville Airport-Dayton Junction Section of the Three Mile Lane Secondary Highway will be relocated, constructed or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951; and

WHEREAS, it is the judgment of the Highway Commission that those properties to which Oregon Revised Statutes 374.405 apply should have such rights of access as may be permitted properly defined.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said McMinnville Airport-Dayton Junction Section of the Three Mile Lane Secondary Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "J-15" (Cont)

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Three Mile Lane Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.*

3. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said relocated Three Mile Lane Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be defined as to location, width, nature and extent. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired for right of way prior to May 12, 1951.

4. That the relocation, construction, improvement and maintenance of the said McMinnville Airport-Dayton Junction Section of the Three Mile Lane Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

5. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

6. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

7. That this resolution be entered in full in the minutes and records of the Commission this 23rd day of October, 1958, as Condemnation Resolution No. 1035.

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1035, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-16"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the State Highway Commission plans and proposes to relocate, construct, improve and maintain the Valley Junction-Sheridan Section of the Salmon River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-16" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Valley Junction-Sheridan Section of the Salmon River Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A" under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Salmon River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Valley Junction-Sheridan Section of the Salmon River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "J-16" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 23rd day of October, 1958, as Condemnation Resolution No. 1036.

EXHIBIT "J-17"

Minutes of October 23 and 24, 1958

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Butte Creek-Service Creek Section of the John Day Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Butte Creek-Service Creek Section of the John Day Highway, certain interests in or fee simple title to certain

parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A" , under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved John Day Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improvement and maintenance of the said Butte Creek-Service Creek Section of the said John Day Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 23rd day of October, 1958, as Condemnation Resolution No. 1131.

parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1131, under the heading 'Real Property Condemnation Resolutions", and said description, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-18"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent proptety to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the State Highway Commission plans and proposes to relocate, construct, improve and maintain the Valley Junction - Sheridan Section of the Salmon River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately

needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Valley Junction-Sheridan Section of the Salmon River Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A" under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be,, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Salmon River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.*

3. That the relocation, construction, improvement and maintenance of the said Valley Junction-Sheridan Section of the Salmon River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the

EXHIBIT "J-18" (Cont)

Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

EXHIBIT "J-19"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites, or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Wilderville-Grants Pass Section of the Redwood Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-19" (Cont.)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Wilderville-Grants Pass Section of the Redwood Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Redwood Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservation as are noted.*

3. That the relocation, construction, improvement and maintenance of the said Wilderville-Grants Pass Section of the Redwood Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken

immediately.

EXHIBIT "J-20"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interst therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to establish, construct and maintain the Hayesville Junction-Wilsonville Junction Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be established, constructed and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interest of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-20" (Cont.)

WHEREAS, for the purpose of establishing, constructing and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the establishment, construction and maintenance of the said Hayesville Junction-Wilsonville Junction Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of accessof any nature between the right of way of the said Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.*

3. That the establishment, construction and maintenance of the said Hayesville Junction-Wilsonville Junction Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken as necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing

EXHIBIT "J-20" (Cont.)

of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 23rd day of October, 1958, as Condemnation Resolution No. 1134.

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1134, under the heading "Real Property Condemnation Resolutions", and said description, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "K"

Minutes of October 23 and 24. 1958

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter, and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: Pacific Highway East

Highway Number 1E Route number US 99 E

Location of Termini		Established Speed
M. P.	to M. P.	M. P. H.
52.34 (South city limits of Salem)	52.56 (Ratcliff Drive)	30
52.56 (Ratcliff Drive)	54.46 (Boone Road) 1/	45

1/ except that between a point 350 feet north of Lansford Drive (M. P. 53.69) and a point 250 feet north of Hilflicker Lane (M. P. 53.89) the indicated speed

shall be 20 miles per hour during the hours of school crossings as per the provisions of Subsection 1.a. of ORS 483.104.

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled, specifically Speed Zone Resolution No. 84, adopted April 21, 1952.

BE IT FURTHER ORDERED that this Speed Limit Resolution No. 84-a be entered in the minutes and records of the Commission as of the 23rd day of October, 1958.

EXHIBIT "L-1"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, the Oregon Coast Primary Highway No. 9 is a state highway under the jurisdiction of the State Highway Commission; and

WHEREAS, it appears that vehicles are being parked along the westerly side of the Oregon Coast Highway in the vicinity of the Union Oil bulk storage plant between North Bend and Coos Bay; and

WHEREAS, the parking of vehicles in said section creates a hazard to the traveling public; and

WHEREAS, in the opinion of the Commission public travel and public safety require that parking of vehicles should be prohibited on said highway at said location;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the Commission does hereby find and declare, based upon recommendations by members of its staff, that the parking of vehicles on the westerly side of the Oregon Coast Primary Highway between the Standard Oil Company driveway (M.P. 236.92) and the Union Oil Company driveway (M.P. 236.96) creates a hazard to the traveling public by restricting sight distance and maneuvering area for those vehicles going to and from the oil plant driveway.

2. That the Commission does further find and declare that the parking of vehicles on the westerly side of the Oregon Coast Primary Highway between the Standard Oil Company driveway (M.P. 236.92) and the Union Oil Company driveway (M.P. 236.96) should be prohibited.

3. That the State Highway Engineer be and he hereby is instructed to erect signs at said termini and at such points as, in his judgment, are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared.

4 That a certified copy of the resolution be sent to the Superintendent of the Department of State Police for his information.

5. That this "No Parking" Resolution No. 187 be entered in the minutes and records of the State Highway Commission as of the 23rd day of October, 1958.

EXHIBIT "L-2"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, the Oregon Coast Primary Highway No. 9 is a state highway under the jurisdiction of the State Highway Commission; and

WHEREAS, it appears that vehicles are being parked on the westerly side of the Oregon Coast Highway north of Tillamook; and

WHEREAS, the parking of vehicles in said area creates a hazard to the traveling public; and

WHEREAS, in the opinion of the Commission public travel and public safety require that parking of vehicles should be prohibited on said highway at said location;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the Commission does hereby find and declare, based upon recommendations by members of its staff, that the parking of vehicles on the westerly side of the Oregon Coast Highway between a point 50 feet north of Goodspeed Road (M.P. 64.74) and a point 0.09 mile south of Goodspeed Road (M.P. 64.84) creates a hazard to the traveling public by restricting sight distance for those vehicles attempting to enter US101 from the motel driveways and from Goodspeed Road.

2. That the Commission does further find and declare that the parking of vehicles on the westerly side of said highway at said location should be prohibited.

3. That the State Highway Engineer be and he hereby is instructed to erect signs at said termini and at such points as, in his judgment, are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared.

4. That a certified copy of the resolution be sent to the Superintendent of the Department of State Police for his information.

5. That this "No Parking" Resolution No. 188 be entered in the minutes and records of the State Highway Commission as of the 23rd day of October, 1958.

36805

EXHIBIT "M"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make a complete and final survey of the route and location of the Rowena-Chenoweth Creek Section of the Columbia River Highway in Wasco County, and in connection therewith to prepare a map showing the route and location of said section and to file said map, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said survey and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said survey, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1. That the survey of the Rowena-Chenoweth Creek Section of the Columbia River Highway, beginning at Highway Engineer's Station 1886+00, at Rowena, and extending in an easterly direction to Highway Engineer's Station 2183+00, near Chenoweth Creek, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1198, and the date of September, 1958, (Right of Way Map No. 5B-35-15, dated September, 1951), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.*

2. That when said highway section is permanently constructed, the same shall be done in accordance with said survey and location unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said survey constitutes and is deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the highway along and over this survey. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary right of way pursuant to the normal and approved method for construction of a complete access controlled highway.

4. That heretofore this Commission by resolution, dated November 3, 1948, designated the said Columbia River Highway as a "Throughway" within

the meaning and purpose of ORS 374.005 through ORS 374.095, commonly known as the "Throughway Law", and, for the reasons stated therein, it is hereby directed that the construction of the above-mentioned section of highway shall be accomplished pursuant to and within the meaning and scope of said law and said resolution.

5. That this resolution be entered in the minutes and records of the Commission as of the 23rd day of October, 1958, as Survey Resolution No. 186.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being file No. 186, under the heading "Resolutions Adopting Surveys" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "N"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, on January 22, 1957, Sam Ropp, Verda Ropp, Aaron Ropp and Verna Ropp as Grantees, executed a warranty deed conveying the hereinafter described real property to the State of Oregon, by and through its State Highway Commission, as Grantee, for road building materials for highway construction and maintenance; and

WHEREAS, said deed provided, among other things, that in the event the road building materials located on said property and useful for highway construction and maintenance should become exhausted so that the property was no longer needed by the Grantee for highway purposes and the State should abandon said property, that then the said property and the title thereto, upon a resolution being so enacted by the State Highway Commission, should revest in Grantors; and

WHEREAS, in the opinion of the Commission, said property has been exhausted of all road building materials used for the construction and maintenance of highways and other purposes and said property is no longer needed by the State Highway Commission for a public use; and

WHEREAS, it is the purpose of the State Highway Commission, by this resolution, to take official action with respect to the re-vesting of title to said real property in the Grantors.

NOW, THEREFORE, BE IT AND IT IS HEREBY RESOLVED by this Commission as follows:

1. That the State of Oregon, by and through its State Highway Commission, is owner in fee of a said parcel of real property described as follows:

A parcel of land lying in the Anderson Cox D. L. C. #49, Township 11 South, Range 3 West, W. M., Linn County, Oregon; the said parcel being described as follows:

Beginning at a point on the Westerly right of way line of the Albany Airport Secondary Highway, said point being 2715.39 feet South and 43.28 feet West of the Northeast corner of said Anderson Cox D. L. C. #49; thence along said right of way North 74° 25' 50" East 15.61 feet, thence along said right of way South 0° 27' 00" West 69.56 feet; thence North 62° 55' 10" West 53.94 feet; thence along the arc of a 114.59 foot radius curve left (the long chord of which bears North 84° 14' 40" West) 85.30 feet; thence South 74° 25' 50" West 389.20 feet; thence along the arc of a 238.73 foot radius curve left (the long chord of which bears South 57° 00' 50" West) 145.14 feet; thence South 39°

EXHIBIT "N" (Cont)

35' 50" West 159.78 feet; thence along the arc of a 572.96 foot radius curve right (the long chord of which bears South 50° 00' 50" West) 208.33 feet; thence South 60° 25' 50" West 42.16 feet; thence along the arc of a 260.44 foot radius curve right (the long chord of which bears South 80° 10' 50" West) 179.55 feet; thence North 80° 04' 10" West 273.88 feet; thence along the arc of a 358.10 foot radius curve right (the long chord of which bears North 65° 34' 10" West) 181.25 feet; thence North 51° 04' 10" West 28.42 feet; thence along the arc of a 358.10 foot radius curve right (the long chord of which bears North 40° 18' 10" West) 134.58 feet; thence North 29° 32' 10" West 166.10 feet; thence along the arc of a 881.47 foot radius curve right (the long chord of which bears North 13° 30' 40" West) 493.07 feet; thence North 2° 30' 50" East 187.33 feet; thence North 88° 50' 50" East 94.58 feet; thence South 31° 04' 10" East 19.73 feet; thence along the arc of a 358.10 foot radius curve left (the long chord of which bears South 42° 16' 40" East) 140.10 feet; thence South 53° 29' 10" East 29.07 feet; thence along the arc of a 190.99 foot radius curve right (the long chord of which bears South 31° 16' 40" East) 148.06 feet; thence South 9° 04' 10" East 327.28 feet; thence along the arc of a 114.59 foot radius curve left (the long chord of which bears South 56° 49' 10" East) 191 feet; thence North 75° 25' 50" East 1124 feet; thence along the arc of a 260.44 foot radius curve right (the long chord of which bears South 89° 58' 05" East) 132.74 feet; thence South 75° 22' East 105.71 feet to a point on the Westerly right of way line of the Albany Airport Secondary Highway; thence South 0° 27' West 105 feet along said right of way to the point of beginning.

The bearings used herein are based upon the Oregon Coordinate System, North Zone.

The parcel of land to which this description applies contains 14.79 acres, exclusive of the exception hereinafter stated.

EXCEPTION:

A parcel of land lying in the Freeway Addition to Albany, also lying in the Anderson Cox D. L. C. #49, Township 11 South, Range 3 West, W. M., Linn County, Oregon, and being a portion of that property described in that certain deed to the State of Oregon, by and through its State Highway Commission, recorded in Book 246, Page 715 of Linn County Records of Deeds; the said parcel being described as follows:

Beginning at the Northeast corner of Lot 4, Block 12 of said Freeway Addition to Albany, said corner being at the inter-

EXHIBIT "N" (Cont)

section of the West line of Bain Street and the South line of said State of Oregon property; thence North 19° 29' East 299.67 feet to the most Southerly corner of Lot 8, Block 1 of said Freeway Addition, said corner being on the intersection of the Westerly line of Bain Street and the Northerly line of said State of Oregon property; thence Easterly along the Northerly line of said State of Oregon property 70.65 feet to the Southwest corner of Lot 1, Block 5 of said Freeway Addition; thence South 19° 29' West, parallel to and 60 feet Easterly of the first described line above, a distance of 340 feet to the Northwest corner of Lot 1, Block 6 of said Freeway Addition, said corner being on the Southerly line of said State of Oregon property; thence Westerly along the Southerly line of said State of Oregon property 62 feet, more or less, to the place of beginning.

The parcel of land to which this description applies contains 0.44 acre.

2. That the supply of road building materials for highway construction and maintenance formerly located on said property has become exhausted and that said property is no longer needed by the State Highway Commission for a public use or necessary for a supply of road building materials for highway construction and maintenance.

3. That all right, title and interest which the State of Oregon, by and through its State Highway Commission has in the above described property upon the enactment of this resolution shall re-vest in the said Sam Ropp, Verda Ropp, Aaron Ropp and Verna Ropp, their heirs, executors, administrators and assigns forever.

4. That this resolution be entered in full in the books and records of the Commission this 23rd day of October, 1958, as Miscellaneous Resolution No. 224, and that the Secretary for the Commission forward a certified copy of the same to the individuals named in paragraph 3 thereof.

EXHIBIT "O"

Minutes of Ocotber 23 and 24, 1958

RESOLUTION

WHEREAS, under the provisions of ORS 271.330, the State of any political subdivision thereof is granted express power to relinquish the title to any of its property not needed for public use to the United States Government or any other governmental body or political subdivision within the State, provided such property shall be used and continued to be used for public purpose by the United States Government, or such other governmental body or political subdivision in the State of Oregon; and

WHEREAS, the State Highway Commission is the owner of certain hereinafter described real property located in the City of Vale, County of Malheur, State of Oregon, which is no longer needed or required by the State of Oregon for highway purposes or any other public use; and

WHEREAS, the said hereinafter described property is needed by the City of Vale for a public use for a roadside rest area; and

WHEREAS, in the judgment of the State Highway Commission, the best interests of the State of Oregon and of the City of Vale, would be served by conveying the hereinafter described real property to the City of Vale.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission:

1. That the Commission does hereby find and declare that the hereinafter described real property is no longer needed by the State of Oregon for highway or any other public use and it would best serve the interests of the State of Oregon and the City of Vale if the hereinafter described real property be conveyed to the City of Vale. The said real property is described as follows, to wit:

> A parcel of land lying in Lot 2, Block 17, Northwest Townsite 1st Addition to the City of Vale, situated in Section 19, Township 18 South, Range 45 East, W.M., Malheur County, Oregon, and being a portion of that tract of land described in that certain deed to State of Oregon, by and through its State Highway Commission, recorded in Book 95, Page 239 of Malheur County Records of Deeds; the said parcel being that portion of said Lot 2 which lies southerly of a line which is parallel with and 40 feet southerly of the centerline of the Central Oregon Highway which centerline is described as follows: Beginning at Centerline Station 864+04.22, said station being 70.5 feet South and 1641.7 feet West of the S. E. corner of said Section 19; thence on a 2864.79 foot radius curve right (the long chord of which bears North 73° 50' 10" East) 1261.66 feet to Station 876+65.88.

EXHIBIT "O" (Cont)

The parcel of land to which this description applies contains 3125 square feet more or less.

2. That the Commission shall sign and acknowledge a good and sufficient Bargain and Sale Deed conveying the above described real property to the City of Vale so long as used for a roadside rest area.

3. That this resolution be entered in full in the minutes and records of this Commission as Miscellaneous Resolution No. 225 this 23rd day of October, 1958.

30872

EXHIBIT "P"

Minutes of October 23 and 24, 1958

RESOLUTION

WHEREAS, the City of Independence, an incorporated city in Polk County, Oregon, wishes to extend its boundaries and annex certain contiguous property including a portion of the Monmouth-Independence Oregon State Primary Highway No. 43 ; and

WHEREAS, the City of Independence has requested the consent of the Oregon State Highway Commission for the annexation of a portion of said highway as hereinafter described and

WHEREAS, the Oregon State Highway Commission is agreeable to the proposed annexation including said portion of the Monmouth - Independence Highway.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the City of Independence, Polk County, Oregon, may include within the boundaries of the city by a proposed annexation, that portion of the Monmouth-Independence, Oregon State Highway No.43 described as follows:

> That part of the Monmouth-Independence State Primary Highway No. 43 being a roadway sixty feet in width and extending from the junction of said highway with the present west city limits of the City of Independence, Polk County, State of Oregon, to the extended east line of County Road No. 8415, said portion of the said highway being located contiguous to and adjoining on the north the territory annexed to the City of Independence by Ordinance No. 712 adopted by the City Council of the City of Independence and approved by the Mayor thereof on July 16, 1956.

2. That this resolution be entered in full in the minutes and records of this Commission as Resolution No. 221, this 23rd day of October, 1958, and the Secretary is ordered to mail a duly certified copy hereof to the Mayor and City Council of the City of Independence, Oregon.

		COMMISSION MEETING RECESSED from 3:20 p.m. to 3:30 p.m.
34	31246	MARION COUNTY. Salem. State Hwy. Building. Conference Room. Purchase of furniture and additional recording equipment authorized.
		BAKER COUNTY. Baker-Homestead Hwy. Halfway Hwy. Pine Creek Hwy. Abandonment resolution adopted. EX. "D".
		JOSEPHINE COUNTY. Grants Pass area. Resolution re designation of hwys. adopted. EX. "E".
35	31247	SECRETARY'S REPORT on papers signed approved.
		COMMISSION MEETING DATES set for April 16-17 - regular; May 28-29, 1959, - tentative.
		SIGNS. Clatsop County. Astoria - south and east. Permission granted for installation of US Army Recruiting Service signs.
		LINN COUNTY. Santiam Hwy. Wiley Creek. Simpson Redwood Company. Flood easement agreement and spur track construction approved.
		MULTNOMAH COUNTY. Agreement with County Commissioners re joint use of County's building at Rocky Butte for radio equipment installation. Howard Cooper Building. Offices of Maintenance Supt., Metropolitan Engineer, and others, located in building.
		LANE COUNTY. Eugene north-south entrances. Oregon Centennial signs. Installation of welcome signs approved.
36	31248	LOAD LIMITS. Deschutes County. Century Drive Hwy. MP 1.92 - MP 11.65. Posted for reduced load limits.
		LANE COUNTY. Pacific Hwy. "Q" Street Interchange. Drainage agreement with McKenzie Water Control District approved.
		BAKER COUNTY. Baker-Homestead Hwy. Ballards Bridge. Idaho Power Co. 4-way agreement re hwy. relocation-bridge reconstruction approved.

Page	Date 1951	Subject
36	Mar. 5 /31248/	LANE COUNTY. Willamette Hwy. Salmon Creek Flood Control Project. Quitclaim deed-easement deed-assignment of easement with US Engineers approved.
		MULTNOMAH COUNTY. Sunset Hwy. Highlands Interchange Slide Area. Portland Zoo. Damage claims.
37	31249	DELEGATION PROBLEMS discussed.
		RIGHT OF WAY. Status of projects for bids at future lettings discussed.
		BAKER COUNTY. Haines-Anthony Secdy. Hwy. Haines area. Hwy. re-routing agreement with County approved.
		COMMISSION MEETING ADJOURNED at 4:30 p.m.
	Mar. 6	COMMISSION MEETING RECONVENED at 10:00 a.m.
		DELEGATIONS:
		LEGISLATIVE MATTERS. Legislation for Recreation Division within State Parks Department discussed. Action deferred.
38	31250	CASCADE HIGHWAY ASSOCIATION, INC. requests:
		Marion-Clackamas Counties. Cascade Secdy. Hwy. Marquam-Silverton Section. Hwy. improvement considered for next program.
		Clackamas County. Cascade Secdy. Hwy. Oregon City. By-pass not favored.
		Clackamas County. Cascade Secdy. Hwy. Mulino Hill-Molalla Section. Improvement for narrow-rough road requested.
39	31251	MALHEUR COUNTY. Nyssa. Requests discussed as follows:
		Park Avenue. Stockpile site transferred to City. Relief from restrictions to be discussed with City Officials.
40	31252	1st St.-Main St. State hwy. property. Removal of old building to be discussed with City Officials.
		COLUMBIA COUNTY. Columbia River Hwy. St. Helens industrial site. Hwy. relocation of 1.9-mile section discussed.
41	31253	HIGHWAY 20 ASSOCIATION. Hwy. improvement projects discussed.
42	31254	TILLAMOOK COUNTY. Neahkahnie Mountain. Proposed rock quarry not favored. Request State to preserve scenic beauty.
		MARION COUNTY. Champoeg State Park. Permission granted for Centennial Pageant with concession privilege adjacent to area.
43	31255	LEGAL DEPARTMENT. Following approved:
		Robert Holland resignation.
		Glen Sorenson promotion.
		Richard C. Bemis promotion.
		Ted Elliott Barbera employment.
		UMATILLA COUNTY. Pendleton. "Correction of Waiver of Deed Conditions" re deed of 10/26/50 approved.
		LEGISLATIVE MATTERS. House Bill #80. Letter to Committee on Hwys., House of Representatives re bill approved and signed.
		HIGHWAY ENGINEERING TECHNICIANS FOR NATIONAL DEFENSE EDUCATION. Employment of engineering personnel for classroom work approved.

Page	Date 1959	Subject
44	Mar. 6	UNION COUNTY. Old Oregon Trail. Perry-Oro Dell Section. Grande Ronde River Bridges & UPRR Overcrossings. Contract award changed. Referred to Engineer for awarding.
	/31256/	LANE COUNTY. Siuslaw Hwy. Triangle Lake. Reply to many letters requesting hwy. improvement approved.
		AGREEMENTS and other papers signed.
47	31259	COMMISSION MEETING ADJOURNED at 11:30 a.m.

31260	EXHIBIT "A". Real property acquisition.
31261	EXHIBITS "B-1" - "B-6". Sale of excess property.
31271	EXHIBIT "C". Polk County. Monmouth-Independence Hwy. Independence west. Annexation of portion of hwy.
31273	EXHIBIT "D". Baker County. Baker-Homestead Hwy. Halfway Hwy. Pine Creek Hwy. Abandonment resolution adopted.
31277	EXHIBIT "E". Josephine County. Grants Pass area. Hwy. designation resolution.
31279	EXHIBIT "F". Contracts completed and accepted.
31282	EXHIBITS "G-1" - "G-5". Speed zones established.
31292	EXHIBITS "H-1" - "H-2". No parking zones established.
31294	EXHIBITS "I-1" - "I-3". Surveys.
31300	EXHIBITS "J-1" - "J-21". Condemnations.
31361	EXHIBIT "K". Multnomah County. Chanticleer Point. Donation of area for park purposes.

Salem, Oregon
December 11, 1958

The Oregon State Highway Commission met in regular session at 10:00 a.m. in the Conference Room of the State Highway Building in Salem. Present were:

M.K. McIver, Chairman
Robert B. Chessman, Commissioner
Kenneth N. Fridley, Commissioner
W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
L. I. Lindas, Chief Counsel
George E. Rohde, Assistant Counsel
R. L. Porter, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Floyd Query, Secretary

The Parks Superintendent reported on the following park matters:

1. Proposed informational sign to be constructed and placed at the Painted Hills State Park located several miles north of the town of Mitchell in central Oregon: The Parks Superintendent stated that the wording on this sign has been approved by the Geological Department of the Oregon State College and the University of Oregon and by Phil Brogan of Bend. He mentioned that the information contained in the wording is the accepted theory relative to the formation creating the coloring or stripes of the exposed areas. Upon his recommendation the Commission approved the wording and the erection of the sign.

2. Letter received from C. W. Petersen, operator of the Petersen's Westlake Fishing Resort at Westlake, complaining of the competition of trailer facilities in state parks particularly at Honeyman State Park: The Parks Superintendent reported that their studies indicate a shortage of facilities rather than too many. He pointed out that during the month of August of this year, 196 trailers were turned away from Honeyman State Park and parks personnel are instructed to advise the public of privately owned facilities in the neighboring area. It is not intended to compete with private business and he called attention to the fact that prices for trailer facilities in state parks are comparable with privately owned establishments. The Commission accepted his report.

3. Negotiations with the Hill Foundation for acquisition of Netarts Bay Sand Spit near Cape Lookout State Park in Tillamook County by exchanging portions of Cascadia State Park lands in Linn County: The Parks Superintendent stated that the matter has been discussed with Mr. Dave Mason, Manager of the Oregon interests of the Hill Foundation. It was his belief that an exchange of land would be

interesting to them as the main portion of the Hill interests are located in the Cascadia area along the South Santiam River and the exchange would tend to consolidate their interests. The U.S. Corps of Engineers will soon flood out a large area at Cascadia, leaving considerable timber land on the north side of the lake. The Commission gave the Parks Superintendent authority to negotiate an exchange with the Hill Foundation.

4. Proposed placement of a 10-ton load limit on the bridge at Cascadia State Park in Linn County: This bridge crosses the Santiam River and was rebuilt in 1951 with untreated material. It is not safe for legal loads. The Parks Superintendent mentioned that in the near future the U.S. Corps of Engineers will be constructing a dam downstream which will flood the entire area. It was his opinion that the bridge could be preserved for park purposes for a time by placing a 10-ton load limit on this structure. The Commission approved the reduced load limit by adopting the attached resolution, marked Exhibit "K".

5. Confirm purchase of 11 acres of land from Russell L. Landfare as an addition to Champoeg State Park for the sum of $14,500: The Parks Superintendent reported that this property adjoins the park and has a home suitable for personnel which could replace the living quarters now being used in the Museum Building. There is also a barn and workshed needed in connection with park facilities. The Commission confirmed the purchase.

6. Proposed allocation of $50,000 for land acquisition in the Columbia Gorge and provision for an executive secretary for the Columbia Gorge Commission: The Parks Superintendent reported that the State Parks Advisory Committee had carefully studied the problem, and it was their feeling that an allocation should be provided for the purchase of land in the Columbia Gorge as requested by the Columbia Gorge Commission, and that no objection should be raised to legislation to provide $8,000 for the executive secretary. It was the feeling of the committee that acquisitions would be slow and the additional $50,000 would last for several years. Upon his favorable recommendation the Commission approved the allocation, the funds to be taken from the parks budget, and upon the condition that the Columbia Gorge Commission is extended by the Legislature. They also agreed that no objection would be made to legislative action providing for an executive secretary for the Gorge Commission.

7. Report on hazards caused by the Peter Iredale wreck opposite Fort Stevens State Park: The Parks Superintendent explained that the remains of the hull are in the sand between high and low tide marks and apparently the Highway Commission has no jurisdiction over the hull or no legal responsibility relative to it. He recommended that a sign be placed at the parking area near the wreck calling attention to the danger and that thorough examination be made and appropriate action taken. The Commission accepted his recommendation.

8. Proposal that Champoeg State Park be made a National Historic Site: The Parks Superintendent reported that the Oregon State Parks Advisory Committee met on Friday, December 5, 1958, and considered this proposal. The Committee felt it was desirable to place the area under federal care if at all possible; however, it was determined that such action is unlikely. They thought it desirable that a study be made concerning historical and other features. It was found that the National Park Service could make such a study at a cost not to exceed $1,000. Upon the recommendation of the Parks Superintendent, the Commission approved the study at a cost not to exceed $1,000.

The Right of Way Engineer presented for consideration options secured for acquisition of real property that is needed for state highway right of way or for other purposes. After giving careful consideration to the individual options as presented, the Commission approved closing the options at the prices mentioned therein by adopting the attached resolution relative thereto marked EXHIBIT "A", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission accepted a report submitted by the Right of Way Engineer showing miscellaneous sales which had been made by the Property Manager since the last Commission meeting in the amount of $5,280. He also presented a rental report showing terminations, new rentals, and total rental receipts in the amount of $9,490.93 for the month of October and $5,819.12 for the month of November.

Consideration was given to an agreement with Harvey Aluminum, Inc. allowing use of their property on the Rowena-Chenoweth Section on the Columbia River Highway for a temporary channel change. The Right of Way Engineer explained that the agreement or easement is to remain in force until the channel change is completed, or two years from this date, whichever is sooner. Upon his favorable recommendation, the Commission approved the easement and authorized the Right of Way Engineer to sign it in behalf of the Commission.

The Right of Way Engineer requested confirmation of telephonic authorization to sell directly to Mr. and Mrs. W. G. Nichol 1400 sq. ft. of excess property on the Springfield Section of the McKenzie Highway in Lane County. This property, consisting of a strip 22 feet wide and approximately 250 feet long, is not required for highway purposes but does have value to the adjoining owner, Mr Nichol, who has agreed to pay $500 for the property. This price, he stated, is a fair value and he recommended that it be sold to him without access to South "A" Street. The Commission confirmed the sale.

Authorization was requested by the Right of Way Engineer to offer for public sale properties which are no longer needed for highway purposes. The following properties, he stated, have been carefully

appraised to determine the values as shown:

a. 0.8 acre of the former Coleman property, File 8142, on the Hauser-North Bend Section of the Oregon Coast Highway in Coos County for a minimum consideration of $8,000 and with no access to the Oregon Coast Highway. See EXHIBIT "B-1".

b. 3.13 acres of the former Jensen property, File 20840, on the Wilsonville-Gervais Road Section of the Pacific Highway in Marion County for a minimum consideration of $5,000 and without access to the Pacific Freeway. See EXHIBIT "B-2".

The Commission authorized the sale of these properties by adopting the attached resolutions relative thereto marked EXHIBITS "B-1" and "B-2", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

The Commission gave attention to a proposed agreement with LaGrand Industrial Supply Company and the City of Portland to allow the supply company to use for storage purposes a parcel of land beneath S.W. Arthur Street overcrossing on the Pacific Highway West in Portland. The Right of Way Engineer pointed out that although there is no consideration involved the permittee is to construct a chain link fence six feet in height around the storage area at its own cost, and that the fence is to remain with the property upon the expiration of the agreement which may be terminated by either party by giving six months written notice. He also commented that the City of Portland has had a difficult time policing this area and favors the agreement. The Commission approved the agreement.

Options were presented by the Right of Way Engineer on the Preble property and the Rosenfeld property located on the Highlands Interchange Section of the Sunset Highway in Multnomah County. He explained that an option has been secured from the Prebles in the amount of $60,000 and one from the Rosenfelds in the amount of $62,500. In the Preble option the owners have asked permission to retain a carpet, chandeliers, and the shrubbery. An option has also been secured from the Rosenfelds in the amount of $62,500. This property has been appraised at $51,500 and $54,000. It was his opinion that the options should not be accepted unless the owners agree to leave the shrubbery on the premises. It was also his feeling that there is a good chance that the slide areas may be stabilized and further damage to the houses avoided. Chairman McIver inquired as to what the cost would be if the properties were to be condemned. The Chief Counsel replied that the condemnation cost to the state would be approximately $5,000 for each property. The Right of Way Engineer also pointed out that it is not feasible to move the properties. Action was deferred.

(Later in the day the properties were again considered. Chairman McIver stated that after discussing the matter with the other Commissioners it appeared wise to acquire the property at this time so that maximum salvage might be obtained. He instructed the Right of Way

Engineer to attempt to secure options for the prices previously agreed upon but without the provision for the owners' removal of shrubbery, the owners being permitted, however, to retain the carpet and certain other items as stated in the present option).

The Commission considered granting to Crystal Springs Water Company a pipeline easement to replace their present easement which is being occupied by the highway road bed on the Polallie Creek-Parkdale Road Section of the Mt. Hood Highway in Hood River County. The Right of Way Engineer stated the easement is not detrimental to the highway and upon his favorable recommendation the Commission approved the easement.

Purchase of the old Swift Building located on the Highway Commission dock at Astoria formerly used for a cold storage plant and warehouse was considered. The Right of Way Engineer explained that Cloyed Beam and Stan Daniels who had entered into a lease for use of the property on October 28, 1957, had agreed to terminate the lease and sell the buildings for the sum of $500. The property is to be used by the Highway Maintenance Department in connection with the operation of the Astoria ferry. The Commission approved the purchase.

The Right of Way Engineer reported that highway construction had interfered with the domestic water well on the Richard D. House property, File 26924, on the Oregon Coast Highway north of Brookings. The well has been deepened and at least a temporary cure made. The Commission granted authority to pay the sum of $86 for the cost of the well deepening operation.

Authority was requested by the Right of Way Engineer to sell to the adjacent property owner, Harley Meadors, 0.33 acre of the former Bostand property, File 20350, on the Willamette River-Gervais Road Section of the Pacific Highway in Marion County for the sum of $50. The Commission approved the sale.

Also presented for the Commission's consideration was a request by Safeway Stores for one additional access and rearrangement of two existing access points on Portland Road just north of Salem along the business route of the Pacific Highway. The Right of Way Engineer pointed out that no other businesses in this area have been restricted as to access and he recommended that the request be granted. The Commission approved the request.

Sale of 0.11 acre of the former Shockey property, File 25679, on the Sandy-Forest Boundary Section of the Mt. Hood Highway was brought up by the Right of Way Engineer. He pointed out that the property is no longer needed for highway purposes and the adjoining property owner, Mr. Ernest B. Wygant has offered to pay the sum of $35 which, in his opinion, is fair value for the land. The Commission authorized this sale.

The Chief Counsel requested authority to acquire, by condemnation if necessary, the following properties that are needed as right of way in connection with various highway improvements or for other purposes and to tender offers for the same in conformity with instructions given him by the Commission in a resolution adopted December 20, 1951:

Albany-Judkins Point Section of the Pacific Highway

R-25316 - Charles A. Bonnett, Jr. and Rachel M. Bonnett
Lane County
Parcel No. 1: 11.78 acres for right of way
Parcel No. 2: 4.2 acres for right of way
Amended resolution to increase area of taking

R-25354 - Graham E. McConnell
Right of Way (Lane County)
0.14 acre

R-25356 - Kenneth H. Wylie
Lane County
Parcel No. 1: 9.89 acres for right of way
Parcel No. 2: 12.4 acres for right of way
Parcel No. 3: 4.6 acres for right of way

R-25357 - R. A. Elliott and Georgia Opal Elliott
Right of Way (Lane County)
2.91 acres

R-25359 - F. L. Bailey and Dorotha E. Bailey
Right of Way (Lane County)
1.75 acres

R-25360 - Wilferd H. Cook and Christena M. Cook
Right of Way (Lane County)
2.62 acres

R-25361 - Mary Lucile Brechtel and Charles F. Brechtel
Lane County
Parcel No. 1: 1.41 acres (net) for right of way
Parcel No. 2: 1.56 acres (net) for right of way

R-25362 - Gordon Kenneth Wylie and Janice Charlotte Wylie
Lane County
Parcel No. 1: 6.0 acres (net) for right of way
Parcel No. 2: 1.40 acres (net) for right of way

R-25364 - J. R. McKy
Right of Way (Lane County)
5.35 acres

Albany-Judkins Point Section (Cont)

R- 25365 - City of Eugene
Right of Way (Lane County)
6.05 acres

Albany-Judkins Point Section of the Pacific Highway and the Ferry Street Bridge-Mill Street Section of the Eugene-Springfield Highway

R-25355 - R. S. Shelley and Rose B. Shelley
Lane County
Parcel No. 1: 22.7 acres for right of way
Parcel No. 2: 0.69 acre for right of way

Grants Pass-Rock Point Section of the Pacific Highway

R-27115 - Bernard J. Boyle, Jr.
Right of Way (Josephine County)
1.61 acres

R-27126 - H. R. Frazier and Dorothy E. Frazier
Right of Way (Josephine County)
1.16 acres (net)

R-27139 - W. W. Balderree
Right of Way (Josephine County)
0.07 acre

R-27153 - Finnbogi F. Hannesson and Madeline I. Hannesson
Right of Way (Josephine County)
5.65 acres

R-27154 - John C. Bowles
Right of Way (Josephine County)
1.1 acres

R-27187 - Alice A. Wallace
Right of Way (Josephine County)
0.04 acre

R-27188 - Lewis Lawless and Barbara M. Lawless
Josephine County
Parcel No. 1: 0.45 acre for right of way
Parcel No. 2: 0.01 acre for excess taking

R-27190 - Alicia G. Duckett
Right of Way (Josephine County)
0.21 acre

R-27191 - James H. Beck and Eva Irene Beck
Josephine County
Parcel No. 1: 0.03 acre for right of way
Parcel No. 2: 0.03 acre for permit of entry

R-27195 - Ernest W. Mills and Vivy D. Mills
Josephine County
Parcel No. 1: 1.30 acres for right of way
Parcel No. 2: 2.02 acres for right of way
Parcel No. 3: 3.10 acres for right of way

Grants Pass-Rock Point Section (Cont.)

R-27196 - Ezra Weiss and Ruth Weiss

Curry County
Parcel No. 1: 3.95 acresfor right of way
Parcel No. 2: 5.90 acres for excess taking
Amended resolution to change access provisions

Sandy-Forest Boundary Section of the Mt. Hood Highway

L-2874 (R-25416) Bill N. Lenz and Mildred Mae Lenz
Right of Way (Multnomah County)
2.26 acres
Amended resolution to change location of access

Willamette River-42nd Avenue Section of the T. H. Banfield Expressway

R-28867 - Sam Rapheal and Marjorie M. Rapheal
Temporary Easement for a Detour Road
(Multnomah County)
335 square feet

Wilderville-Grants Pass Section of the Redwood Highway

R-28632 - G. H. Wachholz and Ida O. Wachholz
Josephine County
Parcel No. 1: 1.14 acres for right of way
Parcel No. 2: 0.23 acre for temporary easement for ditch

R-28642 - C. W. Babb
Josephine County
Parcel No. 1: 0.45 acre for right of way
Parcel No. 2: 0.03 acre for temporary easement for ditch

Rowena-Chenoweth Creek Section of the Columbia River Highway

R-28216 - Ida Bell McKenzie
Wasco County
Parcel No. 1: 0.32 acre for right of way
Parcel No. 2: 0.40 acre for excess taking

Moro-Kent Section of the Sherman Highway

R-28792 - United States National Bank of Portland, Trustee
Sherman County
Parcel No. 1: 0.09 acre for right of way
Parcel No. 2: 0.37 acre for right of way

Butte Creek-Service Creek Section of the John Day Highway

R-26852 - Wheeler Timber Company, et al.
Right of Way (Wheeler County)
6.1 acres (net)

December 11, 1958

3[illegible]56

Albany-Judkins Point Section of the Pacific Highway

L-2994 (R-25490) Royce C. Holloway and Lurlene E. Holloway
Linn County
Parcel No. 1: 24.79 acres for right of way
Parcel No. 2: 13.22 acres for a material source
Amended resolution to change access provisions

Baker-Pleasant Valley Section of the Old Oregon Trail Highway

R-28047 - S. E. Phelps and Gladys Phelps
Baker County
Parcel No. 1: 53.2 acres for right of way
Parcel No. 2: 7.72 acres for roadbuilding materials
Parcel No. 3: 8.6 acres for roadbuilding materials
Parcel No. 4: 3.7 acres for roadbuilding materials
Parcel No. 5: 1.63 acres for permit of entry
Parcel No. 6: 1.22 acres for permit of entry
Amended resolution to reduce area of Parcel No. 1.

R-28052 - Lester F. Briske and Barbara Briske
Baker County
Parcel No. 1: 13.51 acres (net) for right of way
Parcel No. 2: 27.0 acres (net) for right of way
Parcel No. 3: 0.53 acre for right of way
Parcel No. 4: 0.38 acre for permit of entry
Parcel No. 5: 0.05 acre for easement for a channel change
Amended resolution to increase area of Parcel No. 3 and to eliminate Parcel No. 4 and Parcel No. 5 previously authorized

R-28055 - John Troy, et al.
Baker County
Parcel No. 1: 23.27 acres (net) for right of way
Parcel No. 2: 0.95 acre (net) for right of way
Parcel No. 3: 0.15 acre (net) for excess taking
Parcel No. 4: 0.32 acre for easement for irrigation ditch
Parcel No. 5: 0.51 acre for easement for channel change
Parcel No. 6: 0.17 acre for permit of entry
Amended resolution to reduce area of Parcel No. 2 and Parcel No. 3.

R-28059 - C. A. Brown
Baker County
Parcel No. 1: 15.80 acres for right of way
Parcel No. 2: 0.35 acre for right of way
Amended resolution to increase area of taking of Parcel No. 1 and Parcel No. 2.

Klamath Falls, West Side By-Pass Section of The Dalles-California Highway

L-3147 (R-23142) - Julian Eccles and Peggy Parker Eccles
Klamath County
Parcel No. 1: 0.07 acre for right of way
Parcel No. 2: 0.08 acre for slope easement
Amended resolution to redesignate use of the property being acquired.

Right of way maps and other data were submitted to the Commission. The Engineer stated that acquisition of the properties listed is required in order to carry out plans for highway improvements and other purposes heretofore authorized by the Commission. The Commission deferred action pending further study.

The Commission also considered a report presented by the Chief Counsel concerning cases which have been tried in court since the last Commission meeting. Action was deferred until later in the day.

Also presented by the Chief Counsel was his report of condemnation cases settled since the last Commission meeting. Action on this report was also deferred.

In compliance with a resolution adopted by the Commission on December 20, 1951 the Chief Counsel presented offers for acquisition of real property which have been tendered, or will be tendered, to the property owners prior to the institution of condemnation proceedings as follows:

Grants Pass-Rock Point Section of the Pacific Highway

R-27120 - Walter S. Yordon, et ux. 2.08 acres for right of way purposes. Offer of $4,700.00 approved by Mr. McIver November 24, 1958.

R-27125 - Charles N. Farber, et al. 0.84 acre for right of way purposes. Offer of $1,425.00 approved by Mr. McIver November 24, 1958.

R-27130 - Donald B. Kempf, et al. 1.90 acres for right of way purposes. Offer of $1,050.00 approved by Mr. McIver October 31, 1958.

R-27147 - George S. Kincaid, et ux. 1.0 acre for right of way purposes. Offer of $1,200.00 approved by Mr. McIver November 24, 1958.

R-27226 & R-27233 - Irma Mae Starzinger. Parcel No. 1: 1.26 acres for right of way purposes; Parcel No. 2: 1.76 acres for right of way purposes; and Parcel No. 3: 3.68 acres for right of way purposes. Offer of $4,000.00 approved by Mr. McIver December 9, 1958.

Grants Pass-Rock Point Section of the Pacific Highway (Cont)

R-27227 - William C. Rice, et ux. 0.58 acre for right of way purposes. Offer of $425.00 approved by Mr. McIver November 24, 1958.

R-27248 - Charles C. Richmond, et ux. 11.7 acres for right of way purposes. Offer of $12,000.00 approved by Mr. McIver November 26, 1958.

R-27252 - Joe Allison, et ux. 1.4 acres for right of way purposes. Offer of $1,250.00 approved by Mr. McIver November 21, 1958.

R-27259 - Richard H. Long, et ux. 3.8 acres for right of way purposes. Offer of $25,000.00 approved by Mr McIver November 10, 1958.

R-27439 - Henry Karl Ladewig, et al. 1.8 acres for right of way purposes Offer of $1,100.00 approved by Mr. McIver November 24, 1958

R-28823 - Phil B. Buck, et ux. 0.54 acre for right of way purposes. Offer of $8,500.00 approved by Mr. McIver November 21, 1958.

Klamath Falls, West Side By-Pass Section of The Dalles-California Highway

R-23112 - Ray Bruce, et al. 200 square feet for right of way purposes. Offer of $500 00 approved by Mr. Fridley December 9, 1958.

R-28939 - William E. Henderson, et al. 750 square feet for right of way purposes. Offer of $1,500.00 approved by Mr. Fridley November 20, 1958.

R-28940 - Don F. Nolan, et al. 1,000 square feet for right of way purposes. Offer of $880.00 approved by Mr. Fridley November 26, 1958.

R-28941 - John D. Adams, et al. 1,000 square feet for right of way purposes. Offer of $1,425.00 approved by Mr. Fridley November 26, 1958.

R-28942 - LeRoy Brown, et al. 1,060 square feet for right of way purposes. Offer of $2,000.00 approved by Mr. Fridley December 2, 1958.

Wilderville-Grants Pass Section of the Redwood Highway

R-28516 - S. H. & W. Lumber Co. 0.32 acre for right of way purposes. Offer of $1,340.00 approved by Mr. McIver December 9, 1958.

Wilderville-Grants Pass Section of the Redwood Highway (Cont)

R-28634 - Louis F. Fickbohm, et al. Parcel No. 1: 0.26 acre for right of way purposes; and Parcel No. 2: 0.05 acre for easement for ditch. Offer of $285.00 approved by Mr. McIver December 9, 1958.

R-28832 - Charles K. Arrants, et al. 0.14 acre for scale site. Offer of $674.00 approved by Mr. McIver November 6, 1958.

Baker-Pleasant Valley Section of the Old Oregon Trail Highway

R-28046 - L. X. Carroll, et al. 0.8 acre for right of way purposes. Offer of $25.00 approved by Mr. Fridley November 21, 1958.

R-28047 - S. E. Phelps, et al. Parcel No. 1: 58 acres for right of way purposes; Parcel No. 2: 7.72 acres for material source; Parcel No. 3: 8.6 acres for material source; Parcel No. 4: 3.7 acres for material source; Parcel No. 5: 1.63 acres for permit of entry; and Parcel No. 6: 1.22 acres for permit of entry. Offer of $1,750.00 approved by Mr. Fridley November 20, 1958.

Hamilton Street-Slavin Road Section of the Pacific Highway West

R-27928 - Dorothy J. Bauer, et al. 0.07 acre for right of way purposes. Offer of $2,550.00 approved by Mr. McIver October 31, 1958.

R-27929 - Malcolm S. Rasmussen, et al. Parcel No. 1: 0.07 acre for right of way purposes; and Parcel No. 2: 260 square feet for right of way purposes. Offer of $5,130.00 approved by Mr. McIver November 7, 1958.

Ontario-Snake River Section of the Old Oregon Trail Highway

R-26716 - Ruth Elva Anders, et al. Parcel No. 1: 0.92 acre for right of way purposes; and Parcel No. 2: 1.82 acres for excess taking. Offer of $7,885.00 approved by Mr. Fridley October 29, 1958.

R-28579 - Oliver C. Calhoun, et al. 1.8 acres for right of way purposes. Offer of $100.00 approved by Mr. Fridley November 17, 1958.

Hillsdale-Barbur Boulevard Section of the Beaverton-Hillsdale Highway

R-28581, R-28069, R-28068 & R-28067 - Kildew, Inc., et al. Parcel No. 1: 6,750 square feet for right of way purposes; Parcel No. 2: 15,100 square feet for right of way purposes; Parcel No. 3: 4,160 square feet for right of way purposes; and Parcel No. 4:

Hillsdale-Barbur Boulevard Section of the Beaverton-Hillsdale Highway (Cont)

R-28581, R-28069, R-28068 & R-28067 - Kildew, Inc., et al. (Cont)
3210 square feet for right of way purposes. Offer of $43,350.00 approved by Mr. McIver October 31, 1958.

Jumpoff Joe Creek-Grants Pass Section of the Pacific Highway

R-23313 - Hampton C. Platt, et al. 2,120 square feet for right of way purposes. Offer of $100.00 approved by Mr. McIver October 29, 1958.

The Dalles-Eight Mile Creek Section of The Dalles-California Highway

R-20408 - John L. McClaskey, et ux. Parcel No. 1: 15.5 acres for right of way; and Parcel No. 2: 0.20 acre for permit of entry. Offer of $30,000.00 approved by Mr. Fridley October 31, 1958.

Rowena-Chenoweth Creek Section of the Columbia River Highway

R-28217 - John Fields, et al. 0.88 acre for right of way purposes Offer of $17,000.00 approved by Mr. Fridley November 24, 1958.

Hayesville Junction-Wilsonville Junction Section of the Pacific Highway

R-28839 - Phillip E. Yergen, et ux. 3 48 acres for Wayside Area. Offer of $1,500.00 approved by Mr. McIver December 5, 1958.

The Commission approved the offers as presented.

The Commission considered and accepted a report submitted by the Chief Counsel concerning orders which have been issued by the Public Utilities Commissioner regarding railroad crossing matters in which the State Highway Commission has been made a party, summarized as follows:

PUX 290: Application of the State Highway Commission for a second Dodson Over-crossing of the tracks and right of way of Oregon-Washington Railroad & Navigation Company, Union Pacific Railroad Company, Lessee, in Multnomah County, Oregon. The new structure is to be used for east bound traffic and the existing structure for west bound traffic on the Columbia River Highway. The order was issued in accordance with the petition.

PUX 291: Application of Douglas County for authority to reconstruct an existing grade crossing of the tracks of Southern Pacific Company on what is known as the Garden Valley Road, north of Roseburg, and for the installation of improved protective signals. Order No. 36389 issued November 28, 1958. The project is on a County road. Douglas County will reimburse Southern Pacific Company to the extent of 90 percent of the cost of the acquisition and installation of the new signals. After installation, Southern Pacific Company will maintain its rails, ties and other facilities, including the signals, and Douglas County will maintain the highway roadbed, pavement and other highway facilities.

PUX 294: Hilgard Detour Overcrossing on the Old Oregon Trail in Union County. Upon completion of highway construction the existing structure and the temporary structure will be removed entirely, eliminating a crossing at either point. The work is to be financed from State and Federal funds and the railroads will be reimbursed under Federal regulations.

PUX 298: Cedar Street Grade Crossing (Park Road) at Roseburg across the tracks and right of way of Southern Pacific Company. The Highway Commission has no jurisdiction in this matter and no objection was made to the issuance of a proper order.

The matter of foreign corporations being required to register with the Corporation Commissioner as a prerequisite to prequalification was brought up by the Chief Counsel. He pointed out that during the past eleven or more years bidding plans have been issued to foreign corporations under an interpretation of the Corporation law which permitted a foreign corporation to submit bids before registering, but required that the corporation be fully registered before any work could be undertaken. The Commission recently awarded a contract to Marvel Construction Company, a Washington Corporation, which contract was on the "Crash" program. The contractor, through a succession of errors and oversights, was delayed in registering until very near the deadline of December 1 for "Crash" projects. It was his opinion that the Commission has authority to require foreign corporations to be registered with the Corporation Commissioner prior to prequalification and he so recommended. The Commission approved the recommendation and instructed the Secretary to prequalify out-of-state corporations and issue bidding proposals in accordance with the revised policy.

In his report of cases pending the Chief Counsel stated that the first Vanport flood case in the Portland area has been set for trial February 24, 1959. Adequate preparations have been made. The Commission accepted the report.

December 11, 1958

The Chief Counsel also submitted an oral report on the commencement of legal action against the State Highway Commission or its officers or employees. W. D. Burchard vs. Astoria Navigation Company, Ole J. Lilleoren and John Doe Chidsey for personal injury damages in the amount of $25,000, resulting from an automobile accident on the Megler side of the Astoria ferry run. The individuals named and the ferry operators are covered by insurance and the case has been turned over to the insurance carrier for defense. Wanda Burchard, he continued, was also involved in this same accident and is claiming damages in the amount of $50,000. Mr. Thomas F. Thorburn is seeking damages in the amount of $1,500 for harm caused to his property on the John Day Highway in Grant County after a cloudburst. Mr. Thorburn, he stated, alleges that the damage was caused because of improper construction of a highway drainage channel on his property. The Commission accepted his report.

The Commission gave attention to a request made by officials of Oregon City that the Highway Commission consent to annexation within the city limits of Oregon City of the Pacific Highway East from the northerly present limits of Oregon City northerly to the Clackamas River. The Chief Counsel stated that the highway will suffer no harm by the action and upon his favorable recommendation the Commission gave its approval.

The Chief Counsel presented for the Commission's consideration the proposed termination of a permit issued to Paul and Verla Martin for their use of portions of the Columbia River Highway right of way pursuant to the terms stipulated in a former condemnation case. The Chief Counsel explained that by resolutions dated March 2, 1956, and September 11, 1958, the Martins' use of the right of way had been terminated on all sections except between Highway Engineer's Stations 577+00 and 651+60 on the north side of the Columbia River Highway and between Stations 561+60 and 651+60 on the south side of the same highway. Termination of these two sections effective March 15, 1959, he stated, will remove all of the Martins' rights to the use of highway property as contained in the stipulation of November 20, 1950. The Commission approved the termination and thereupon adopted the attached resolution relative thereto marked EXHIBIT "D", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Reimbursement of the Troutdale Lions Club for a sign removed by Highway Department employees during construction of the Sundial Section of the Columbia River Highway was discussed. The Chief Counsel explained that when the property was condemned the owner of the sign could not be determined. Condemnation action was taken subject to the interest that the owner of the sign might have Later it was determined that the Lions Club at Troutdale owned the sign and they originally demanded the sum of $2,500. The sign which pointed out the beauties of the Old Columbia River

Highway was set aside and they have now agreed to accept the sum of $250 for their interest and take the sign. The Commission approved the settlement.

The Commission gave attention to a request from the City of Nyssa for removal of use restriction on a parcel of land previously conveyed to the City by the Commission. The Chief Counsel stated that it appears that the city wishes to sell about one half of the 2.95 acres of land conveyed to them and use the remainder for public purposes. It was his recommendation that the request be denied as being in violation of the terms under which the property was transferred to the City. The Commission accepted his recommendation.

The Engineer reported award of contracts which had been referred to him by the Commission to award when certain conditions had been fulfilled. These conditions, he stated, have been fulfilled and he asked the Commission to confirm award of the following contracts:

(1) Grading and bridge construction on the Dry Creek Bridge Section of Long Hollow Road near Dufur, Wasco County. Bids received October 21, 1958. Contract awarded October 27, 1958 to Erick Enquist, Troutdale, low bidder.

(2) Grading and paving access road at Fort Hill Truck Scale Site on Salmon River Highway, Polk County. Bids received October 21, 1958. Contract awarded October 27, 1958 to Warren Northwest, Inc., Portland, low bidder.

(3) Bridge construction on Rock Creek Bridge Section of County Road FAS No. 150 east of Logsden and bridge construction on Mill Creek Bridge Section of County Road FAS No. 584, southeasterly of Toledo, Lincoln County. Bids received October 21, 1958. Contract awarded November 3, 1958 to Workman and Wilson, Canby, low bidder.

(4) Construction of Fairview Bridge over North Fork Coquille River on Myrtle Point-Fairview Highway, Coos County. Bids received October 21, 1958. Contract awarded November 12, 1958 to Sig Andersson, North Bend, low bidder.

(5) Grading, paving and construction of two concrete structures on Redwood Highway Junction Section of Pacific and Redwood Highways at Grants Pass, Josephine County. Bids received September 30, 1958. Contract awarded November 13, 1958 to R & M Construction Co., and W. M. Ausland, Grants Pass, low bidder.

(6) Construction of Hillsdale-Barbur Boulevard-Hamilton Street Structures and grading and paving on Beaverton-Hillsdale and Pacific West Highways, Multnomah County. Bids re-

ceived September 30, 1958. Contract awarded November 14, 1958 to Hannan Bros. Company, Portland, low bidder.

(7) Grading and paving on East Unit, Garden Valley Road Section of Garden Valley County Road, Douglas County. Bids received October 21, 1958. Contract awarded November 17, 1958 to Inter-City Sand & Gravel Co., Inc., Eugene, low bidder.

(8) Construction of a concrete deck girder and concrete beam structure over California Avenue in Klamath Falls, Klamath County. Bids received November 12, 1958. Contract awarded November 18, 1958 to Tom Lillebo Construction Company, Reedsport, low bidder.

(9) Grading The Dalles-Eightmile Creek Section of The Dalles-California Highway, Wasco County. Bids received October 21, 1958. Contract awarded November 24, 1958 to Roy L. Houck & Sons and Roy L. Houck Sons Corporation, Salem, low bidder.

(10) Construction of Eagle Creek Bridge, Baker County. Bids received November 12, 1958. Contract awarded November 24, 1958 to Bechtel Brothers, LaGrande, low bidder.

(11) Grading the Grass Valley-Rutledge Section of Grass Valley-Rutledge County Road, Sherman County. Bids received October 21, 1958. Contract awarded November 25, 1958 to R. C. Marvel Construction Co., Inc., Goldendale, Washington, low bidder.

(12) Construction of Lost River Bridge on Langell County Road, Klamath County. Bids received October 21, 1958. Contract awarded November 25, 1958 to Tom Lillebo Construction Company, Reedsport, low bidder.

The Commission confirmed the contract awards.

Because of construction activities and to protect the traveling public, the Engineer reported that construction speed zones had been established as follows:

(1) 35 miles per hour on the Sunset Highway in vicinity of the vicinity of the North Plains Road Interchange construction project, particularly between M. P. 56.49 and M. P. 57.83, effective 10:00 a.m. on October 27, 1958.

(2) 35 miles per hour on the Columbia River Highway from the west end of Rowena-Chenoweth Creek project at

M. P. 74.77 to the east end of the project at M. P. 78.50, effective 11:00 a. m. December 2, 1958.

The Commission confirmed the reduced speed zones.

The Commission considered a written report previously submitted by the Engineer pertaining to a study of the Smith Point crossing of Youngs Bay and the Lewis and Clark routings of US 101 between Astoria and Seaside. The Engineer explained briefly the facts pertaining to each route which facts indicate that the Lewis and Clark Route is the better route. He pointed out that no route can be adopted until the people in the area have been afforded an opportunity to be heard. The Commission deferred action. (During the afternoon of the same day the Commission granted the Engineer authority to hold a public hearing concerning these routes as prescribed by law.)

The Engineer reported on a request by the City of Springfield that Second and Third Streets between "Q" Street and "E" Street be designated as a couplet and added to the Federal-aid Secondary Highway System to provide a connection to the new freeway from the northwest city limits. He stated that several conferences have been held with City officials who submitted the following proposal:

(1) That the proposed Tenth Street connection to "Q" Street be eliminated.

(2) That a separation only (no interchange) be provided in lieu of the braided intersection at Fifth Street.

(3) That an interchange be constructed at the junction of the couplet and "Q" Street.

(4) That the couplet from "Q" Street to "E" Street be made a part of the state highway secondary system and placed on the federal-aid secondary system after construction.

(5) That the cost of the project ($185,000) be financed as a federal-aid secondary project, with the City of Springfield to supply all match funds normally supplied by the State.

(6) That the Highway Commission assume maintenance after completion of the project.

The Engineer recommended that an agreement be prepared along these lines with further stipulations that the entire matter be contingent on the City's urban renewal project becoming a reality, that no construction work be undertaken prior to the calendar year 1961, and that the City submit its share of the cost before work is started. The Commission approved the project as outlined by the Engineer.

December 11, 1958

The Engineer reported on the request of W. R. Grasle Company for additional compensation or cancellation of its illumination contract No. 5311 at the Highlands Interchange on US 26 because of delay in construction. He stated that during the period of advertising but before the opening of bids a strike of construction workers was underway which delayed the grading work on the contract. He also mentioned that the contractor certainly had knowledge that the strike was in progress and is experienced enough to know that the cessation of work for a six week period would delay the grading of the section. It was his opinion that the State has not violated the terms of the contract. Upon the recommendation of the Engineer the Commission denied the request for additional compensation or cancellation of the contract without bond forfeiture.

Consideration was given to a request of Joe B. Richards, Attorney for Olson-Johnson Equipment Company at Eugene, for commercial access to the Pauline Walton property located on the Pacific Highway at the corner of Broadway and Mill Streets in Eugene. The Engineer stated that the right of way was purchased originally from Pauline Walton in July, 1949, and at that time it was the policy to restrict access quite rigidly to current use even in cities. He stated further that he had studied this matter carefully and believed that no hazard would result to the traveling public if the existing access to Miss Walton's property is changed from private to commercial access. He recommended that a commercial access be allowed subject to the property owner assuming the cost of constructing the necessary facilities. The Commission approved the Engineer's recommendation.

The Commission considered a proposition submitted by Harry Fowler, Crook County Judge, concerning a change in the location of the highway southerly from Prineville due to the proposed construction of a dam on the Crooked River which will flood out a portion of the existing Crooked River Highway. The Engineer explained briefly that apparently what Judge Fowler wants is a transfer of approximately $450,000 allocated for relocation of the Crooked River Highway south of the dam to construction of a route and a crossing of the reservoir approximately five miles to the east of the construction which is now under agreement. He also commented that there is very little traffic on this road, the average daily count being about thirty vehicles. No action was taken at this time pending appearance of a delegation on the following day.

Attention was given to items of unfinished business appearing on the Secretary's Summary, dated October 24, 1958, as follows:

1. Request by the City of Springfield that Second and Third Streets in Springfield be designated as a couplet and added to the Federal-aid Secondary Highway System: The Engineer submitted a report on this matter earlier in the day, and the Commission ordered the item deleted from the list of unfinished business.

2. Request of Olson-Johnson Equipment Company for commercial access at the northeast corner of the intersection of US99 and East Broadway Avenue in Eugene: As the Engineer had submitted a report earlier in the day, the Commission also ordered this item deleted from the list of unfinished business.

3. Request of Columbia Gorge Commission to continue an appropriation in the amount of $50,000 for an additional two years: This matter was covered in a report submitted by the Parks Superintendent earlier in the day and the item was ordered deleted from the list of unfinished business.

4. Request of W. R. Grasle Company for additional compensation or cancellation of Contract No. 5311 because of delays in construction: The Engineer submitted a report on this matter earlier in the day and the item was ordered deleted from the list of unfinished business.

5. Bulletin No. 22, as published by the Department of Finance and Administration, regarding effect on hiring of appraisers and other special services: The Chief Counsel reported that a revised bulletin has been issued which may take care of the problem. The item was removed from the list of unfinished business, to be considered as new business if the matter again becomes pertinent.

6. Possible hazard to the general public because of rotted bowsprit on the Peter Iredale wreck in Fort Stevens State Park: A report on this matter was presented earlier in the day by the Parks Superintendent and the Chief Counsel, and the Commission ordered the item deleted from the list of unfinished business.

Authority was requested by the Engineer to increase the project authorization on Contract No. 5274 for grading and paving H Street-Broadway Avenue (Baker) Section of the Old Oregon Trail Highway in Baker County. An increase in the amount of $23,400 is necessary, he stated, because of an error in the calculation of quantities for surfacing and paving. The Commission approved the increase.

A number of highway relocation surveys previously authorized by the Commission were presented by the Engineer for approval. Each of the proposed relocations, he stated, has been given careful engineering consideration to provide the best highway facility commensurate with the cost, and he recommended that the surveys be adopted. The Commission approved the following surveys by adopting the attached resolutions relative thereto marked Exhibits "J-1" through "J-3", which resolutions by this reference are made a part hereof with like effect as though extended in full herein:

1. Goble Section of the Columbia River Highway in Columbia County. Drawing No. 1R-3-1164. (See EXHIBIT "J-2".)

2. Cascade Locks By-pass Section of the Columbia River Highway in Hood River County. Drawing No. 1R-5-1082. (See EXHIBIT "J-1".)

3. Meda Loop Section of the Little Nestucca Highway in Tillamook County. Drawing No. 1R-5-1216. (See EXHIBIT "J-3".)

4. Wasco-Hay Canyon Section of the Wasco-Heppner Highway in Sherman County. Drawing No. 1R-5-1214. (See EXHIBIT "J-3".)

5. Lyle Gap-Madras Unit of the Willowdale-Madras Section of The Dalles-California Highway in Jefferson County. Drawing No. 1R-5-1052. (See EXHIBIT "J-2".)

6. East Unit, Weston-Weston Mountain Section of the Weston Elgin Highway in Umatilla County. Drawing No. 1R-5-1224. (See EXHIBIT "J-3".)

7. Blue Mountain Station-Milton-Freewater Unit of the Weston-Milton-Freewater Section of the Oregon-Washington Highway in Umatilla County. Drawing No. 1R-5-1223. (See EXHIBIT "J-3".)

8. Salmon River Junction-East McMinnville Junction Section of the Three Mile Lane Highway in Yamhill County. Drawing No. 1R-5-1206. (See EXHIBIT "J-3".)

9. Washington County Line-Highlands Interchange Section of the Sunset Highway in Multnomah County. Drawing No. 1R-3-1225. (See EXHIBIT "J-1".)

10. Pleasant Valley-Oxman Section of the Old Oregon Trail Highway in Baker County. Drawing No. 1R-3-1227. (See EXHIBIT "J-1".)

Consideration was given to a proposed agreement with the U. S. Army Corps of Engineers in connection with the new alignment of US 30 around the John Day Dam. The Engineer stated that it is proposed that the Highway Department design certain structures including a bridge over the John Day River, the Quinton Interchange, Blalock Interchange, Arlington Viaduct, Heppner Junction Interchange, Highway 74 Overpass, and the Boardman Interchange. Cost of preparing the designs is to be paid by the Army Engineers and he recommended that the work be undertaken as outlined. The Commission accepted his recommendation. In connection with this section of relocated US 30 the Engineer commented that in discussing the matter with the Army Engineers he had pointed out to them that a policy has been established by the Commission that if the upper route is constructed, the state would expend on it only what the cost would be on the lower route.

Transfer of 0.33 acre of right of way to Marion County acquired in constructing an extension of Mission Street, just east of the City limits of Salem, was discussed. The Engineer explained that on March 1, 1957,

an agreement had been entered into with Marion County for this construction in order to form a better connection with the North Santiam Highway. He recommended that the right of way acquired in making this extension be deeded to Marion County inasmuch as the street extension is being operated as a part of the county road system. The Commission approved the transfer.

The Commission considered briefly a letter from the "Improvement for Highway 42 Committee" requesting allocation of funds for improvement of Highway 42. No action was taken at this time pending consideration of a construction program on the following day. (On the following day the Commission approved a construction program which included an item for grading and paving a section of the Coos Bay-Roseburg Highway (Oregon Route 42) between Myrtle Point and the Powers Highway Junction.)

Consideration was given to a petition from residents in and near Tigard requesting installation of a traffic signal at the intersection of the Pacific Highway West and Walnut Street in the community of Tigard. This matter, the Engineer stated, was carefully investigated and traffic conditions at the intersection do not meet any of the standard warrants for installation of traffic signals. However, it was found that vehicles parking along the northerly side of the Pacific Highway West constitute a sight distance restriction for vehicles entering the highway from Walnut Street from the north. The Commission approved his recommendation that parking be prohibited along the northerly side of the Pacific Highway West for a distance of 50 feet east and west of the east and west property lines of Walnut Street and thereupon adopted the attached resolution relative thereto marked Exhibit "G-1", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission also considered a request made by the City Engineer of the City of Salem for the installation of traffic signals at the intersections of State and 14th Streets, Center and Winter Streets, and Marion and Winter Streets, and the revision of traffic signal heads at a number of intersections. All of these installations and revisions, the Engineer stated, are on state highways. The cost of the new signals he estimated at $14,500 and the signal head revisions at $4,000, or a total of $18,500. He recommended that the installations and the revisions be made with the cost of installation to be shared equally by the city and the state, it being agreed that the city would provide all future maintenance and the power necessary to operate the signals. The Commission approved the recommendation and instructed that an agreement be prepared.

Attention was given by the Commission to proposed additions to the Federal Forest Highway System. The Engineer explained that suggestions for additions had been made by the US Forest Service, US Bureau of Public Roads, and the State Highway Department, and a meeting had been held in October at which a final tentative selection had been made. He pointed out that final determination as to which roads will be eligible for inclusion in the Forest Highway System will be

made by the Washington D. C. office, and at some later date requests will be considered for placing the roads on the Federal Forest Highway system. Following his favorable recommendation the Commission approved proposed additions totalling approximately 1400 miles as shown on a map presented by the Engineer entitled "Forest Highway Study, Group A and B Routes, October 1958". (For details see the map mentioned above on file in the Commission's general files in Salem.)

Consideration was given to a request made by the City of Baker for the designation of Campbell Street from Main to 10th Street as a part of the state highway system. Campbell Street, the Engineer stated, is a connecting street between US 30 and the Baker-Homestead Highway. The street was improved in 1953 by the city, but the pavement is inadequate for truck traffic which now uses the street. Similar conditions exist in many towns and cities, and it would not be practical to place all connecting streets on the state highway system. He therefore recommended that the request be denied. However, he also recommended that an asphaltic wearing surface, about $2\frac{1}{2}$ inches in depth be placed on the street as a state project at an estimated cost of $26,000 provided the project is approved by the city of Baker, it being understood that the city retain Campbell Street as a city street. The Commission accepted the recommendations.

A request from the city of Hillsboro was considered for the preparation of plans and specifications for the installation of traffic signals at three intersections on Main Street in the city of Hillsboro. The Engineer pointed out that the signals are on a city street not a part of the state highway system, and the city has offered to pay for the cost of preparing the plans, which he estimated at $150. The Commission approved his recommendation that the work be performed by state forces and that the state be reimbursed by the city for the cost of the plans.

The Commission gave attention to the proposed purchase of a radio transmitting station owned by the West Coast Telephone Company on Bennett Butte, east of Langlois in Curry County. The Engineer pointed out that the State Police and the Highway Radio Division have been attempting to improve radio coverage from Coos Bay to the California state line. The Bennett Butte site will greatly improve the radio coverage in this area. The telephone company has offered the site, building, tower, and other facilities for $7,500, which is approximately 50% of the cost of the improvements. Following his favorable recommendation, the Commission authorized purchase of the radio facility for the sum of $7,500.

The Commission considered and took action as indicated on the following requests for extensions of time within which to complete state highway contracts. Reimbursement for engineering expense and other extra expenses incurred by the state in connection with the work during the period of these extensions was waived by the Commission except as noted.

1. Silver Falls Construction Company, Contract No. 5271, for

construction on the North Unit, Spray-Waterman Section of the Spray-Waterman Road in Wheeler County requested an increase of 20 work days within which to complete this contract. The request was denied.

2. R. A. Heintz Construction Company, Contract No. 5090, for grading on the West Unit, Sundial-Rooster Rock Section of the Columbia River Highway in Multnomah County requested 25 additional work days in which to complete this contract. Approved as requested.

3. M. C. Lininger and Sons, Contract No. 5212, for grading and paving the Third Street-Green Springs Junction Section of the Pacific Highway in Jackson County requested 20 additional work days within which to complete the contract. The Commission approved 10 additional work days.

4. Warren Northwest, Inc., Contract No. 5026, for grading and paving the Interstate Bridge - Oregon Slough Bridge Section of the Pacific Highway in Multnomah County requested extension of time from June 30 to November 30, 1958. An extension of time was approved to November 10, 1958, the actual date of completion.

FOOTNOTE: Action taken by the State Highway Commission upon extensions of time within which to complete the highway contrancts listed above was based upon the recommendation of the Engineer and his reports which considered, but did not necessarily adopt, either or any of the reasons given by the contractors in their requests for such extensions of time. For details regarding these extensions of time see copies of the contractors' requests and the Engineer's recommendations on file in the respective contracts in the Secretary's office.

The Engineer reported that Contract Numbers 4986, 4999, 5026, 5051, 5074, 5082, 5088, 5194, 5246, 5265, 5277, 5299, 5303, 5023, 5079, 5092, 5098, 5155, 5190, 5206, 5224, 5238, 5259, 5264, 5038, 5143, 5275, 5245, 5181, and 5285 for highway construction have been completed in accordance with the requirements of the contract or modifications thereof, and that said contracts are now ready for acceptance by the Commission. After due consideration the Commission accepted said contracts by adopting the attached resolution relative thereto, marked Exhibit "E" , which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Projects in the 1960-61 County Federal Aid Secondary Program totaling $927,000 were presented by the Engineer for Coos, Curry, Gilliam, Josephine, Linn, Malheur, Polk, Union and Wheeler Counties. These projects, the Engineer stated, have been selected by the counties, and he recommended that the following be approved:

County	FAS Hwy. No.	Section & Description	Programmed Amount	FAS Fund
Coos	252	Middle Creek Bridge, structure only.	$ 35, 000	1960
	806	Middle Fork Coquille River (Bridge) Bridge, structure only	75, 000	1960
		Subtotal, Coos County.	$ 110 000	

County	FAS Hwy. No.	Section & Description	Programmed Amount	FAS Fund
Curry	259	East Unit, North Chetco River Section, 1.6 miles. G.S. & P.	$123,000	1960
Gilliam	714 721 722 725	1.5 miles) 1.5 miles) 2.3 miles) 1.9 miles) Gilliam Co. Rd. Oiling	$ 35,000	1960
Josephine	594	Galice-Windy Gap Section, 3.5 Miles Grading Only.	$174,000	1960
Linn	126	Greens Bridge-Kelly Road Section, 0.76 mile. Paving	$ 15,000	1960
	595	Poor Farm Road Section, 3.8 miles. Paving.	$ 75,000	1960
	216	Lake Creek Bridge, structure only.	$ 40,000	1960
	218	Calapooya River Bridge, structure only.	$ 40,000	1960
	772	Muddy Creek Bridge, Structure only.	$ 20,000	1960
		Subtotal, Linn County.....	$190,000	
Malheur	825	East Unit, Foothills Drive Section, 3 miles. G. S. & O.	$ 85,000	1960
Polk	193	Buena Vista-Luckiamute River Section, 2.9 miles. G. & S.	$ 85,000	1960
Union	795	Sanderson Springs Road Section, 4.3 miles. Oiling.	$ 25,000	1960
Wheeler	814	John Day River (Twickingham) Bridge. Structure only.	$100,000	1960
		Total.....	$927,000	

(Continued on following page.)

SUMMARY BY FISCAL YEARS:	1960	1961	Total
Available Funds*	$4,895,000	$3,750,000	$8,645,000
Previously Approved*	931,000	515,000	1,446,000
Unprogrammed Balance*	$3,964,000	$3,235,000	$7,199,000
Proposed Projects 12/5/58	927,000	- - -	927,000
Unprogrammed Balance	$3,037,000	$3,235,000	$6,272,000

*Revised totals from "Status, 1960 & 1961 County FAS Funds" tabulation dated 11/5/58.

The Commission approved the projects.

The Engineer reported that traffic engineering investigations have been made to determine the need for reduced speed zones in connection with action taken by the State Speed Control Board within cities. To carry the speed zones established by the Speed Control Board to a logical conclusion, he recommended that the following reduced speed zones be established outside the city limits:

(1) 35 miles per hour between a point 300 feet west of the city limits of Haines at M.P. 326.12 and the west city limits of Haines at M.P. 326.18 on the Old Oregon Trail Highway in Baker County. (See Exhibit "F-1".)

(2) 30 miles per hour between the east city limits of Pendleton at M.P 210.63 and a point 0.11 mile east of the east city limits of Pendleton at M.P. 210.74 on the Old Oregon Trail Highway in Umatilla County. (See Exhibit "F-2".)

The Commission approved the reduced speed zones by adopting the attached resolutions relative thereto, marked Exhibit "F-1" and Exhibit "F-2", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

The Engineer also reported that investigations had been conducted concerning existing 20 and 25 miles per hour speed zones on major state highways. The investigation disclosed that the existing speed zones should be revised upwards in two communities as follows:

(1) 35 miles per hour between a point 0.41 mile north of Blaine Road at M.P. 79.89 and a point 0.14 mile south of Bun Creek at M. P. 80.62 in the community of Beaver on the Oregon Coast Highway in Tillamook County, except that between a point 200 feet west of Blaine Road and a point 50 feet west of Bun Creek Road, the indicated speed

shall be 20 miles per hour during the hours of school crossings. (See Exhibit "F-3".)

(2) 30 miles per hour between a point 0.12 mile north of the Three Rivers Highway at M.P. 84.82 to a point 0.15 mile south of the Three Rivers Bridge at M.P. 85.16 in the community of Hebo on the Oregon Coast Highway in Tillamook County, except that from a point 350 feet north of the Three Rivers Highway to a point 200 feet south of the Three Rivers Bridge, the indicated speed shall be 20 miles per hour during the hours of school crossings. (See Exhibit "F-4".)

The Commission approved the indicated speed zones by adopting the attached resolutions relative thereto, marked Exhibit "F-3" and Exhibit "F-4", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

Confirmation for out-of-state travel expenses was requested by the Engineer for the following state highway employees: John Phillips, Leo Brunell, James Neiger, Tom Simpson, R. W. Anderson, and W. H. Kuiper, to Seattle, Bremerton, Pasco, Spokane, Moses Lake, Everett, Tacoma, and Oak Harbor, Washington to inspect United States Government Surplus equipment and to purchase and transport the equipment to the highway shops in Salem. Nine trips, the Engineer pointed out, were made during the period from October 13 through November 21, during which time equipment valued at $225,000.00 was purchased for the sum of $26,282.95. The Commission confirmed the trips at a total cost of $721.50.

The Commission also approved out-of-state travel and expenses for the following personnel:

Carl W. Jordan, Director, Travel Information Division, to attend the Kansas City Sports and Vacation Show in Kansas City, Missouri, January 29 to February 9. Expenditures are to be paid by the Pacific Northwest Travel Association.

Carl W. Jordan, Director, Travel Information Division, to attend the annual meeting of the Board of Directors of the Pacific Northwest Travel Association in Missoula, Montana, January 9 and 10, at an estimated cost of $97.85.

Gene Huntley, Director of Personnel and Public Relations, to attend the annual conference of the Western College Placement Association in Los Angeles, California, on January 22-23, 1959, at an estimated cost of $155.00.

R. C. Blensly, Planning Survey Engineer, to attend the Highway Research Board meeting in Washington, D. C., January 5 to 9, 1959, with expenses to be paid by the Highway Research Board.

Attention was given to a request made by R. H. Pointer, Superintendent of Umapine Schools for corrective safety treatment at the intersection of the Sunnyside-Umapine Highway with two county roads in the community of Umapine. An investigation which was made, the Engineer stated, indicated that the condition could be materially aided by the installation of "STOP" and "RIGHT TURN PERMITTED WITHOUT STOPPING" signs for traffic entering the intersection from the Sunnyside-Umapine Highway from the east. The Commission accepted his recommendation for the installation of the signs mentioned and thereupon adopted the attached resolution relative thereto marked Exhibit "I-1", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Consideration was given to a request from the City of Beaverton that traffic on the Beaverton-Hillsdale Highway be stopped at its intersection with Cedar Street near the junction of the Tualatin Valley Highway in Beaverton. The Engineer stated that the proposal if approved would allow traffic to move freely on the highway carrying the largest volume of traffic and also improve safety conditions at a railroad crossing immediately adjacent to the intersection. He recommended that all traffic on Broadway (Beaverton-Hillsdale Highway) be required to stop before entering Cedar Street in Beaverton; that eastbound traffic on Beaverton-Hillsdale Highway be required to stop before entering the S. W. Capitol Highway in Portland; and that no stop be required for eastbound traffic on S. W. Capitol Highway at its junction with the Beaverton-Hillsdale Highway in Beaverton. The Commission approved the recommendation and thereupon adopted the attached resolution relative thereto, marked Exhibit "I-2", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer stated that Pacific Communities Hospital of the city of Newport had requested permission to erect a directional sign on the westerly side of the right of way of the Oregon Coast Highway at M.P. 140.94. This type of sign, he continued, complies with the law, and the location and text of the sign have been approved. Following his favorable recommendation the Commission approved installation of the sign.

1959 annual dues for the American Association of the State Highway Officials and the Western Association of State Highway Officials become due on January 1, the Engineer stated. Dues for the American Association are $1,519.50 per year, and the dues for the Western Association are $50.00 per year, and he recommended that payment be made. The Commission approved payment of the dues.

The Commission gave attention to establishment of a policy regarding employees who are delinquent in their debts, and particularly when repeated garnishments are made against their earnings. The Engineer pointed out that the condition is highlighted by the case of an employee against whom eight garnishments have been made since January 1, 1958. The Civil Service Commission, he continued, is

reluctant to take action as no definite policy has been established by the agency concerned. He outlined a proposed procedure, stipulating that a polite warning letter be sent the employee after the first garnishment, and after the second garnishment a letter be sent to the employee's supervisor. If there are no extenuating circumstances, that a letter then be sent to the employee advising that he is being placed on probation for six months and if evidence is not shown that satisfactory progress has been made, that the employee be dismissed. He also recommended that a similar procedure be approved in cases where complaints are made about failure to pay bills but in which no garnishments are involved. Chairman McIver inquired if any investigation had been made as to what policy is followed by other state departments. The Engineer replied that this angle had not been investigated, but he felt it would be a good idea. Chairman McIver stated that the Commission does not wish to take any action which may hurt innocent employees. The Commission deferred action in this matter until the next meeting and instructed the Engineer to investigate as to what other departments are doing.

The meeting was recessed at 12 noon, and reconvened at 2 p.m. with the same persons present and participating.

The Commission discussed with the Engineer various projects contained in a 1961 Federal Aid construction program on which funds will be available after July 1, 1959. The Engineer explained details on the projects but action was deferred until the following day.

The matter of a replacement for Mr. S. H. Probert who will reach compulsory retirement age on May 11, 1959, was brought up by the Engineer. At that time, he continued, Mr. Probert will have completed 45 years, 11 months and 11 days of service with the State Highway Department, 37 years as office Engineer. His position as a Staff Engineer involves many important functions and it was his opinion that a replacement should be appointed not later than January 1, 1959 so that the new man would have an opportunity to learn the operations of the office engineering division while Mr. Probert is on the job. He recommended that Mr. R. L. Porter, Right of Way Engineer, be appointed as Office Engineer, effective January 1, 1959, and that Mr. Walter T. Wright, Assistant Right of Way Engineer, be appointed Right of Way Engineer, effective January 1, 1959. These personnel changes, he continued, have been discussed with and approved by the Chief Counsel, Mr. Lindas, under whose direction Mr. Porter and Mr. Wright are now working. The Commission approved the appointments as presented by the Engineer, at a salary of $990 per month for Mr. Porter and a salary of $880 per month for Mr. Wright.

A claim in the amount of $20 from the Hartford Fire Insurance Company was presented by the Engineer, who explained that the claim involves the removal of asphalt from a car owned by Mr. A. W. Schaupp of Klamath Falls, a former State Highway Commissioner. An investigation disclosed that although ordinary precautions had been taken to protect traffic, it was entirely possible that some of the smoke from the

hot asphalt may have been carried over Mr. Schaupp's car. The Commission accepted his recommendation that the claim in the amount of $20 be paid.

The Commission approved the Secretary's report on papers signed in behalf of the Commission during the period of October 20 through December 5, 1958.

The Commission confirmed the date for the next regular Commission meeting on January 22-23, 1959 in the conference room of the State Highway Building in Salem, and set a tentative date of March 5 and 6, 1959 for the following meeting.

Attention was given to a request made by Mrs. John Glaser of Tangent that an investigation be made of traffic hazards on the Albany-Junction City Highway (Pacific Highway East) in the vicinity of "B" Street in Tangent. Mrs. Glaser's request stated that vehicles parked in the vicinity of the El Sombrero Cafe and Johnny's Grill Cafe restricted sight distance for vehicles wishing to enter the highway from "B" Street. A traffic engineering investigation disclosed that parking of vehicles does restrict sight distance seriously and the Engineer recommended that shoulder parking be prohibited on the easterly side of the Albany-Junction City Highway between "B" Street at M.P. 8.83 and a point 475 feet south of "B" Street at M.P. 8.92. The Commis- approved the recommendation and thereupon adopted the attached resolution relative thereto marked EXHIBIT "G-2", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The matter of prohibiting "U" turns at the intersection of North Stephens Street (Oakland-Shady Highway) and Garden Valley Road, north of the city of Roseburg was discussed. The Engineer stated that although signs had been erected the State Police had called attention to the fact that they would have trouble in enforcing the prohibition indicated by the signs without formal action on the part of the Highway Commission. He recommended that a resolution be adopted prohibiting all "U" turns at the intersection of North Stephens Street at Garden Valley Road. The Commission accepted his recommendation and adopted the attached resolution relative thereto marked EXHIBIT " H" , which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Attention was given to a request from the City of Albany to acquire a parcel of land on the old route of the Pacific Highway East through Albany on which to erect an information center and a Chamber of Commerce building. The land they wish to secure, the Engineer stated, has no further value to the State, and he recommended that it be sold to them at cost with access only from 7th Street. The Commission approved the sale with the further stipulation that the land be used only for public purposes.

The Commission also considered another request from the City of Albany in which the City evidenced an interest in acquiring the Waverly Lake Park area in the northern part of the city. The Engineer explained that the lake was formed about 20 years ago in excavating materials for the Pacific Highway East through Albany. Some landscaping was performed to make the area presentable and it since has become quite popular. The area has no value to the Highway Department, and he recommended that it be transferred to the City without charge. He also pointed out that maintenance of the area is quite expensive and maintenance as a park area is in violation of the Commission's policy of not providing park areas within cities. Use of the lake, he stated, is almost exclusively by residents of the city. Chairman McIver observed that inasmuch as the Highway Department has secured the value from the land for the purpose for which it was acquired, and as the park area is within the city, it appears to be a wise move to transfer it to the city. The Commission approved the transfer at no cost.

The Commission discussed with the Engineer matters to be presented by delegations scheduled to appear on the following day. No action, however, was taken at this time.

At 2:30 p.m. the Engineer presented to the Commission bids received at the bid openings held in Salem on November 12 and on December 9, 1958. He explained details concerning each of the projects and made recommendations as to award, rejection, or referral. After dué consideration, the Commission took action on the bids received as follows:

BIDS RECEIVED IN SALEM ON NOVEMBER 12, 1958

"Construction of Eagle Creek Bridge on County Road No. FAS-511, near Richland, in Baker County. The Commission confirmed the Engineer's award to the low bidder, Bechtel Bros., La Grande, at $44,163.00.

"Construction of Powder River Bridge and grading on Richland-South Road (FAS No. 511) near Richland in Baker County. The Commission awarded the contract to the low bidder, Bechtel Bros., La Grande, at $41,597.50.

"Grading and paving Davis Slough Section of the Oregon Coast Highway and construction of bridge, in Coos County. The Commission awarded the contract to the low bidder, Coos Bay Dredging Company, Coos Bay, at $606,722.20.

"Addition to Highway Maintenance Building at Reedsport, in Douglas County. The Commission awarded the contract to the low bidder, Tom Lillebo Construction Company, Reedsport, at $7,505.00.

"Widening existing Calapooya and Stearns Lane structures on Pacific Highway near Oakland in Douglas County. The Commission awarded the contract to the low bidder, Tom Lillebo Construction Company, Reedsport, at $152,613.50.

"Grading Josephine County Line-Evans Creek Section of the Pacific Highway east of Grants Pass in Jackson County. The Commission elects to accept the low bid of Earl L. McNutt Co., Eugene, in the sum of $564,500.10 and directs the State Highway Engineer to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Construction of structure to carry The Dalles-California Highway over California Avenue in Klamath Falls, Klamath County. The Commission confirmed the Engineer's award to the low bidder, Tom Lillebo Construction Company, Reedsport, at $199,720.00.

"Jessie M. Honeyman State Park extension on Oregon Coast Highway south of Florence in Lane County. The Commission awarded the contract to the low bidder, Eugene Gardens, Eugene, at $55,054.50.

"Beverly Beach Park extension on the Oregon Coast Highway north of Newport in Lincoln County. The Commission awarded the contract to the low bidder, Eugene Gardens, Eugene, at $82,523.75.

"Construction of five drainage structures on relocated Pacific Highway south of Albany in Linn County. The Commission awarded the contract to the low bidder, Tom Lillebo Construction Co., Reedsport, at $312,193.70.

"Construction of Sign Department Building for State Highway Department in Salem, Marion County. The Commission awarded the contract to the low bidder, Monson and Sivers Company, Portland, at $96,954.00.

"Construction of bridge at Porter Street Undercrossing to carry arterial traffic over the Pacific Highway (Baldock Freeway) in Portland, Multnomah County. The Commission awarded the contract to the low bidder, Lord Bros. Contractors, Portland, at $289,493.00.

"Paving S.W. 11th Ave.-Tigard Interchange Unit, Harbor Drive-Washington County Line Section of the Pacific Highway at Portland in Multnomah County. The Commission awarded the contract to the low bidder, Peter Kiewit Sons' Co., Vancouver, Washington, at $1,161,017.20.

"Construction of bridge and grading and oiling E. Birch Creek Bridge-Pearson Creek Road Section of the E. Birch Creek Road, south of Pilot Rock in Umatilla County. The Commission awarded the contract to the low bidder, K. C. Hack Construction Co., Pendleton, at $224,994.00.

"Grading Rowena-Chenoweth Creek Section of the Columbia River Highway east of Mosier in Wasco County. The Commission elects to accept the low bid of Rogers Construction, Inc., Portland, in the sum of $293,184.00 and directs the State Highway Engineer to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

December 11, 1958

"Grading and oiling Pioneer Creek-Service Creek Section of the John Day Highway south of Fossil in Wheeler County. The Commission elects to accept the low bid of Earl L. McNutt Co., Eugene, in the sum of $521,804.00 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

BIDS RECEIVED IN SALEM ON DECEMBER 9, 1958

"Rock Production project on the Alsea Highway and Alsea-Deadwood Highway in Benton County. The Commission awarded the contract to the low bidder, Stevenson Construction Co., Salem, at $38,160.00.

"Grading and paving South Third Street Section of The Dalles-California Highway in Bend, Deschutes County. The Commission elects to accept the low bid of Babler Bros., Inc. Portland, in the sum of $148,348.00, and directs the State Highway Engineer to award the contract to said bidder as soon as approval of the City of Bend is received and the sum of $42,700.00 is deposited by the City and approval of the Bureau of Public Roads is received.

"Construction of Antelope Creek Bridge in Jackson County. The Commission referred all bids to Jackson County for award.

"Construction of SPRR and Pelican City Road overcrossing north of Klamath Falls in Klamath County. The Commission elects to accept the low bid of Peter Kiewit Sons' Co., Vancouver, Washington, in the amount of $71,648.00 and directs the State Highway Engineer to award the contract to said bidder as soon as agreement with Southern Pacific Railroad Company has been executed and approval of the Bureau of Public Roads has been received.

"Fencing Tillamook County Line-Salmon River Section of the Oregon Coast Highway south of Neskowin in Lincoln County. The Commission awarded the contract to the low bidder, Kenneth E. Nielsen, Salem, at $6,610.00

"Paving Lebanon Road-Halsey Interchange Section of the relocated Pacific Highway south of Albany in Linn County. The Commission awarded the contract to the low bidder, Warren Northwest, Inc., Portland, at $1,507,104.25.

"Construction of State Office building in Tillamook, Tillamook County. The Commission awarded the contract to the low bidder, C.J. Montag and Sons, Portland, at $15,300.00.

"Grading, stone base, and oiling on Meda Section of the Little Nestucca Highway south of Cloverdale in Tillamook County. The Commission elects to accept the low bid of F. E. Wilburn, Springfield, in the sum of $55,942.50, and directs the State Highway Engineer to award the contract to said bidder as soon as necessary right of way is acquired.

The Commission again considered the list of properties submitted by the Chief Counsel earlier in the day for condemnation if necessary. After careful consideration of the proposed condemnations and in light of the information and advice submitted, together with the general knowledge of the members of the Commission concerning the projects and the properties involved, the Commission authorized the Chief Counsel to condemn the properties, if necessary, by adopting the attached resolutions relative thereto marked Exhibit "C-1" through Exhibit "C-20", which resolutions by reference are made a part hereof with like effect as though extended in full herein.

The Commission also considered a report presented earlier in the day by the Chief Counsel on condemnation cases which have been tried in court since the last Commission meeting. The Commission accepted the report which is summarized as follows:

REPORT OF CONDEMNATION CASES TRIED
October 23 to December 11, 1958

Case	County	Highway	Section	State's Offer	Defendant's Demand	Verdict
L-3163 R-28029 Eugene R. Brown, et al	Josephine	Redwood	W. Fork Illinois River Bridge and E. Fork Illinois River Bridge	$ 100.00	$ 100.00	$ 100.00

(For additional details see the Chief Counsel's letter dated December 10, 1958, on Report of Cases Tried in the General Files in the Commission office in Salem.)

The Chief Counsel also mentioned the case of State vs. Clinton for right of way acquired on Highway 42 in Coos County. $5,000 was offered for the property. The jury awarded $15,000.

December 11, 1958

Consideration was again given to a report by the Chief Counsel earlier in the day on condemnation cases which have been settled out of court since the last Commission meeting. The Commission accepted the report which is summarized as follows:

REPORT OF CONDEMNATION CASES SETTLED

Case	County	Highway	Section	State's Offer	Amount of Settlement
Creswell R-27841	Josephine	Redwood	Redwood Interchange	$33,780.00	$33,780.00

Condemnation Cases Settled (cont)

Case	County	Highway	Section	State's Offer	Amount of Settlement
Hilden Oil Co. (General Petroleum Corp.) R-28156	Washington	Sunset	North Plains Inter-change	$14,700.00	$15,500.00

* Remarks - Settlement predicated upon exchange of properties outside right of way required owner to convey all of Lot 8, Sub. of Lot 2, Block 28, Southern Portland consisting of approximately (4680 sq. ft.) for South 26' of Lot 5 same block (2730 sq. ft.)

The Chief Counsel stated that legal action had been taken against the State by William C. and Mary A. Rogers for alleged damage to their property on the Baldock Freeway across the road from the Matheny property located approximately 15 miles north of Salem, and westerly from Woodburn. The suit requests the sum of $13,000 for damages caused by alleged backing up of drainage water on their property because of highway construction. Appropriate legal action will be taken. The Commission accepted the report.

Attention was called by the Chief Counsel to a graph showing the results of trials of condemnation cases during the last three years in Curry County as compared to other counties in Oregon. To bring the information up to date, he stated that as of September 12, 1958, jury awards in Curry County had averaged 62 per cent higher than awards in the balance of the state. Commissioner Fridley inquired if there is any chance of corrective legislative action or other remedy. The Chief Counsel replied that the Legislature could, if it wished, amend the law to provide that cases could be tried in a county other than the county in which the property is located.

The Right of Way Engineer stated that in acquiring right of way for construction of the Old Oregon Trail Highway at upper Perry, westerly from La Grande, property had been secured from several owners but the interest of these property owners in a nearby spring had not been purchased. Construction of the Highway destroyed the spring and it is not feasible to try to replace the spring with a well. Damages have been carefully appraised at $2,500 for each of the property owners. Settlement, he continued, can be made with each of them for the sum of $2,750 and he so recommended. The Commission accepted the recommendation.

The Chief Counsel stated that a Mr. Ruby had called him on the telephone very recently requesting that he look into an opinion rendered by Mr. Devers, formerly Chief Counsel for the Highway Commission, in 1949 regarding the status of the Pacific Coast beaches in Oregon. The people whom Mr. Ruby represents wish to declare the ocean beaches as a recreational area prohibiting the use of motor vehicles on the beaches, and placing the beaches under the jurisdiction of the State Parks Department. Mr. Ruby wanted to know the Highway Commission's attitude on

a bill of this sort. After some discussion, the Commission instructed the Chief Counsel to advise Mr. Ruby that the Commission wished to remain silent in this matter.

The Engineer brought up the matter of highway construction in the city of Portland, including the Russell Street extension to the Washington state line and the "Minnesota" and "Delaware" routes. It was his thought that the Commission could study the various projects with the possibility that action might be taken at the next Commission meeting to authorize a hearing or hearings on the highway proposals.

The Commission signed the following agreements and other papers:

"Bargain and Sale Deed" confirming the sale of 1,400 sq. ft. of excess property on Springfield Section of McKenzie Highway, Lane County to Mr. and Mrs. W. G. Nichol.

"Permit Agreement" with LaGrand Industrial Supply Company and City of Portland to permit the LaGrand Industrial Supply Company to use an area under Arthur Street viaduct on Pacific Highway West for storage purposes.

"Agreement" with the U.S. Army Engineers covering design of certain bridge structures in connection with the new alignment of US 30 around the John Day Dam.

"Bargain and Sale Deed" deeding to Marion County 0.33 acre of right of way purchased for the Mission Street Extension.

"Permit" permitting Pacific Communities Hospital of Newport to erect a directional sign on right of way along westerly side of Oregon Coast Highway at Newport.

"Traffic Signal Agreement" with City of Bend for installation and maintenance of a traffic signal at the intersection of the Central Oregon Highway and E. Third Street. (Authorized September 11, 1958)

"Maintenance Agreement" with Umatilla County for improvement of FAS Highway 758, East Birch Creek Bridge-Pearson Creek Bridge Section. (Authorized June 19, 1958)

"Maintenance Agreement" with Baker County for improvement of FAS Highway 511, Powder River Bridge Section. (Authorized June 19, 1958)

"Throughway Agreement" with Josephine County to reconstruct and improve the Grants Pass-Jackson County Line Section of the Pacific Highway. (Authorized November 1, 1957)

"Grant of Easement" granting Crystal Springs Water Company a pipe line easement to replace their pipe line easement being occupied by the highway roadbed on Polallie Creek-Parkdale Road Section of Mt. Hood Highway.

"Consent" to a request of the City of Oregon City that a portion of McLoughlin Blvd. be incorporated into the city limits.

"Release and Bill Sale" purchasing the old Swift Building on the Highway Commission dock at Astoria.

"Bargain and Sale Deed" to Jess W. Moore and Juanita D. Moore for a parcel of land on the Gold Beach-Cape Sebastian Section of the Oregon Coast Highway in Curry County.

"Bargain and Sale Deed" to John A. Cook and Byron Willard for a parcel of land on the McMinnville Airport-Dayton Jct. Section of the Three Mile Lane Highway in Yamhill County.

"Bargain and Sale Deed" to Audrey M. Herman and Willard Herman for a parcel of land on the Albany-Judkins Point Section of the Pacific Highway in Linn County.

"Bargain and Sale Deed" to Roberts Motor Company for a parcel of land on Russell Street-Curry Street on East Bank Freeway-Pacific Highway in Lane County.

"Grant of Access" to Jeannie Gail Ashby to property on the Union County Line-Rock Creek Section of the Wallowa Lake Highway in Wallowa County.

"Bargain and Sale Deed" to Donnia Eggers for a parcel of land on the Myers Creek-Brookings Section of the Oregon Coast Highway in Curry County.

"Indenture and Grant of Access" to the Safeway Stores, Inc. to property between Pacific Highway and its abutting land at Highway Engineer's Stations 41+30 and 42+75 and 45+25, in Marion County.

The meeting was adjourned at 3 p.m. to reconvene on the following day in the same room at 10 a.m.

Salem, Oregon
December 12, 1958

The meeting of the Oregon State Highway Commission reconvened at 10:00 a.m. in Room 418, State Highway Building. The following people were present:

M. K. McIver, Chairman
R. B. Chessman, Commissioner
K. N. Fridley, Commissioner

W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
L. I. Lindas, Chief Counsel
G. E. Rohde, Assistant Counsel
R. L. Porter, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Floyd Query, Secretary

A delegation from the Arlington Chamber of Commerce appeared before the Commission to present additional facts concerning the John Day Highway (ORE 19). Present were Vern Arstill, President of the Roads and Highway Committee and President of the Arlington Chamber of Commerce, Lester Grant, Committeeman of the Chamber of Commerce, Harold Hartfield, farmer, Foster Odem, farmer, and Jack Harford, Mayor, all from Arlington; and Van Reitman, Condon, Gilliam County Commissioner. Mr. Arstill, who was spokesman for the group, introduced the members of his delegation, and requested improvement of the John Day Highway. He commented that since the John Day Dam is a reality the John Day Highway would be a trunk line to that dam. He pointed out that the John Day Highway is a direct route to waterway, freeway and railway facilities from the heart of Oregon's wheat and cattle country. He presented figures to substantiate his comments and mentioned that there has been no major improvement program between Arlington and Condon in 25 years and that school transportation has been hampered because of the lack of modernization of this highway. He read a letter from the Arlington High School requesting this improvement. He concluded his presentation by asking several questions regarding the modernization of Highway 19, particularly if such improvement is in the present program or when it can be expected. Mr. Reitman stated that he represented the Gilliam County Court and read into the record a letter from the County Court recommending improvement of the Gilliam County portion of the John Day Highway. He pointed out that the terrain is reasonably level and construction should be relatively cheap. The road between Arlington and Condon is quite slow to travel, and with the construction of the John Day Dam there will be an increase in traffic between Arlington and the county seat. Mr. Hartfield told the Commission that many of the farmers in that area have found it necessary to use larger vehicles to haul their wheat which creates a hazard to those using the road. Mr. Grant expressed the opinion that Oregon is not building roads into the interior fast enough to accommodate the present traffic. In support of their presentation Mr. Arstill presented letters from the Arlington High School, the Gilliam County Court and the Arlington Chamber of Commerce. Chairman McIver told the group that the Commission is familiar with their request and will give it consideration. Concerning the questions they asked, he advised the delegation that Mr. Williams will write them.

Mr. Scott Foster, Beaverton Chamber of Commerce, headed a group from Washington County who appeared before the Commission regarding construction of a north-south highway linking the Sunset Highway

with the R. H. Baldock Freeway. Others in the group were Henry R. Johnson, Washington County Commissioner, W. D. Cameron, City Councilman, A. H. Rossi, Mayor, Elbert Hawkins, "Valley News", Larry Dinneen, Manager of the Chamber of Commerce, all from Beaverton; A. A. Graham, County Road Master, and Clayton Nyberg, County Commissioner, both from Hillsboro. Mr. Foster presented and read a petition from Washington County and the City of Beaverton requesting that the State construct a four-lane secondary highway using the Cedar Street route from Beaverton northward to the Sunset Highway. He also presented a map showing the location of this proposed route and introduced the members of his delegation. It is their belief, he stated, that this development must be made on an 80-foot right of way with provisions for protected left-turn lanes at all major traffic intersections, and planned in such a manner that it could be extended directly south bypassing the city center of Beaverton and connecting with Highway 217 just south of the main part of town. It is their opinion, he continued, that even though the bypass may not be constructed immediately that possibility should be considered in the interest of the overall economy in developing a four-lane highway from the Sunset Highway to a connection with the Baldock Freeway south of Tigard. He added that there are included in the petition supporting this development letters from Tektronix, Inc., and West Coast Telephone Company, together with traffic counts and a chart of the population growth of the area. It is their opinion, he continued, that major through-traffic arterials are the responsibility of the State Highway Department, while the resources of the county should be spent in building and maintaining market and access roads. Because the highway network in Washington County is inadequate, it was his belief that the area will not support further industrial development. To demonstrate their willingness to cooperate, the Washington County Court, he stated, would like to make this offer to the State--if the State will assume responsibility for extending Highway 217 north to the Sunset Highway over an 80-foot right of way according to plans acceptable both to the Highway Commission and the County Court, the County will release a portion of its matching money to the State for the purchase of right of way and construction of this road. He concluded his presentation by thanking the Commission for the opportunity to present their case and especially for courtesies extended to them in the past by other members of the department. Chairman McIver thanked the group for bringing this matter to the Commission's attention and advised them that every consideration will be given their proposal.

Chairman McIver brought up for Commission action a construction program for the allocation of 1961 Federal-aid Highway funds which will be available for contracting sometime after July 1, 1959. The Engineer explained that this is merely an extension into the fourth year of the five-year program tentatively adopted by the Commission in 1956, but there are included in this program several projects not in the tentative five-year program. The Commission after careful study and consideration adopted the program submitted by the Engineer, as follows:

December 12, 1958

PROGRAM V - 1961 FEDERAL AID

DIVISION I

Members of the Crook County Court and others appeared before the Commission regarding the relocation of a portion of the Crooked River Highway (ORE 27). The following were present: Harry Fowler, County Judge; Harry Stearns, Stockman; Luke Reif, County Commissioner; Bill Morse, Chamber of Commerce; and Ken Conroy, Chamber of Commerce; all from Prineville. Judge Fowler introduced the members of his group. He recalled that about eight months ago Crook County and the Bureau of Reclamation appeared before the Highway Commission regarding the replacement of the seven-mile section of Highway 27 which will be destroyed by construction of the Crooked River Dam. At that time, he continued, a reservation was made that if the County and State were in agreement, the money (estimated at $200,000) allotted to the Bureau of Reclamation road could be used on a new alignment. He exhibited a map showing the location of the proposed rerouting of Highway 27 between Prineville and Highway 20 via Roberts which, he pointed out, would save ten miles over the present route between Prineville and Highway 20. He explained that the Federal Government has allotted to Crook County $62,800 to build a four and one-half mile section of road from Roberts to Highway 27 at the junction of Salt Creek. The County is proposing that the $200,000 Reclamation money be used to continue the road the county is now building from Roberts to the Crooked River. He requested the State to build with State funds a bridge across the Crooked River north of Roberts at an estimated cost of $228,000, and if such is done, the County would be willing to apply $160,000 of its Federal-aid Secondary Fundto construction north of Crooked River to an existing County road. He stated that the County is definitely against construction of the seven-mile section around Taylor Butte which is the alignment favored by the Bureau of Reclamation. Mr. Morse reviewed the history of Highway 27 and pointed out that little money has been spent on it other than for maintenance. With the construction of the dam this road will be cut in two and a new road is needed badly in their area. He pointed out the recreational possibilities ofthe area after the dam is completed, and expressed the opinion that since the County is willing to spend money on this route, the State should also agree to spend money on it. Mr. Conroy spoke in behalf of the Recreation Committee of the Prineville-Crook County Chamber of Commerce. He stated that the plan proposed by Judge Fowler appeared feasible because such routing would allowa access for recreational activities on both sides of the reservoir and would be the shortest route from Highway 20 and Prineville to the recreational area. He advised that the County Court and the Chamber of Commerce as well as the citizens of Prineville and Crook County are united in their desire for this new route. Chairman McIver advised the group that the Commission is quite familiar with their request; however, there may be more facts which the County Court will wish to submit. He also stated that the County Court will be advised of the Commission's decision through the Highway Engineer. The Engineer pointed out that if this change is effected, it will take action by the Legislature to remove the primary highway from the system and replace it with a secondary highway. Commissioner Chessman called attention to a recently executed agreement with Crook County, the Bureau of Reclamation and the State in which the Bureau is to construct a seven-mile section to replace the

road to be inundated.

The following persons appeared before the Commission representing the "Highway 20 Committee" regarding several matters pertaining to US Highway 20: G. Y. Chester, Vale, Malheur County Judge; George Clever, Nyssa, Malheur County Commissioner; Joe Beach, Vale, Manager of Vale Hotel; Wilton C. Jackson, Nyssa, Chamber of Commerce; C. L. Allen, Deschutes County Judge; Fred Shepard, Deschutes County Commissioner; George Baker, Deschutes County Commissioner, Bernie Price, President of Chamber of Commerce; Vance Coyner, Businessman, Ira Moore, Secretary of Chamber of Commerce, Frank Loggan, Chairman of Highway Committee of Chamber of Commerce, and Wm. Neskanen, Trailways, all from Bend; C. W. Craddock, County Judge of Harney County, Morgan Timms, Highway 20 Association, Jack Drinkwater, Harney County Commissioner, W. J. Maudlin, Mayor, Gail Griffin, Manager and Secretary of Chamber of Commerce, and Al Brown, all of Burns; and Lee Williams, Harney County Commissioner, Drewsey. Mr. Timms acted as spokesman and introduced the people from his area. He explained that a new organization has been formed in Eastern Oregon and that they are appearing before the Commission to become acquainted with Commissioner Fridley and to inquire about the future plans for the Juntura-Harper Section of U.S 20. He pointed out that this is the first time that the counties of Malheur, Harney and Deschutes have appeared before the Commission requesting the same project. Judges Allen and Craddock introduced the members from their respective counties. Judge Chester thanked the Commission for the work that has been done in the past in Malheur County and for the construction that is now in progress. He stated that Malheur County is interested in Highway 20 since it gives the people of southeastern Oregon the most direct route to the coast, and, therefore, it is their request that the State allocate as much money as possible to Highway 20 on whatever section the Commission believes is best. Mr. Timms spoke in behalf of Harney County. He advised that they are vitally interested in the Juntura-Harper Section of US 20 which is a bad bottleneck and which affects the economy of the whole state. He particularly asked what future plans the Commission has for this section of highway. Mr. Loggan spoke on behalf of Deschutes County. He stated that this bottleneck affects the economy of their area. Because of the improvement of other highways, he advised, there has been a drop in recent years in the tourist travel to the Central Oregon area. At the request of Chairman McIver, the Engineer explained the allocations set up in the five-year program for this highway, totalling approximately $2,930,000, of which $1,369,500 is now under contract between Juntura and Harper, and additional $705,000 has been allocated by the Commission in the Federal-aid Program adopted at this session, and $685,000 remains from the old program, all between Juntura and Harper except $200,000 in the Burns-Hines section. He also told the group that there is approximately $2,000,000 worth of work on US 20 west of the Willamette River. Mr. Timms thanked the Commission and the Engineer for this information.

Judge Vernon Miller, Sherman County, Moro, appeared before the

Commission regarding improvements on Highway 97 (Sherman Highway) through Sherman County. Judge Miller urged the Commission to modernize Highway 97 from Moro north, and he presented a brief in support of his request. He stated that a number of developments have taken place in their county during the past two years which will increase traffic, so that there is an urgent need for modernization of this highway from Moro to Biggs Junction. He mentioned particularly (1) the completion of the Wasco-Heppner Highway (ORE 206) will bring traffic from the John Day River region, and central and eastern Oregon areas; (2) the relocation of the Columbia River Highway and the relocation of the Union Pacific Railroad due to the John Day Dam construction; and (3) the building of the Biggs Rapids Toll Bridge. He mentioned that because this highway is obsolete, the major portion of automobile and light truck traffic going to the Columbia River Highway turns west at Wasco and travels over a county federal-aid secondary road via Fulton Canyon. He recommended adoption of an alternate route for Highway 97 from Wasco north, and exhibited an aerial map showing the location of the proposed route which would follow a county road for about $2\frac{1}{2}$ miles north, then follow a ridge on high ground almost the entire route to Spanish Hollow which would be crossed by a bridge. The Engineer advised the Judge that the need for development in that area is recognized and in the five-year program there has been allocated to US 97 $750,000. At Chairman McIver's request, he asked the Judge where the County Court and the people of Sherman County wish this money spent--between Wasco and Biggs Junction or between Wasco and Moro. The Judge replied that it is his personal opinion that there is a greater need for improvement between Wasco and Biggs Junction. Chairman McIver requested Judge Miller to ascertain what section the people of Sherman County would like improved and advise the Commission. Judge Miller concluded his presentation by thanking the Commission on behalf of Sherman County for the work which has been done on US 97 and ORE 206. Mr. Williams advised him that the Commission has just approved a program which includes an item for construction of the South Unit of the Grass Valley-Kent Section.

A delegation from Estacada appeared before the Commission regarding relocation of the Clackamas Highway from Rock Creek corner near Clackamas to the junction with the Eagle Creek-Sandy Highway at Eagle Creek. Present were John C. Caldwell, Attorney, Oregon City, and and David B. Horner, both representing the Kiwanis Club, Estacada. Mr. Caldwell acted as spokesman for the group and presented a petition together with other written material in support of his request. He stated that there are four points he wished to bring to the Commission's attention--(1) relocation of the section of highway between Rock Creek and Barton; (2) elimination of bad curves near Rock Creek; and (3) at Eagle Creek; and (4) widening of the entire highway. He pointed out that the area between Rock Creek and Barton has many curves and is in a slide area with slides occurring almost every winter which leaves the highway in a hazardous condition the entire year. He stated that the curve near Rock Creek is particularly dangerous because it is in the middle of a straight stretch of road. The other curve at Eagle Creek, he continued, is a right angle curve immediately followed by another equally bad curve. Many accidents have occurred on these curves. This highway, he pointed

out, carries a large volume of log truck traffic and he mentioned the danger of a car meeting a logging truck on the narrow roadway. Because of the narrowness of the pavement, he continued, log trucks find it difficult to stay on the pavement so that the City of Estacada has a constant problem of these trucks splashing mud and raising dust. He told about plans for the future development of the Clackamas River drainage area as a recreational area and mentioned that with the completion of the North Fork Dam, including construction of cabins and resort facilities, this area will become a very popular recreational spot especially for the people of the Portland metropolitan area. Mr. Cody called attention to a few bad curves which need guard rail and requested that the Commission consider a project on this road in the coming biennium. He also advised that they are interested in a long-range plan for a highway from Estacada to Eastern Oregon following the Clackamas River. Such a route, he added, would alleviate congested areas in the Mt. Hood area through Government Camp, particularly during the hunting and skiing seasons. Mr. Horner commented that the forests are one of Oregon's best businesses, and something should be done to advance the use of this area. Chairman McIver told the group that the Commission realizes the condition of the road but that it does not have the money to improve it. He added that this highway is in the same district as the Mt. Hood Highway and the Commission has been trying to complete that road. The Commission appreciates the information the delegation has furnished and he stated that every consideration will be given to their request .

Mr. Eugene Marsh, attorney from McMinnville, appeared before the Commission on behalf of a group of Oregon cities engaged in the power business. Others in the delegation were M. L. Bonta, City Light Company, Max Neff, City Councilman, and Lloyd Reinholdt, Mayor-elect, all of Cascade Locks. Mr. Marsh, who was spokesman for the group, introduced the delegation and advised that his presentation would concentrate on a problem that affects Cascade Locks in the relocation of power lines along the Columbia River between Multnomah Falls and Cascade Locks. He pointed out that the Federal law allows 90% of the cost on the relocation of power lines providing the state laws, contract or permit are not violated. However, Oregon is faced with a problem in that the State law does not permit the Highway Commission to recapture any of these federal fund for the relocation of power lines. He requested that the Commission consider the situation in Cascade Locks as a hardship problem. He advised that Cascade Locks has approximately seven miles of poles to remove at an estimated cost of $35,000. The City has a total bonded indebtedness of $121,000 and at the present time does not have any money to move these poles. He recalled that during the last session of the Oregon legislature a bill was introduced which would permit the Commission to pay the cost of moving poles and allow the State to be reimbursed from the Federal government; however, such bill applied to both private and municipally owned utilities and was defeated. It was his thinking that before any legislation be introduced in the forthcoming session that considerable study should be made. If only municipally owned utilities were involved in such a bill there would be several

legal and constitutional questions involved and a possible charge of discrimination. The city, he said, has three alternatives--(1) ask the people to pass another bond issue; (2) introduce legislation to allow the Highway Department to reimburse the city for cost of moving the poles and secure Federal aid; and (3) tell the Highway Department to move the poles and sue the city for the cost. It was his belief that Cascade Locks or any other city would not want to introduce special hardship legislation unless the State was fully informed in advance. In answer to Chairman McIver's question if the group had presented this request to the Highway Interim Committee, Mr. Marsh advised that they had not done so due to the shortness of time. No action was taken.

Chairman McIver stated that in his opinion the year 1958 has been a good year and a big one constructionwise, and he offered his congratulations to the staff. In behalf of the Commission, he extended to all a very Merry Christmas. Mr. Williams reciprocated the feelings of the staff.

As there was no further business to come before the Commission at this time, Chairman McIver declared the meeting adjourned at 12:15 p.m.

MINUTES

of the

OREGON STATE HIGHWAY COMMISSION MEETING

held on

December 11 and 12, 1958

EXHIBIT "A"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, in connection with the future improvement of the highway herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed.

NOW, THEREFORE, BE IT RESOLVED that the following described properties are hereby declared to be necessary for State highway, park, and other uses under the jurisdiction of the Commission, and that the several options or bases of settlement hereinafter enumerated be, and the same hereby are approved and accepted and that the attorney for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission. The said properties hereby ordered and authorized to be acquired are as follows:

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Hauser-North Bend Section of the Oregon Coast Highway described as follows:

A parcel of land lying in Sections 2 and 3, Township 25 South, Range 13 West, W. M., Coos County, Oregon, and being a portion of that property described in that certain deed to State of Oregon by and through its State Highway Commission, recorded in Book 121, Page 205 of Coos County Records of Deeds; the said parcel being described as follows:

Beginning at the Northeast corner of that tract described in that deed to Herman Brelage, et al, recorded in Book 231, Page 520, Coos County Deed Records; said point being 405 feet South and 2555 feet West of the North quarter corner of said Section 2; thence West along the North line of said Brelage tract, 165 feet to the high water shore line of Coos Bay; thence following said shore line as follows:

Thence North 19° 22' East a distance of 114.6 feet and North 38° 26' East a distance of 252 feet; thence leaving said shore line South 77° 53' 30" East 28 feet; thence Southerly in a straight line 305 feet, more or less, to the true point of beginning.

The parcel of land to which this description applies contains 0.08 acre, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $8,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Oregon Coast Highway.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 76 be entered in the minutes and records of the Commission as of the 11th day of December, 1958.

30967

EXHIBIT "B-2"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Willamette River-Hayesville Section of the Pacific Highway described as follows:

A parcel of land lying in the Joseph Matte DLC No. 57, also lying in Sections 22 and 23, Township 5 South, Range 2 West, W. M., Marion County, Oregon, and being a portion of that tract of land described in that certain deed to State of Oregon, by and through its State Highway Commission, recorded in Book 460, Page 68 of Marion County Records of Deeds; the said parcel being that portion of said State of Oregon tract lying easterly of a line which is parallel to and 100 feet easterly of the center line of the north-bound traffic lane of the Portland-Salem Expressway.

Except that part lying within the right of way of County Road No. 522.

The parcel of land to which this description applies contains 3.13 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $5,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 et. Seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Pacific Highway.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 77 be entered in the minutes and records of the Commission as of the 11th day of December, 1958.

EXHIBIT "C-1"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Albany-Judkins Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "C-1" (Cont.)

WHEREAS, for the purpose of relocating, constructing improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the contruction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "C-1" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958, as Condemnation Resolution No. 1043.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1043, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-2"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing highways which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Albany-Judkins Point Section of the Pacific Highway and the Ferry Street Bridge-Mill Street Section of the Eugene-Springfield Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said sections of said highways shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "C-2" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highways as throughways to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highways should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway and the Ferry Street Bridge-Mill Street Section of the Eugene-Springfield Highway as throughways, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific and Eugene-Springfield Highways and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway and the Ferry Street Bridge-Mill Street Section of the Eugene-Springfield Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or

38975

interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to made such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958, as Condemnation Resolution No. 1044.

EXHIBIT "C-3"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Grants Pass-Rock Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "C-3" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "C-3" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

2477

EXHIBIT "C-4"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Meda Section of the Little Nestucca Secondary Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Meda Section of the Little Nestucca Secondary Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels

EXHIBIT "C-4" (Cont)

of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That the widening in part, relocation in part, construction, improvement and maintenance of the said Meda Section of the said Little Nestucca Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a nammer which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958, as Condemnation Resolution No. 1046.

EXHIBIT "C-5"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Canyon City-Sheep Gulch Unit, Canyon City-Seneca Section of the John Day-Burns Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Canyon City-Sheep Gulch Unit, Canyon City-Seneca Section of the John Day-Burns Highway, certain interests in or fee simple title to certain

parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated John Day-Burns Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Canyon City-Sheep Gulch Unit, Canyon City-Seneca Section of the said John Day-Burns Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958, as Condemnation Resolution No. 1047.

EXHIBIT "C-5" (Cont)

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1047, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-6"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Bank Freeway Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not

30986

immediately needed for the highway proper; and

WHEREAS, for the purposes of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system and the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A", there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authroized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said

EXHIBIT "C-6" (Cont)

parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958, as Condemnation Resolution No. 1048.

*FOOTNOTE:

30985

EXHIBIT "C-7"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Cascade Locks-Viento Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "C-7" (Cont)

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Cascade Locks-Viento Section of the Columbia River Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Cascade Locks-Viento Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

30987

EXHIBIT "C-7" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958, as Condemnation Resolution No. 1049.

30986

EXHIBIT "C-8"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Goble-St. Helens Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "C-8" (Cont)

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the Goble-St. Helens Section of the Columbia River Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Goble-St. Helens Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "C-8" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958, as Condemnation Resolution No. 1050.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1050, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-9"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Jumpoff Joe Creek-Grants Pass Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "C-9" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Jumpoff Joe Creek-Grants Pass Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Jumpoff Joe Creek-Grants Pass Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "C-9" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958, as Condemnation Resolution No. 1051.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1051, under the heading "Real Property Condemnation Resolutions", and said description, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-10"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to locate, construct, improve and maintain the Redwood Interchange Section of the Redwood, Pacific and Williams Secondary Highways; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highways shall be located, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "C-10" (Cont)

WHEREAS, for the purpose of locating, constructing, improving and maintaining the said highways as throughways, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highways should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the location, construction, improvement and maintenance of the said Redwood Interchange Section of the Redwood, Pacific and Williams Secondary Highways as throughways, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said Redwood, Pacific and Williams Secondary Highways and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the location, construction, improvement and maintenance of the said Redwood Interchange Section of the Redwood, Pacific and Williams Secondary Highways and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "C-10" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interest of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958, as Condemnation Resolution No. 1052.

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1052, under the heading "Real Property Condemnation Resolutions", and said description, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-11"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, or donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, deemed by the State Highway Commission necessary for the preservation of scenic places and other objects of attraction or scenic value adjacent to or along, or in close proximity to, state highways, or which may be conveniently reached from or by a public highway; and the Highway Commission is also authorized and empowered to acquire land and ground necessary for the development and maintenance of parks, parking places, auto camps, camp sites, roadside development, recreational grounds, or resorts, forest or timbered areas, or other places of attraction and scenic value which, in the judgment of the Commission, are necessary for the convenience of the public and which will contribute to the general welfare and pleasure of the motoring public or road users; and

WHEREAS, the Buena Vista Ocean Wayside has been established by and is under the jurisdiction and control of the State Highway Commission; and

WHEREAS, the State Highway Commission plans and proposes to enlarge, develop, and maintain the Buena Vista Ocean Wayside for public park and recreational purposes and for the convenience of the public and general welfare and pleasure of the motoring public using the highways of the State of Oregon and for such purposes and in connection therewith the real property hereinafter described is necessary;

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent

EXHIBIT "C-11" (Cont)

domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Gold Beach-Cape Sebastian Section of the Oregon Coast Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and the public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for public park and recreational purposes for use in the enlargement, development and maintenance of the Buena Vista Ocean Wayside; and does further find and declare that there is needed and required for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Gold Beach-Cape Sebastian Section of the Oregon Coast Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner and the Commission's

respective file number, and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Oregon Coast Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Gold Beach-Cape Sebastian Section of the Oregon Coast Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; and that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958, as Condemnation Resolution No. 1053.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1053, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-12"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate in part, widen in part, construct, improve and maintain the Sandy-Forest Boundary Section of the Mt. Hood Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated in part, widened in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the "Throughway Law", and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "C-12" (Cont)

WHEREAS, for the purpose of relocating in part, widening in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation in part, widening in part, construction, improvement and maintenance of the said Sandy-Forest Boundary Section of the Mt. Hood Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated and widened Mt. Hood Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective remaining land, such access reservations as are noted. *

3. That the relocation in part, widening in part, construction, improvement and maintenance of the Sandy-Forest Boundary Section of the Mt. Hood Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; and that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "C-12" (Cont)

5. That upon the trial of any suit or action instituted to acquire the real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958, as Condemnation Resolution No. 1054.

---

* FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1054, under the heading "Real Property Condemnation Resolutions", and said description, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-13"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Willamette River-42nd Avenue Section of the T. H. Banfield Expressway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "C-13" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Willamette River-42nd Avenue Section of the T. H. Banfield Expressway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated T. H. Banfield Expressway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Willamette River-42nd Avenue Section of the T. H. Banfield Expressway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "C-13" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958, as Condemnation Resolution No. 1055.

---

* FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1055, under the heading "Real Property Condemnation Resolutions", and said description, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-14"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Wilderville-Grants Pass Section of the Redwood Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "C-14" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Wilderville-Grants Pass Section of the Redwood Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Redwood Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Wilderville-Grants Pass Section of the Redwood Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "C-14" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958, as Condemnation Resolution No. 1056.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1056, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-15"

Minutes of December 11 and 12, 1958

RESOLUTIO N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Rowena-Chenoweth Creek Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "C-15" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Rowena-Chenoweth Creek Section of the Columbia River Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Rowena-Chenoweth Creek Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, the the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "C-15" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958 as Condemnation Resolution No. 1057.

---

* FOOTNOTE:

The name of the property owner and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1057, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-16"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is autnorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Moro-Kent Section of the Sherman Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

3003

EXHIBIT "C-16" (Cont)

WHEREAS, for the purpose of widening, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Moro-Kent Section of the Sherman Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved Sherman Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improvement and maintenance of the said Moro-Kent Section of the Sherman Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein, that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "C-16" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958, as Condemnation Resolution No. 1058.

EXHIBIT "C-17"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels, or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Butte Creek-Service Creek Section of the John Day Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Butte Creek-Service Creek Section of the John Day Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the

EXHIBIT "C-17" (Cont)

best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved John Day Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improvement and maintenance of the said Butte Creek-Service Creek Section of the said John Day Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will beconstructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958, as Condemnation Resolution No. 1059.

31018

EXHIBIT "C-18"

Minutes of December 11 and 12, 1958

RESOLUT ION

WHEREAS, the State Highway Commission on the 13th day of September, 1957, by resolution declared the necessity for the acquisition of certain real property owned by Royce C. Holloway, et ux., File No. R-25490, situated in the Jordan S. Robinson Donation Land Claim No. 55, Township 11 South, Range 3 West, Willamette Meridian, Linn County, Oregon, for right of way purposes for the relocation, construction, improvment and maintenance of the Albany-Judkins Point Section of the Pacific Highway; and

WHEREAS, said resolution declared that there shall be no rights of access of any nature between the right of way of the said relocated Pacific Highway (formerly Pacific Highway East) and all of the contiguous real property of the owners which abuts thereon remaining after the appropriation of the real property described as Parcel No. 1 in the original resolution adopted the 13th day of September, 1957, and as heretofore more particularly described; and

WHEREAS, the said Highway Commission, after further investigating the necessity for the control of access from said remaining land to the said relocated Pacific Highway, has found that it will be to the best interests of the State and the owners to allow a point of access to the said relocated Pacific Highway.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That the access control language in that certain resolution duly made and entered in full in the minutes and records of the Commission on the 13th day of September, 1957, pertaining to the property owned by Royce C. Holloway, et ux., File No. R-25490, as set forth on page 4 of Exhibit "A" of said resolution be and the same hereby is amended to read as follows:

> It is necessary that there shall be no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the owners which abuts thereon remaining after the appropriation of the real property hereinabove described as Parcel No. 1; provided, however, there shall be reserved unto the owners, their heirs and assigns, for service of the said remaining land, the following:
>
> A right to cross beneath a structure to be constructed by the State Highway Commission, at its sole cost, on the real property described as Parcel No. 1, which said structure will carry the relocated Pacific Highway over the Tallman Branch of the Southern Pacific Railroad Company at Highway

EXHIBIT "C-18" (Cont)

Engineer's centerline Station 1232+77. The State Highway Commission will extend the structure northerly of the portion over the railroad so as to provide a passageway for use of the owners. The passage will have a minimum horizontal clearance of 16 feet and a minimum vertical clearance of 16 feet. Said right of crossing shall continue only so long as the portions of the property severed by the said highway and served by the said underpass are held under a common ownership.

2. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958, as Condemnation Resolution No. 857-a.

EXHIBIT "C-19"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Baker-Pleasant Valley Section of the Old Oregon Trail Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "C-19" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Baker-Pleasant Valley Section of the Old Oregon Trail Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no right of access of any nature between the right of way of the said relocated Old Oregon Trail Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Baker-Pleasant Valley Section of the Old Oregon Trail Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "C-19" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958 as Condemnation Resolution No. 1060.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1060, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31026

EXHIBIT "C-20"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Klamath Falls, West Side By-Pass Section of The Dalles-California Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "C-20" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Klamath Falls, West Side By-Pass Section of The Dalles-California Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated The Dalles-California Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Klamath Falls, West Side By-Pass Section of The Dalles-California Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "C-20" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 11th day of December, 1958, as Condemnation Resolution No. 1061.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1061, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "D"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, a stipulation dated the 20th day of November, 1950, was entered into between the parties in that certain condemnation case wherein the State of Oregon, by and through its State Highway Commission, was plaintiff and Paul Martin and Verla Martin, husband and wife, et al, were defendants, said case being Case No. 165-758 in the Circuit Court of the State of Oregon for the County of Multnomah; and

WHEREAS, pursuant to said stipulation, Paul Martin and Verla Martin (hereinafter referred to as "the permittees") were subsequently given a permit or license to use and fence certain State-owned land lying North of a line 100 feet northerly of and parallel to the center line of the relocated Columbia River Highway between the northerly prolongation of State Highway Engineer's Station 519+20 on the west and the northerly prolongation of State Highway Engineer's Station 651+60 on the east, which permit or license provides that when and if the State of Oregon, by and through its State Highway Commission, shall require any part of said real property for widening the relocated Columbia River Highway or for other roadway purposes, the State may, after 90 days written notice to the permittees of its intention to do so, terminate the permittee's permit or license to use and fence the said State-owned land; and

WHEREAS, pursuant to said stipulation, the permittees were also given a permit or license to go upon a portion of the Columbia River Highway right of way for the purpose of removing noxious weeds and brush, placing top soil, and planting seed grass, which permit or license provides that when and if the State decides to improve the relocated Columbia River Highway it may, after 90 days written notice to permittees of its intention to do so, terminate said permit or license; and

WHEREAS, the State Highway Commission by resolution dated the 2nd day of March, 1956, Miscellaneous Resolution No. 187, and by resolution dated the 11th day of September, 1958, Miscellaneous Resolution No. 187a, has heretofore terminated parts of the said permits or licenses with respect to the use and fencing upon certain State-owned property northerly of the said Columbia River Highway and to go upon the right of way of said highway to remove noxious weeds, place top soil and plant seed grass between State Highway Engineer's Centerline Stations 519+20 and 577+00 on the north side of the Columbia River Highway and to remove noxious weeds, place top soil and plant seed grass between Highway Engineer's Centerline Stations 519+20 and 561+60 on the south side of said Columbia River Highway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the travelling public, the State Highway Commission plans and proposes to improve and maintain the said Columbia River Highway in the remaining areas affected by the said stipulation and permits or licenses; and

EXHIBIT "D" (Cont)

WHEREAS, the said permits or licenses require that any notice of the termination of the same be preceded by a resolution of the Oregon State Highway Commission calling for the termination of the said permits or licenses.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the Commission as follows:

1. That for the purpose of improving and maintaining the Columbia River Highway, it is necessary that the above referred to permits or licenses to use and fence certain State-owned property northerly of the Columbia River Highway and to go upon the right of way of said highway to remove noxious weeds, place top soil and plant seed grass be, and the same hereby are, terminated between State Highway Engineer's Centerline Stations 577+00 and 651+60, on the north side of the Columbia River Highway and between State Highway Engineer's Centerline Stations 561+60 and 651+60 on the south side of said highway, effective March 15, 1959.

2. That the Chief Counsel is hereby directed to notify the permittees of this resolution by registered mail.

3. That this resolution be entered in full in the minutes and records of this Commission this 11th day of December, 1958, as Miscellaneous Resolution No. 187-b.

EXHIBIT "E"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, the Engineer has reported that the following State Highway Commission contracts for the construction of State Highway projects have been completed according to the terms and provisions of said contracts and that said jobs are now ready for acceptance:

"Contract No. 4986, with Natt McDougall Company, for grading and oiling on the Butte Creek Pass Section of the John Day Highway in Wheeler County, completed October 1, 1958.

"Contract No. 4999, with Barney Helser Rock Production, for oiling on the W. Unit, Heppner-Forest Boundary Section of the Willow Creek County Road in Morrow County, completed August 10, 1958.

"Contract No. 5023, with Gibbons and Reed Company, for constructing the Iowa Street Bridge on the Pacific Highway in Multnomah County, completed September 26, 1958.

"Contract No. 5026, with Warren Northwest, Inc., for grading and paving on the Interstate Bridge-Oregon Slough Section of the Pacific Highway in Multnomah County, completed November 10, 1958.

"Contract No. 5038, with F. L. Somers, for grading and surfacing on the Burns Airforce Station Access Road in Harney County, completed October 24, 1958.

"Contract No. 5051, with Glen Ousley Construction Co., for grading and paving on the Ross Lane-Jacksonville Section of the Crater Lake Highway-Jacksonville County Road in Jackson County, completed October 21, 1958.

"Contract No. 5074, with Durbin Bros., for grading and structures on the East Unit, Knowles Creek Section of the Mapleton-Richardson Road in Lane County, completed October 13, 1958.

"Contract No. 5079, with Rogers Construction Co., for constructing the Alder Creek Bridge on the Mt. Hood Loop Highway in Clackamas County, completed November 10, 1958.

"Contract No. 5082, with Rogers Construction Co., for grading and oiling on the John Day River-Hay Creek Section of the Wasco-Heppner Highway in Gilliam County, completed November 21, 1958.

"Contract No. 5088, with Earl L. McNutt Co., for grading and oiling on the Dompier Creek Section of the Forest Boundary-Tiller County Road in Douglas County, completed November 12, 1958.

EXHIBIT "E" (Cont)

"Contract No. 5092, with Inland Construction Co., for structures on the West Unit, Sundial-Rooster Rock Section of the Columbia River Highway in Multnomah County, completed November 19, 1958.

"Contract No. 5098, with Baughman & Son, for park facilities in Sunset Bay State Park on the Cape Arago Highway in Coos County, completed October 27, 1958.

"Contract No. 5143, with Howard Angell, for grading and paving on the 16th Ave. Connection Section of the Columbia River Highway in Multnomah County, completed August 29, 1958.

"Contract No. 5155, with John L. Jersey, Inc., for constructing the Luckiamute Overflow Bridge on the Pacific Highway in Polk County, completed October 15, 1958.

"Contract No. 5181, with Lundmark Brothers, for the Elk City Bridge Construction in Lincoln County, completed October 29, 1958.

"Contract No. 5190, with McCoy and Houck, for constructing the Santiam Overflow Bridge on the Jefferson Highway in Linn County, completed November 6, 1958.

"Contract No. 5194, with The Central Heating Co., Oreg. Ltd., for grading and paving on the Columbia Blvd.-South City Limits (St. Helens) Section of the Columbia River Highway in Columbia County, completed October 17, 1958.

"Contract No. 5206, with Steel Construction Company, for redecking the Steel Bridge on the Pacific Highway in Multnomah County, completed November 21, 1958.

"Contract No. 5224, with Tom Lillebo Construction Co., for Myrtle Creek Interchange Structure on the Pacific Highway in Douglas County, completed November 21, 1958.

"Contract No. 5238, with Central Paving Co., for Fanno Creek Bridge construction on the Oleson County Road in Washington County, completed October 29, 1958.

"Contract No. 5245, with Monson and Sivers Co., for constructing the East Portland Office Building in Multnomah County, completed November 28, 1958.

"Contract No. 5246, with Central Paving Co., for grading and paving on the Browning Avenue-Rosedale Section of Liberty Road in Marion County, completed October 24, 1958.

"Contract No. 5259, with Enoch I. Maerz, for constructing the Chemult Maintenance Building in Klamath County, completed November 21, 1958.

EXHIBIT "E" (Cont)

"Contract No. 5264, with Ace Electric Co., for Interstate Bridge-Oregon Slough illumination on the Pacific Highway in Multnomah County, completed October 20, 1958.

"Contract No. 5265, with Hannan Bros., for metal median barrier on the 42nd Ave. -122nd Ave. and Willamette River Bridge Section of the Columbia River and Pacific Highways in Multnomah and Clackamas Counties, completed October 25, 1958.

"Contract No. 5275, with Rich & Sons Nursery for landscaping the Fairgrounds Interchange (Roseburg) Section of the Pacific Highway in Douglas County, completed November 17, 1958.

"Contract No. 5277, with Aichele Landscaping, for roadside improvement on the Washington St. -Morrison St. Section of the Pacific Highway West in Multnomah County, completed November 7, 1958.

"Contract No. 5285, with O. C. Bennard, for constructing Greenwood Bridge on the Greenwood County Road in Polk County, completed December 4, 1958.

"Contract No. 5299, with Dolan Construction Co., for grading and oiling on the McKinley Moorage-Radio Station Section of the Netarts Highway in Tillamook County, completed October 28, 1958.

"Contract No. 5303, with Cartwright Construction Co., for furnishing crushed material in stockpile on the Dooley Mountain Section of the Baker-Unity Highway in Baker County, completed November 10, 1958.

THEREFORE BE IT RESOLVED that the work covered by State Highway Contracts for the construction of said State Highway projects be declared completed according to the terms of the respective contracts and said jobs are hereby accepted and final payment in connection with each is hereby authorized.

BE IT FURTHER RESOLVED that this Contracts Completed Resolution No. 77 shall be entered in the minutes and records of the Commission as of the 11th day of December, 1958.

31951

EXHIBIT "F-1"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: Old Oregon Trail Highway

Highway number: 6 Route number: US 30

Location of Termini		Established Speed
M.P.	to M.P.	M.P.H.
326.12 (300 feet west of the west city limits of Haines)	326.18 (west city limits of Haines)	35

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

EXHIBIT "F-1" (Cont)

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Limit Resolution No. 285 be entered in the minutes and records of the Commission as of the 11th day of December, 1958.

EXHIBIT "F-2"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

EXHIBIT "G-1"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, the Pacific Highway West is a State Highway under the jurisdiction of the State Highway Commission; and

WHEREAS, it appears that vehicles are being parked on the shoulders of said highway near the intersection of Walnut Street with said highway in the community of Tigard; and

WHEREAS, the parking of vehicles in said area creates a hazard to the traveling public and to vehicles attempting to enter the highway from Walnut Street from the north by restricting sight distance; and

WHEREAS, in the opinion of the Commission, public travel and public safety require that parking of vehicles should be prohibited on said highway at said location;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the Commission does hereby find and declare, based upon recommendations by members of its staff, that the parking of vehicles along the northerly side of the Pacific Highway West for a distance of 50 feet east and west of the east and west property lines of Walnut Street in Tigard creates a hazard to the traveling public.

2. That in the opinion of this Commission the shoulders of said highway are not of sufficient width to permit parking of vehicles thereon and at the same time to provide the degree of safety and convenience which, in the opinion of the Commission, should be provided the motoring public.

3. That the Commission does further find and declare that the parking of vehicles on the north side of the highway at said location should be prohibited.

4. That the State Highway Engineer be and he hereby is instructed to erect signs at said termini and at such points as, in his judgment, are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared.

5. That a certified copy of the resolution be sent to the Superintendent of the Department of State Police for his information.

6. That this "No Parking" Resolution No. 191 be entered in the minutes and records of the State Highway Commission as of the 11th day of December, 1958.

December 11, 1958

EXHIBIT "G-2"

Minutes of December 11 and 12, 1958

R E S O L U T I O N

WHEREAS, the Albany-Junction City Highway No. 58 (old US 99) is a State Highway under the jurisdiction of the State Highway Commission; and

WHEREAS, it appears that vehicles are being parked on the shoulders of said highway in the vicinity of B Street in the community of Tangent; and

WHEREAS, the parking of vehicles in said area creates a hazard to the traveling public and to said parked vehicles by restricting sight distance for vehicles wishing to enter said highway from B Street; and

WHEREAS, in the opinion of the Commission, public travel and public safety require that parking of vehicles should be prohibited on said highway at said location;

NOW THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the Commission does hereby find and declare, based upon recommendations by members of its staff, that the parking of vehicles on the easterly side of the Albany-Junction City Highway between B Street, M.P. 8.83 (Engineer's Station 334+80) and a point 475 feet south of B Street, M.P. 8.92 (Engineer's Station 339+55) creates a hazard to the traveling public.

2. That in the opinion of this Commission the shoulders of said highway are not of sufficient width to permit parking of vehicles thereon and at the same time to provide the degree of safety and convenience which, in the opinion of the Commission, should be provided the motoring public.

3. That the Commission does further find and declare that the parking of vehicles on the east side of the highway at said location should be prohibited.

4. That the State Highway Engineer be and he hereby is instructed to erect signs at said termini and at such points as, in his judgement, are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared.

5. That a certified copy of the resolution be sent to the Superintendent of the Department of State Police for his information.

6. That this "No Parking" Resolution No. 190 be entered in the minutes and records of the State Highway Commission as of the 11th day of December, 1958.

EXHIBIT "H"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, the State Highway Commission has jurisdiction and control over the Oakland-Shady Highway, State Secondary Highway No. 234, also known as U. S. 99 Business Route, Douglas County, Oregon; and

WHEREAS, pursuant to ORS 483.040(2) and ORS 483.044(2), the State Highway Commission is authorized to determine the character or type of traffic control signals and signs to be used, and to place or erect them on state highways at places where the Commission deems it necessary for the safe and expeditious control of traffic; and

WHEREAS, it is the judgment of the State Highway Commission that the right of traffic to make "U" turns at the intersection of the said Oakland-Shady Secondary Highway at milepost 16.19 and the Garden Valley County Road of the Douglas county road system, constitutes a traffic hazard; and

WHEREAS, it is the judgment of the State Highway Commission that the interests of the traveling public will be best served by restricting "U" or reverse turns at the intersection of the said Oakland-Shady Secondary Highway (U.S. 99, Business Route) and Garden Valley County Road in Douglas County, Oregon;

NOW, THEREFORE, be it and it hereby is ordered and resolved by this Commission as follows:

1. That hereafter, no driver of any vehicle either entering or at any point within 100 feet of the intersection of the said Oakland-Shady Highway, State Secondary Highway No. 234, and the Garden Valley County Road in Douglas County, Oregon, shall turn such vehicle around so as to proceed in the opposite direction.

2. That the State Highway Engineer shall place signs prohibiting reverse turns at such locations in and about the said intersection as will give the traveling public notice of this traffic regulation.

3. That this resolution be entered in the minutes of this Commission as Resolution No. 226, this 11th day of December, 1958, and that a duplicate original of this resolution be filed in the records of the Superintendent of State Police.

EXHIBIT "I-1"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, the State Highway Commission is authorized to designate main traveled or "through" highways or sections thereof by placing at the entrances thereto from intersecting highways, signs or markers notifying drivers of vehicles to stop before entering or crossing such designated highway or highways, and the State Highway Commission is further authorized to designate particular intersections and place such stop signs or markers at one or more entrances thereto; and

WHEREAS, the Commission heretofore on the 27th day of April, 1943, adopted a resolution by which certain state highways and sections thereof were declared to be and were designated as main or "through" highways and the State Highway Engineer was instructed to properly mark the same; and

WHEREAS, the Commission in said resolution of April 27, 1943, designated the Sunnyside-Umapine Secondary Highway No. 332 as a "through" highway and required that all vehicles come to a stop before entering said highway; and

WHEREAS, a traffic engineering investigation has been conducted to determine proper measures for the safety of the traveling public at the intersection of the Sunnyside-Umapine (ORE 332) with two county roads in the community of Umapine; and

WHEREAS, said investigation determined that for the safety of the traveling public, west bound traffic on said Sunnyside-Umapine Highway should be required to stop before entering said intersection, except that right turns should be permitted without stopping,

NOW, THEREFORE BE IT AND IT HEREBY IS RESOLVED, based upon engineering investigation and the recommendation of the State Highway Engineer, that this Commission does hereby find, declare, resolve, and order that said resolution of April 27, 1943, as it pertains to the Sunnyside-Umapine Highway No. 332 shall be amended to read as follows:

Sunnyside-Umapine Highway No. 332 between Sunnyside and the Washington state line.

EXCEPTION:
At M.P. 1.70 in Umapine, vehicles entering the intersection from the east shall stop except that those vehicles making a right turn from east to north may proceed without stopping.

1. That in all other respects the provisions of said resolution of April 27, 1943, shall remain in full force and effect.

2. That this resolution shall be entered in the minutes and records

EXHIBIT "I-1" (Cont)

of the Commission as of the 11th day of December, 1958, as "Through Highways" Resolution No. 4c and a duly certified copy thereof delivered to the U.S. Bureau of Public Roads and a like copy to the county clerk of Umatilla County and to the Superintendent of the Department of State Police for their information.

EXHIBIT "I-2"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, the State Highway Commission is authorized to designate main travelled or "through" highways or sections thereof by placing at the entrances thereto from intersecting highways, signs or markers notifying drivers of vehicles to stop before entering or crossing such designated highway or highways and the State Highway Commission is further authorized to designate particular intersections and place such stop signs or markers at one or more entrances thereto; and

WHEREAS, the Commission heretofore on the 27th day of April, 1943, adopted a resolution by which certain state highways and sections thereof were declared to be and were designated as main or "through" highways and the the State Highway Engineer was instructed to properly mark the same; and

WHEREAS, by said resolution of April 27, 1943, the Commission declared the Beaverton-Hillsdale Highway No. 40 to be a "through" highway from its junction with the Pacific Highway West to its junction with the Tualatin Valley Highway and stipulated that traffic entering said highway shall stop before entering, with the following exceptions:

> No stop shall be required for eastbound traffic on S. W. Capitol Highway at its junction with the Beaverton-Hillsdale Highway in Hillsdale.
>
> Eastbound Beaverton-Hillsdale Highway traffic shall be required to stop before entering S. W. Capitol Highway at Hillsdale; and

WHEREAS, a traffic engineering investigation has been conducted following a request from the City of Beaverton, which investigation disclosed that the safety of the travelling public would be best served if traffic on the Beaverton-Hillsdale Highway be required to stop at its intersection with Cedar Street in Beaverton.

NOW, THEREFORE, based upon certain changes in traffic flow upon said highway and upon the recommendation of the State Highway Engineer, this Commission does hereby find, declare, resolve and order as follows:

1. That the portion of the said resolution of April 27, 1943, pertaining to the Beaverton-Hillsdale Highway No. 40 be amended to read as follows:

> The Beaverton-Hillsdale Highway, No. 40, ORE 10, between its junction with the Pacific Highway West in Portland and its junction with the Tualatin Valley Highway in Beaverton.

EXHIBIT "I-2" (Cont)

EXCEPTIONS:

No stop shall be required for eastbound traffic on S. W Capitol Highway at its junction with the Beaverton-Hillsdale Highway in Portland.

Eastbound traffic on the Beaverton-Hillsdale Highway shall be required to stop before entering the S. W. Capitol Highway in Portland.

All traffic on Broadway (the Beaverton-Hillsdale Highway) shall be required to stop before entering Cedar Street in Beaverton

2. That in all other respects the provisions of said resolution of April 27, 1943, shall remain in full force and effect.

3. That this resolution shall be entered in the minutes and records of the Commission as of the 11th day of December, 1958, as "Through Highways" Resolution 4d, and a duly certified copy thereof delivered to the U. S. Bureau of Public Roads, a like copy to the county clerk of Washington County, and to the Superintendent of the Department of State Police for their information.

EXHIBIT "J-1"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, the Oregon State Highway Commission heretofore authorized and directed the Engineer to make complete and final surveys of the routes and locations of:

1. Cascade Locks By-pass Section of the Columbia River Highway in Hood River County.

2. Washington County Line-Highlands Interchange Section of the Sunset Highway in Multnomah County.

3. Pleasant Valley-Oxman Section of the Old Oregon Trail Highway in Baker County.

and in connection therewith to prepare maps showing the routes and locations of said sections and to file said maps, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said surveys and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said surveys, field notes and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1a. That the survey of the Cascade Locks By-pass Section of the Columbia River Highway, beginning at Highway Engineer's Station 1860+00, near the west city limits of Cascade Locks, and extending in an easterly direction to Highway Engineer's Station 197+22, just east of Cascade Locks, together with the map, which for identification purposes bears Sketch Map File 1R-5-1082, and the date of October, 1958 (Right of Way Map No. 8B-7-6, dated October, 1957) field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.*

1b. That the survey of the Washington County Line-Highlands Interchange Section of the Sunset Highway, beginning at Highway Engineer's Station 126+00, near the west city limits of Portland, and extending in a westerly direction to Highway Engineer's Station 175+65, at the Washington County line, together with the map, which for identification purposes bears Sketch Map File 1R-3-1225, and the date of November, 1958 (Right of Way

3104

EXHIBIT "J-1" (Cont)

Map No. 3B-24-11, dated March, 1930), field notes and other engineering data hereby are approved and the Engineer is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

1c. That the survey of the Pleasant Valley-Oxman Section of the Old Oregon Trail Highway, beginning at Highway Engineer's Station 725+00, easterly from the community of Pleasant Valley, and extending in a southeasterly direction to Highway Engineer's Station 920+44.34, near Oxman, together with the map, which for identification purposes bears Sketch Map File 1R-3-1227, and the date of November, 1958 (Right of Way Map No. 8B-11-14, dated October, 1958) field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.*

2. That when said highway sections are permanently constructed, the same shall be done in accordance with said surveys and locations unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said surveys constitutes and is deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the highways along and over said surveys. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary rights of way pursuant to the normal and approved method for construction of complete access controlled highways.

4. That heretofore this Commission by resolution dated November 3, 1948, designated the said Columbia River Highway, the said Sunset Highway, and the said Old Oregon Trail Highway as "Throughways" within the meaning and purpose of ORS 374.005 through ORS 374.095, commonly known as the "Throughway Law", and, for the reasons stated therein, it is hereby directed that the construction of the above-mentioned state highway sections shall be accomplished pursuant to and within the meaning and scope of said law and said resolution.

5. That this resolution be entered in the minutes and records of the Commission as of the 11th day of December, 1958, as Survey Resolution No. 187.

---

*FOOTNOTE:

The maps mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 187, under the heading "Resolutions Adopting Surveys" and said maps by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-2"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the engineer to make complete and final surveys of the routes and locations of:

1. Goble Section of the Columbia River Highway in Columbia County.

2. Lyle Gap-Madras Unit, Willowdale-Madras Section of The Dalles-California Highway in Jefferson County.

and in connection therewith to prepare maps showing the routes and locations of said sections and to file said maps, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said surveys and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said surveys, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1a. That the survey of the Goble Section of the Columbia River Highway, beginning at Highway Engineer's Station 274+00, approximately 0.30 mile south of the community of Goble, and extending in a northerly direction to Highway Engineer's Station 367+33, north of Goble, together with the map, which for identification purposes bears Sketch Map File No. 1R-3-1164 and the date of June, 1958 (Right of Way Map Nos. 6B-7-4, dated March, 1943, and 7B-24-8, dated November, 1953), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

1b. That the survey of the Lyle Gap-Madras Unit, Willowdale-Madras Section of The Dalles-California Highway, beginning at Highway Engineer's Station 736+81, near Lyle Gap, and extending in a southerly direction to Highway Engineer's Station 1+79.05, in the city of Madras, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1052, and the date of July, 1957 (Right of Way Map Nos. 8B-5-29, 30 and 31, dated July, 1957), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

EXHIBIT "J-2" (Cont)

2. That when said highway sections are permanently constructed, the same shall be done in accordance with said surveys and locations unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said surveys constitutes and is deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the highway along and over these surveys. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary rights of way pursuant to the normal and approved method for construction of limited access controlled highways.

4. That heretofore by resolution of this Commission dated November 3, 1948, the said Columbia River Highway and The Dalles-California Highway were designated as "Throughways" within the meaning and purpose of ORS 374.005 through ORS 374.095, commonly known as the "Throughway Law", and, for the reasons stated therein, it is hereby directed that the construction of the above-mentioned state highway sections shall be accomplished pursuant to and within the meaning and scope of said law and said resolution.

5. That this resolution be entered in the minutes and records of the Commission as of the 11th day of December, 1958, as Survey Resolution No. 188.

---

* FOOTNOTE.

The maps mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 188, under the heading "Resolutions Adopting Surveys" and said maps by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-3"

Minutes of December 11 and 12, 1958

R E S O L U T I O N

WHEREAS, the Highway Commission heretofore authorized and directed the Engineer to make complete and final surveys of the routes and locations of:

1. Meda Loop Section of the Little Nestucca Highway in Tillamook County.

2. Wasco-Hay Canyon Section of the Wasco-Heppner Highway in Sherman County.

3. East Unit, Weston-Weston Mountain Section of the Weston-Elgin Highway in Umatilla County.

4. Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway in Umatilla County.

5. Salmon River Junction-East McMinnville Junction Section of the Three Mile Lane Highway in Yamhill County.

and in connection therewith to prepare maps showing the routes and locations of said highways and to file said maps, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said surveys and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said surveys, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1a. That the survey of the Meda Loop Section of the Little Nestucca Highway, beginning at Highway Engineer's Station 121+00, south of the community of Meda, and extending in a northerly direction to Highway Engineer's Station 515+61.6, at a junction with the Oregon Coast Highway, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1216, and the date of October, 1958 (Right of Way Map No. 8B-11-8, dated September, 1958), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

1b. That the survey of the Wasco-Hay Canyon Section of the Wasco-Heppner Highway, beginning at Highway Engineer's Station 0+00, at Wasco, and extending in a southeasterly direction to Highway Engineer's Station 364+18.91, just south of the community of Hay Canyon, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1214, and the date of November, 1958 (Right of Way Map Nos. 8B-11-11 and 8B-11-12, dated October, 1958), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

1c. That the survey of the East Unit, Weston-Weston Mountain Section of the Weston-Elgin Highway, beginning at Highway Engineer's Station 150+60, east of Weston, and extending in an easterly direction to Highway Engineer's Station 350+00, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1224, and the date of November, 1958 (Right of Way Map Nos. 7B-29-4, dated September, 1954, and 8B-12-1, dated November, 1958), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

1d. That the survey of the Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway, beginning at Highway Engineer's Station 1187+37.95, just south of Blue Mountain railroad station, and extending in a northerly direction to Highway Engineer's Station 31+00, near the south city limits of Milton-Freewater, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1223, and the date of November, 1958 (Right of Way Map No. 8B-11-21, dated November, 1958), field notes and other engineering dat submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

1e. That the survey of the Salmon River Junction-East McMinnville Junction Section of the Three Mile Lane Highway, beginning at Highway Engineer's Station 573+73.44, near the westerly city limits of McMinnville, and extending in an easterly direction to Highway Engineer's Station 694+81.74, at a junction with the Three Mile Lane Highway, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1206, and the date of November, 1958 (Right of Way Map File No. 8B-10-6, dated July, 1958), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

2. That when said highway sections are permanently constructed, the same shall be done in accordance with said surveys and locations unless otherwise directed or ordered by the Commission.

EXHIBIT "J-3" (Cont)

3. That this approval and adoption of said surveys constitutes and is deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the said highways along and over these surveys. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary rights of way pursuant to the normal and approved method for construction of limited access controlled highways.

4. That this resolution be entered in the minutes and records of the Commission as of the 11th day of December, 1958, as Survey Resolution No. 189.

51053

EXHIBIT "K"

Minutes of December 11 and 12, 1958

RESOLUTION

WHEREAS, under ORS 366.350, the State Highway Commission may make regulations and provisions for the use and administration of state parks and all recreational, scenic and other places of attraction which are owned by or under the control of the state, acting by and through the Commission; and

WHEREAS, it is the opinion of the Commission that the Cascade-Santiam Bridge in the Cascadia State Park, which said bridge is under the control and jurisdiction of the Commission, is unsafe for loads having a gross weight of over ten ton.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission:

1. That the Cascade-Santiam Bridge in Cascadia State Park be and the same hereby is closed to all vehicles or combination of vehicles having a gross weight of over ten ton.

2. The Park Superintendent is hereby directed to proceed with the posting of proper signs giving notice of the restrictions contained in this resolution, said signs to be maintained and posted in a conspicuous manner and placed at each end of the bridge above mentioned and at such other places as may be necessary to inform the public.

3. That this resolution be entered in the minutes and records of this Commission as of the 11th day of December, 1958, as Bridge Load Limit Resolution No. 23 and the Secretary is hereby directed to send an original duplicate to the Secretary of State, Superintendent of State Police and the Commissioner of the Public Utilities Commission.

Salem, Oregon
January 22, 1959

The Oregon State Highway Commission met in regular session at 10:00 A.M. in Room 418 of the State Highway Building. The following people were present:

M. K. McIver, Chairman
Robert B. Chessman, Commissioner
Kenneth N. Fridley, Commissioner
W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
L. I. Lindas, Chief Counsel
Geo. E. Rohde, Assistant Counsel
Walter Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Floyd Query, Secretary

The Commission approved the minutes of the regular meetings held on October 23 and 24, 1958, and December 11 and 12, 1958.

The Parks Superintendent reported on the following park matters:

1. Offer of the Idaho Power Company to deed to the State 45.73 acres of land located at the Baker-Malheur County Line, off the Old Oregon Trail Highway and on the Snake River: The Parks Superintendent explained that this area, to be known as Farewell Bend State Park, eventually will be a very valuable park asset for Eastern Oregon and will provide a place where boats may enter the water of a lake formed by the construction of the Brownlee Dam on the Snake River. The Commission approved his recommendation that the land be accepted and instructed that a letter be written to the Idaho Power Company, thanking them for their gift. The Commission also adopted the attached resolution relative thereto, marked Exhibit "Q", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

2. Disposal of old building above Bonneville Locks on U. S. 30: The Parks Superintendent stated that this large home known as the Bell house was purchased years ago and had been utilized as a headquarters for a parks crew. Due to the re-alignment and widening of U.S. 30, the access from the house to the new road will be cut off, making it necessary to construct an approach from the north on a long steep grade at an estimated cost of $30,000. Considering the cost of providing an entrance and the steep grade of approximately 10 per cent, he recommended that use of the home be discontinued and that it be offered at public sale, with the understanding that it will be removed and the grounds cleaned up. The Commission approved his recommendation.

3. Request from the Pacific Telephone & Telegraph Company that

the State sell to them a 50 x 50 foot tract of land just south of old U.S. 30 near Kamela west of La Grande: The Parks Superintendent explained that this small tract is along their toll line and is to be used for a repeater station. He pointed out that the land will have little value from a state park standpoint as the new highway will be one and a half miles or more to the north. The Commission approved his recommendation that this tract be sold to the Pacific Telephone & Telegraph Company for the price of $100.00.

4. Request of the Redmond City Council and Redmond Chamber of Commerce for development of the Smith Rock area as a state park: The Parks Superintendent commented that the area is located near the town of Terrebonne and east of The Dalles-California Highway in Deschutes County. It is largely owned by the Federal Government under control of the Bureau of Land Management. He mentioned that some studies of the area had been made but not sufficient to make a definite recommendation. He requested authority to make an additional study. The Commission deferred action on this matter pending appearance of a delegation on the following day.

5 Offer of Lincoln County Court to donate to the State 128 lots in the Pacific View area, a short distance south of Yaquina Bay on the Oregon Coast: The Parks Superintendent stated that this is an area in which other lots have been secured for park purposes. It was his feeling that 33 lots now on the county foreclosure list will be donated when the transaction is completed. With the acceptance of these 128 lots, the State will own 75 per cent of the lots in the Pacific View platted area. Upon his recommendation, the Commission accepted these lots from Lincoln County for park purposes.

6. Request from the State Board of Control for a change in the agreement covering use of MacLaren School boys in state parks: The Parks Superintendent pointed out that there is no written agreement at the present time but letters have formed the basis for a definite understanding. The boys have been paid $1.00 a day for a six-hour day and the School has furnished all supplies, including quarters and transportation. The boys have performed many improvement and maintenance jobs, including planting beach grass on the sand dune areas at Cape Lookout and Nehalem Sand Spit, ditching, clearing, planting of shrubs and trees, burning brush, trail work, and cleaning up of the beaches and camp grounds. The Highway Department is now being requested to construct and furnish camps, furnish transportation and pay an additional amount of 50 cents or more per day. It was the Parks Superintendent's opinion that this will add considerably to the cost of the jobs. Chairman McIver asked for comments from the Engineer and the Chief Counsel. Both agreed with the Parks Superintendent that when the work performed costs more than by contract, it is a diversion of highway funds, violating the laws of the State of Oregon. The Commission deferred action on this matter pending the appearance of a delegation on the following day.

(The Commission informed the delegation when they appeared that they should meet with Mr. Armstrong, Mr. Williams, and Mr. Lindas to see if some solution may be worked out.)

7 Offer of W. B. Nelson, Portland, to donate approximately two

acres of land for state park purposes on the west side of Eckman Slough, immediately south of the Alsea Highway and a short distance east of Waldport: The Parks Superintendent reported that this area lies between the slough and a county road extending southward from the highway. It can eventually be developed as a wayside, a boat-launching site, and other interests such as fishing and swimming. He recommended that the offer of Mr. Nelson be accepted and that it be made a park and named in his honor- "W. B. Nelson State Park Wayside". His recommendation was approved, and the Commission thereupon adopted the attached resolution relative thereto, marked Exhibit "O", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

8. Clarification of action that was taken at the December 11-12, 1958 meeting regarding the approved expenditure of $50,000 to purchase property in the Columbia Gorge: The Parks Superintendent mentioned that it was not clear regarding dates to which the expenditure was to apply or the source of the money. He recommended that the additional $50,000 approved at the December meeting be taken from the State Parks Department budget for purchase of Columbia Gorge lands as requested by the Columbia Gorge Commission, and that the funds be expended at not to exceed about $20,000 per year. Expenditures from the additional $50,000 are to be made only after the original $50,000 has been expended. The Commission approved his recommendation.

9. Proposed sale by auction bid of 57 MBF of down timber, with an estimated value of $760.00, from Zibe Dimmick State Park, located 15 miles south of Hood River on the Mt. Hood Loop Highway: The Park Superintendent explained that this timber can be salvaged without materially damaging the remainder of the property or the remaining standing trees. The Commission approved the sale of the down timber.

10. Proposed charges for the use of park facilities during 1959: The Parks Superintendent presented a schedule of rates which he stated is practically the same schedule that was in effect in 1958. Upon his favorable recommendation, the Commission approved the schedule of rates as presented by adopting the attached resolution relative thereto, marked Exhibit "B", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

11. Request of Lane County for a road easement across the westerly portion of the Joaquin Miller Forest Wayside tract, located a short distance south of the city of Florence in Lane County: The Parks Superintendent explained that the proposed crossing is in the southwest corner of the park to serve the rehabilitation of the sand dune area westerly from the park to the ocean, and will take only a small portion of the park land. Upon the favorable recommendation of the Parks Superintendent, the Commission approved the request for the road easement.

12. Proposed acquisition of 70.12 acres of land from Multnomah County as an addition to Talbot State Park; The Parks Superintendent explained that the property can be obtained by payment of back taxes amounting to $279.58. The property is valued at $2,000 and rounds out the holdings of the State Park. The purchase also fits in with the plans of the Columbia Gorge Commission.

January 22, 1959.

Following his favorable recommendation, the Commission approved purchase of this property.

13. Request of Vernon Vahsholtz and David Smith, both of Washougal, Washington, to operate a scenic boat concession on the Columbia River, with facilities to be located at Rooster Rock State Park: The Parks Superintendent stated that they offered to build the dock facilities, provide a safe boat to meet the qualifications of the Coast Guard and other agencies, and pay approximately 10 per cent of the gross income for the privilege of using docking facilities in the state park area. He recommended further negotiation and study to work out practical specifications, and after details are worked out that the project be advertised for bids. The Commission approved the recommendation.

14. Extension of an agreement for the use of rock material from a quarry owned by the Crown Zellerbach Corp., adjacent to Cape Lookout State Park in Tillamook County: The Parks Superintendent explained that the State has been obtaining rock from the quarry for several years. The original agreement was dated June 15, 1957. He mentioned that there are no objectionable features to this agreement which expires December 31, 1959, nor any cost attached to the taking of the material which is needed in the development of this park. The Commission accepted his recommendation that the agreement be approved.

The Right of Way Engineer presented for consideration options secured for acquisition of real property that is needed for State Highway right of way or for other purposes. After discussion and careful consideration of the options as presented, the Commission approved closing the options at the prices mentioned therein by adopting the attached resolution relative thereto, marked Exhibit "A", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

In connection with the options presented, the Right of Way Engineer pointed out that on Page 7 of the list of options, property belonging to Young, et al, near Chemawa Road north of Salem, File 14373, was apparently not included in authority previously granted by the Commission to secure right of way. The Commission granted authority to acquire this right of way.

A report showing receipts of the Property Management Department for the year 1958 was presented. The Right of Way Engineer pointed out that total receipts from rentals, sales of buildings, land sales, timber, and transfer of property amounted to $391,983.58. He also presented the Property Manager's monthly report showing miscellaneous sales and rentals received since the last Commission meeting. Rental receipts amounted to $9,470.87, and the miscellaneous sales totaled $21,040.00. The Commission accepted the reports.

Sale of four parcels of right of way to adjacent property owners was recommended by the Right of Way Engineer. He pointed out that these parcels have been determined by field engineers as excess properties no longer needed for highway purposes. Also, the properties have been carefully appraised and the proposed selling prices, he stated, are in line with the real

value of the properties. The Commission authorized sale of the following properties:

(a) 1,090 square feet of land in Lots 4 and 5, Block 7 Bunker Hill Addition to Marshfield on the Marshfield-Bay Park Section of the Oregon Coast Highway, Coos County, File 4772, to William B. McDonald for the sum of $500.00

(b) 3,726 square feet of land on the Clackamas River Section of the Pacific Highway East, Clackamas County, Grover Poe File, to Margaret R. Poe for the sum of $500.00.

(c) 1.23 acres of land on the Middle Grove-Central Howell Section of the Salem-Silverton Highway, File 13812, to J. S. Kaufman for the sum of $250.00

(d) 56.57 acres of the former California and Oregon Coast Railroad Compay property between Jerome Prairie and Wilderville on the Hayes Hill-Grants Pass Section of the Redwood Highway in Josephine County, File 23713, to Josephine County for the sum of $1,500.00. The Commission adopted a resolution pertaining to the sale of this property, marked Exhibit "C", which resolution is attached hereto, and by this reference is made a part hereof with like effect as though extended in full herein.

The Commission considered an assessment in the amount of $350.00 made by the City of Cornelius against State Highway property on the Tualatin Valley Highway. The assessment, the Right of Way Engineer explained, is for sewer improvements which will enhance the value of the property. He recommended payment of the assessment and pointed out that a 10 per cent discount may be obtained if the payment is made prior to February 2, 1959. The Commission approved the payment.

Consideration was given to a 5-year extension of a lease with Mr. and Mrs. W. F. Pigg for use by the State of approximately 2.26 acres for road-building materials on the Pendleton-Deadmans Pass Section of the Old Oregon Trail Highway in Umatilla County. The Right of Way Engineer stated that the materials on this property are to be used for highway construction and maintenance and he recommended that the lease be extended for five years, from December 31, 1958 to December 30, 1963, for a consideration of $300.00. The Commission approved the lease extension.

The Right of Way Engineer brought to the Commission's attention a proposed 15-year lease extension to C. E. Abrahamson in La Grande. He explained that in 1928, upon surveying the La Grande shop area it had been found that Mr. Abrahamson's house encroached upon the State land and a lease was given which expired July 10, 1958. A lease extension is proposed to extend from July 10, 1958, to July 10, 1973, unless the house is reconstructed, removed, or destroyed by fire prior to the expiration date. Mr. Abrahamson, he said, makes no claim to the State land occupied by his house, and the encroachment does not hamper the State's activities. Following his favorable recommendation, the Commission approved the lease extension.

Public sale of two parcels of State Highway right of way were presented by the Right of Way Engineer, who pointed out that both parcels of property are no longer required for highway purposes. Appraisals have been made to determine the value of each parcel and he recommended that the following be offered for public sale:

(a) 6,000 square feet in which the State is the fee owner and 3,012 square feet on which the State holds an easement, located on the west side of the Oregon Coast Highway between Abbey and Case Streets in the City of Newport, File 1090-B, for a minimum consideration of $2,500.00. The property is to be sold subject to the air, light, view and access of the adjacent owner. (See Exhibit "D-1".)

(b) 1.38 acres of the former Doll property on the Bunker Hill-Delmar Section of the Oregon Coast Highway in Coos County, File 14944, for a minimum consideration of $1,800, and without access to the Oregon Coast Highway. (See Exhibit "D-2".)

The Commission authorized public sale of the properties by adopting the attached resolutions relative thereto, marked Exhibit "D-1" and Exhibit "D-2", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

A change in an Indenture of Access to the Norman and Ethel Lind property on the Noble Slough-Foster Section of the South Santiam Highway, File 19773, was presented by the Right of Way Engineer. The change, he stated, provided for elimination of access at Highway Engineer's Station 1371+50 and to substitute therefor access on the southwesterly side of the Highway at Highway Engineer's Station 1368+80. The change, he added, is to correct an error in the Engineer's Station. No additional access is being granted, nor is there any change in type of access. The Commission approved the revised Indenture of Access form.

The Chief Counsel presented to the Commission a list of properties needed for the uses indicated therein. Right of way maps and other data were submitted to the Commission. He requested the Commission by resolution to declare the necessity of said properties for the public use to which they are to be put and to authorize the Legal and Right of Way Division to attempt to agree with the owners of said properties as to price, and in the event of disagreement to proceed to acquire such properties by condemnation. The Commission deferred action to allow time for further study. (See ahead for additional entry.)

(For details concerning these properties, see the Chief Counsel's "Recommendations for Condemnation", dated January 22 and 23, 1959, filed in the Secretary's Office under the heading "Right of Way Resolutions, Condemnations and Report of Offers".)

A report was presented by the Chief Counsel concerning cases which have been tried in court since the last Commission meeting. He pointed out highlights and unusual circumstances in some of these cases. The Commission accepted the report which is summarized as follows:

REPORT OF CONDEMNATION CASES TRIED
December 12, 1958 to January 22, 1959

Case	County	Highway	Section	State's Offer	Defendant's Demand	Verdict
L-2874 R-25416 Bill Lenz, et ux.	Clackamas	Mt. Hood	Sandy-Forest Boundary	$ 2,410	$ 6,500	$ 8,700
L-3142 R-24744 L. W. Clinton, et al	Coos	Coos Bay-Roseburg	Rink Creek-Myrtle Point	4,400	22,000	15,000
L-3066 R-27025 Clyde L. Stafford, et al	Jackson	Crater Lake	Trailer Creek Bridge	197	500	Judgment 197
L-2995 R-25486 Earl Kennel, et al.	Linn	Pacific	Albany-Judkins Point	12,000	15,000 (at time of trial)	16,039
L-3013 R-25383 Edward Poland, et ux.	Linn	Pacific	Albany Judkins Point	6,300	8,000	11,180
L-3090 R-22587 Theodore E. Boehme, et ux.	Marion	North Santiam	Lancaster Dr. -Sublimity Gun Club	245	245	Judgment 245
L-3019 R-27503 William Gray	Multnomah	Pacific	Harbor Drive Barbur Blvd.	5,000	6,500	Judgment 5,500
L-2787 B R-22733 Melanie A. Parke, et al.	Multnomah	Portland-Salem Expressway	Harbor Drive Barbur Blvd.	6,000	None	6,000
L-2926 R-25018 Jack Rutis, et al	Multnomah	Pacific	Harbor Drive Barbur Blvd.	3,000	5,000	Judgment 4,295
L-3205 R-28067 R-28581 Claude Snow, et al	Multnomah	Beaverton-Hillsdale	Hillsdale-Barbur Blvd.	43,350	75,000	52,000

January 22, 1959

Condemnation Cases Tried (Cont.)

Case	County	Highway	Section	State's Offer	Defendant's Demand	Verdict
L-2985 R-26963 Lester J. Wood, et al.	Washington	Sunset	Murray Road Intersection	$21,500	$31,500	$21,650

REPORT OF TRIAL OF OTHER CASES

Case	Plaintiff	Defendant	County	Cause of Action	Demands of Plaintiff	Verdict or Judgment
L-2602	Oregon State Highway Commission	C. S. Eldon	Multnomah	Recover $1,500 awarded defendant. In previous case where Eldon sued State Highway Commission on construction contract and recovered $5,000 of which $1,500 should have been credited as having been paid.	$1,500	None

(For additional details see the Chief Counsel's letter dated January 21, 1959 on "Report of Condemnation Cases Tried - December 12, 1958 to January 22, 1959" - in the General Files, Salem.)

The Chief Counsel also presented a written report on condemnation cases which have been settled out of court since the last Commission meeting, summarized as follows:

REPORT OF CONDEMNATION CASES SETTLED

Case	County	Highway	Section	State's Offer	Amount of Settlement
Eccles, et al. R-23142	Klamath	The Dalles-California	Klamath Falls-West Side By Pass	$17,500 Plus construction obligations in excess of $2,250.	$19,800 and parcel of excess land appraised at $1,250.
McCollum, et al. R-23313	Josephine	Pacific	Jump Off Joe Creek-Grants Pass	$ 100	$ 100

January 22, 1959

Condemnation Cases Settled (Cont.)

Case	County	Highway	Section	State's Offer	Amount of Settlement
Thomas, et al. R-26861	Wheeler	John Day	Butte Creek-Burton	$ 520	$ 520
Shoun, et al. R-27755	Crook	Paulina	Post-Paulina	350 including fencing	430 including fencing
Buck, et al. R-28823	Jackson	Pacific	Grants Pass-Rock Point	8,500	9,000
Rice, et al. R-27227	Jackson	Pacific	Grants Pass-Rock Point	425	425
Torrecampo, et al R-28291	Multnomah	Pacific	East Bank Freeway	8,000	8,000

Bedingfield, R-25530	Curry	Oregon Coast	Gold Beach Cape Sebas-tian	13,350	17,000

The Commission accepted the report. (For additional details, see the Chief Counsel's letter of January 21, 1959 on Report of Cases Settled in the General Files, Salem.)

January 22, 1959

The Commission also considered and accepted a written report submitted by the Chief Counsel showing pending condemnation cases as of January 1, 1959. (For details concerning these pending cases see the Chief Counsel's letter on pending cases in condemnation dated January 1, 1959, in the General Files in the Salem office.)

The Chief Counsel submitted a written report on offers made to the owners of real property prior to the institution of condemnation proceedings as follows:

East Bank Freeway Section of the Pacific Highway

R-28211 - Oregon Investment Company, et al. 20,000 square feet for right of way purposes. Offer of $200,000.00 approved by Mr. McIver January 16, 1959.

R-28259 - Martin Henderson, et al. 10,000 square feet for right of way purposes. Offer of $8,000.00 approved by Mr. McIver January 8, 1959.

R-28261 - Walter Bridges, et al. 5,000 square feet for right of way purposes. Offer of $6,000.00 approved by Mr. McIver January 8, 1959.

R-28263 - Clarence B. Rogers, et ux. 4,286 square feet for right of way purposes. Offer of $7,500.00 approved by Mr. McIver January 7, 1959.

R-28264 - Mable Busby Neal, et vir. 5,000 square feet for right of way purposes. Offer of $6,350 approved by Mr. McIver December 15, 1958.

R-28265 - Arch L. Arnett, et al. 4,286 square feet for right of way purposes. Offer of $7,000.00 approved by Mr. McIver January 16, 1959.

R-28291 - Ada Mae Torrecampo, et al. 4,000 square feet for right of way purposes. Offer of $8,000.00 approved by Mr. McIver December 15, 1958.

R-28316 - O. J. Lay, et al. 2,500 square feet for right of way purposes. Offer of $6,375.00 approved by Mr. McIver January 8, 1959.

R-28329 - Ceola Agee Patterson, et al. 5,000 square feet for right of way purposes. Offer of $5,000.00 approved by Mr. McIver December 15, 1958.

R-28396 - Joe Lisac, et al. 2,310 square feet for right of way purposes. Offer of $8,500.00 approved by Mr. McIver December 15, 1958.

R-28399 - Rosalee Bird, et vir. 2,508 square feet for right of way purposes. Offer of $6,900.00 approved by Mr. McIver December 15, 1958.

R-28404 - Andrew Green, et ux. 2,500 square feet for right of way purposes. Offer of $9,000.00 approved by Mr. McIver December 15, 1958.

Grants Pass-Rock Point Section of the Pacific Highway

R-26888 - Walter E. Lewis, et al. 0.02 acre for right of way purposes. Offer of $50.00 approved by Mr. McIver January 14, 1959.

Grants Pass-Rock Point Section of the Pacific Highway (Cont.)

R-27116 - Ernest F. Calhoun, et al. 5.95 acres for right of way purposes. Offer of $13,540.00 approved by Mr. McIver January 14, 1959.

R-27119 - Walter B. Holm, et ux. 1.88 acre for right of way purposes. Offer of $3,800.00 approved by Mr. McIver January 9, 1959.

R-27122 - C. F. Bernet, et ux. 0.8 acre for right of way purposes. Offer of $3,750.00 approved by Mr. McIver January 9, 1959.

R-27126 - H. R. Frazier, et al. 1.16 acres for right of way purposes. Offer of $12,815.00 approved by Mr. McIver December 15, 1958.

R-27128 - Marjorie R. Child, et al. 5.36 acres for right of way purposes. Offer of $9,100.00 approved by Mr. McIver January 14, 1959.

R-27131 - Harley L. Reynolds, et al. Parcel No. 1: 3.72 acres for right of way purposes; Parcel No. 2: 0.05 acre for excess taking; and Parcel No. 3: 0.05 acre for slope easement. Offer of $1,645.00 approved by Mr. McIver January 16, 1959.

R-27154 - John C. Bowles, et ux. 1.1 acres for right of way purposes. Offer of $730.00 approved by Mr. McIver January 9, 1959.

R-27187 - Alice A. Wallace, et vir. 0.04 acre for right of way purposes. Offer of $50.00 approved by Mr. McIver January 7, 1959.

R-27208 - William Chester Jackson, et ux. Parcel No. 1: 7.72 acres f for right of way purposes; and Parcel No. 2: 0.44 acre for excess taking. Offer of $5,450.00 approved by Mr. McIver January 14, 1959.

R-27215 - Homer S. Jennings, et al. 6.05 acres for right of way purposes. Offer of $10,000.00 approved by Mr. McIver January 15, 1959.

R-27248 - Charles C. Richmond, et ux. 11.7 acres for right of way purposes. Offer of $4,000.00 approved by Mr. McIver December 16, 1958. An offer of $12,000.00 was previously reported to the State Highway Commission December 9, 1958. This decrease in offer is due to the fact that access is now being allowed to the owners' remaining property.

R-27255 - Henry G. Corbin. Parcel No. 1: 16.1 acres for right of way purposes; and Parcel No. 2: 0.4 acre for right of way purposes. Offer of $12,850.00 approved by Mr. McIver December 19, 1958.

R-27724 - H. F. Bowles, et ux. 12.6 acres for right of way purposes. Offer of $17,500.00 approved by Mr. McIver January 7, 1959.

R-28327 - William H. Durbin, et ux. Parcel No. 1: 1.6 acres for right of way purposes; and Parcel No. 2: 0.08 acre for excess taking. Offer of $470.00 approved by Mr. McIver January 8, 1959.

North Yamhill River Section of the Pacific Highway West

R-28593 - Marvin N. Reese, et al. 1.6 acres for right of way purposes. Offer of $1,700.00 approved by Mr. McIver December 11, 1958.

Meda Section of the Little Nestucca Highway

R-28922 - Mary Z. E. Dunn Conder, et al. Parcel No. 1: 1.25 acres for right of way purposes; and Parcel No. 2: 0.19 acre for right of way purposes. Offer of $910.00 approved by Mr. Chessman January 14, 1959.

R-28923 - Anton Hurliman, et ux. 2.30 acres for right of way purposes. Offer of $4,000.00 approved by Mr. Chessman January 15, 1959.

R-28924 - Walter C. Bodyfelt, et al. 2.82 acres for right of way purposes. Offer of $5,000.00 approved by Mr. Chessman January 15, 1959.

R-28925 - Barbara Lee Reddekopp, et vir. 0.12 acre for right of way purposes. Offer of $200.00 approved by Mr. Chessman January 13, 1959.

R-29018 - Clemens J. Hurliman, et ux. 1.27 acres for right of way purposes. Offer of $2,640.00 approved by Mr. Chessman January 15, 1959.

Canyon City-Sheep Gulch Unit, Canyon City-Seneca Section of the John Day-Burns Highway

R-28349 - W. H. Johnson, et ux, 0.37 acre for right of way purposes. Offer of $1,200.00 approved by Mr. Fridley January 15, 1959.

R-28484 - Jesse C. Wright, et al. 0.14 acre for right of way purposes. Offer of $2,575.00 approved by Mr. Fridley January 13, 1959.

R-28489 - Ward W. Howard, et al. 0.04 acre for right of way purposes. Offer of $330.00 approved by Mr. Fridley December 30, 1958.

R-28492 - Paul N. Reynolds, et al. 0.55 acre for right of way purposes. Offer of $2,250.00 approved by Mr. Fridley January 14, 1959.

Baker-Pleasant Valley Section of the Old Oregon Trail Highway

R-28048 - Paul Rees, et al. Parcel No. 1: 13.5 acres for right of way purposes; Parcel No. 2: 2.1 acres for roadbuilding materials; and Parcel No. 3: 0.06 acre for channel change easement. Offer of $2,300.00 approved by Mr. Fridley December 22, 1958.

R-28052 - Lester F. Briske, et ux. Parcel No. 1: 13.51 acres for right of way purposes; Parcel No. 2: 27.0 acres for right of way purposes; Parcel No. 3: 0.53 acre for right of way purposes; Parcel No. 4: 0.38 acre for permit of entry; and Parcel No. 5: 0.05 acre for easement for channel change. Offer of $7,500.00 approved by Mr. Fridley January 16, 1959.

R-28059 - C. A. Brown, et al. Parcel No. 1: 15.80 acres for right of way purposes; and Parcel No. 2: 0.35 acre for right of way purposes. Offer of $300.00 approved by Mr. Fridley January 13, 1959.

Wilderville-Grants Pass Section of the Redwood Highway

R-28632 - G. H. Wachholz, et ux. Parcel No. 1: 1.14 acres for right of way purposes; and Parcel No. 2: 0.23 acre for permit of entry. Offer of $7,660.00 approved by Mr. McIver January 7, 1959.

R-28642 - C. W. Babb, et al. Parcel No. 1: 0.45 acre for right of way purposes; and Parcel No. 2: 0.03 acre for ditch easement. Offer of $935.00 approved by Mr. McIver January 8, 1959.

R-28646 - Orville Stevenson, et al. Parcel No. 1: 0.12 acre for right of way purposes; and Parcel No. 2: 0.33 acre for right of way purposes. Offer of $4,450.00 approved by Mr. McIver December 22, 1958.

Butte Creek-Service Creek Section of the John Day Highway

R-26852 and R-28953 - Wheeler Timber Company, et al. Parcel No. 1: 6.1 acres for right of way purposes; and Parcel No. 2: 0.05 acre for permanent easement. Offer of $523.00 approved by Mr. McIver December 23, 1958.

Albany-Judkins Point Section of the Pacific Highway

R-25316 - Charles A. Bonnett, et ux. Parcel No. 1: 11.78 acres for right of way purposes; and Parcel No. 2: 4.2 acres for right of way purposes. Offer of $13,500.00 approved by Mr. McIver December 30, 1958.

Cascade Locks-Viento Section of the Columbia River Highway

R-24568 - Ufa M. Johnson, et al. 2.97 acres for right of way purposes. Offer of $1,150.00 approved by Mr. Chessman January 16, 1959.

Moro-Kent Section of the Sherman Highway

R-28792 - United State National Bank of Oregon. Parcel No. 1: 0.09 acre acre for right of way purposes; and Parcel No. 2: 0.37 acre for right of way purposes. Offer of $100.00 approved by Mr. McIver January 7, 1959.

Willamette River-42nd Avenue Section of the T. H. Banfield Expressway

R-28367 - Sam Rapheal, et ux. 335 square feet for a temporary easement. Offer of $2,800.00 approve by Mr. McIver December 15, 1958.

Canyon City-Sheep Gulch Unit, Canyon City-Seneca Section of the John Day-Burns Highway.

R-28357 - Ralph W. Hibbard, et ux. 1.3 acres for right of way purposes. Offer of $2,858.00 approved by Mr. Fridley January 21, 1959.

R-28359 - Wilbroad George St. Marie, et ux. 3.3 acres for right of way

Canyon City-Sheep Gulch Unit, Canyon City-Seneca Section of the John Day-Burns Highway (Cont)

purposes. Offer of $2,250.00 approved by Mr. Fridley January 21, 1959.

R-28361 and R-28362 - John G. Koerner, et ux. Parcel No. 1: 0.96 acre for right of way purposes; and Parcel No. 2: 2.6 acres for right of way purposes. Offer of $3,360.00 approved by Mr. Fridley January 21, 1959.

R-28491 - Elmer A. Johnson, et al. 2.3 acres for right of way purposes. Offer of $5,515.00 approved by Mr. Fridley January 21, 1959.

Action was deferred for further study. (Late in the afternoon of the same day the Commission approved the offers.)

Orders issued by the Public Utilities Commissioner concerning railroad crossing matters in which the State Highway Commission has been a party were presented by the Chief Counsel, summarized as follows:

PUX 200: Application of Southern Pacific Company for authority to construct industrial tracks across Fir Street and across County Road No. 530 at Toledo. This supplemental order rescinded a prior order for construction of crossings on County Road No. 530 and across Fir Street in the City of Toledo.

PUX 286: Application of the State Highway Commission to construct three overcrossing structures over the right of way and tracks of Oregon-Washington Railroad and Navigation Company, Union Pacific Railroad Company, Lessee, on the Old Oregon Trail, in Union County, Oregon. This matter involved three structures over the right of way and tracks of Railroad Companies combined with crossings of the Grande Ronde River. The order was issued in accordance with the petition.

PUX 288: Application of Oregon-Washington Railroad & Navigation Company, Union Pacific Railroad Company, Lessee, to install and maintain flashing light signals at the grade crossing of Auburn Avenue in the City of Baker, in Baker County, Oregon. This crossing is not under the jurisdiction of the Highway Commission and no objection was made to the issuance of the order.

PUX 289: Application of the State Highway Commission to construct an undercrossing structure under the tracks and across the right of way of Southern Pacific Company on the Pacific Highway West at Votaw in Washington County, Oregon. This matter involved relocation of a portion of Pacific Highway West and a slight revision in location of the railroad. The existing structure is to be removed and the materials salvaged by the Highway Commission. The order was issued in accordance with the petition.

PUX 297: Application of the City of Rockaway for authority to con-

struct a crossing at grade with the tracks and right of way of Southern Pacific Company on an extension of South 5th Avenue. The proposed city street extension is not under the jurisdiction of the Highway Commission and no objection was made to the issuance of an order. After a hearing on the matter, the application was denied.

A quarterly report covering October, November and December, 1958, on claims collected for damages to highway property was presented by the Chief Counsel. He pointed out briefly that during this period of time sixty-two claims against others had been made in the amount of $10,540.49, and during the same period of time $6,568.66 had been collected. The Commission accepted the report.

The Chief Counsel reported the commencement of two legal actions against the State Highway Commission, its officers or employees. In one of these cases, R. Elma Shannahan, is seeking damages in the amount of $960 because the access to his property in Lots 9 and 10, Block 21, Fairvale (Bertha-Beaverton Highway) in Multnomah County was allegedly lowered for one year preventing ingress and egress. Proper action will be taken to defend the case. He also reported that William C. Rodgers and Mary A. Rodgers are seeking damages in the amount of $13,750 because of alleged harm to their farm property on the Portland-Salem Expressway north of Salem due to alleged blocking of drainage in construction of the highway. The Commission accepted the reports.

The Chief Counsel brought up the matter of requiring out of state corporations to register with the Oregon Corporation Commissioner before being allowed to bid on state highway projects. He recalled that this action had been placed in effect at the last Highway Commission meeting. Subsequently, the US Bureau of Public Roads called attention to the fact that the new regulation is in violation of the rules and regulations of the Bureau of Public Roads as being restrictive because of the fee charged for registration. On his recommendation the Commission rescinded the action of December 11, 1958. The requirements for foreign corporations will be the same as they were prior to December 11, 1958 in that prequalification will be required but not registration with the Corporation Commissioner as a prerequisite to bidding. However, no contract is to be awarded to an out-of-state corporation until the corporation has registered with the Oregon Corporation Commissioner.

The Chief Counsel recommended that the salaries of Mr. Richard Bemis and Mr. Mitchell Crew be increased one step, from $460 to $480 per month, effective January 1, 1959, and contingent upon approval by the Attorney General. He also recommended a two-step increase for Mr. James Kuhn from $600 to $655 per month, effective January 1, 1959, subject to the approval of the Attorney General. He also requested authority to hire an attorney to assist Mr. Kuhn in his title and option work. The Commission approved the recommendations.

Following the Chief Counsel's favorable recommendation, the Commission authorized out-of-state travel for Mr. Frank Towle, Engineering Investigator, to go to Sacramento and Oakland, California, at an estimated cost of $137. Mr. Towle, the Chief Counsel explained, hopes to secure information from certain witnesses in connection with pending court cases.

Consideration was given to a resolution presented by the Rockaway City Council requesting prohibition of motor travel and the landing of aircraft, except for emergency landings, on the ocean beach adjoining Rockaway. The Chief Counsel stated that the City has taken the necessary action as far as they can go and he recommended that the Commission concur. The Commission approved the request of the Rockaway City Council by adopting the attached resolution relative thereto, marked Exhibit "P" which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Vacation of a portion of Franklin Boulevard, City of Eugene, consisting of 0.22 acre was presented by the Chief Counsel. He explained that vacation of this parcel of property is needed before the State can dispose of excess property in the vicinity for which an offer in the amount of $12,000 has been received. Upon his favorable recommendation the Commission approved a "Consent to Vacation" form and authorized the Chief Counsel to contact city officials and take such action as is necessary to carry the proceedings to a conclusion.

Reimbursement to Jack and Gertrude Miller in the amount of $200, for loss of shrubbery and a pump taken from their house, was presented by the Chief Counsel. He explained that the house had been sold and moved but the agreement did not make any provision for removing the shrubbery and the pump, which had been removed after the time of the house moving. The Commission approved his recommendation that the Millers be reimbursed in the amount of $200.

Attention was given to a claim submitted by Kenneth Marsh for an amount not to exceed $2,100 for destruction of a source of irrigation water from Powder River during construction of the Baker-Salisbury Section of the Baker-Unity Highway. The Chief Counsel pointed out that a settlement had been made with a Mr. Dickinson in 1953 or 1954 in the amount of $2,100 and it was not known at that time that Mr. Marsh had been damaged. As his claim appears to be entirely legitimate, he recommended that he be paid an amount not to exceed $2,100. The Commission approved the payment.

Settlement of the case of Chas. Wyatt vs. T. R. Williams and the State Highway Commission was reported by the Chief Counsel. He ex- NOA
plained that the case was originally filed against the owners and operators of the Astoria Ferry. Before the matter came to court, the insurance carrier settled with the plaintiffs in the amount of $2,500 and the case was dismissed. The Commission approved the settlement.

The Chief Counsel reported that Pauline Welch, Administrative NOA
Secretary in the Legal Division, had died at the age of 49 years, after having

worked in the Highway Department for the past 28 years. Miss Welch, he continued, had been a very competent employee and had earned the deep respect of her various employers and the people with whom she worked. As a token of the esteem in which Miss Welch was held, he presented a resolution in her memory and requested that it be included in the minutes of the Highway Commission meeting. The Commission unanimously approved the attached resolution relative thereto, marked Exhibit "J" which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer reported that since the last Commission meeting, he had awarded a number of contracts which had been referred to him by the Commission to award when certain conditions had been fulfilled. These conditions, he stated, have been fulfilled and he recommended that the Commission confirm his award of the following contracts:

(1) Grading and paving the South Third Street (Bend) Section of The Dalles-California Highway, Deschutes County. Bids received December 9, 1958. Contract awarded December 15, 1958 to Babler Bros., Inc., Portland, low bidder.

(2) Grading the Rowena-Chenoweth Creek Section of the Columbia River Highway, Wasco County. Bids received November 12, 1958. Contract awarded December 19, 1958 to Rogers Construction Company, Inc., Portland, low bidder.

(3) Grading the Josephine County Line-Evans Creek Section of the Pacific Highway, Jackson County. Bids received November 12, 1958. Contract awarded December 24, 1958 to Earl L. McNutt Company, Eugene, low bidder.

(4) Grading and oiling the Pioneer Creek-Service Creek Section of the John Day Highway, Wheeler County. Bids received November 12, 1958. Contract awarded December 24, 1958 to Earl L. McNutt Company, Eugene, low bidder.

(5) Construction of the SP RR and Pelican City Road Overcrossing, Klamath County. Bids received December 9, 1958. Contract awarded January 8, 1959 to Peter Kiewit Sons' Co., Vancouver, Washington, low bidder.

The Commission confirmed award of the contracts.

During the past year, the Engineer stated, a number of construction speed zones have been established on the Pacific Highway West in connecton with construction activities on the R. H. Baldock Freeway. Construction activities have progressed so that speed zoning is required now only in the immediate area of the bridge construction at the intersection of the Pacific Highway West and S. W. Capitol Highway. The

Commission confirmed his action in removal of all construction speed signs in this area effective 9 a.m., December 16, 1958, with the exception of a 35-mile-per-hour construction speed zone between M.P. 6.07 and M.P. 6.50 at the S. W. Capitol Highway intersection.

Attention was given to a proposed personnel policy concerning employees against whom garnishments of wages have been made and employees who are chronically dilatory in meeting financial obligations. The Engineer recalled that at the previous Commission meeting he had been instructed to determine what policies other agencies use under similar conditions. A number of agencies, he stated, had been contacted, some of whom had definite policies and others did not. He recommended that the following policy be adopted:

1. That, after the first garnishment against an employee's wages, a friendly and polite warning letter be sent by the Personnel Division urging the employee to straighten out his or her financial matters.

2. That, after the second garnishment, a letter be sent to the supervisor requesting him to investigate and report on the circumstances which have led the employee to get into this situation.

3. That, if there are no extenuating or modifying circumstances, a letter be sent to the employee, with copies to appropriate supervisors and the Civil Service Director, advising that he is being placed on probation for six months, in which time he is to get his financial affairs in order, and at the end of that period he shall give satisfactory evidence that his creditors have been satisfied, and that his failure to do this will result in dismissal.

The procedure outlined above, he stated, has been discussed with the Civil Service Director, who has given his approval. Commissioner Chessman inquired as to what policies are being followed by other State agencies. The Engineer replied that to the best of his knowledge the other agencies do not have a definite written policy. The Commission approved the procedure as presented by the Engineer.

Consideration was given to a review prepared by the Traffic Engineering Division of a report made by Coverdale and Colpitts concerning the proposed Columbia River Bridge between Astoria, Oregon, and Point Ellice, Washington. The Engineer pointed out that the report dated November 28, 1958, appears to be in order considering present trends in the area and that no reason could be found for taking exception to it. It also appears that a 1954 report prepared by Coverdale and Colpitts may have been in error in estimating the amount of future traffic increase. No action was taken at this time. Later in the day, the matter was again considered briefly, but no action was taken as the Engineer advised that no action appears to be necessary.

The Commission gave attention to the following item of unfinished business which appeared on the Secretary's Summary dated December 12, 1958:

1. Proposed policy pertaining to State Highway employees against whom garnishments have been served or numerous complaints received concerning indebtedness.

The Engineer had previously submitted a report on this matter and the Commission ordered the item deleted from the list of unfinished business.

Authority was requested by the Engineer for an increase in the amount of $50,000 on Contract No. 5289 for construction of the North Albany Interchange structures on the Pacific Highway. He explained that when the contract was awarded it was on the basis of a 30-foot roadway. After award of the contract, however, the Bureau of Public Roads advised that the Washington office had directed that the roadway width be widened to 40 feet to conform to national standards. The Commission approved the increase.

Attention was given to a request from the Umatilla County Development Commission and the City Recorder of Stanfield for improvement of Oregon Route 32 between Stanfield Junction and Hermiston. The Engineer stated that this is an old section of U.S. Route 30 and will probably be relocated as a part of the Ellensburg-Pendleton Interstate Highway. In addition there are no funds available at this time for improvement of the road. The Commission instructed that the interested persons be advised of these facts.

Attention was also given to a request made by the Springwater Grange Road Committee of Estacada for construction of a by-pass around the town of Estacada on the Woodburn-Estacada Secondary Highway. This matter, the Engineer stated, has been considered several times since February, 1955, and while there is considerable traffic on the route through Estacada, there is no evidence of congestion. Although construction will have to be considered at some time in the future, there are no funds available now, and he recommended that the persons making the request be advised that funds are not available. The Commission approved the recommendation.

The Commission considered a request made by Mrs. Donald D. Ott, Dexter, for the installation of a flashing beacon at the intersection of the Willamette Highway and Rattlesnake Creek Road near Dexter. This request, the Engineer stated, was investigated by the Traffic Engineer and it was found that although the traffic volume on Rattlesnake Creek Road is low, the accident record at the intersection has been high. Construction of a left-turn refuge which would normally be recommended, he stated, would be very expensive. As the intersection requires additional treatment for the safety of the travelling public, he recommended that a flashing beacon be installed at an estimated cost of $600. The Commission approved the installation.

Requests from Mr. H. W Weinstein, Manager of the Northwest Sales Company, and Mr R D. Pollock, of the American Linen Supply Company, for installation of traffic signals at the intersection of the Tualatin Valley Highway and Walker Road, east of Beaverton were considered The Engineer stated that a traffic engineering investigation was conducted and although

the intersection was found to be hazardous, it does not meet the national warrants required for installing traffic signals. To alleviate the hazard caused by restricted sight distance at this location he recommended that a flashing beacon be installed at an estimated cost of $700. The Commission approved the installation.

Also considered was a request made by Mr. Harry Proudfoot of Sarvis Springs Ranch, near Echo, concerning remedial action for protection of traffic at the intersection of US Route 30 and Oregon Route 207, Hermiston Highway. The Engineer stated that an investigation had been made disclosing that the intersection is located on a high-speed section of highway, and that business establishments in the vicinity obscure the intersection. He recommended that a flashing beacon be installed at the intersection at an estimated cost of $600. The Commission approved the installation.

Attention was given to a proposed agreement with Jackson County concerning correction of a drainage problem at the intersection of the Oak Grove County Road with the Medford-Provolt Highway west of Medford at M.P. 23.37. The Engineer reported that considerable study has been made and a solution evolved which he felt would alleviate the problem. The proposed work requires an agreement with the Jackson County Court, and it is estimated that the State's share of the work will cost approximately $1,500. Upon his favorable recommendation the Commission approved the agreement.

The Commission also considered an agreement with Union Pacific Railroad Company covering construction, maintenance, and use of a haul-road crossing of US Route 30, between Mosier and Rowena. The Engineer explained that the agreement is needed in connection with the contract for construction of this section of the Interstate Highway. The Commission approved the agreement.

The Engineer presented maps and descriptions covering additions to the Federal Aid County Road System in Deschutes and Tillamook Counties. These additions, he stated, were requested by the counties, and he recommended that the following additions be approved:

Deschutes County

FAS 692 (Extension), 1.1 miles

This proposed extension of existing FAS 692 extends from the present northeasterly terminus of FAS 692, northerly to FAS 398.

FAS 693 (Extension), 1.0 miles

This proposed extension of existing FAS 693 extends from the present southwesterly terminus of FAS 693, westerly to FAS 329.

FAS 787 (Extension), 1.5 miles

This proposed extension of existing FAS 787 extends from the present westerly terminus of FAS 787, southerly to FAS 398.

FAS 788 (Extension), 1.8 miles

This proposed extension of existing FAS 788 extends from the present

westerly terminus of FAS 788, westerly and northerly to FAP Route 21.

FAS 791 (Extension), 2.0 miles
The proposed extension of existing FAS 791 extends from the present easterly terminus of FAS 791, easterly to proposed extension of FAS 788.

FAS 884, 2.4 miles
Proposed FAS 884 extends from FAS 659 southwest of Redmond, easterly to FAP Route 4.

FAS 885, 2.9 miles
Proposed FAS 885 extends from FAS 791 southeast of Bend, southerly and easterly to FAS 692.

FAS 886, 3.9 miles
Proposed FAS 886 extends from FAS 542 northeast of Bend, southeasterly and southerly to FAS 398.

FAS 887, 1.7 miles
Proposed FAS 887 extends from FAP Route 4 north of Deschutes, southerly to FAS 325 near Deschutes.

Tillamook County
FAS 615, 7.1 miles
Extending from FAP Route 2 (Oregon Coast Highway) at Beaver, easterly along the Nestucca River to Blaine.

FAS 617, 8.0 miles
Extending from FAS 616 (Netarts Highway) at Netarts, southerly along Netarts Bay to the Cape Lookout State Park, and southeasterly from the park to FAS 618 north of Sand Lake.

The Commission approved the Federal Aid Secondary additions as presented.

The Engineer also presented additional 1960-61 Federal Aid County Road Secondary projects totalling $1,011,000 as requested by the counties of Tillamook, Deschutes, Hood River, Lincoln, Marion, Umatilla, Wasco, and Washington. These projects, he stated, have been examined by State Highway engineers and are eligible for the program. Upon his favorable recommendation the Commission approved the following projects:

(Projects listed on following page)

County	FAS Hwy. No.	Section & Description	Programmed Amount	FAS Fund
Deschutes	659	1.8 miles)		
	693	1.0 mile)		
	781	2.0 miles)		
	782	2.1 miles) Deschutes County		
	786	1.4 miles) Roads, Oiling,		
	787	3.0 miles) 19.1 miles.	$ 82,000	1960
	788	5.8 miles)		
	884	2.0 miles)		
	327	10.5 miles)		
	692	1.1 miles)		
	791	2.0 miles)		
	885	2.9 miles) Deschutes County		
	886	3.9 miles) Roads, Oiling,		
	887	1.7 miles) 22.1 miles.	$ 82,000	1961
		Subtotal, Deschutes County	$ 164,000	
Hood River	301	Neal Creek Section, 0.3 miles. G.S. & O.	$ 30,000	1960
	703	Creson Road Section, 1.4 miles. G.S. & O.	$ 40,000	1960
	306	East Unit, Deer Creek Road-Forest Boundary, 2.7 miles. G.S.&O.	$ 91,000	1960
		Subtotal, Hood River County	$ 161,000	
Lincoln	150	Steer Creek Bridge, Structure only.	$ 20,000	1960
	151	Johnson Creek Bridge, Structure only.	$ 15,000	1960
		Subtotal, Lincoln County	$ 35,000	
Marion	147	Pudding River Bridge Section, 0.4 miles. G.P. & Bridge	$ 75,000	1960
	737	Pudding River Bridge, Structure only.	$ 25,000	1960
		Subtotal, Marion County	$ 100,000	
Tillamook	617	Netarts-Yeager Creek Section, 1 mile. G. & S.	$ 155,000	1960
Umatilla	759	West Unit, State Line-Umapine Section, 3 miles. G.S.&O.	$ 106,000	1961
Wasco	704	Antelope Creek Section, 13 miles. S. & O.	$ 140,000	1960
Washington	840	Beaverton Section, 1 mile. G. & Pave.	$ 150,000	1960
		TOTAL.....	$1,011,000	

January 22, 1959

County FAS projects (cont)

SUMMARY BY FISCAL YEARS	1960	1961	Total
Available funds*	$4,895,000	$3,750,000	$8,645,000
Previously approved	1,858,000	515,000	2,373,000
Unprogrammed balance	$3,037,000	$3,235,000	$6,272,000
Proposed projects 1/12/59	823,000	188,000	1,011,000
Unprogrammed Balance....	$2,214,000	$3,047,000	$5,261,000

*Revised totals from "Status, 1960 & 1961 County FAS funds" tabulation dated 11/5/58.

A resolution providing distribution to the cities of Oregon of their portion of state motor vehicle revenues accrued for the period July 1 to December 31, 1958 in the sum of $3,069,735.12 was considered. This apportionment, the Engineer stated, has been made in accordance with Oregon laws, and he recommended that it be approved. The Commission approved the apportionment and thereupon adopted the attached resolution relative thereto marked Exhibit "E", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission considered the following request for an extension of time within which to complete a State Highway Contract. Reimbursement for engineering expense and other extra expenses incurred by the state in connection with the work during the period of this extension was waived by the Commission.

1. E. P. Baltz and Son, Contract No. 5312, for roadside improvement on the Interstate Bridge-Oregon Slough Section of the Pacific Highway in Multnomah County, requested an extension of time from December 31, 1958 to April 15, 1959, within which to complete this contract. Approved as requested.

FOOTNOTE: Action taken by the State Highway Commission upon the extension of time within which to complete the highway contract listed above was based upon the recommendation of the Engineer and his reports, which considered, but did not necessarily adopt, either or any of the reasons given by the contractor in his request for the extension of time. For details see the original of the contractor's request and the engineer's recommendation on file in Contract No. 5312 in the Secretary's office in Salem.

The Engineer reported that contract numbers 4837, 4845, 4847, 5004, 5064, 5109, 5140, 5179, 5218, 5232, 5271, and 5297 for highway construction have been completed in accord with requirements of the contract or modifications thereof, and that said contracts are now ready for acceptance by the Commission. After due consideration, the Com-

mission accepted said contracts by adopting the attached resolution relative thereto marked Exhibit "F", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Amendment of Speed Zone Resolution No. 69 was recommended by the Engineer. He reported that this zoning is on the Salmon River Highway through Valley Junction and the Grand Ronde Section. The speed zone was originally established at 35 miles per hour on October 11, 1951. Subsequently a school crossing was established at Grand Ronde. The Commission approved amending the Speed Zone to establish a 20 miles-per-hour speed zone between M.P. 19.86 and M.P. 19.99, to be effective during the hours of school crossings, and thereupon adopted the attached resolution relative thereto, marked Exhibit "L", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

Consideration was given to a request from the Mehama Parent-Teacher Association to establish a speed zone on the North Santiam Highway in the community of Mehama. An investigation was made, the Engineer stated, and it was found that there is very little roadside culture on this section, that the prevailing speed is 54.5 miles per hour, and that the accident record has been above that of similar sections of highway. Due to the prevailing speeds, it was felt that a speed zone of less than 50 miles per hour would be unreasonable. He recommended that the request for a speed zone be denied and that a flashing beacon be installed at the intersection of the North Santiam and the Mehama-Mill City Highways, at an estimated cost of $600, as a large portion of accidents in this section occurred at the junction. The Commission approved his recommendations.

The Commission considered a request from the Cloverdale Civic Club for establishment of parallel parking on the Oregon Coast Highway through the business section of the community of Cloverdale. The Engineer stated that investigation disclosed that there are concrete curbs and sidewalks or concrete sidewalks through the major portion of the business district. There is considerable angle parking and the pavement in the business district ranges from 45 feet to 55 feet in width. He recommended that parallel parking only be allowed on the following sections of the Oregon Coast Highway in the community of Cloverdale:

1. On the south side from the westerly property line of Clover Street at M.P. 87.40 (Engineer's Station 558+80) to a point 180 feet west of Parkway Drive at M.P. 87.54 (Engineer's Station 550+50).

2. On the north side from a point 275 feet west of Clover Street at M.P. 87.44 (Engineer's Station 556+50) to a point 180 feet west of Parkway Drive at M.P. 87.54 (Engineer's Station 550+50).

The Commission approved his recommendation by adopting the attached

resolution relative thereto, marked Exhibit "M-1", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Engineer reported that a number of proprietors of business establishments along the Pacific Highway south of Grants Pass have requested that parking on the highway shoulders be prohibited. An engineering investigation revealed that the roadside culture along this 0.77-mile section is predominantly commercial and the alignment is on a long sweeping curve. Due to the wide right of way in this section, most of the vehicles parked adjacent to the business establishments are away from the traveled way. However, there are a number of large trucks which park adjacent to the highway restricting sight distance from the side streets, interfering with parking maneuvers and precluding the possibility of using the highway shoulders for emergency purposes. The Engineer recommended that parking be prohibited along both shoulders of the Pacific Highway, US 99, from the south city limits of Grants Pass at M.P. 279.30 (Engineer's Station 2+00) to Parkdale Drive at M.P. 280.07 (Engineer's Station 45+00). The Commission approved his recommendation by adopting the attached resolution relative thereto, marked Exhibit "M-2", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

Consideration was given to a request by the Lane County Centennial Promotion Committee, on behalf of the City of Eugene, that they be given permission to install two informational signs welcoming tourists to Eugene and the Oregon Centennial, these signs to be placed at each of the north and south entrances to the City of Eugene and on the highway right of way. The Engineer reported that the sign message and the location of the proposed signs have been approved. Following his favorable recommendation, the Commission approved the installation of the two signs.

Commissioner Chessman inquired as to a policy concerning installation of Centennial signs and markers on the rights of way. The Engineer replied that so far each application has been considered individually. Text and location of the signs must be approved before permits are issued.

The Engineer stated that the U.S. Army Recruiting Service has requested permission to install signs on the Pacific Highway East, one north and one south of Oregon City, and one sign on the Cascade Highway No. 160, north of Oregon City, all signs to be on state highway right of way. He stated that the sign message and location of signs meet with the approval of the department. Upon his favorable recommendation the Commission approved the request.

Consideration was given to a supplemental abandonment agreement with Polk County on the Valley Junction-Wallace Bridge Section of the Salmon River Highway in Polk County. The Engineer recalled that an agreement had been previously entered into with Polk County, covering the Valley Junction-Wallace Bridge Section, whereby the County agreed to take over three units of the old highway, one of which was

Unit C extending from the Wallace Bridge to the Yamhill-Polk County Line at Willamina. He mentioned that, since the State proposes to retain the old highway from Wallace Bridge via Willamina to Sheridan as a secondary highway, this supplemental agreement is to relieve Polk County from taking over Unit C after the Valley Junction-Wallace Bridge Section has been completed. Upon the Engineer's favorable recommendation, the Commission approved the agreement.

The Engineer presented a resolution redesignating the Wallace Bridge to Sheridan section of the old Salmon River Highway as the Willamina-Sheridan Secondary Highway No. 157 in Polk and Yamhill Counties. The Commission approved the redesignation as recommended by adopting the attached resolution relative thereto, marked Exhibit "G", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Engineer reported that upon completion of the new Snake River Bridge at Nyssa two of the steel spans from the old structure were dismantled and stored at the maintenance stockpile site at Cairo Junction near Ontario. He mentioned that the third steel span in the old bridge had been given to Malheur County at its request. The Malheur County Court has now made a request for the two remaining spans from the old structure. He recalled that it has been the State Highway Commission's policy to give old steel bridges to the county when requested by the county, and as the state has no need for these two steel spans, he recommended that the request of Malheur County be approved. The Commission approved the Engineer's recommendation.

Consideration was given to a request from the United States Forest Service for permission to install log scaling facilities at a state stockpile site at East Beaver on US 101 in Tillamook County. The Engineer stated that the stockpile site is not being used and installation of the log scaling set-up would not interfere with the state's activities. The Commission accepted his recommendation that the Forest Service be granted a five-year lease without cost for the use of a portion of the stockpile site.

The Engineer presented a resolution covering abandonment of the Willowdale-Lyle Gap Section of the old The Dalles-California Highway in Jefferson County. He explained that the new highway section has been completed and opened to public travel and, under the terms of an agreement previously entered into with Jefferson County, portions of the old section of highway are to revert to the County to be maintained for public use, and other portions are to revert to the adjoining property owners. He recommended that the resolution be formally adopted to dispose of the old section of highway. The Commission accepted his recommendation and thereupon adopted the attached resolution relative thereto, marked Exhibit "H" which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission considered and approved the Secretary's report on papers signed in behalf of the Commission during the period of Decem-

ber 8, 1958 through January 16, 1959.

The Commission confirmed the dates of Thursday and Friday, March 5 and 6, 1959, for the next regular Highway Commission meeting to be held in the Conference Room of the State Highway Building, Salem. A tentative date for the following meeting was set for April 16 and 17, 1959.

A resolution was presented by the Engineer who explained that the 1957 Legislature passed a law that certain combinations of vehicles up to 60 feet in length might be legally operated over State Route 86 in Baker County, and over the Powers Secondary Highway in Coos County even though these highways were not adequate. The Legislature, however, failed to provide for the additional weight that these vehicles might carry above the statutory limitation of 60,000 pounds. This resolution, he stated, is to be in effect for one year and is to replace a previous resolution dated October 1, 1957 allowing certain combinations of vehicles operating over these two highways to carry a maximum weight of 76,000 poinds. Upon his favorable recommendation, the Commission adopted the attached resolution relative thereto marked Exhibit "I", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

A "Termination Rider" with Union Pacific Railroad Company covering removal of its spur track from state property at the La Grande Shop yards was presented by the Engineer. He pointed out that the space occupied by the spur track is needed for storage of equipment and as the track is used only two or three times a year, he recommended that it be removed. The Commission accepted his recommendation.

Authorizations for out-of-state travel were recommended by the Engineer and approved by the Commission as follows:

W. M. Bartlett, Civil Defense representative, to attend Defense School Field Course in Las Vegas, Nevada, January 26 to 31, 1959, at an estimated cost of $222.15.

James Neiger, Tom Simpson, Bill Kuyper, Bill Grabenhorst, Arthur Meola, Ralph Anderson and Paul Rippie to go to Seattle, Everett, Bremerton, Tacoma, Pasco, Spokane and Moses Lake, Washington, to inspect, purchase and transport government surplus equipment to Salem. Eleven trips were made by these men, the Engineer stated, in the period of December 1, 1958 through January 16, 1959, at a total cost of $608.75. The Commission confirmed the out-of-state travel.

The meeting was recessed at 12:00 noon and reconvened at 2:00 p.m. in the same room with the same persons present and participating.

The Engineer brought to the Commission's attention a proposed abandonment resolution formally transferring to Douglas County a portion of the old route of the Myrtle Creek-Missouri Bottom and

Missouri Bottom-Fords Bridge Units of the Pacific Highway in Douglas County. He explained that the resolution is in accord with an agreement previously entered into by the State and Douglas County. The new highway section, he continued, has now been opened to public travel and he recommended that the old section be formally disposed of as outlined in the resolution. The Commission accepted his recommendation and thereupon adopted the attached resolution relative thereto marked Exhibit "K-1, which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer also presented a resolution pertaining to designation as a secondary highway of the old route of the Pacific Highway known as the Myrtle Creek-Missouri Bottom and the Missouri-Bottom - Fords Bridge Units. He recalled that under terms of an agreement dated March 27, 1958, with Douglas County, it had been agreed that when the new route of the Pacific Highway is completed and opened to public travel, the existing route is to be retained and maintained by the State as a secondary highway. The new section, he continued, is now open to public travel and he recommended that the old route from its intersection with the relocated Pacific Highway, M. P. 209.89, to its intersection with Douglas County Riddle Road No. 20, and that portion of Riddle Road from its intersection with the former Pacific Highway to its intersection with the relocated Pacific Highway, be designated as the Myrtle Creek Secondary Highway No. 237. The Commission approved the redesignation of the old portion of the Pacific Highway and thereupon adopted the attached resolution relative thereto marked Exhibit "K-2", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

A request from the City of Cannon Beach for construction of curbs and widening of the Oregon Coast Highway through Cannon Beach was presented by the Engineer. He recalled that some few years ago the State cooperated with the City in building curbs and widening pavement on one side of the street. Since that time traffic has increased to the point that the pavement should be widened to full street width and curbs constructed on the other side. The total estimated cost, he continued, is $4,000, and the City of Cannon Beach has offered to cooperate in the amount of 25 per cent of the total, or approximately $1,000. Upon his favorable recommendation, the Commission approved the project as outlined by the Engineer.

The Commission discussed with the Engineer matters to be presented by delegations scheduled to appear before the Commission on the following day. No action was taken pending the appearance of the delegations.

The Commission also discussed with the Engineer the status of projects on which bids are to be received at the bid opening scheduled for March 3 and at later dates. The Engineer pointed out that some of the projects are being delayed because agreements have not been completed with some of the railroad companies. In response to a request

made by the contractors, he said that the time between opening of bids and awarding of the contract has been reduced to 30 days. It was his opinion that a large number of contracts could be offered for bidding during April.

Bids received on January 20, 1959 were presented to the Commission by the Engineer, and at 2:30 p.m., Commissioner Chessman announced the award of contracts as follows:

BIDS RECEIVED IN SALEM ON JANUARY 20, 1959

"Rock production project on the Oregon Coast Highway, north of Brookings in Curry County. The Commission awarded the contract to the low bidder, Peter Kiewit Sons' Co., Vancouver, Washington, at $32,571.

"Rock production project on the Santiam, McKenzie and McKenzie-Bend Highways in the vicinity of Sisters in Deschutes County. Two bidders, C. C. Meisel, McMinnville, and Bend Aggregate and Paving Co., Bend, submitted identical low bids at $23,900. A coin was tossed by the Engineer in the presence of the two low bidders and Mr. Meisel won the toss. The Commission awarded the contract to C. C. Meisel, McMinnville, at $23,900.

"Bend traffic signals in Deschutes County. The Commission awarded the contract to the low bidder, Brighter Homes Electrical, Eugene, at $ 8,156.

"Widening Bear Creek Bridge at the Curtin Interchange on Pacific Highway south of Cottage Grove in Douglas County. The Commission awarded the contract to the low bidder, Inter City Sand and Gravel Co , Inc., Eugene, at $60,204.

"Rock production project on the Crane-Scotts Butte Highway in Harney and Malheur Counties. The Commission awarded the contract to the low bidder, Arthur Simonsen & Co., Baker, at $25,500.

"Grading Hood River-Shogren Section of the Columbia River Highway, east from Hood River in Hood River and Wasco Counties. The Commission elects to accept the low bid of Gibbons & Reed Co., Portland, in the sum of $506,487 and directs the State Highway Engineer to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Grading Grants Pass-Jackson County Line Section of the relocated Pacific Highway, north and east of Grants Pass in Josephine County. The Commission elects to accept the low bid of Morrison-Knudsen Company, Inc., Boise, Idaho, in the sum of $1,329,640.75, and directs the State Highway Engineer to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Construction of maintenance building at Halsey in Linn County. The Commission awarded the contract to the low bidder, Robert C. Wilson, Corvallis, at $20,925.

"Rock production project on the North Santiam, Mehama-Mill City and Albany-Lyons Highways in the vicinity of Mehama in Marion and Linn Counties. The Commission awarded the contract to the low bidder, C. C. Meisel, McMinnville, at $24,750.

"Construction of storage building addition in Salem, Marion County. The Commission awarded the contract to the low bidder, Cecil A. Lantz, Salem, at $16,790.

"Construction of overcrossing at Dodson on the Columbia River Highway in Multnomah County. The Commission elects to accept the low bid of C. M. Corkum Co., Inc., Portland, in the sum of $218,709, and directs the State Highway Engineer to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Parking area extension at Rooster Rock State Park east of Portland in Multnomah County. The Commission awarded the contract to the low bidder, Rogers Construction Co., Portland, at $85,680.

"Rock production project on the Weston-Elgin and Wallowa Lake Highways near Elgin in Union County. The Commission awarded the contract to the low bidder, E. H. Itschner, Molalla, at $46,025.

"Construction of Eight Mile Creek Bridge on The Dalles - California Highway in Wasco County. The Commission awarded the contract to the low bidder, R. L. Coats, Bend, at $20,910.

"Traffic signals on Beaverton-Hillsdale Highway east of Beaverton in Washington County. The Commission awarded the contract to the low bidder, Cascade Electric Co., Portland, at $6,798.

"Construction of Votaw undercrossing on Pacific Highway south of Tigard in Washington County. The Commission elects to accept the low bid of Pacific Concrete Company, Portland, in the sum of $143,333.30 and directs the State Highway Engineer to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

The Engineer mentioned that a protest had been received from some persons in southwestern Oregon on the rate of construction for completion of the Oregon Coast Highway from Brookings to Gold Beach. He pointed out that the complaint is not justified as approximately two-thirds of the work is now under contract and it is expected that the job

will be completed within a 4-year period of time, whereas it had originally been expected to require 5 years.

The matter of declaring the need for certain parcels of property required for highway right of way or other purposes was again considered. After careful consideration, the Commission granted authority to condemn, if necessary, the parcels of property as presented by the Chief Counsel and thereupon adopted the attached resolutions relative thereto marked Exhibits "N-1" through "N- 22", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

The Commission again gave attention to the Chief Counsel's written report on offers made to owners of real property prior to the institution of condemnation proceedings. After giving the matter careful study, the Commission approved the offers as presented.

The Commission signed the following agreements and other papers:

"Bargain and Sale Deed" with J. S. Kaufman covering sale of 1.23 acres on Middle Grove-Central Howell Section of Salem-Silverton Highway, Marion County.

"Bargain and Sale Deed" with William B. McDonald covering sale of 1,090 sq. ft. on Marshfield-Bay Park Section of Oregon Coast Highway, Coos County.

"Lease and Sale of Road Materials" with Mr. and Mrs. W. F. Pigg covering 5-year extension of a gravel deposit on Pendleton-Deadmans Pass Section of Old Oregon Trail Highway, Umatilla County.

"Lease" with C. E. Abrahamson covering 15-year extension of house encroachment upon the La Grande Maintenance site.

"Agreement" with Jackson County Court covering correction of a drainage problem at the intersection of the Oak Grove County Road with the Medford-Provolt Highway at M.P. 23.37.

"Agreement" with Union Pacific Railroad Company covering construction, maintenance and use of a haul-road crossing needed on a State contract for the building of the interstate highway between Mosier and Rowena.

"Permit" with U. S. Army Recruiting Service granting permission to install on highway right of way two signs on Pacific Highway East, north and south of Oregon City, and one sign on Cascade Highway, north of Oregon City.

"Supplemental Abandonment Agreement" with Polk County which will relieve Polk County from taking over Unit "C" after Valley Junction-Wallace Bridge Section of Salmon River Highway has been completed.

"Agreement" with Crown Zellerbach Corporation Corporation for a one-year period covering the removal of rock materials from the Corporation's quarry near Cape Lookout State Park.

"Termination Rider" with the Union Pacific Railroad Company covering removal of its spur track from State property at the La Grande shop yard.

"Indenture of Access"for Lind property on Noble Slough-Foster Section of South Santiam Highway, Linn County.

"Construction and Easement Agreements" with Southern Pacific Company covering the Klamath Falls By-pass Overcrossing near Klamath Falls.

"Quitclaim Deed" to G. Lee Wright for property on the Jefferson Section of the Pacific Highway. Consideration $100. (Authorized February 27, 1958)

"Bargain and Sale Deed" to Herman Brelage for a parcel of land on the North Bend Section of the Oregon Coast Highway. Consideration $8,000. (Authorized December 11, 1958)

"Throughway Agreement" with the City of Grants Pass covering the Grants Pass-Jackson County Line Section of the Pacific Highway. (Authorized November 1, 1957)

"Agreement" with the City of Madras covering the Special City Allotment project on Fourth and Pine Streets in Madras. (Authorized October 23, 1958)

"Agreement" with the City of Bandon covering the Special City Allotment project on Elmira Avenue in Bandon. (Authorized October 23, 1958)

"Throughway Agreement" with the City of Madras covering the S. Unit Lyle Gap-Madras Section of The Dalles-California Highway in the City of Madras. (Authorized August 1, 1958)

"Throughway Agreement" with Columbia County covering the Goble Section of the Columbia River Highway. (Authorized August 1, 1958)

"Bargain and Sale Deed" to Audrey Herman for a parcel of land on the Albany-Judkins Point Section of the Pacific Highway. (Authorized October 23, 1958)

"Bargain and Sale Deed" to Andrew Jensen for a parcel of land on the Willamette River-Hayesville Section of the Pacific Highway in Marion County. (Authorized December 11, 1958)

"Agreement" with the City of Prairie City covering the Special City Allotment project on Bridge Street in Prairie City. (Authorized October 23, 1958)

"Quitclaim Deed" to Margaret R. Poe covering property on the Clackamas River Section of the Pacific Highway East in Clackamas County. Consideration $500.

"Consent to Vacate" re vacation of a portion of Franklin Blvd. in the City of Eugene.

"Lease Agreement" with Weyerhaeuser Timber Company covering stockpile site renewal on the Green Springs Highway in Jackson County.

"Grant of Easement" to Lina Adams for property on the Highlands Interchange Section of the Sunset Highway in Multnomah County.

"Bargain and Sale Deed" to City of Vale for property on the Vale-Cairo Junction Section of the Central Oregon Highway in Malheur County.

"Agreement" with Central Lincoln People's Utility District re providing electric power service by the District to state parks located in the coastal portions of Lincoln, Lane, Douglas and Coos counties.

"Minutes" of Commission meetings held on October 23 and 24, 1958 and December 11 and 12, 1958.

The meeting was adjourned at 2:45 p.m. to be reconvened on the following day at 10:00 a.m. in the same room.

Salem, Oregon
January 23, 1959

The meeting of the Oregon State Highway Commission reconvened at 10:00 a.m. in Room 418, State Highway Building. The following persons were present:

M. K. McIver, Chairman
R. B. Chessman, Commissioner
K. N. Fridley, Commissioner
W. C. Williams, State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
L. I. Lindas, Chief Counsel
G. E. Rohde, Assistant Counsel
W. T. Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Floyd Query, Secretary

Mr. Frank J. VanDyke, Attorney, Medford, appeared before the Commission concerning access to the Pacific Highway at a point approximately one and one-half miles south of Medford. He stated that he represents Mr. Clyde P. Pittenger who owns the property in question and access is desired from the east side of the Pacific Highway. Their application for such access, he continued, has been submitted in conformity with the Highway Commission's resolution, adopted on July 31, 1958, (Throughways and Right of Access Resolution No. 4a). Mr. Pittenger wishes to sell this property and the purchaser plans to construct a recreational center thereon, including a bowling alley, a skating rink and probably a swimming pool, with a large parking area for automobiles. He stated that his client will meet any safety standards or requirements and bear any expenses which the State Highway Commission may deem necessary in connection with the granting of the access to this property, and that the property would be sold with that contingency. He concluded his presentation by urging the Commission to take appropriate action as soon as possible. Chairman McIver informed Mr. VanDyke that he would be advised of the Commission's decision.

A delegation from Nehalem Bay area appeared before the Commission regarding a slide condition on the Oregon Coast Highway near Brighton. Appearing in the group were: Mrs. Bryan Reynolds, Mrs. W. L. Kasterson, Mrs. Everett West and Mrs. Dorothy Young, all from Rockaway; Mrs. Harold Sorensen, Twin Rocks; Mrs. Wilda Graves, Ruby Chambers, Fanny Dicky, Kaye Glover, Edna Sutherland, Mrs. Clifford Scovell, Mrs. Gordon Dick, Mrs. Peter Nunn, Miss Betty Obrist, Mrs. Wm. C. Obrist and Mrs. Jim Hall, all from Wheeler. Mrs. Reynolds acted as spokesman for the group. She advised that their group is appealing to the Commission for removal of the hazardous slide area near Brighton on U S 101 in North Tillamook County. Their primary concern is for the safety of the five bus loads of school children who pass this area daily. She pointed out that in the last 28 years no effective effort has been made to correct the situation. Tons of rock and earth which fall on the highway sometimes extend past the Southern Pacific Railroad tracks and many people in the Wheeler area must pass this slide on their way to doctors or to the hospital. She observed that many times the school bus drivers find it necessary to stop and wait for the rocks to stop rolling before proceeding on their way. Although no loss of life has occurred because of the slide, she stated that their group would like corrective measures taken before a catastrophe occurs. Mrs. Sorensen stated that with the reorganization plan of the school underway there would be a larger number of children using this road, and she also urged the Commission to give their attention to this matter. Mrs. Hall, Mrs. Graves and Mrs. Nunn all spoke of the great danger to the children and requested remedial action on this slide. Chairman McIver thanked the group for bringing this matter to the Commission's attention. He told them that the Commission would give their request due consideration and the Engineer would have another look at it to see what could be done. (This matter was discussed later in the session, at which time the Commission instructed the Engineer to advise the delegation of the exhaustive study made and the preventive

measures the Commission has taken to relieve this slide condition.

Mr. John Berning, City Superintendent of Redmond, acted as spokesman for a delegation from the Redmond Chamber of Commerce who appeared before the Commission regarding development of the Smith Rock area near Redmond as a state park. He introduced Mr. Bob Blair, President of the Redmond Chamber of Commerce, and Mr. J. R. Roberts, delegate. He stated that they are acting on the authority of the Redmond City Council and Redmond Chamber of Commerce for the purpose of requesting the Commission to develop this area into a state park. The City of Redmond, he said, has always felt that this area is one of the most attractive sites in Oregon and when they had an opportunity the City purchased 120 acres of land in the heart of the area. They have also obtained a bargain and sale deed for a strip of land 100 feet wide by one mile long along the rim of the Crooked River canyon for park and recreational purposes. The Deschutes County Court, he continued, has constructed a new paved road into the park site and has agreed to help in constructing a cinder road along the rim of the canyon. He described the beauties of the area and added that the area is close to three major highways -- 1½ miles from US 97; 7 miles from US 126; and 8 miles from US 26. Because of the newspaper reports regarding the possibility of flooding Cove Palisades Park by backwaters from the proposed Round Butte Dam, it was their thought that this area would be a logical alternate site. He presented a history and description of the Smith Rock formation prepared by Mr. Phil Brogan, Salem and showed colored slides of the area. It is their recommendation, he said, that the Commission purchase additional land south of this 120 acres, and he urged the Commission to give favorable consideration to the establishment of a state park. Mr. Roberts expressed his views regarding the beauties of the area and his enthusiasm for establishment of a park. Mr. Blair gave as his opinion that this area, if it is approved, will be one of the greatest additions to the state park system. Mr. Berning concluded the presentation by thanking the Commission and Mr. Armstrong, Parks Superintendent, for courtesies extended to them. He also stated that the Redmond City Council has authorized them to turn this land over to the State if the State will accept it. Chairman McIver thanked the group for coming. He told them that the Parks Department is now studying this matter and they will be advised of the Commission's decision.

A delegation from Harney County appeared before the Commission regarding the grading and surfacing of Frenchglen Road south of Burns. Included in the group were: C. W. Craddock, Harney County Judge, Jack Drinkwater and P. Tiller, County Commissioners, and Morgan Timms, Chairman of the Highway Committee of the Chamber of Commerce, all from Burns. Judge Craddock acted as spokesman and introduced the members of his delegation. He advised that the County Highway Committee has given its consent to the transfer to this road of any available FAS construction funds for their district so as to complete as much of the road as possible. The Harney County Court also wishes to apply all construction monies available to this road. He

pointed out that the County now has about $85,000 of FAS funds and with the State's regular match money the amount would be about $112,000. He expressed the hope that something could be worked out this winter so that the road could be constructed this summer as far as the Narrows, and that the Commission might be able to apply more than the regular amount of match money. Chairman McIver advised the delegation that the Commission discussed this matter on the previous day and as soon as the Commission has had time to study all the information and facts and pass on their request, the Engineer will advise them of the Commission's decision. Judge Craddock mentioned the large National Wildlife Refuge and the difficulty tourists encounter in getting to it because of the dusty condition of the road. He commented that if they could get this road constructed to the Narrows there may be a possibility of getting some Federal assistance on the 25 or 30 miles of road inside the Refuge. Chairman McIver thanked the group for bringing this matter to the Commission's attention and expressed the Commission's appreciation for the cooperation Harney County has given to the Commission.

Mr. Arthur M. Handly, Assistant Secretary of the State Board of Control, Salem, headed a delegation which appeared before the Commission concerning construction of housing facilities in state parks to be used for boys at MacLaren School. Others in the group were: Amos Reed, Superintendent of MacLaren School for Boys, Woodburn, Walter Foster, Dallas, Polk County District Attorney, and Wm. C. Ryan, Secretary of the State Board of Control, Salem. Mr. Handly advised that they wish to discuss with the Commission a cooperative program for delinquent boys at MacLaren School. He introduced the members of his delegation. Mr. Ryan stated that the Board of Control wishes to express its appreciation as well as its understanding of the great value that the MacLaren boys work camp program has been to the State as a whole, not only from the standpoint of opportunities for the MacLaren boys but also because of its value to the State since it produces certain work at a very reasonable cost. The Board of Control wishes to express its concern for the continuation of this program, he continued, and would like to request State Highway assistance in the construction of buildings at various campsites. However, he added, the number one priority is a better understanding of the time a given camp will be in a certain area so as to justify the cost of the buildings. Mr. Foster stated that the Advisory Committee to the Board of Control on Juvenile Institutions, of which he is Chairman, strongly supports the continued use of the MacLaren School work camp program for development of park facilities. It is the Committee's thought, he continued, that the rehabilitation of these boys is a matter of concern to every department of the State government as well as to the people of Oregon. He expressed the hope that the Highway Department will continue to cooperate with the MacLaren School in its camp program. Mr. Reed recited background information on camping and the history of camping for MacLaren School boys and stated that since introduction of the camp program in 1951 it has worked on an informal basis without any specific agreement, which has resulted in several problems. Their primary concern, he added, is to solicit the Commission's continued support of the program and

specifically to request the Commission to allow the Parks Division to develop with the Board a continuing program on a four-year advance planning basis, and for the Commission to enter into a cooperative agreement with the Board for the operation of the camps. At the present time, he continued, it appears that this cooperative camp program will end in the Spring of 1960. He advised that it is their understanding that the major objection to the proposed agreement is the requirement that the State construct and maintain living facilities for the boys. It was his opinion that since the buildings are constructed on state park land they should be the responsibility of the Commission. He pointed out that the boys are paid approximately $1.00 per day for six hours of work and it is their belief that the economies resulting in labor costs would more than make up the additional expense of this construction. He reiterated the desire of the Board of Control to continue the program on the basis of sound agreement as to responsibility, pointing out that the request for construction of living facilities is secondary. In answer to a query made by Chairman McIver, Mr. Handly advised that they are unhappy with the present arrangements because they have no agreement from which to work in order to properly establish their budget requirements. Chairman McIver explained that the Commission does not wish to make a profit from these boys but has been cooperating because it is the humane thing to do and because the Commission is interested in taking care of its own citizens. However, he added, the Highway Department must be the judge as to whether it is getting full value for expenditures made to and for the boys. He pointed out that under the law the Commission cannot subsidize the Board's program. A new law must be enacted if it is the desire of the people of Oregon to have the Commission divert funds for this program. The Commission, he commented, wants to help in the program as much as possible and is cognizant of the work the boys have done in the parks. He suggested that representatives of their group meet with the State Parks Superintendent, the State Highway Engineer and the Chief Counsel to go over the various problems so as to work out a solution acceptable to all parties. Mr. Williams pointed out that when the work performed by the boys exceeds the cost of having it accomplished by public contract, it is a diversion of highway funds and the Oregon law is being violated.

Chairman McIver brought to the Commission's attention a letter received from the Clackamas County Court expressing their gratitude to Messrs. W. C. "Dutch" Williams, Forrest Cooper, Clarence Swenson, Fred Hagemann, and Glenn Paxson for the fine cooperation and service which they have rendered in their counsel on the many projects of importance to Clackamas County during the past year.

The Commission instructed the Chief Counsel to notify the City of Cascade Locks to move its power line from the construction area on the Cascade Locks-Dodson Section of the Columbia River Highway. If the City fails to do so, the line is to be removed by the State or its contractor and appropriate action taken to collect the cost thereof from the City.

The Right of Way Engineer requested authority to offer for public sale the following parcels of right of way that are no longer required for highway purposes:

(1) 4.82 acres of former Krause and Russell properties, File Nos. 19700 and 19703, on Tigard-Newberg Section of Pacific Highway West, Washington County, for a minimum consideration of $4,820. See Exhibit "D-3".

(2) 1.21 acres of former Van Loo property, File No. 24559, on Forest Grove-Hillsboro Section of Tualatin Valley Highway, Washington County, for a minimum consideration of $6,500. See Exhibit "D-4".

The Right of Way Engineer explained that the minimum prices represent fair market values for the properties. The Commission authorized sale of the properties and thereupon adopted the attached resolutions relative thereto marked Exhibits "D-3" and "D-4", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

The Parks Superintendent presented an agreement with the Central Lincoln People's Utility District providing for electric power service to state parks located in the coastal area between Otis and a point south of Reedsport in Lincoln, Lane, Douglas and Coos Counties. He explained that this is a master agreement combining all present contracts into one and covering the general plan of service along with certain minimum requirements. The Commission approved and executed the agreement.

There being no further business to come before the Commission, Chairman McIver declared the meeting adjourned at 11:30 a.m.

EXHIBITS "A" through "Q"

MINUTES

of the

OREGON STATE HIGHWAY COMMISSION MEETING

held on

January 22 and 23, 1959

EXHIBIT "A"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, in connection with the future improvement of the highway herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed.

NOW, THEREFORE, BE IT RESOLVED that the properties which are hereby declared to be necessary for State highway, park, and other uses under the jurisdiction of the Commission, are those properties shown in Exhibit R/W filed in the Commission's files in Salem under the title of "Right of Way Resolutions", and that said Exhibit R/W was presented to and approved by the Highway Commission at its meeting held January 22, 1959, and by this reference said Exhibit R/W is made a part hereof with like effect as though extended in full herein. That the several options or bases of settlement therein enumerated be, and the same hereby are approved and accepted and that the attorney for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission.

EXHIBIT "B"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, pursuant to ORS 366.205, the State Highway Commission has jurisdiction and control over all state parks; and

WHEREAS, pursuant to ORS 366.345 (2), the State Highway Commission may develop, construct, improve, operate, and maintain park facilities in a manner as will best afford the public necessary conveniences and accommodations; and

WHEREAS, pursuant to ORS 366.350, the State Highway Commission may make regulations and provisions for the use and administration of such facilities, including reasonable charges for the use of accommodations provided in such parks and areas; and

WHEREAS, for the purpose of maintaining and operating such accommodations for the benefit of the public, it is the judgment of the Commission that reasonable charges should be made; and

WHEREAS, it is the purpose of the Highway Commission to take official action and impress upon its records the rates and charges so set;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

(1) That the Commission does hereby find and declare that the following charges are reasonable, such charges being necessary to defray the cost of special services and supplies furnished in connection with the use of accommodations in certain park facilities, to wit:

OREGON STATE PARKS DIVISION
RATES FOR PARK FACILITY USE
1959

1. CAMPING FEES

A. GROUP USE - ORGANIZATIONS

1. Silver Creek Youth Camp, Silver Falls State Park. Season June 1 to Labor Day. Camper Capacity - 100 No charge in accordance with agreement dated July 6, 1956 — No charge

2. Smith Creek Youth Camp, Silver Falls State Park. Season June 1 to Labor Day. Camper Capacity - 50 — $350.00

3. North Falls Youth Camp, Silver Falls State Park. Season June 1 to Labor Day. Camper Capacity - 150

EXHIBIT "B"-(cont)

No charge in accordance with agreement dated September 26, 1955. — No charge

4. Short-term permit: (up to 2 weeks) Silver Creek and Smith Creek Youth Camps, Silver Falls State Park.
   Opening and closing camp when the time required for both opening and closing by the representative of the department at the camp is not in excess of two hours. — $5.00

   Opening and closing camp when the time required for both opening and closing by the respresentative of the department at the camp is in excess of two hours is Two Dollars per hour for each hour or fraction thereof in excess of the first two hours. — 2.00

   Each person per night. — .25

5. Short-term permit: (up to 2 weeks) North Falls Youth Camp and Davidson Ranch area at Silver Falls State Park, also at Emigrant Springs and Battle Mountain State Parks.

   Opening and closing camp when the time required for both opening and closing by the representative of the department at the camp is not in excess of two hours. — 3.00

   Opening and closing camp when the time required for both opening and closing by the representative of the department at the camp is in excess of two hours is Two Dollars per hour for each hour or fraction thereof in excess of the first two hours. — 2.00

   Each person per night. — .15

Fuel, propane gas, miscellaneous materials, breakage and losses to be charged at cost.

B. GROUP USE - FAMILIES OR GROUPS

1. Short-term permit, overnight tent camping only, areas where water, fuel, and toilets are provided.
   Per night per person. — .25

C. INDIVIDUAL AND FAMILY OVERNIGHT CAMPERS

1. Improved camps where water, fuel, toilet, are provided.

   a. Tent camping, per car per night — 1.00

EXHIBIT "B" (cont)

b. Self-propelled vehicle provided with living quarters or car and trailer with living quarters per night. 1.50
(Note-this charge applies whether or not trailer facilities are available)

2. Semi-improved camps for tent and trailers with living quarters. Table, stove provided, but water and sanitary facilities some distance away. Car or Car and Trailer, per night. .75

3. Final checking-out time for all overnight camps is 3:30 P. M. after which an additional night's stay will be charged.

II. BATHHOUSE FEES

A. JESSIE M. HONEYMAN STATE PARK

1. Children 14 years of age and under. $ .20

2. Over 14 years of age. .40

3. Season tickets - Children under 14 years of age. 4.00

4. Season tickets - Over 14 years of age. 6.00

5. Red Cross Swimming Classes - Children under 14 years of age, 8:00 - 11:00 A.M. Free of charge

III. LANTERN FEES

A. LAVA RIVER CAVES STATE PARK

1. State-owned lanterns used for visiting caves. .10

IV. STOVE METER CHARGES

A. ANY PARK SO FACILITATED

1. Meter-controlled units - approximately 30 minutes of electricity or gas cooking facilities. .10

2. Approximately 4 minutes of electricity for bath showers .10

(2). That the above charges shall be posted within the main entrance of the above park facilities.

(3). That said charges are to take immediate force and effect for the year 1959.

EXHIBIT "B"(cont)

(4). That this resolution be duly entered in the minutes and records of the Commission this 22nd day of January, 1959, as State Parks Resolution File No. 17.

31098

EXHIBIT "C"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Hayes Hill-Grants Pass Section of the Redwood Highway described as follows:

Seventeen (17) parcels of land lying in Township 36 South, Range 6 West, and in Township 37 South, Range 6 West, W.M., Josephine County, Oregon, and being a portion of that property described in that certain deed to the State of Oregon by and through its State Highway Commission, recorded in Book 192, Pages 415-32 of Josephine County Records of Deeds;

Parcel #1 being a strip of land 100 feet in width, lying equally on either side of the center line of the survey of the California & Oregon Coast Railroad Company, as the same is located through, over and across the following described property to-wit:

The Northeast quarter of the Northwest quarter of Section 26, Township 36 South, Range 6 West, of the W.M., said center line of survey through said described tract is described as follows to-wit:

Commencing at a point on the East boundary line of said described premises, about 460 feet North of the Southeast corner thereof; thence in a Westerly direction in a circular curve bending towards the South, which said curve has a radius of 2865 feet to and through the South boundary line of said described premises, and containing 1.54 acres.

Parcel #2 being a strip of land 100 feet in width lying equally on either side of the center line of the survey of the California & Oregon Coast Railroad Company as the same is located through, over and across the following described property to-wit:

The Southeast quarter of the Northwest quarter of Section 26, Township 36 South, Range 6 West, of the W.M., said center line of survey through said described tract is described as follows, to-wit:

Commencing at a point on the North boundary line of said described tract 510 feet, more or less, West of the Northeast corner thereof; thence bearing South 45° 20' West, to and through the West boundary line of said described premises, and containing 2.6 acres, more or less.

EXHIBIT "C" (Cont.)

Parcel #3 being a strip of land 100 feet in width, lying equally on either side of the center line of the survey of the California & Oregon Coast Railroad Company as the same is located through, over and across the following described property, to-wit:

The Southwest quarter of the Northwest quarter of Section 26, Township 36 South, Range 6 West, of the W.M., said center line of survey through said described tract is described as follows, to-wit:

Commencing at a point on the East boundary line of said described premises about 500 feet North of the Southeast corner thereof; thence bearing South 45° 40' West, to and through the South boundary line of said premises, and containing an area of 1.6 acres, more or less.

Parcel #4 being a strip of land 100 feet in width lying equally on either side of the survey of the California & Oregon Coast Railroad Company as the same is located through, over and across the following described property, to-wit:

The Northwest quarter of the Southwest quarter of Section 26, Township 36 South, Range 6 West, of the W.M., said center line of survey through said described tract is described as follows to-wit:

Commencing at a point on the North boundary line of said described tract 480 feet, more or less, West of the Northeast corner thereof; thence bearing South 45° 20' West, to and through the West boundary line of said described tract, containing an area of 2.75 acres, more or less.

Parcel #5 being a strip of land 100 feet in width lying equally on either side of the center line of the survey of the California & Oregon Coast Railroad Company as the same is located through, over and across the following described property to-wit:

The Northeast quarter of the Northeast quarter of Section 34, Township 36 South, Range 6 West, of the W.M., said center line of survey through said described tract is described as follows, to-wit:

Commencing at a point on the North boundary line of said described premises 200 feet, more or less, East of the Northwest corner thereof; thence bearing South 27° 52' West, to and through the West boundary line of said described premises and containing 1.03 acres.

Parcel #6 being a strip of land 100 feet in width lying equally on either side of the center line of the survey of the

California & Oregon Coast Railroad Company as the same is located through, over and across the following described property to-wit:

The West half of the Northeast quarter and the North half of the Southeast quarter of Section 34, Township 36 South, Range 6 West, of the W. M., said center line of survey through said described tract is described as follows, to-wit:

Commencing at a point on the East boundary line of the West half of the Northeast quarter about 390 feet South of the Northeast corner thereof, thence South 27° 52' West, to and through the West boundary line of the North half of the Southeast quarter at a point 375 feet, more or less, South of the Northwest corner thereof, containing 6.75 acres, more or less.

Parcel #7 being a strip of land 100 feet in width lying equally on either side of the center line of the survey of the California & Oregon Coast Railroad Company as the same is located through, over and across the following described property, to-wit:

The Northeast quarter of the Southwest quarter of Section 34, Township 36 South, Range 6 West, of the W. M., said center line of survey through said described tract is described as follows, to-wit:

Commencing at a point on the East boundary line of said described tract about 385 feet South of the Northeast corner thereof; thence South 27° 52' West, for a distance of about 567 feet; thence bending toward the West in a circular curve with a radius of 1433 feet for a distance of about 487 feet; thence South 47° 22' West, to and through the South boundary line of said described premises, the area contains 2.57 acres, more or less.

Parcel #8 being a strip of land 100 feet in width lying equally on either side of the center line of the survey of the California & Oregon Coast Railroad Company as the same is located through, over and across the following described property, to-wit:

The Southeast quarter of the Southwest quarter of Section 34, Township 36 South, Range 6 West, of the W. M., said center line of survey through said described tract is described as follows, to-wit:

Commencing at a point on the North boundary line of said described tract about 590 feet West of the Northeast corner thereof; thence bearing South 47° 22' West, to and through the West boundary line of said premises, the area contains 2.3 acres, more or less.

Parcel #9 being a strip of land 100 feet in width lying equally on either side of the survey of the California & Oregon Coast Railroad Company as the same is located through, over and across the following described property, to-wit:

EXHIBIT "C" (Cont)

The Southwest quarter of the Southwest quarter of Section 34, Township 36 South, Range 6 West, and the Southeast quarter of the Southeast quarter of Section 33, Township 36 South, Range 6 West, of the W. M., said center line of survey through said described tract is described as follows, to-wit:

Commencing at a point on the East boundary line of the Southwest quarter of the Southwest quarter of Section 34, 690 feet, more or less, South of the Northeast corner thereof; thence bending toward the West in a circular curve with a radius of 1433 feet for a distance of 1246 feet, more or less; thence bearing North 80° 44' West, to and through the West boundary line of said Southeast quarter of the Southeast quarter of Section 33, and containing an area of 6.45 acres, more or less.

Parcel #10 being a strip of land 100 feet in width lying equally on either side of the center line of the survey of the California & Oregon Coast Railroad Company as the same is located through, over and across the following described property, to-wit:

The Southwest quarter of the Southeast quarter of Section 33, Township 36 South, Range 6 West, of W. M., said center line through said described tract is described as follows, to-wit:

Commencing at a point of the East boundary line of said described tract 690 feet, more or less, North of the Southeast corner thereof; thence bearing North 80° 44' West, to and through the West boundary line of said described premises, and containing 3.11 acres, more or less.

Parcel #11 being a strip of land 100 feet in width lying equally on either side of the center line of the survey of the California & Oregon Coast Railroad Company as the same is located through, over and across the following described property, to-wit:

The South half of the Southwest quarter of Section 33, Township 36 South, Range 6 West, of the W. M., said center line of survey through said described tract is described as follows, to-wit:

Commencing at a point on the East boundary line of said described premises 435 feet, more or less, South of the Northeast corner thereof; thence bearing North 80° 44' West, to and through the North boundary line of said premises, and containing an area of 4.65 acres, more or less.

Parcel #12 being a strip of land 100 feet in width lying equally on either side of the center line of the survey of the California & Oregon Coast Railroad Company, as the same is located through, over and across the following described property, to-wit:

EXHIBIT "C" (Cont)

The Northwest quarter of the Southwest quarter of Section 33, Township 36 South, Range 6 West, and the Northeast quarter of the Southeast quarter of Section 32, Township 36 South, Range 6 West, of the W. M., said center line of survey through said described tract is described as follows, to-wit:

Commencing at a point on the South boundary line of said described premises 640 feet, more or less, East of the Southwest corner thereof; thence bearing North 80° 44' West, to and through the West boundary line of the said Northeast quarter of the Southeast quarter of said Section 32, and containing an area of 3.99 acres, more or less.

Parcel #13 being a strip of land 100 feet in width, equally on either side of the center line of the survey of the California & Oregon Coast Railroad Company as the same is located through, over and across the following described property, to-wit:

The Northwest quarter of the Southeast quarter and the Northeast quarter of the Southwest quarter of Section 32, Township 36 South, Range 6 West, of the W. M., said center line of survey through said described tract is described as follows, to-wit:

Commencing at a point on the East boundary line of said Northwest quarter of the Southeast quarter 290 feet, more or less, North of the Southeast corner thereof; thence bearing North 80° 44' West, to and through the West boundary line of said Northeast quarter of the Southwest quarter and containing 6.49 acres, more or less.

Parcel #14 being a strip of land 100 feet in width lying equally on either side of the center line of the survey of the California & Oregon Coast Railroad Company as the same is located through, over and across the following described property, to-wit:

The East half of the Northeast quarter of Section 6, Township 37 South, Range 6 West, of the W. M., said center line of survey through said described tract is described as follows, to-wit:

Commencing at a point on the North boundary line of said described premises 210 feet, more or less, East of the Northwest corner thereof; thence bearing South 8° 4' West, for a distance of 1443 feet, more or less; thence bending toward the West in a circular curve with a radius of 573 feet for a distance of 200 feet, more or less, to and through the West boundary line of said described premises, and containing an area of 3.78 acres, more or less.

Parcel #15 being a strip of land across the Southwest quarter of the Northeast quarter of Section 6, Township 37 South, Range 6

EXHIBIT "C" (Cont)

West, of the W. M., in the County of Josephine, State of Oregon and the center line of said strip of land 100 feet in width, lying equally on either side thereof and extending through the said described property is described as follows, to-wit:

Commencing at a point on the East boundary line of said described tract about 160 feet South of the Northeast corner thereof; thence bending toward the South in a circular curve with a radius of 573 feet for a distance of 416 feet, more or less; thence bearing South 69° 44' West for a distance of 1106 feet, more or less, to and through the West boundary line of said described premises and having an area of 3.49 acres, more or less.

Parcel #16 being a strip of land 60 feet in width lying equally on either side of the center line of the survey of the California & Oregon Coast Railroad Company as the same is located through, over and across the following described property, to-wit:

The South half of the Northwest quarter of Section 6, Township 37 South, Range 6 West, of the W.M., said center line of survey through said described tract is described as follows, to-wit:

Beginning at a point on the East boundary line of said described premises about 600 feet North of the Southeast corner thereof; and running thence South 69° 44' West, to a point on the South boundary line of said described premises about 150 feet West of the Southeast corner of the Southwest quarter of the Northwest quarter of said Section 6, Township 37 South, Range 6 West, and having an approximate length of 1590 feet, and containing 2.2 acres, more or less.

Parcel #17 being that portion of the Northwest quarter of the Southwest quarter of Section 6, Township 37 South, Range 6 West, of the W. M., lying Easterly of the Fish Hatchery Road, said parcel being a strip of land 60 feet in width, lying equally on either side of the center line of the survey of the California & Oregon Coast Railroad Company as the same is located through, over and across the following described property, to-wit:

The Northwest quarter of the Southwest quarter of Section 6, Township 37 South, Range 6 West, W.M., said center line of survey through said described tract is described as follows, to-wit:

Beginning at a point on the North boundary line of said described premises about 930 feet East of the Northwest corner thereof; and running thence South 70° West, to a point on the West boundary thereof about 375 feet South of the Northwest corner thereof and having an approximate length of 1027 feet and containing 1.27 acres, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,500.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 et. Seq.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 82 be entered in the minutes and records of the Commission as of the 22nd day of January, 1959.

EXHIBIT "D-1"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Newport-South Beach Section of the Oregon Coast Highway described as follows:

A parcel of land lying in Block 83, of Case and Bayley's Addition to the City of Newport, situated in Section 8, Township 11 South, Range 11 West, W.M., Lincoln County, Oregon, and being a portion of that tract of land described in that certain deed to State of Oregon by and through its State Highway Commission, recorded in Book 68, Page 16 of Lincoln County Records of Deeds; the said parcel being that portion of said property lying Westerly of a line which is parallel to and 50 feet Westerly of the center line of the relocated Oregon Coast Highway, which center line is referred to in said State of Oregon deed. The said parcel is the Westerly 20 feet of said property.

The parcel of land to which this description applies contains 6,000 square feet;

Together with an easement for light, air, view and access over and across the following described property:

A parcel of land lying in Block 83, Case and Bayley's Addition to Newport, situated in Section 8, Township 11 South, Range 11 West, W.M., Lincoln County, Oregon, and being that tract of land described in that certain easement to the State of Oregon by and through its State Highway Commission, recorded in Book 85, Page 265 of Lincoln County Records of Deeds; the said parcel being described as follows:

Beginning at a point on the Northerly line of said Block 83, said point being 110 feet distant Westerly from the Northeast corner of said Block 83; thence on a 1707.1 foot radius curve left (the long chord of which bears South 23° 03' West) 301.14 feet to the Southerly line of said Block 83; thence North 64° 05' West, 10 feet; thence on a 1717.1 foot radius curve right (the long chord of which bears North 23° 04' East,) 301.17 feet; thence South 64°05' East, 10 feet to the point of beginning, containing 3012 square feet.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and esti-

mated to be the sum of $2,500.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 et. Seq.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. '8 be entered in the minutes and records of the Commission as of the 22nd day of January, 1959.

EXHIBIT "D-2" 31107

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Bunker Hill-Delmar Section of the Oregon Coast Highway described as follows:

A parcel of land lying in Lot 3 of Section 11, Township 26 South, Range 13 West, W.M., Coos County, Oregon; the said parcel being that portion of said Lot 3 lying Northwesterly of a line which is parallel to and 100 ft. Northwesterly of the center line of the Oregon Coast Highway and lying Easterly of a 60 foot road easement, which road easement center line is described as follows:

Beginning at Engineer's centerline Station 0+00, said station being on the westerly line of the Oregon Coast Highway opposite and 100 feet westerly of highway center line and Station 172+47.7, said Station 0+00 also being 929.24 ft. North and 1080.4 ft. East of the South quarter corner of said Section 11; thence in a Northeasterly direction 475 ft., more or less, to the intersection of the center line of Third Street of the Port Barnum Plat, with the South lines of Blocks 18 and 19 extended across Third Street.

The parcel of land to which this description applies contains 1.38 acres, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,800.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 et. Seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right-of-way of the Oregon Coast Highway.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 81 be entered in the minutes and records of the Commission as of the 22nd day of January, 1959

EXHIBIT "D-3"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Tigard-Newberg Section of the Pacific Highway West described as follows:

A parcel of land lying in the North half ($N\frac{1}{2}$) of Section 21, Township 2 South, Range 1 West, W.M., Washington County, Oregon, and being a portion of that property described in those deeds to State of Oregon, by and through its State Highway Commission, recorded in Book 352, page 622 and Book 354, page 487 of Washington County Records of Deeds; the said parcel being that portion of said State of Oregon property lying Southeasterly of a line which is parallel to and 134 feet Southeasterly of the center line of the South bound lane of the Pacific Highway West, said center line being coincident with the existing center line of said highway and being described as follows:

Beginning at Engineer's center line Station 303+00, said Station being 894.11 feet North and 2457.47 feet East of the West quarter corner of said Section 21; thence South 68° West, 1700 feet to Station 320+00.

The parcel of land to which this description applies contains 4.82 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $4,820.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale in accordance with the terms and provisions of ORS 273.060 et seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Pacific Highway West, except there is granted the right of access from the said property to said highway right of way of a width not to exceed 25 feet on the southerly side thereof opposite Highway Engineer's Station 315+30, said access to be for production and transportation of agricultural products and ordinary residential purposes, only.

EXHIBIT "D-3" (cont)

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 79 be entered in the minutes and records of the Commission as of the 23rd day of January, 1959.

31110

EXHIBIT "D-4"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Forest Grove-Hillsboro Section of the Tualatin Valley Highway described as follows:

A parcel of land lying in Cornelius, situated in Section 33, Township 1 North, Range 3 West, W.M., Washington County, Oregon, and being that property designated as parcel #2 in that certain deed to State of Oregon by and through its State Highway Commission, recorded in Book 381, Page 362 of Washington County Records of Deeds; the said parcel being more particularly described as follows:

Beginning at a point 60 feet West and 60 feet South of the Southwest corner of Block 34 in the original town of Cornelius said point being on the Westerly line of Dairy Avenue, commonly known as Centerville Road; thence North along the Westerly line of said Dairy Avenue 155 feet to the Northeast corner of said Parcel 2 in said State of Oregon Deed and the true point of beginning; thence West along the North line of said Parcel 2, a distance of 590 feet to the Northwest corner of said Parcel 2; thence South along the West line of said parcel 2 a distance of 85 feet to the Southwest corner of said Parcel 2; thence along the South line of said Parcel 2 as follows: East 340 feet, South 10 feet, and East 250 feet to the Southeast corner of Block 35 in Cornelius; thence North 95 feet to the true point of beginning.

The parcel of land to which this description applies contains 1.21 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $6,500.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 et Seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Tualatin Valley Highway, except there is granted the right of

EXHIBIT "D-4" (Cont)

access from the said property to said highway right of way of a width not to exceed 30 feet at five points to be determined prior to the conveyance of the property, said access points to be unrestricted as to use.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 80 be entered in the minutes and records of the Commission as of the 23rd day of January, 1959.

31112

EXHIBIT "E"

Minutes of January 22 and 23, 1959

R E S O L U T I O N

WHEREAS, ORS 366.800 provides that:

"There shall be and hereby are appropriated out of the highway fund annually such sums of money as will equal 10 per cent of all moneys credited to the highway fund by the State Treasurer between January 1 and December 31 of each year and which have accrued from funds transferred to the highway fund by the State Treasurer under ORS 319.410, 481.540, 767.635 and from fines and penalties collected for violations of the motor vehicle and transportation laws. The appropriation shall be distributed among the several cities as provided in ORS 366.785 to 366.820."

AND, WHEREAS, ORS 366.805 provides:

"The appropriation specified in ORS 366.800 shall be allocated to the cities as follows:

(1) The sum of $250,000 shall be withdrawn from the appropriation each year and set up in a separate account to be administered by the commission.

(2) Such account shall be spent each year by the commission upon streets not a part of the state highway system within cities which are receiving excessive wear through sudden increases in population in the area of heavy and unusual industrial traffic.

(3) The commission shall determine the distribution of the expenditures after considering applications made to it therefor from the cities.

(4) The balance remaining in the appropriation after the withdrawal of the $250,000 shall be distributed to all the cities.

(5) Each city shall receive such share of the balance as its population bears to the total population of the cities."

AND, WHEREAS, ORS 366.810 provides that:

"Funds accrued and payable to cities under ORS 366.785 to 366.820 shall be remitted semiannually by the Secretary of State to the financial officer of each city. The funds appropriated shall be apportioned on a semiannual basis immediately following June 30 and December 31 of each year by the commission, which shall certify the apportionment to the Secretary of State. Upon receipt of such certificate the Secretary of State shall issue his warrants therefor payable to the cities in the amounts set out."

EXHIBIT "E" (cont)

WHEREAS, the funds or moneys which have been by the State Treasurer credited to the state highway fund during the period July 1 to December 31, inclusive of the year 1958, and which have accrued from the sources named herein, produced the following amounts:

Funds resulting under the provisions of ORS 481.540 (motor vehicle registration and operators' license fees) total	$ 5,404,656.41
Funds resulting under the provisions of ORS 319.410 (gasoline tax) total	19,523,761.20
Funds resulting under the provisions of ORS 767.635 (motor carrier fees)	6,762,413.42
Funds resulting from fines and penalties collected for violations of the motor vehicle and transportation laws total	256,520.18
	$31,947,351.21

AND, WHEREAS, the statutory ten per cent of said total produces for allocation and distribution by the Highway Commission to the benefited cities and towns a total of $3,194,735.12 from which sum there is to be deducted one-half of the sum of $250,000, or $125,000, thus leaving for allocation and distribution for the period July 1, to December 31, 1958, the sum of $3,069,735.12, and

WHEREAS, by applying the factors of allocation or distribution provided for in ORS 366.800 to 366.810, the State Highway Commission has determined upon an apportionment of said balance among the cities of the state as shown in the tabulation given below:

NOW, THEREFORE, be it and it hereby is resolved and ordered by this Commission as follows:

1. The Commission does hereby find, declare and order that the funds made available for allocation and distribution to the several cities of the State of Oregon pursuant to law, are hereby allocated and appropriated to the cities and/or towns named below in the amounts set opposite the names of the respective cities:

RESOLUTION

WHEREAS, the Engineer has reported that the following State Highway Commission contracts for the construction of State Highway projects have been completed according to the terms and provisions of said contracts and that said jobs are now ready for acceptance:

"Contract No. 4837, with Manson Construction and Engineering Co., for Newberg-Gearin Corner structures on the Hillsboro-Silverton Highway in Marion and Yamhill Counties, completed December 5, 1958.

"Contract No. 4845, with C. R. O'Neil, for grading on the Myrtle Creek-Missouri Bottom Section of the Pacific Highway in Douglas County, completed November 15, 1958.

"Contract No. 4847, with Kuckenberg Construction Co., for grading on the Missouri Bottom-Fords Bridge Unit. Myrtle Creek-Canyonville Section of the Pacific Highway in Douglas County, completed July 19, 1958.

"Contract No. 5004, with Henry H. Miller contractors, Inc., for grading on the N. Unit, S.P.R.R. Overcrossing-Santiam Junction Section of the Pacific Highway in Linn County, completed October 28, 1958.

"Contract No. 5064, with Rogers Construction Co., for paving on the Emigrant Hill-Deadmans Pass Section of the Old Oregon Trail Highway in Umatilla County, completed November 26, 1958.

"Contract No. 5109, with Russell Olson Construction Co., Inc., for grading and paving on the 3rd St. S.-South City Limits (Lakeview) Section of the Fremont Highway in Lake County, completed September 20, 1958.

"Contract No. 5140, with Babler Bros., Inc., for the Shogren Overcrossing of the U.P.R.R. on the Columbia River Highway in Wasco County, completed December 15, 1958.

"Contract No. 5179, with Sig Andersson, for construction of the Siuslaw River Bridge on the Richardson-Eugene Highway in Lane County, completed January 16, 1959.

"Contract No. 5218, with Central Paving Co., for grading and paving on the 12th St.-East City Limits (Salem) Section of the Silver Creek Falls Highway in Marion County, completed November 10, 1958.

"Contract No. 5232, with Tom Lillebo Construction Co., for constructing the Luckiamute River Bridge on County Road No. 502 in Benton County, completed December 23, 1958.

EXHIBIT "F" (Cont)

"Contract No. 5271, with Silver Falls Const. Co., for stone surfacing on the N. Unit, Spray-Waterman Section of the Spray-Waterman County Road in Wheeler County. completed December 17, 1958.

"Contract No. 5297, with R. H. Jones, for constructing the Plympton Creek Bridge on the Columbia River Highway in Clatsop County, completed December 15, 1958.

THEREFORE BE IT RESOLVED that the work covered by State Highway Contracts for the construction of said State Highway projects be declared completed according to the terms of the respective contracts and said jobs are hereby accepted and final payment in connection with each is hereby authorized.

BE IT FURTHER RESOLVED that this Contracts Completed Resolution No. 78 shall be entered in the minutes and records of the Commission as of the 22nd day of January, 1959.

31126

EXHIBIT "G"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, pursuant to ORS 366.220, the Oregon State Highway Commission may select, establish, designate, construct, maintain, operate or cause to be constructed, maintained, operated and improved a system of state highways within the State and may classify and reclassify the highways comprising the state highway system as primary and secondary highways; and

WHEREAS, pursuant to ORS 366.295, the Oregon State Highway Commission may make changes in the location of highways as in the judgment and discretion of the Commission will result in better alignment, or advantageous and economical highway operation and maintenance, or will contribute to and afford a more serviceable system of state highways; and

WHEREAS, the State Highway Commission has relocated and realigned a portion of the Salmon River Highway, State Primary Highway No. 39, in Polk and Yamhill counties between Sheridan and the Wallace Bridge; and

WHEREAS, said relocation has made it possible to remove certain portions of the former Salmon River Highway hereinafter described from the route of the relocated Salmon River Highway; and

WHEREAS, in the judgment of the Commission, the redesignation of that portion of the former route of the Salmon River Highway eliminated by the said relocation as a secondary state highway is in the best interests of the people of the State of Oregon and the motoring public;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That the present route of the Salmon River Highway, State Primary Highway No. 39, from its intersection with the relocated Salmon River Highway at Mile Point 25.51 of said relocated highway at Wallace Bridge to its intersection with the relocated Salmon River Highway at or near Mile Point 32.86 of said relocated highway near Sheridan is hereby designated as the Willamina-Sheridan Highway, State Secondary Highway No. 157 and is to be maintained hereafter as a secondary state highway of the state highway system. The route and termini of said secondary highway No. 157 is described as follows:

> Beginning at a junction with the relocated Salmon River Highway at Mile Point 25.51 of said relocated Salmon River Highway; thence northeasterly and easterly via Willamina and Sheridan to a junction with the relocated Salmon River Highway at Mile Point 32.86 of said highway, a distance of approximately 8.50 miles.

EXHIBIT "G" (Cont)

That portion of the present route of the Salmon River Highway which is herein redesignated as the Willamina-Sheridan Secondary State Highway is shown colored in yellow on Exhibit "A" attached hereto and by this reference made a part hereof. *

2. That this Secondary Highway Designation Resolution No. 50 be entered in full in the minutes and records of the Highway Commission this 22nd day of January, 1959, and duly certified copies hereof be mailed to the Polk and Yamhill County Courts.

---

EXHIBIT "H"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, under the provisions of ORS 366.300, whenever the Highway Commission relocates or realigns a state highway or any section thereof, and by reason of said relocation or realignment, there is eliminated from the original highway, a section thereof, the eliminated section shall:

(a) If needed for the service of persons living thereon, or communities served thereby, be maintained by the Commission at the State's expense or by the County, or by the State and County, on such terms and conditions as may be agreed upon;

(b) If the abandoned sections are merely a part of the old right of way which are no longer needed for right of way purposes, then they shall revert to the abutting property owners, unless, in the judgment of the Commission, said sections are needed or are valuable for any public use; and

WHEREAS, State has relocated a section of The Dalles-California Highway, State Primary Highway No. 4, known as the Willowdale-Lyle Gap Section in Jefferson County, the northeasterly terminus of which is at Highway Engineer's Centerline Survey Station 449+00 and the southwesterly terminus of which is at Highway Engineer's Centerline Survey Station 727+51.10 on the relocated highway. The said relocated section of said highway has now been completed and is now open for public travel; and

WHEREAS, due to the relocation of the aforesaid section, portions of the former right of way are no longer needed for right of way purposes and may be eliminated as a section of the original The Dalles-California Highway, State Primary Highway No. 4. Said sections to be eliminated are hereinafter designated as Unit "A" as shown colored in red on Exhibit "A" which is attached hereto and by this reference made a part hereof, Units "B" and "D" as shown colored in brown on Exhibit "A" and Unit "C" as shown colored in red on Exhibit "A"; and *

WHEREAS, Jefferson County and the State Highway Commission entered into an agreement on the 17th day of December, 1957, relating to the elimination and disposition to be made of that certain section of the said original The Dalles-California Highway which is subject to elimination and hereinafter referred to as Unit "A"; and

WHEREAS, said agreement provides that State, by resolution, would formally eliminate the said Unit "A" as part of the said The Dalles-California Highway, State Primary Highway No. 4 and the state highway system and that all right, title and interest which State has in said Unit "A" would pass to and

EXHIBIT "H" (Cont)

vest in County and County would accept all right, title and interest which State has in said Unit "A" and would maintain said Unit "A" as a county road so long as needed for the service of persons living thereon or communities served thereby; and

WHEREAS, Jefferson County and the State Highway Commission entered into an agreement on the 19th day of January, 1959, relating to the elimination and disposition to be made of those certain sections of the said original The Dalles-California Highway which are subject to elimination and hereinafter referred to as Unit "B", Unit "C" and Unit "D"; and

WHEREAS, said agreement provides that State, by resolution, would formally eliminate the said Unit "B" and Unit"D" as a part of said The Dalles-California Highway, State Primary Highway No. 4 and the state highway system and that all right, title and interest which State has in the right of way of Unit "B" and Unit "D" shall pass to and vest in the abutting property owners; and

WHEREAS, said agreement further provides that State, by resolution, would eliminate the said Unit "C" as a part of the said The Dalles-California Highway, State Primary Highway No. 4 and the state highway system and that all right, title and interest which State has in the right of way of Unit "C" shall pass to and vest in County and County would accept all right, title and interest which State has in said Unit "C" and would maintain said Unit "C" as a part of a county road so long as needed for the service of persons living thereon or communities served thereby.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That by reason of the relocation of The Dalles-California Highway, State Primary Highway No. 4 in Jefferson County, certain sections of the former right of way of The Dalles-California Highway are no longer needed by the State of Oregon and are no longer required for the said new right of way of the said relocated The Dalles-California Highway. The said sections to be eliminated are identified as Unit "A", Unit "B", Unit "C" and Unit "D" as shown on said Exhibit "A" and are described as follows: *

Unit "A"
All the land situated within the right of way boundaries of The Dalles-California Highway as formerly routed, beginning at the easterly right of way line opposite Highway Engineer's Survey Station 575+44.49 of said highway as relocated in the northwest quarter of the northwest quarter ($NW\frac{1}{4}$ $NW\frac{1}{4}$), Section 20, Township 9 South, Range 15 East, W. M.; thence southerly and westerly via said highway as formerly routed to the southerly right of way line opposite Highway Engineer's Survey Station 732+40 of said highway as relocated in the northeast quarter of the northwest quarter ($NE\frac{1}{4}$ $NW\frac{1}{4}$), Section 25, Township 9 South, Range 14 East, W. M.

EXHIBIT "H" (Cont)

Unit "B"
All the land situated within the right of way boundaries of The Dalles-California Highway as formerly routed beginning at the westerly right of way line opposite Highway Engineer's Centerline Survey Station 565+15 of said highway as relocated in the southwest quarter of the southwest quarter ($SW\frac{1}{4}$ $SW\frac{1}{4}$), Section 17, Township 9 South, Range 15 East, W. M.; thence northerly via said former highway to the southerly right of way line of a connection running from Colman County Road No. 119 to the said relocated highway in the northeast quarter of the Southwest quarter ($NE\frac{1}{4}$ $SW\frac{1}{4}$), Section 17, Township 9 South, Range 15 East W. M.

Unit "C"
All the land situated within the right of way boundaries of The Dalles-California Highway as formerly routed and lying between the right of way boundary lines of a connection running from Colman County Road No. 119 to said highway as relocated in the northeast quarter of the southwest quarter ($NE\frac{1}{4}$ $SW\frac{1}{4}$), Section 17, Township 9 South, Range 15 East, W. M.

Unit "D"
All the land situated within the right of way boundaries of The Dalles-California Highway as formerly routed beginning at the northerly right of way line of a connection running from the Colman County road to said highway as relocated in the northeast quarter of the southwest quarter ($NE\frac{1}{4}$ $SW\frac{1}{4}$), Section 17, Township 9 South, Range 15 East, W. M.; thence northerly to the westerly right of way line opposite Highway Engineer's Centerline Survey Station 510+45 of said relocated highway in the northeast quarter of the northeast quarter ($NE\frac{1}{4}$ $NE\frac{1}{4}$), Section 17, Township 9 South, Range 15 East, W. M.

2. That pursuant to an agreement entered into with Jefferson County on the 17th day of December, 1957, Unit "A" as heretofore described and as shown colored in red on said attached map marked Exhibit "A", is hereby duly eliminated as a part of The Dalles-California Highway, State Primary Highway No. 4 and all right, title and interest which State has in said Urit "A" hereby passes to and vests in said Jefferson County. *

3. That pursuant to an agreement entered into with Jefferson County on the 19th day of January, 1959, certain sections of the right of way of The Dalles-California Highway identified as Unit "B" and Unit "D" heretofore described and as shown colored in brown on said attached map marked Exhibit "A", are hereby duly eliminated as a part of The Dalles-California Highway, State Primary Highway No. 4, and all right, title and interest which State has in said Unit "B" and Unit "D" hereby passes to and vests in the abutting pro-

EXHIBIT "H" (Cont)

perty owners. *

4. That pursuant to an agreement entered into with Jefferson County on the 19th day of January, 1959, a section of the right of way of The Dalles-California Highway identified as Unit "C" heretofore described and as shown colored in red on said attached map marked Exhibit "A" is hereby duly eliminated as a part of The Dalles-California Highway, State Primary Highway No. 4 and all right, title and interest which State has in said Unit "C" hereby passes to and vests in said Jefferson County. *

5. That this resolution be entered in full in the minutes and records of this Commission as Resolution No. 343 this 22nd day of January, 1959, and the Secretary is ordered to mail duplicate originals hereof to the Board of County Commissioners and the County Clerk of Jefferson County, Oregon.

---

* FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 343, under the heading "Abandonment and Retention Resolution" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

31132

EXHIBIT "I"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, ORS 483.506 and ORS 483.524 sets forth maximum limits with respect to the weight of vehicles or combinations of vehicles, and the number of vehicles that may be coupled together in a combination of vehicles; and

WHEREAS, pursuant to ORS 483.520 and ORS 483.528, the State Highway Commission is authorized to issue permits for the operation, upon state highways, of vehicles or combinations of vehicles having weights in excess of the said maximum limits; and

WHEREAS, under the provisions of ORS 483.525, when in the judgment of the State Highway Commission, any state highway or section thereof, is capable of carrying any combination of vehicles having a gross weight in excess of that authorized in subsection (3) of ORS 483.506, the Commission is authorized to so declare by resolution and to fix the maximum gross weight of combinations of vehicles which may be operated thereon; and

WHEREAS, said statute further provides that after such said resolution is filed with the Secretary of State, no permits shall be required for the operation upon such highway or section thereof of any combination of vehicles not exceeding the maximum gross weight fixed for combinations of vehicles of that type and class by said resolution; and

WHEREAS, the State Highway Engineer has made investigations and studies and has compiled information and statistics relative to the strength and stability of the Powers Secondary Highway No. 242 and State Highway Route No. 86; and

WHEREAS, ORS 483.504, subsection (4)(c) provides that the maximum length of certain enumerated combinations of vehicles may exceed a total length of 50 feet but shall not exceed a total length of 60 feet when operated on said State Highway No. 242 and State Highway Route No. 86;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That based upon the legislative mandate that the maximum overall length of certain combinations of vehicles traveling the Powers Secondary State Highway No. 242 and State Highway Route No. 86 may have a total length not exceeding 60 feet, and based upon the studies, investigations, information and statistics made and compiled by the State Highway Engineer, it is the judgment of this Commission that the Powers Secondary State Highway No. 242 and State Highway Route No. 86 are capable of carrying combinations of vehicles having a gross weight in excess of that authorized in subsection (3) of ORS 483.506.

EXHIBIT "I" (Cont)

2. That paragraph No. 2 of State Highway Commission Resolution No. 208b dated September 11, 1958, be and the same hereby is superseded by this resolution so as to permit any combination of vehicles consisting of a truck and trailer or of a truck tractor and semi-trailer drawing one trailer, or a truck tractor and semi-trailer drawing one additional semi-trailer mounted on a dolly equipped with a fifth wheel having a gross weight not in excess of 76,000 pounds, may be operated without a permit upon the Powers Secondary State Highway No. 242 and State Highway Route No. 86.

3. Nothing contained in this resolution shall be deemed to authorize the operation of vehicles having any gross weight in excess of the applicable gross weight set forth in the tables of weight in subsections (3) and (4) of ORS 483.524, nor any gross wheel, axle or tandem axle weight in excess of that set forth in subsection (3) of ORS 483.506. Nothing contained in this resolution shall be deemed to authorize the operation of any combination of vehicles which is not properly licensed, or does not carry proper Oregon PUC plates and certificates or, except as otherwise expressly provided herein, which does not comply in all respects to the Oregon Motor Vehicle Laws and the Oregon Motor Transportation Code.

4. That this resolution revokes and supersedes a previous resolution No. 208a of October 1, 1957, dealing with this subject.

5. That this resolution be entered in the minutes of this Commission as Resolution No. 208c, this 22nd day of January, 1959, and that a duplicate original of this resolution be filed in the records of the Secretary of State, the Public Utilities Commissioner and the Superintendent of State Police.

EXHIBIT "J"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, ALMIGHTY GOD, in His infinite wisdom has seen fit to remove from her earthly endeavors our long-time friend and faithful employee PAULINE G. WELCH; and

WHEREAS, PAULINE G. WELCH devoted the last twenty-eight years of her life in faithfully serving the State Highway Department as a stenographer and office manager with ability, generosity, and a spirit of kindness; and

WHEREAS, it is fitting and proper that this Commission give public recognition to the outstanding loyalty, integrity and fidelity which PAULINE G. WELCH possessed, and the great credit which she brought to herself, the State Highway Department and the State of Oregon as a public servant,

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED BY THIS COMMISSION, that we hereby recognize, commend, and give high praise to the inspirational efforts and accomplishments of PAULINE G. WELCH, and our sincere and deep appreciation for her many years of faithful and devoted public service to the State Highway Department and the citizens of the State of Oregon.

BE IT FURTHER RESOLVED, that we express our sincere sympathy to the members of the family of PAULINE G. WELCH; and

BE IT FURTHER RESOLVED, that this Resolution be entered in the permanent records of this Commission this 22nd day of January, 1959, and a suitably embossed copy thereof signed by the Commission be presented to the family of PAULINE G. WELCH.

EXHIBIT "K-1"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, under the provisions of ORS 366.300 whenever the Highway Commission relocates or realigns a state highway or any section thereof, and by reason of said relocation or realignment, there is eliminated from the original route of the highway a section thereof, the eliminated section shall:

a. If needed for the service of persons living thereon or communities served thereby, be maintained by the Commission at State expense, or by the County, or by State and County, under such terms and conditions as may be agreed upon;

b. If the abandoned sections are merely a part of the old right of way which are no longer needed for right of way purposes, they shall revert to the abutting property owners, unless, in the judgment of the Commission, the said sections are needed or are valuable for any public use; and

WHEREAS, the State has relocated portions of the Pacific Highway, State Primary Highway No. 1, known as the Myrtle Creek-Missouri Bottom and the Missouri Bottom-Fords Bridge Units of the Myrtle Creek-Canyonville Section in Douglas County, the northerly terminus of which is at relocated Highway Engineer's Centerline Survey Station 3388+64.53 and the southerly terminus of which is at relocated Highway Engineer's Centerline Survey Station 326+00 on the said relocated highway, and said relocated portions of said section of said highway have now been completed and are open to public travel; and

WHEREAS, due to the relocation of the said portions of the aforesaid section of said highway, a portion of the former right of way is no longer needed for right of way purposes and may be eliminated from said relocated Pacific Highway, State Primary Highway No. 1, which said unit of said section is hereinafter designated as "Unit A" as shown on "Exhibit A" which is attached hereto and by this reference made a part hereof; and *

WHEREAS, Douglas County and the State Highway Commission entered into an agreement on the 27th day of March, 1958, relating to the disposition to be made of that certain portion of the said section of the said original Pacific Highway and which is subject to elimination, hereinafter referred to as "Unit A"; and

WHEREAS, said agreement provides that State, by resolution, would formally eliminate said "Unit A" as part of the Pacific Highway, State Primary Highway No. 1 and the state highway system and that all right, title and interest which State had in said "Unit A" should pass to and vest in County and County should accept all right, title and interest which State had in said

"Unit A" and should maintain said "Unit A" as a county road so long as needed for service of persons living thereon or communities served thereby.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission:

1. That by reason of the relocation of the Myrtle Creek-Missouri Bottom and the Missouri Bottom-Fords Bridge Units of the Myrtle Creek-Canyonville Section of the Pacific Highway, State Primary Highway No. 1 in Douglas County, a portion of the right of way of the former Myrtle Creek-Canyonville Section of the Pacific Highway is no longer needed by the State of Oregon, and is no longer required as a part of the said new right of way of the said relocated Pacific Highway which said section is identified as "Unit A" on said "Exhibit A" and is described as follows: *

Unit A:
All the land situated within the right of way boundaries of the Pacific Highway as formerly routed beginning on said highway as formerly routed at the southerly right of way line, extended, of the Riddle Road, County Road No. 20, where the same intersects said highway as formerly routed in the westerly half of the southeast quarter ($W\frac{1}{2}$ $SE\frac{1}{4}$), Section 7, Township 30 South, Range 5 West, W. M.; thence southerly via said highway as formerly routed to the northerly right of way boundary line opposite Highway Engineer's Center Line Survey Station 271+40 of the relocated Pacific Highway in the southwest quarter of the northeast quarter ($SW\frac{1}{4}$ $NE\frac{1}{4}$), Section 18, Township 35 South, Range 5 West, W. M.

2. That pursuant to the agreement entered into with Douglas County on the 27th day of March, 1958, "Unit A" as heretofore described and shown colored in red on said attached map marked "Exhibit A" is hereby duly eliminated as part of the relocated Pacific Highway, Oregon Primary Highway No. 1 of the state highway system and that all right, title and interest which State has in said "Unit A" does hereby pass to and vest in said Douglas County. *

3. That this resolution be entered in full in the minutes and records of this Commission as Resolution No. 351 this 22nd day of January, 1959, and the Secretary is hereby ordered to mail a certified copy hereof to the County Court of Douglas County.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 351, under the heading "Abandonment and Retention Resolution" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "K-2"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, pursuant to ORS 366.220, the Oregon State Highway Commission may select, establish, designate, construct, maintain, operate and improve or cause to be constructed, maintained, operated and improved a system of state highways within the state, and may classify and reclassify the highways comprising the state highway system as primary and secondary highways; and

WHEREAS, pursuant to ORS 366.290, the Commission may select, locate, establish, designate, improve and maintain out of the highway fund, a system of secondary state highways and for that purpose may, by mutual agreement with the county courts of the several counties, select market roads, or other county roads or available locations or routes; and

WHEREAS, State has relocated portions of the Pacific Highway, State Primary Highway No. 1, known as the Myrtle Creek-Missouri Bottom and the Missouri Bottom-Fords Bridge Units of the Myrtle Creek-Canyonville Section in Douglas County and said units of said relocated section of said highway have now been completed and are open to public travel; and

WHEREAS, Douglas County and the State Highway Commission entered into an agreement on the 27th day of March, 1958, which provided, among other things, that State would, by formal resolution, redesignate that portion of the former Myrtle Creek-Missouri Bottom and the Missouri Bottom-Fords Bridge Units of the Myrtle Creek-Canyonville Section of the former Pacific Highway, State Primary Highway No. 1 and that portion of Riddle Road, Douglas County Road No. 20, all of which said former units, section and portion of said county road are shown in purple on Exhibit "A" which is attached hereto and by this reference made a part hereof, as the Myrtle Creek Highway, State Secondary Highway No. 237; and *

WHEREAS, in the judgment of the Commission, the redesignation of said portion of the former route of the Pacific Highway and said portion of Riddle Road as a secondary state highway, is in the best interests of the people of the State of Oregon and the motoring public;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That the former route of the Pacific Highway, State Primary Highway No. 1, from its intersection with the relocated Pacific Highway at Mile Point 209.89 of said relocated Pacific Highway to its intersection with Riddle Road, Douglas County Road No. 20 and that portion of said Riddle Road from its intersection with the former Pacific Highway to its intersection with the relocated Pacific Highway, is hereby designated as the Myrtle

EXHIBIT "K-2" (Cont)

Creek Highway, State Secondary Highway No. 237, and is to be maintained hereafter as a secondary state highway on the state highway system. The route and termini of said highway is described as follows:

> Beginning at a junction with the relocated Pacific Highway, State Primary Highway No. 1 at Mile Point 209.89 of said highway, thence easterly and southerly via Myrtle Creek along the former route of the Pacific Highway to a junction with Riddle Road, Douglas County Road No 20; thence westerly via said Riddle Road to a junction with the relocated Pacific Highway at Mile Point 214.58 of said highway, a distance of 5.72 miles.

The route of said Myrtle Creek Highway, State Secondary Highway No. 237, is shown colored in purple on the attached Exhibit "A". *

2. That this Secondary Highway Resolution No. 49 be entered in full in the minutes and records of the Highway Commission this 22nd day of January, 1959, and a duly certified copy hereof be mailed to the Douglas County Court.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 49, under the heading "Secondary Highway Designation" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

31139

EXHIBIT "L"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: Salmon River Highway

Highway number 39 Route number ORE 18

M. P.	to M. P.	M. P. H.
19.86	19.99	20 1/

1/ effective during the hours of school crossings.

This resolution amends Speed Limit Resolution No. 69, dated October 11, 1951.

EXHIBIT "L" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Limit Resolution No. 69-a be entered in the minutes and records of the Commission as of the 22nd day of January, 19 59.

EXHIBIT "M-1" 31141

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, the Oregon Coast Highway is one of the major highways of the State and is under the jurisdiction and control of the State Highway Commission, being identified in the Commission's records as State Highway No. 9; and

WHEREAS, it appears that on said highway in the community of Cloverdale, Tillamook County, "head-in" parking is practised; and

WHEREAS, in the opinion of this Commission, the right of way of said highway at said location is not of sufficient width to permit the "head-in" parking of vehicles and at the same time provide the degree of safety and convenience which, in the opinion of this Commission, should be provided the traveling public; and

WHEREAS, "head-in" parking of vehicles in said community creates a hazard not only to through traffic on the highway but to the owners and occupants of said parked vehicles; and

WHEREAS, in the opinion of this Commission, public safety requires that "head-in" parking of vehicles be prohibited and parallel parking only be allowed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. The Commission does hereby find and declare, based upon investigation, reports, and recommendations made by and under the supervision of the State Highway Engineer, that "head-in" parking of vehicles in the Community of Cloverdale, on the south side from the westerly property line at Clover Street, M. P. 87.40 (Engineer's Station 558+80), and on the north side from a point 275 feet west of Clover Street, M. P. 87.44 (Engineer's Station 556+50), to a point 180 feet west of Parkway Drive, M. P. 87.54 (Engineer's Station 550+50), be prohibited and that parallel parking only on both sides of the highway be substituted therefor.

2. That the Post Office loading zone established April 19, 1958 be retained.

3. That the State Highway Engineer be and he hereby is instructed to erect "PARALLEL PARKING ONLY" signs at said termini and at such points between said termini as, in the judgment of said Engineer, are necessary to accomplish the purposes of this resolution and the action of the Highway Commission as herein declared.

4. That a certified copy of this resolution be mailed to the Superintendent of the Department of State Police for his information and guidance.

5. That this resolution be entered in the minutes and records of the State Highway Commission as of the 22nd day of January, 1959, as "PARALLEL PARKING" Resolution No. 7.

EXHIBIT "M-2"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, the Pacific Highway is a primary highway under the control and jurisdiction of the Oregon State Highway Commission; and

WHEREAS, it appears that on said Pacific Highway near the south city limits of Grants Pass, Josephine County, trucks and other vehicles are parked adjacent to the highway in this area which is predominantly commercial development; and

WHEREAS, the parking of vehicles on said highway section restricts sight distance, interferes with parking maneuvers and precludes use of the shoulders for emergency purposes thereby creating a condition hazardous to highway traffic; and

WHEREAS, in the opinion of the Commission, public travel and public safety require that parking of vehicles should be prohibited upon the shoulders of said highway within said section.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. The Commission does hereby find and declare, based upon recommendations by members of its staff, that parking of vehicles on both shoulders of the said Pacific Highway between M. P. 279.30 (Engineer's Station 2+00), at the south city limits of Grants Pass, to Parkdale Drive at M. P. 280.07 (Engineer's Station 45+00), creates a hazard to the traveling public.

2. That, in the opinion of this Commission, the right of way of said highway along said section is not of sufficient width to permit parking of vehicles thereon and at the same time to provide the degree of safety and convenience which, in the opinion of the Commission, should be provided the motoring public.

3. That the Commission does further find and declare that parking of vehicles on both shoulders of said Pacific Highway within said section should be prohibited.

4. That the State Highway Engineer be and he hereby is instructed to erect signs along said section at such points as in his judgment are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared, on which signs shall be printed in plain letters the words, "NO PARKING ON HIGHWAY SHOULDERS".

5. That a certified copy of this resolution be sent to the Superintendent of the Department of State Police for his information.

6. That this "NO PARKING" Resolution No. 192 be entered in the minutes and records of the State Highway Commission as of the 22nd day of January, 1959.

31144

EXHIBIT "N-1"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right of interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Lake Road-Oregon City Section of the Cascade Secondary Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Lake Road-Oregon City Section of the Cascade Secondary Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof,

EXHIBIT "N-1" (cont)

or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Cascade Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Lake Road-Oregon City Section of the said Cascade Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1068.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1068, under the heading "Re l Property Condemnation Resolutions", and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31146

EXHIBIT "N-2"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Tunnel-Namorf Section of the Central Oregon Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "N-2" (cont)

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportion by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled, as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Tunnel-Namorf Section of the Central Oregon Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners whould be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit 'A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibt "A", no rights of access of any nature between the right of way of the said widened and relocated Central Oregon Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Tunnel-Namorf Section of the Central Oregon Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "N-2" (cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1069.

---

* FOOTNOTE:

The name of the property owner and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1069, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "N-3"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street, quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways, or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Portland-Bonneville Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "N-3" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Portland-Bonneville Section of the Columbia River Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Portland-Bonneville Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "N-3" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1070.

Minutes of January 22 and 23, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Cascade Locks By-Pass Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "N-4" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Cascade Locks By-Pass Section of the Columbia River Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Cascade Locks By-Pass Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "N-4" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1071.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1071, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "N-5"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Rink Creek-Myrtle Point Section of the Coos Bay-Roseburg Highway, and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT " N-5" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Rink Creek-Myrtle Point Section of the Coos Bay-Roseburg Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Coos Bay-Roseburg Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Rink Creek-Myrtle Point Section of the Coos Bay-Roseburg Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "N-5" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1072.

---

* FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1072, under the heading "Real Property Condemnation Resolutions", and said description, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "N-6"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Corvallis City Section of the Corvallis-Newport Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Corvallis City Section of the Corvallis-Newport Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests

EXHIBIT "N-6" (Cont)

therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Corvallis-Newport Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Corvallis City Section of the said Corvallis-Newport Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein, that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1073.

EXHIBIT "N-6" (Cont)

* FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1073, under the heading "Real Property Condemnation Resolutions", and said description, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "N-7"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to locate, construct and maintain the Ferry Street Bridge-Mohawk Road Section of the Eugene-Springfield Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be located, constructed and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law, and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "N-7" (Cont)

WHEREAS, for the purpose of locating, constructing and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the location, construction and maintenance of the said Ferry Street Bridge-Mohawk Road Section of the Eugene-Springfield Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said Eugene-Springfield Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the location, construction and maintenance of the said Ferry Street Bridge-Mohawk Road Section of the Eugene-Springfield Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "N-7" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1074.

EXHIBIT "N-8"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Butte Creek-Burton Canyon Section of the John Day Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Butte Creek-Burton Canyon Section of the John Day Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or

EXHIBIT "N-8" (Cont)

which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved John Day Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improvement and maintenance of the said Butte Creek-Burton Canyon Section of the John Day Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1075.

EXHIBIT "N-9"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Canyon City-Sheep Gulch Unit, Canyon City-Seneca Section of the John Day-Burns Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Canyon City-Sheep Gulch Unit, Canyon City-Seneca Section of the John Day-

EXHIBIT "N-9" (Cont)

Burns Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated John Day-Burns Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Canyon City-Sheep Gulch Unit, Canyon City-Seneca Section of the said John Day-Burns Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein, that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1076.

EXHIBIT "N-10"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Meda Section of the Little Nestucca Secondary Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Meda Section of the Little Nestucca Secondary Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and

EXHIBIT "N-10" (Cont)

the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That the widening in part, relocation in part, construction, improvement and maintenance of the said Meda Section of the said Little Nestucca Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January 1959, as Condemnation Resolution No. 1077.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1077, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31172

EXHIBIT "N-11"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Baker-Pleasant Valley Section of the Old Oregon Trail Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "N-11" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Baker-Pleasant Valley Section of the Old Oregon Trail Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no right of access of any nature between the right of way of the said relocated Old Oregon Trail Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Baker-Pleasant Valley Section of the Old Oregon Trail Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "N-11" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1078.

---

* FOOTNOTE:

The name of the property owner and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1078, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "N-12"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Albany-Judkins Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "N-12" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judment of the Commission that the real properties hereinafter described are necessary and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding posses-

EXHIBIT "N-12" (Cont)

sion of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1079.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1079, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31178

EXHIBIT "N-13"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Grants Pass-Rock Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "N-13" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "N-13" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1080.

EXHIBIT "N-14"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels, or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately served the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the North Yamhill River Section of the Pacific Highway West; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "N-14" (Cont)

WHEREAS, for the purpose of widening, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said North Yamhill River Section of the Pacific Highway West as a throughway, certain interest in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved Pacific Highway West and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit"A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improvement and maintenance of the said North Yamhill River Section of the Pacific Highway West and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "N-14" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1081.

FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1081, under the heading "Real Property Condemnation Resolutions", and said description, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31184

EXHIBIT "N-15"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to locate, construct, improve and maintain the Redwood Interchange Section of the Redwood, Pacific and Williams Secondary Highways; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highways shall be located, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "N-15" (Cont)

WHEREAS, for the purpose of locating, constructing, improving and maintaining the said highways as throughways, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highways should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the location, construction, improvement and maintenance of the said Redwood Interchange Section of the Redwood, Pacific and Williams Secondary Highways as throughways, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said Redwood, Pacific and Williams Secondary Highways and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the location, construction, improvement and maintenance of the said Redwood Interchange Section of the Redwood, Pacific and Williams Secondary Highways and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "N-15" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interest of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1082.

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1082, under the heading "Real Property Condemnation Resolutions", and said description, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "N-16"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways. and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any Section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Lyle Gap-Madras Unit of the Willowdale-Madras Section of The Dalles-California Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediate-

ly needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted; it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of the said Lyle Gap-Madras Unit of the Willowdale-Madras Section of The Dalles-California Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated The Dalles-California Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Lyle Gap-Madras Unit of the Willowdale-Madras Section of The Dalles-California Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real

property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1083.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1083, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "N-17"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Bank Freeway Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "N-17" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "N-17" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1084.

---

* FOOTNOTE

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1084, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "N-18"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Wilderville-Grants Pass Section of the Redwood Highway, and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law, and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "N-18" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Wilderville-Grants Pass Section of the Redwood Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Redwood Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Wilderville-Grants Pass Section of the Redwood Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "N-18" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1085.

EXHIBIT "N-19"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Canyon City-Sheep Gulch Unit, Canyon City-Seneca Section of the John Day-Burns Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Canyon City-Sheep Gulch Unit, Canyon City-Seneca Section of the John Day-

EXHIBIT "N-19" (Cont)

Burns Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated John Day-Burns Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Canyon City-Sheep Gulch Unit, Canyon City-Seneca Section of the said John Day-Burns Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein, that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1086.

EXHIBIT "N-20"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocated, construct, improve and maintain the McMinnville Airport-Dayton Junction Section of the Three Mile Lane Secondary Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "N-20" (cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes, 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the McMinnville Airport-Dayton Junction Section of the Three Mile Lane Secondary Highway will be relocated, constructed or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951; and

WHEREAS, it is the judgment of the Highway Commission that those properties to which Oregon Revised Statutes 374.405 apply should have such rights of access as may be permitted properly defined.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said McMinnville Airport-Dayton Junction Section of the Three Mile Lane Secondary Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any

EXHIBIT "N-20" (cont)

nature between the right of way of the said relocated Three Mile Lane Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said relocated Three Mile Lane Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be defined as to location, width, nature and extent. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired for right of way prior to May 12, 1951.

4. That the relocation, construction, improvement and maintenance of the said McMinnville Airport-Dayton Junction Section of the Three Mile Lane Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

5. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

6. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

7. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1087.

EXHIBIT "N-20" (cont)

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1087, under the heading "Real Property Condemnation Resolutions", and said description, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture or road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public, and

WHEREAS under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Bank Freeway Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immedi-

EXHIBIT "N-21" (Cont)

ately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described on the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such pro-

EXHIBIT "N-21" (Cont)

ceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1137.

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Pacific Highway West; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "N-22" (Cont)

WHEREAS, for the purpose of widening, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Pacific Highway West, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved Pacific Highway West and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improvement and maintenance of the said Pacific Highway West and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "N-22" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 22nd day of January, 1959, as Condemnation Resolution No. 1138.

* FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1138, under the heading "Real Property Condemnation Resolutions , and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "O"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, pursuant to ORS 366.345, the State Highway Commission may acquire by purchase, agreement, donation or the exercise of the power of eminent domain, real property or any right or interest therein deemed necessary for the culture of trees, the acquisition of state parks, the preservation of scenic places or other objects of attraction or scenic value; and

WHEREAS, W. B. Nelson is the owner of a certain parcel of property located in Lincoln County as hereinafter described and desires to donate said parcel of property to the State Highway Commission for park purposes; and

WHEREAS, said parcel of land is ideally situated for a state park because of its scenic beauty and geographical location and the establishment of a state park therein will contribute to the general welfare of the people of the state and members of the motoring public, it is the judgment of the State Highway Commission that it should accept said parcel of land for park and scenic purposes;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the real property, located in Lincoln County, Oregon and donated to the State Highway Commission by W. B. Nelson and described as follows, to wit:

> That part of U.S. Lot 8, of Section 28, Township 13 South, Range 11 West, W.M., lying South of the Southerly right of way line of the Waldport-Corvallis Highway and East of the Eckman Slough County Road, in Lincoln County, Oregon, containing 2.0 acres, more or less.
>
> Together with that portion of the tidelands adjacent thereto as conveyed by deed recorded in Book 57, Page 272, Deed Records of Lincoln County.

is hereby accepted by this Commission and designated as the "W.B. Nelson State Park".

2. Miscellaneous Resolution No. 125 recorded in the minutes and records of this Commission as of the 19th day of January, 1955, is hereby amended by adding to a list of state parks therein, the "W. B. Nelson State Park".

3. That this resolution be entered in the minutes of this Commission as Resolution No. 125-i this 22nd day of January, 1959.

31210

EXHIBIT "P"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, pursuant to ORS 274.070 ownership of the shore of the Pacific Ocean between ordinary high tide and extreme low tide from the Columbia River on the North to the California-Oregon border on the South, except for certain portions described in said statute, is vested in the State of Oregon and public highway, and

WHEREAS, pursuant to ORS 274.090, upon the recommendation or approval by any city council of a municipality contiguous to any portion of the ocean shore or beach declared to be a public highway under ORS 274.070, the State Highway Commission may establish areas and zones along the ocean shore wherein there shall be no travel by motor vehicles or landing of any aircraft except for emergency landings, and

WHEREAS, on the 13th day of January, 1959, the Common Council of the City of Rockaway, Tillamook County, Oregon, passed a resolution whereby the Common Council requested the State Highway Commission to establish an area and zone on the ocean shore along the entire western boundary of the city limits of the City of Rockaway wherein there shall be no travel by motor vehicles or the landing of aircraft, except for emergency landing, and

WHEREAS, it is the judgment of the State Highway Commission that the best interest of the public shall be served by establishing said area and zone,

NOW, THEREFORE, BE IT AND IT HEREBY IS ORDERED AND RESOLVED by this Commission as follows:

1. That there shall be no travel by motor vehicles or the landing of any aircraft, except for emergency landing, in an area along the beach of the Pacific Ocean between ordinary high tide and extreme low tide, and extending from the North city limits of the City of Rockaway, Tillamook County, Oregon, to the South city limits of said city.

2. It is directed that the State Highway Engineer cause to be erected conspicuous signs or markers on and near the above described beach area affected by this resolution. The said signs shall set forth the restrictions as to the travel of motor vehicles and the landing of aircraft, as herein provided.

3. That this resolution and order be entered in the minutes of the Commission as Resolution No. 228, dated this 22nd day of January, 1959, and that duplicate originals of this resolution be mailed by the Secretary of the State Highway Commission to the Common Council of the City of Rockaway, Oregon, and the Superintendent of State Police.

EXHIBIT "Q"

Minutes of January 22 and 23, 1959

RESOLUTION

WHEREAS, under the provisions of ORS 366.345, the State Highway Commission is authorized to acquire real property or any interest therein for the development and maintenance of state parks by purchase, agreement, donation, or by the exercise of eminent domain; and

WHEREAS, pursuant to said statute, the Highway Commission has acquired such real property located on the Snake River and the Oregon Trail Highway at the Baker-Malheur County Line for the development of a state park; and

WHEREAS, said property is desirable for a state park because of its scenic beauty and geographic location, and establishihg a state park therein will contribute to the general welfare of the people of this state and the motoring public; and

WHEREAS, the Highway Commission officially listed all state parks by a prior resolution;

NOW, THEREFORE, BE IT AND IT HEREBY IS ORDERED by this Commission as follows:

1. That the following real property as hereinafter described is designated as the Farewell Bend State Park:

Beginning at the Section Corner Common to Section 32 and 33, T. 14 S. R. 45 E., and Sections 4 and 5, T. 15 S., R. 45 E., of the W.M.; thence West along the Township line 57 feet, more or less to the East right of way line of U.S. Highway No. 30; thence following said highway right of way line in a Northwesterly direction 2600 feet, more or less, to the intersection with the Southerly line of an Oregon State Highway Department stock pile site; thence following the boundary of said stock pile site, (S. 72° 39½' W., 382.8 feet; thence N. 10° 12' E., 135.5 feet; thence N. 80° 13' W., 162.1 feet; thence N. 37° 48' W., 144 feet, more or less), to its intersection with the East and West Center line of Section 32; thence East, along said Center line 330 feet, more or less, to the ¼ Corner Common to Sections 32 and 33; thence S. 2° 48' E., 136.17 feet; thence N. 62° 02½ E., 295.06 feet; thence N. 70° 14' E., 318.72 feet; thence N. 75° 32' E., 390.47 feet; thence N. 80° 37' E., 333.44 feet; thence N. 61° 49' E., 479.45 feet; thence S. 63° 18' E., 355.28 feet; thence S. 33° 07' E., to the West bank of the Snake River; thence following said West bank of the Snake River in a Southwesterly direction to its intersection with the South line of Section 33,

EXHIBIT "Q" (Cont)

T. 14 S., R. 45E., W. M.; thence following South line of Section 33, West to the point of beginning all in Baker, County, Oregon.

2. Miscellaneous Resolution No. 125, recorded in the minutes and records of this Commission as of the 9th day of January, 1955, is hereby amended by adding to the list of state parks, the Farewell Bend State Park.

IT IS FURTHER ORDERED that this Resolution No. 125-h be entered in the minutes and records of the Oregon State Highway Commission as of the 22nd day of January, 1959, and the Secretary is ordered to mail a duly certified copy hereof to the County Court of Baker County, Oregon.

Salem, Oregon
March 5, 1959

The Oregon State Highway Commission met in regular session at 10:00 a.m. in Room 418 of the State Highway Building in Salem. Present were:

M. K. McIver, Chairman
Robert B. Chessman, Commissioner
Kenneth N. Fridley, Commissioner
W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
L. I. Lindas, Chief Counsel
Geo. E. Rohde, Assistant Counsel
Walter Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Floyd Query, Secretary

The Commission approved the minutes of the meeting held January 22 and 23, 1959.

The Parks Superintendent reported on the following park matters:

Study of recreation features in Clackamas County: The Parks Superintendent stated that the study conducted by the State Parks Department shows that Clackamas County has many recreational developments by the Forest Service and others, and appears to be well served with park facilities. However, there are no state parks in Clackamas County. A report on the study has been presented to the Parks Advisory Committee who will consider it at their next meeting which is scheduled for March 13. In preliminary discussion with the Advisory Committee, he continued, they have indicated that development of park facilities at Elk Rock Island in the Willamette River near Milwaukie might be desirable. The Commission accepted the report.

Report on request for establishment of camps in state parks for the use of MacLaren School boys while performing work in state parks: The Parks Superintendent stated that as requested by the Commission at its last meeting, a conference had been held with Mr. Amos Reed, Director of MacLaren School for Boys, and Mr. Arthur Handly, Assistant Secretary of the State Board of Control, to attempt to work out a satisfactory arrangement for use of the boys in state parks. He presented an analysis of costs on park projects in which comparisons could be made showing the cost of performing such work with regular forces and by using the boys. In the 18 types of work in which comparisons had been made, it was found that the boys performed to best advantage on the unskilled and lighter types of work. On jobs such as ground clearing, installing culverts and other heavy work, the cost

was much higher when performed by the boys. On all types of work considered in the analysis, it was found that performing this work with the MacLaren boys would cost $4,002 a year more than if performed with state or contract forces. Chairman McIver inquired as to whether use of the boys' labor in state parks work, without providing housing, could be justified on the basis of use of gas tax funds. The Parks Superintendent replied that it would depend on the type of work involved and he pointed out that the boys had showed up favorably cost-wise in such items as planting grass and trees and construction of fences and tables. Commissioner Fridley inquired if the Commission could legally provide housing for the boys in state parks. The Chief Counsel replied that it appeared that such housing would be legal only if it could be shown that the total cost of the work being performed by the boys, including housing, was less than by contract or state forces. After some further discussion, the Commission instructed the Engineer, the Parks Superintendent and Chief Counsel to analyze the matter carefully and submit a report to the Commission as to how far the Commission can go legally in expending gas tax funds in the use of the boys in state parks and the providing of housing facilities for the boys.

Proposed donation by the Portland Women's Forum of a small area on Chanticleer Point for park purposes on the Scenic Route of US 30 about one mile west of Crown Point: This area, the Parks Superintendent stated, is an historical spot, it being the site of the old Chanticleer Inn. In giving the land to the State the Women's Forum has requested that it be named "The Portland Women's Forum State Park"; that a marker similar to that used for other state parks be installed; and that the Forum retain the right at a future date to place a bronze memorial plaque in the park showing the names of the life members of the Forum. Following the Parks Superintendent's favorable recommendation the Commission accepted the park area with the conditions as presented by the Parks Superintendent, and thereupon adopted the attached resolution relative thereto marked Exhibit "K", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Request of Columbia Gorge Commission for the purchase of 46 acres of land immediately north and east of Crown Point at a cost of $4,625 in Section 30, Township 1 North, Range 5 East in the Thors Heights addition: This property, the Parks Superintendent stated, has been appraised at $5,705, and he recommended that it be purchased for the sum of $4,625. The Commission approved the purchase.

Proposed gift from Lane County of 0.84 acre on the south edge of the Joaquin Miller State Park near Florence: The property being offered, the Park Superintendent stated, acts as an indentation in the boundary of the existing park and acquisition of it would help straighten the property lines and eliminate some fire hazards. Upon his favorable recommendation, the Commission accepted the property.

Report on request of Governor's State Committee on Children

and Youth regarding establishment of a section in the Parks Department as an advisory group to local, city and county agencies on park matters: The Parks Superintendent pointed out that the matter has been presented to the Legislature several times in the past and each time has been turned down, the opposition stemming chiefly from the fact that it meant the creation of an additional commission or department. A delegation, he stated, is scheduled to appear before the Commission on the following day and they understand that highway funds cannot be used in the project they are requesting. Action was deferred pending appearance of the delegation.

Report on salvage timber sale and timber trespasses in state parks during 1958: A written report was presented by the Parks Superintendent showing timber sales in the amount of $1,233.50, and that efforts are being made to collect $1,365 for timber cut illegally by F. C. Hathaway in the John B. Yeon State Park. The Commission accepted the report.

Report on quarry site at Neahkahnie Mountain along US 101: The Parks Superintendent stated that numerous protests had been received from local people against construction of a crushing plant as such construction would deface the side of the mountain. The area consists of approximately 40 acres of untimbered hillside adjoining the south line of Neahkahnie Mountain Park. The owner has asked $25,000 for the property, however, an appraisal by the Highway Department Appraisal Section indicated a value of $11,000. There appears to be no legal way to forestall the construction of the crushing site, he continued, except that the property be acquired by the state. As the cost of acquiring the property appears to be considerably in excess of the value of the land for park purposes, he recommended that it be not acquired. The Commission deferred action pending appearance of a delegation on the following day. (No committment was made when the delegation appeared.)

Proposed purchase of 48 acres of timber land from State Board of Forestry adjoining Seneca Fouts State Park in Hood River County: The Parks Superintendent explained that the property is joined on three sides by the state park and fits into the over-all plans for the park. The area has been checked as to the value of the timber and the land, and the price of $3,300 asked by the State Board of Forestry is reasonable. He also mentioned that the Columbia Gorge Commission favors purchase of this tract. Following his favorable recommendation the Commission approved the acquisition.

Proposed 50-year agreement with US Bureau of Reclamation covering development and use of land at Unity Reservoir in Baker County: The Parks Superintendent explained that the tract consists of approximately 30 acres on the south side of the reservoir. Under the terms of the license agreement the Commission administers the area subject to approval of the National Parks Service and the Bureau of Reclamation. The agreement provides also that the Commission may operate concession privileges and contains a clause providing for

termination six months after written notice has been given by any party to the agreement. The Commission deferred action. (Later in the day the agreement was approved.)

Report of parks study on area north of Coquille River and on the ocean in Coos County: This area, the Parks Superintendent stated, consists of approximately 1,400 acres, about half of which is under federal ownership. Approximately 90 per cent of the acreage consists of sand dunes, beach grass and waste land. The old Coquille lighthouse, he continued, is located on the extreme south end of the property and the lighthouse tower still stands. He recommended that the Commission authorize negotiation to acquire a parcel of land (40 - 50 acres) immediately west of Bullards Bridge, which would include two homes and sufficient area for day use and car parking space for those who wished to use the sand dunes and the beach. He pointed out that the acquisition of the old lighthouse is dependent upon its being made available by the federal government. The Commission authorized negotiations to acquire the initial parcel west of Bullards Bridge and also approved the name of the park as "Bullards Beach State Park".

Report regarding development of a park area at the mouth of the John Day River in cooperation with the Army Corps of Engineers: The Parks Superintendent explained that the study is a preliminary report and indicates possible use of either side of the John Day River for recreation purposes. It was his feeling that first developments should be on the west side, with access near the west end of the John Day River bridge. The cost of the development is approximately $400,000 and the Corps of Engineers has suggested that the Commission pay half of this cost. Although the area will not be available for recreation purposes for about ten years, it is necessary to decide at an early date on the means of access to fit in with highway construction plans. The Engineer explained that the Army Engineers have suggested development on both sides of the river, and have $400,000 available. They indicated that they would develop the east side, and have asked that the state develop the west side. He also commented that of the total cost of $800,000 on both sides, $700,000 is needed for access facilities to the Columbia River Highway. Commissioner Fridley inquired as to what cooperation the Bureau of Public Roads would provide. The Engineer was requested to determine the Bureau's attitude in this matter and present a report to the Commission at the April meeting, or the meeting following.

Out-of-state travel authority for R. C. Dunlap, Parks Planning Supervisor: The Parks Superintendent recommended and the Commission granted authority for Mr. Dunlap to attend the meeting of the Columbia Basin Inter - Agency Sub-Committee on Sanitation Standards in Spokane, Washington, March 26, 1959, at an estimated cost of $65.

Report on controversy with E. A. McMullin concerning use of

a road across Tumalo State Park: The Parks Superintendent outlined briefly that Mr. McMullin had constructed a new road across the park without permission. To control use of the road across park property a permit had been prepared and forwarded to Mr. McMullin for signature. The matter was discussed with him at various times and the permit had been re-written to conform with ideas suggested by McMullin; however, he still refused to sign the permit, and in late November the road was blocked. A petition containing about 300 signatures was presented to Representative J. Pat Metke of Deschutes County objecting to the road closure. The Chief Counsel commented that former County Judge Allen informed him that the old road had been used for many years before the state obtained the land and therefore the users may have a prescriptive right in its use. To avoid embarrassment in the matter he stated that the barricade had been removed. Chairman McIver inquired if the right to use the old route gave the users the right to change it whenever they wished. The Chief Counsel replied that such right might be retained if the changes in route were minor but no prescriptive rights could accrue against the state. Commissioner Fridley asked if the routing of the road could be made a matter of deed record, to which the Chief Counsel replied that in his opinion the new route or section of the road could be deeded to the public. The Commission instructed the Chief Counsel to take such action as is necessary to deed the new route to the public, provided no right is given to use the old road.

Request of Aurora Centennial Corporation to hold a pageant at Champoeg State Park in May, 1959: The Parks Superintendent stated that a delegation will appear before the Commission on the next day concerning a pageant depicting voting which supposedly took place on May 2, 1843 to form a state government. The delegation also may ask the Commission for authority to make a small charge to defray the costs of presenting the pageant. Action was deferred pending appearance of the delegation.

The Parks Superintendent also stated that a request had been received from the Oregon Coast Association for studies relative to the value of state parks to communities, and whether they compete with hotels and motels. The matter, he continued, was discussed with a member of the staff of the Natural Resources Section of Oregon State College, and it appears feasible to have the study made by students in writing their theses. Although the matter has not been investigated enough to make a definite recommendation, he stated that it appeared the total cost would be about $1,500. The Commission granted his request for authority to investigate the matter further.

Legislative actions pertaining to state parks were also mentioned by the State Parks Superintendent. A bill, he stated, is to be introduced which would request that the State Highway Commission acquire the site occupied by the Jason Lee Mission in Mission Bottom near the Willamette River about 11 miles north of Salem. The value of this site, he stated, is largely historical and it would not fit into the parks system.

He also called attention to a joint resolution submitted in the

Oregon Legislature pertaining to the acquisition by the Highway Commission of Sea Lion Caves on the Oregon Coast, on the basis that it be operated as a concession, it being anticipated that the operation would be self-sustaining. The proposed resolution asks the Commission to make a study of the Sea Lion Caves proposal.

The Right of Way Engineer presented for consideration options secured for acquisition of real property that is needed for state highway right of way or for other purposes. After giving careful consideration to the individual options as presented, the Commission approved closing the options at the prices mentioned therein by adopting the attached resolution relative thereto marked Exhibit "A", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Commission requested the Right of Way Engineer to keep a record of persons who are unable to move, particularly in the Albina district in Portland. This is in connection with purchase of right of way for the East Bank Freeway section of the Pacific Highway.

The Right of Way Engineer also presented an option covering the Northwest Ice and Cold Storage Plant, File Nos. 28364 and 28372. He explained that the option for $931,150 based on two appraisals by Draper and Kolberg expires March 10, 1959. However, an agreement has been secured for a 30-day extension. He pointed out that the Bureau of Public Roads wants further substantiation of the appraisals and possibly an additional appraisal. One of the areas of contention with the Bureau of Public Roads is whether or not there is a betterment involved in the restitution of the cold storage plant. Upon his favorable recommendation, the Commission approved the option, provided the Right of Way Engineer can obtain concurrence of the Bureau of Public Roads prior to the expiration of the option.

On the flip of a coin by the Engineer, the W. D. Miller Construction Co., Klamath Falls, was awarded the Hayden Mtn. -Keno Rock Production Project in Klamath County, in the amount of $32,500, on which project bids were received March 3, 1959. This action was taken as result of a tie bid between W. D. Miller Construction Co. and Dolan Construction Co., Tillamook. Mr. Dolan of the Dolan Construction Co. was present.

In connection with the options presented, the Right of Way Engineer pointed out that on Pages 10, 16, and 27 of the list of options covering park property, File Nos. 29279, 29255 and 28482 were not included in authority previously granted by the Commission to secure right of way. The Commission granted authority to acquire the right of way.

The Property Manager's Monthly Report showing rental receipts for the month of January, 1959, in the amount of $9,578.74,

and for February, 1959, in the amount of $7,956.49, was presented by the Right of Way Engineer. He also presented a report showing miscellaneous sales in the amount of $22,196.00 made since the last Commission meeting. The Commission accepted the reports and instructed the Right of Way Engineer to expedite the sale of excess property as much as possible, and report to the Commission on parcels which are difficult to sell.

Sale of three parcels of right of way to adjacent property owners was recommended by the Right of Way Engineer. He pointed out that these parcels have been determined by field engineers as excess properties no longer needed for highway purposes. The properties have been carefully appraised and the proposed selling prices, he stated, are in line with the real value of the properties. The Commission authorized the sale of the following properties:

(a) 700 sq. ft. of land on the relocated Albany Section of the Pacific Highway East in Linn County, File No. 6388- L-1170, to Donald W. Densmoor for the sum of $200.

(b) 0.08 acre of land on the Rowena-The Dalles Section of the Columbia River Highway in Wasco County, File No. 17464, to Arthur A. Dewey, for the sum of $400.

(c) 4,300 sq. ft. of land on the Florence-Glenada Section of the Oregon Coast Highway in Lane County, File No. 1177, to E. Stuart Johnston, for the sum of $500.

Authorization was requested by the Right of Way Engineer to offer for public sale properties which are no longer needed for highway purposes. The following properties, he stated, have been carefully appraised to determine the values as shown:

(a) 0.27 acre of the former Canning property, File No. 18855, on the Banfield Expressway in Multnomah County, for a minimum consideration of $1,000, with one point of access for residential or private use. See Exhibit "B-1".

(b) 0.5 acre of the former Harper property, File No. 979, on the Woodburn-Brooks Section of the Pacific Highway in Marion County, for a minimum consideration of $200, with access to the old highway.

(c) 27.15 acres of the former Thompson property, File No. 22122, on the Ilahee-North Jefferson Junction Section of the Pacific Highway in Marion County, for a minimum consideration of $8,000. See Exhibit "B-2".

(d) Parcel A - 12,000 sq. ft., for a minimum consideration of $3,600, with access to N. E. Hassalo Street only; Parcel B - 11,761 sq. ft., for a minimum consideration of $3,530, with no access restrictions. The former Swarts property, File No. 14721, on the 39th Avenue-102nd Avenue Section of the Banfield Expressway on the Columbia River Highway in Multnomah County. See Exhibit "B-3".

(e) 2,550 sq. ft. of the former McKern property, File No. 21900, on the Frontage Road-McLoughlin Boulevard Section of the Pacific Highway East in Clackamas County, for a minimum consideration of $650, with no access to the street.

(f) 1.1 acres of the former Lynch property, File No. 23848, on the Hillsboro-One Way Street Section of the Tualatin Valley Highway in Washington County, for a minimum consideration of $10,000, with two access points to the eastbound highway and two access points to the westbound highway. See Exhibit "B-4".

(g) 5,475 sq. ft. of the former Ransdell property, File No. 21004, on the Harbor Drive-Barbur Boulevard Section of the Pacific Highway in Multnomah County, for a minimum consideration of $10,000, with no access to the Pacific Highway as property has access to a street. See Exhibit "B-5".

(h) 2,540 sq. ft., File No. 5224, on the Springfield Section of the McKenzie Highway in Lane County, for a minimum consideration of $1,000. See Exhibit "B-6".

The Commission authorized sale of the properties by adopting the attached resolutions relative thereto marked Exhibits "B-1" through "B-6" which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

The Commission considered a Right to Use Cable Easement and Waiver of Access Agreement with the Pacific Telephone and Telegraph Company, located on the Albany-Judkins Point Section of the Pacific Highway in Linn County. The Right of Way Engineer stated that the agreement provides relinquishment of access to an existing Pacific Telephone and Telegraph Company coaxial cable easement and the substitution of an alternate mode of access within the state highway right of way. The Commission approved the agreement.

The Right of Way Engineer presented for Commission consideration a Consent to Execution of a Sublease permitting Mrs. Catherine A. Ruth to sublease land on the Broadway-Franklin Boulevard Section of the Pacific Highway in Lane County to Mack Trucks, Inc., for the period of February 1, 1959 to November 14, 1960, it being expected that the property will be sold after that date. He explained that the Commission entered into a lease on November 10, 1950, with Mrs. Ruth, one of the conditions being that the lessee would not assign this lease or sublet the premises without the previous consent of the State. Upon his favorable recommendation, the Commission approved the sublease.

Changes in location of existing points of access were presented by the Right of Way Engineer. He explained that in each instance no additional access is being granted, simply a change in location for convenience of the property owner and safety of the traveling public. Upon his favorable recommendation, the Commission approved the following indentures of access.

(a) Bergren property, File No. 18417, on the Medford County Farm Section of the Pacific Highway in Jackson County, change of width

from 25 feet to 40 feet.

(b) Hail property, File No. 12834 - L-2756, on the Hinsdale Slough-Luder Creek Section of the Umpqua Highway in Douglas County, change in location.

The Commission gave attention to a Trust Agreement with the Bonneville Power Administration. The Right of Way Engineer explained that this agreement covers raising of four towers at an estimated cost of $3,400 on the Administration's Big Eddy-Troutdale Line to accommodate highway construction on The Dalles-Eight Mile Creek Section of The Dalles-California Highway in Wasco County. The Commission accepted his recommendation that the agreement be approved, which requires a deposit of $3,400 with the Bonneville Administration to cover cost of the changes.

Consideration was given by the Commission to a permit to construct a fence on right of way across government lands on the Post - Lost Creek Section of the Paulina Highway in Crook County. The Right of Way Engineer stated that Mr. Roscoe R. Knox has grazing rights on this land and has requested permission to construct a fence across government lands leased by him within 50 feet on either side of the highway center line. This is with the understanding that if the state ever decides to acquire additional land, Mr. Knox will move the fence. Following his favorable recommendation, the Commission approved the permit.

The Chief Counsel presented to the Commission a list of properties needed for the uses indicated therein. Right of way maps and other data were submitted to the Commission. He requested the Commission by resolution to declare the necessity of said properties for the special use to which they are to be put and to authorize the Legal and Right of Way Division to attempt to agree with the owners of said properties as to price, and in the event of disagreement, to proceed to acquire such properties by condemnation. After careful consideration, the Commission granted authority to condemn, if necessary, the parcels of property as presented by the Chief Counsel and thereupon adopted the attached resolutions relative thereto marked Exhibit "J-1" to "J-21", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

(For details concerning these properties, see the Chief Counsel's "Recommendations for Condemnation", dated March 5 and 6, 1959, filed in the Secretary's office under the heading "Right of Way Resolutions, Condemnations and Report of Offers".)

A report was presented by the Chief Counsel concerning cases which have been tried in court since the last Commission meeting. Concerning the Morehouse Holding Company case, L-2871, the Commission

approved his request to appeal the case to the Supreme Court on the basis that the lower court's instructions had been prejudicial. He also mentioned briefly the Kernan Livestock Farm Co. case for damages because of the Vanport flood. This case was thrown out of court. Forty-one other cases are affected and if tried, will have to be appealed. The Commission accepted the report which is summarized as follows:

REPORT OF CONDEMNATION CASES TRIED
January 22, 1959 to March 5, 1959

Case	County	Highway	Section	State's Offer	Defendant's Demand	Verdict Judgment
L-3081 R-27757 Don W. Brummer, et ux.	Crook	Paulina	Post-Lost Creek	$ 1,400	$ 1,400	$ 1,400.

March 5, 1959

February 27, 1959 and March 3, 1959, entitled "Report of Condemnation Cases Settled" in the General Files in Salem.)

The meeting was recessed at 12 noon and reconvened at 2 p.m. at the same place with the same persons present and participating.

The Chief Counsel reported orally on cases which are pending in court. He mentioned briefly that the Katie Moore case concerning a fence in Wolf Creek on Pacific Highway is set for trial April 28, 1959. The Salway case in Lincoln County is set for trial May 28, 1959. The Woody Smith trial involving some signs over state highways was concluded last week, and a case involving moving of utilities in Klamath Falls is scheduled to be filed Monday, March 9. The Commission accepted the report.

A written report was submitted by the Chief Counsel on offers made to the owners of real property prior to the institution of condemnation proceedings as follows:

East Bank Freeway Section of the Pacific Highway

R-28262 - Charles Woodard Storz, et ux. 7,500 sq. ft. for right of way purposes. Offer of $12,000 approved by Mr. McIver January 22, 1959.

R-28266 - Eleanor Clapper, et al. 5,000 sq. ft. for right of way purposes. Offer of $8,750 approved by Mr. McIver February 16, 1959.

R-28280 - Julien A. Thompson, et al. Parcel No. 1: 5,100 sq. ft. for right of way purposes; and Parcel No. 2: 2,000 sq. ft. for temporary easement for detour road. Offer of $25,000 approved by Mr. McIver February 19, 1959.

Willowdale-Madras Section of The Dalles-California Highway

R-26879 - R. W. Beasley, et al. Parcel No. 1: 1.4 acres for right of way purposes; and Parcel No. 2: 0.22 acre for permit of entry. Offer of $1,030 approved by Mr. Fridley February 9, 1959.

R-26881 - J. Lester Horigan, et al. Parcel No. 1: 3.6 acres for right of way; Parcel No. 2: 0.25 acre for permit of entry; and Parcel No. 3: 0.14 acre for permit of entry. Offer of $3,365 approved by Mr. Fridley February 9, 1959.

Deadmans Pass-Meacham Section of The Old Oregon Trail Highway

R-27917 - Layton L. Mann, et al. 6.0 acres for right of way purposes. Offer of $3,450 approved by Mr. Fridley February 11, 1959.

Deadmans Pass-Meacham Section of the Old Oregon Trail Highway (cont.)

R-27919 - Augusta Heidrich, et vir. 2.45 acres for right of way purposes. Offer of $150 approved by Mr. Fridley February 11, 1959.

Lake Road - Oregon City Section of the Cascade Secondary Highway

R-28771 - J. W. McDowell, et ux. 0.11 acre for right of way purposes. Offer of $1,450 approved by Mr. McIver January 29, 1959.

R-28935 - William B. Hoffman, et al. 0.94 acre for right of way purposes. Offer of $9,000 approved by Mr. McIver January 22, 1959.

Canyon City-Sheep Gulch Unit, Canyon City-Seneca Section of the John Day - Burns Highway

R-28354 - Frank Short, et ux. 1.6 acres for right of way purposes. Offer of $500 approved by Mr. Fridley February 2, 1959.

R-28356 - Ned Smith, et ux. 0.7 acre for right of way purposes. Offer of $1,665 approved by Mr. Fridley January 28, 1959.

Corvallis City Section of the Corvallis-Newport Highway

R-27419 - Hugo M. Krueger, et ux. 1.0 acre for right of way purposes. Offer of $14,500 approved by Mr. McIver January 22, 1959.

North Yamhill River Section of the Pacific Highway West

R-28592 - Esther Clemmens, et vir. 0.1 acre for right of way purposes. Offer of $500 approved by Mr. McIver January 16, 1959.

Meda Section of the Little Nestucca Secondary Highway

R-28924 - Walter C. Bodyfelt, et al. 2.82 acres for right of way purposes. Offer of $5,900 approved by Mr. Chessman January 28, 1959. On January 15, 1959, Mr. Chessman approved an amount of $5,000. This increase is due to revised appraisal.

Cascade Locks-Viento Section of the Columbia River Highway

R-28711 - Charles Richard Woodward, et ux. 1.0 acre for right of way purposes. Offer of $190 approved by Mr. Fridley February 9, 1959.

Baker-Pleasant Valle Section of the Old Oregon Trail Highway

R-28053 - John Robert Emmert, et al. Parcel No. 1: 5.60 acres (net) for right of way purposes; Parcel No. 2: 1.7 acres for right of way purposes; Parcel No. 3: 8.9 acres for right of way purposes; Parcel No. 4: 0.4 acre for excess taking; and Parcel No. 5: 0.184 acre for right of way purposes. Offer of $175 approved by Mr. Fridley February 12, 1959.

Cascade Locks By-Pass Section of the Columbia River Highway

R-27454 - John D. O'Neil, et ux. 8,000 sq. ft. for right of way purposes. Offer of $3,460 approved by Mr. McIver February 16, 1959.

R-29268 - Ella O. Lawson. Parcel No. 1: 3,350 sq. ft. for right of way purposes; and Parcel No. 2: 1,650 sq. ft. for excess taking. Offer of $4,240 approved by Mr. McIver March 3, 1959.

The Commission approved the offers.

The Chief Counsel submitted a written report on PUC matters in which the State Highway Commission has been a party, summarized as follows:

PUX 285: Application of Southern Pacific Company for authority to construct an industrial spur track at grade across the Lake County Stock Road in Lake County, Oregon. This crossing is not located on any highway under the jurisdiction of the State Highway Commission and no objection was made. After a hearing the application was granted.

PUX 300: Application of the City of Pendleton covering the installation and maintenance of electrically - operated warning signals on S. W. Court Place in the City of Pendleton. This crossing is not on any street under the jurisdiction of the State Highway Commission and no objection was made. After a hearing the application was granted.

PUX 301: Application of the City of Prineville for authority to construct an industrial spur track at grade across a road known as Lamonta Road in Crook County. This crossing is not on any road under the jurisdiction of the State Highway Commission and no objection was made. After a hearing the application was granted.

PUX 304: Application of Southern Pacific Company for authority to construct an industrial spur track at grade with Seavey Road in Benton County, Oregon. This crossing is not on any road under the jurisdiction of the State Highway Commission and no objection was made. After a hearing the application was granted.

PUX 311: Application of Valley & Siletz Railroad Company for authority to construct an industrial spur track at grade across Polk Street in the City of Independence, Polk County, Oregon. This crossing is not on any street under the jurisdiction of the State Highway Commission and no objection was made. After a hearing the application was granted.

Under authority previously granted, the Chief Counsel reported that he had hired Mr Anthony Viducich who had commenced to work on March 2 at a salary of $480 per month. He reported that a few days prior he received the resignation of Mr. Donald Stark who has been employed as an attorney since August 1, 1956, and is now entering private practice in Portland. An application, he continued, has been received from Mr. Lester W. Humphreys, Portland, an experienced trial attorney and well versed in condemnation law, and his hiring has been approved by the Attorney General. The Commission approved his recommendation that Mr. Humphreys be hired at a salary of $655 per month effective March 2, 1959.

A form of Release was presented by the Chief Counsel in which the Butler Contracting Company, Inc. request relief on a bond obtained from Maryland Casualty Company in connection with a permit for the installation of a sewage pipeline for the City of Independence along right of way of the Monmouth-Independence Highway. He explained that payment has been made to the state in the sum of $74.48 and in most cases a Release signed by himself would have been satisfactory, but in this case the contractor requested that the Release be signed by the Commission. Upon his favorable recommendation the Commission approved and later signed the Release.

Attention was given to a request from the City of Independence for extension of its boundaries on the westerly side of the city, involving a portion of the Monmouth-Independence Primary Highway. The Chief Counsel stated that the proposed annexation would not be harmful to the State and he recommended that the Commission consent to the annexation of a portion of the Monmouth-Independence Highway within the City of Independence. The Commission approved the recommendation and thereupon adopted the attached resolution relative thereto marked Exhibit "C", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Chief Counsel reported that the Highway Commission's insurance covering snow removal in the Columbia Gorge was cancelled on March 4 by Lloyds of London, W. C. Dyer & Sons, Salem, agents. He explained that the insurance had been in effect for a number of years whereby in certain sections of the Columbia Gorge the State was permitted to deposit snow upon the Union Pacific Railroad right of way, and in certain other sections the railroad was afforded a like privilege. As the notification time was short and the cancellation would be effective before the Commission meeting, he stated that comparable insurance had been secured for a one-year period. The Commission confirmed securing of the new insurance policy.

Damage claims to the property of Ben and Mary Ermence and Letha J. Johnson because of slides on the Baldock Freeway in Portland were reported by the Chief Counsel. He explained that during highway construction mud had washed onto the two properties during the winter rains. A settlement had been effected for the Ermence property in the sum of $200, and a settlement had also been agreed

upon in the amount of $500 for damage to the Johnson property. The Commission approved the settlements.

In the case of State vs. Bedingfield, the Chief Counsel reported that prior approval had been secured to settle the case but in arriving at this settlement, it had been agreed that the Bedingfields would use water from Buena Vista Wayside about two miles south of Gold Beach and an easement had been prepared to allow such use. The Commission approved the settlement and the easement.

The Commission discussed with the Engineer bids received on March 3. Award of the contracts was deferred until 3 p.m.

The Engineer reported that since the last Commission meeting he had awarded six contracts which had been referred to him by the Commission to award when certain conditions had been fulfilled. These conditions, he stated, have been fulfilled and he recommended that the Commission confirm his award of the following contracts:

(1) Grading the Grants Pass-Jackson County Line Section of relocated Pacific Highway, Josephine County. Bids received January 20, 1959. Contract awarded January 30, 1959 to Morrison-Knudsen Company, Inc., Boise, Idaho, low bidder.

(2) Grading, stone base and oiling the Meda Section of Little Nestucca Highway, Tillamook County. Bids received December 9, 1958. Contract awarded February 5, 1959 to F. E. Wilburn, Springfield, low bidder.

(3) Construction of Dodson Overcrossing, Multnomah County. Bids received January 20, 1959. Contract awarded February 13, 1959 to C. M. Corkum Company, Inc., Portland, low bidder.

(4) Construction of Votaw Undercrossing, Washington County. Bids received January 20, 1959. Contract awarded February 17, 1959 to Pacific Concrete Company, Portland, low bidder.

(5) Grading the Deadmans Pass-Meacham Section of Old Oregon Trail Highway, Umatilla County. Bids received October 21, 1958. Contract awarded February 17, 1959 to Rogers Construction Co., Portland, low bidder.

(6) Grading the Hood River-Shogren Section of the Columbia River Highway, Hood River and Wasco Counties. Bids received January 20, 1959. Contract awarded March 4, 1959 to Gibbons & Reed Company, Portland, low bidder.

The Commission confirmed award of the contracts.

The Engineer discussed briefly with the Commission a meeting he had attended in Astoria concerning proposed alternate US 101 routing south of Astoria. Two routes, he stated, have been considered, the Smith Point route involving a long bridge across Young's Bay, and the Lewis and Clark route. He commented that some of the Astoria citizens had questioned the benefit factor used in determining the benefits accruing to the traveling public, and had also questioned the estimate of grading costs. These matters, he stated, are being carefully re-checked in order to insure as much accuracy as possible. It was his opinion that a hearing concerning the two routes should be held in the near future, probably in April. He also commented briefly on some of the factors which tend to make the Lewis and Clark route the less costly of the two. The Commission authorized the Engineer to set a date for a hearing as soon as possible. (For additional details concerning the meeting in Astoria see the Engineer's letter to the Commission dated February 4 in the General Files in Salem.)

Reclassification of a section of the Hillsboro-Silverton Highway No. 140 between Newberg and St. Paul was considered. The Engineer reported that a test run had been made with appropriate equipment following completion of the new Willamette River bridge and the adjacent relocated section. The test run indicated that the section between Newberg and St. Paul can be reclassified from a Group III to a Group I status, and he so recommended. The Commission approved the recommendation.

Establishment of temporary construction speed zones was reported by the Engineer. These speed zones, he stated, were made effective to protect the traveling public through areas of highway construction. The Commission approved the following construction speed zones:

(1) Columbia River Highway, Hood River-Shogren Section, 35 miles per hour between M.P. 63.00 and M.P. 69.08, effective 3:30 p.m., February 4, 1959.

(2) Old Oregon Trail Highway, over the detour at the Idaho Avenue structure, on the Ontario-Idaho Line Section, from M.P. 418.12 to M.P. 418.75, 35 miles per hour effective 3:30 p.m., February 16, 1959.

The Commission considered the following items of unfinished business as shown on the Secretary's summary dated January 23, 1959:

Item 1. Request of Frank Van Dyke for a change in access restrictions on the Pittenger property approximately 1-1/2 miles south of Medford on US 99. The Engineer stated that the Pittengers have approved the plan and the conditions as outlined by the state, and access will be granted under the policy previously approved by the Commission. The Commission ordered this item deleted from the list of unfinished business.

Item 2. Request of Harney County Court to apply additional FAS funds on the Frenchglen Secondary Highway between Burns and The Narrows. The Engineer stated that the matter had been discussed with the County Court, and he suggested that the Commission use $85,000 of the County's FAS funds, supplemented with state matching funds and state FAS funds, to finance a project costing approximately $175,000 similar to the North Unit, Burns-Wrights Point project now under construction. The Commission approved the suggestion and authorized the Engineer to contact the County for their consent. This item is to be removed from the list of unfinished business.

Item 3. Request of Arthur M. Handly, Assistant Secretary, Board of Control, for housing facilities, additional pay and a definite agreement concerning use of boys from MacLaren School in state parks. This item is to remain on the list of unfinished business in connection with a report submitted earlier in the day by the Parks Superintendent.

An increase in the project authorization for Contract No. 5088 on the Dompier Creek Section of the Forest Boundary-Tiller Road in Douglas County was requested by the Engineer. He explained that the overrun was caused principally by change in alignment which increased excavation quantities. The Commission approved an increase in the amount of $10,969.50

The Engineer presented for the Commission's consideration several completed surveys for reconstruction and realignment of sections of state highways. These surveys, he stated, have been given careful engineering attention to provide the best possible highway facility commensurate with costs and required standards. The Commission approved the following surveys and thereupon adopted the attached resolutions relative thereto marked Exhibits "I-1" through "I-3", which resolutions by this reference are made a part hereof with like effect as though extended in full herein:

(1) John Day River Section of the Wasco-Heppner Highway in Sherman and Gilliam Counties. Drawing No. 1R-3-1231. (See Exhibit "I-1").

(2) Poker Creek-Mason Dam Section of the Sumpter Valley Highway in Baker County. Drawing No. 1R-5-1245. (See Exhibit "I-1").

(3) Forest Boundary-Haines Section of the Haines-Anthony Highway in Baker County. Drawing No. 1R-5-1232. (See Exhibit "I-1").

(4) Namorf-Harper Junction Section of the Central Oregon Highway in Malheur County. Drawing No. 1R-5-1251. (See Exhibit "I-2").

(5) Dodson-Cascade Locks Section of the Columbia River Highway in Multnomah and Hood River Counties. Drawing No. 1R-5-1255. (See Exhibit "I-3 ").

Consideration was given to the installation of an overhead school crossing sign with a flashing amber beacon at the crossing of the Oregon Coast Highway at 10th Street in the City of Coquille. The Engineer explained that a large number of students cross the highway at this point on school days, and he recommended that the installation be approved at an estimated cost of $450, with the understanding that the City of Coquille will furnish power to operate the installation and also provide future maintenance. The Commission approved the installation.

Authority was requested by the Engineer to pay to the City of Milwaukie an assessment for construction of sanitary sewers in the City of Milwaukie. Septic tanks have been used by the Highway Department. The assessment covers the state's share of the cost because of the Division office building in Milwaukie. He also pointed out that there will most likely be a later assessment on property acquired easterly of the Division office on which a maintenance building was constructed in 1958. Upon his favorable recommendation the Commission authorized payment of the sewer assessment in the amount of $1,782.

The Commission considered a letter from Mr. C. F. Campbell, Mayor of Brookings, requesting the Highway Commission to participate in constructing a frontage road along the northerly or easterly side of the Oregon Coast Highway near Macklyn Creek in the northerly part of Brookings. The Engineer pointed out that the frontage road is in an area in which there has been considerable discussion with Mr. Elmer Bankus over return of some excess right of way. He estimated that the cost to the state for the work proposed by the city would be approximately $50,000, and that the cost to the city would be approximately $6,500. It was his opinion that the project is not an obligation of the Highway Commission and he recommended that the request be denied. He also recommended that excess right of way parcels in this area be returned to the former owner, Mr. Elmer Bankus. The Commission approved his recommendations.

Attention was given to a proposal made by the Engineer to acquire additional ground adjacent to the existing highway quarters in the City of Baker. He explained that in the budget for 1959 there is an approved item for construction of an office building in Baker to house the Department of Motor Vehicles, Public Utility Commissioner, Department of State Police, and Highway Department personnel. Negotiations with the owner of the property disclosed that he would sell a parcel of approximately thirty acres for $6,500, or that he would sell a three-acre plot for approximately half the total amount. It was the Engineer's opinion that the entire acreage should be acquired and after the amount needed for state purposes is determined, that the balance

of the property be sold. The Commission approved purchase of the thirty-acre parcel.

The Commission considered a petition submitted by the Otter Rock Community Club requesting widening of the road leading from the Oregon Coast Highway to the Devil's Punch Bowl State Park. The Engineer pointed out that this is a state secondary highway with a light oiled surface and narrow width. The average daily traffic is 270 vehicles, and the car parking area in the Devil's Punch Bowl State Park is inadequate. Also, there is some question as to the width of right of way owned by the state. The Commission approved his suggestion that a survey be made to determine the right of way limits of the road, and to determine the cost and feasibility of improving the road, including cost of additional parking space for the park area.

A request from the Umatilla County Development Commission for the widening of narrow bridges on the Stanfield Junction-Hermiston Highway was discussed. The Engineer explained briefly that this is an old section of US 30 but it carries more traffic than the new section. Three bridges with a width of 19 feet, 4 inches are located on the section and within the last few days another fatal accident had occurred caused by a car striking the rail of one of the bridges. The three narrow bridges, he stated, can be widened to a width of 26 feet for an estimated cost of $24,000, and he so recommended. The Commission accepted his recommendation.

The matter of acquiring additional land to provide for expansion of the La Grande highway shops was brought up by the Highway Engineer. He presented a map indicating an area of 0.76 acre which can be acquired for the sum of $3,000. If this property is acquired, he stated, it is proposed to request the City of La Grande to vacate Jefferson Avenue and that portion of Box Elder Street abutting the newly acquired property which, when added to the area to be purchased, would provide a total of 1.25 acres. Chairman McIver inquired if the additional area would be sufficient to take care of expansion in the future. The Engineer stated that the 1.25 acres would be helpful but would not provide much space for future expansion. The Commission approved acquisition of the property and authorized necessary action to secure vacation of the streets. The Commission also instructed that an effort be made to secure additional suitable property.

At 3:00 p.m. Commissioner Chessman announced award of contracts on which bids had been received March 3, as follows:

BIDS RECEIVED IN SALEM ON MARCH 3, 1959

"Construction of Alsea River Bridge, Benton County. The Commission elects to accept the low bid of O. R. Kennen, Jr., Milwaukie, in the sum of $40,193 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Benton County is received and the sum of $8,050 is deposited by the County.

Bids Received in Salem on March 3, 1959 (Cont.)

"Grading, paving, and construction of a bridge on Goble Section of Columbia River Highway at Goble, Columbia County. The Commission elects to accept the low bid of Erland and Blickle Co., Portland, in the sum of $301,154.50, and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Bandon-Port Orford Rock Production Project on Oregon Coast Highway in Curry and Coos Counties. The Commission awarded the contract to the low bidder, Beckley and Thomas Rock Products, Roseburg, at $58,080.

"Grading and paving in Prairie City (Bridge Street and Upriver Road) in Grant County. The Commission rejected all bids as being too high.

"Kimberly-Round Basin Creek Rock Production Project on Kimberly-Long Creek Highway, Grant County. The Commission awarded the contract to the low bidder, Babler Bros., Inc., Portland, at $25,217.50.

"Buchanan-Juntura Rock Production Project on Central Oregon Highway in Harney and Malheur Counties. The Commission awarded the contract to the low bidder, J. F. Konen Construction Co., Inc., Lewiston, Idaho, at $42,292.50.

"Antioch Road-Trail Rock Production Project on Sams Valley and Crater Lake Highways, Jackson County. The Commission rejected all bids as being too high.

"Oiling project in Madras (4th and Pine Streets), Jefferson County. The Commission awarded the contract to the low bidder, J. C. Compton Company, McMinnville, at $4,440.

"Grading, oiling and construction of bridge, scale pit and approaches on South Unit, Lyle Gap-Madras Section of The Dalles-California Highway in Jefferson County. The Commission elects to accept the low bid of Fred H. Slate Co., Oreg. Ltd., and E. C. Hall Co., Portland, in the sum of $278,741.25 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Construction of Scoville Road and 7th Street Overcrossings on North Grants Pass Interchange Section of Pacific Highway in Josephine County. The Commission awarded the contract to the low bidder, Peter Kiewit Sons' Co., Vancouver, Washington, at $239,774.

"Lenz Road-Williamson River Rock Production Project on The Dalles-California Highway in Klamath County. The Commission awarded the contract to the low bidder, Dolan Construction Co., Tillamook, at $38,000.

"Hayden Mountain-Keno Rock Production Project on Green Springs Highway in Klamath County. Two bidders, W. D. Miller Construction Co.,

Bids Received in Salem on March 3, 1959 (Cont.)

Klamath Falls, and Dolan Construction Co., Tillamook, submitted identical low bids at $32,500. A coin was tossed by the Engineer in the presence of Mr. Dolan from the Dolan Construction Company and the W. D. Miller Construction Company won the toss. The Commission awarded the contract to W. D. Miller Construction Co., Klamath Falls, at $32,500.

"Quartz Mountain-Lakeview Rock Production Project on Klamath Falls-Lakeview Highway in Lake County. The Commission awarded the contract to the low bidder, L. A. Decker, Lakeview, at $24,000.

"Stone base and oiling on Richardson-Siuslaw River Section of the Richardson-Eugene Highway, Lane County. The Commission awarded the contract to the low bidder, E. C. Hall Co., Portland, at $179,707.20 under Schedule "B".

"Toledo Rock Production Project on four highways in vicinity of Newport, Toledo, and Eddyville, Lincoln County. The Commission awarded the contract to the low bidder, Roy Sawyer, Newport, at $56,962.

"Grading and paving in Vale (Morton Street), Malheur County. The Commission elects to accept the low bid of Russell Olson Construction Co., Inc., Pendleton, in the sum of $21,855 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of the City of Vale is received and the sum of $5,000 is deposited by the City.

"Heppner-Nye Jct. Rock Production Project on Heppner Highway in Morrow and Umatilla Counties. The Commission awarded the contract to the low bidder, Cartwright Construction Co., Durkee, at $41,340.

"Pendleton-Hilgard Rock Production Project on Old Oregon Trail Highway in Umatilla and Union Counties. The Commission awarded the contract to the low bidder, K. C. Dack Construction Co., Pendleton, at $75,400.

"Grading and paving in Elgin (Division Street), Union County. The Commission elects to accept the low bid of E. H. Itschner, Molalla, in the sum of $19,760 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of the City of Elgin is received and the sum of $2,600 is deposited by the City.

"Construction of Grande Ronde River Bridges and UPRR Overcrossings, Perry-Oro Dell Section, Old Oregon Trail Highway, Union County. The Commission elects to accept the low bid of Schrader Constructon Co., Inc. Portland, in the sum of $672,373 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

March 5, 1959

Bids Received in Salem on March 3, 1959 (Cont.)

"Construction of Three Glover-Perry Structures on Old Oregon Trail Highway in Union County. The Commission awarded the contract to the low bidder, Bechtel Bros., La Grande, at $244,633.50.

"Structure, grading and paving on North Yamhill River Bridge Section, Pacific Highway West, Yamhill County. The Commission elects to accept the low bid of Birkemeier Construction Co., Milwaukie, in the sum of $270,762.40 and directs the State Highway Engineer to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

Consideration was given to an offer made by the Sherman County Court for an exchange of roads. The Engineer pointed out that when construction on the Wasco-Heppner Highway is completed between Hay Canyon and Wasco the existing road through Klondike will no longer be needed for the state highway system. The County Court, he continued, has offered to take over this section as a county road if the state will take over a section of the Fulton Canyon county road extending from Wasco westerly and northerly to the southerly end of Fulton Canyon State Secondary Highway No. 301. The mileage to be taken over by the County is 9.2 miles, and the section to be taken over by the state is 9.3 miles. The section of road to be acquired by the state, he stated, is a logical extension of the Wasco-Heppner Secondary Highway. As the cost of maintenance does not appear to be too high, and in order to make a connection with the present Fulton Canyon Secondary Highway, which is a stub road 1.26 miles in length, he recommended that the exchange be approved. Action was deferred until Commissioner Fridley returned. Following his return the matter was again brought up and the Commission approved the exchange.

The Engineer presented a tabulation showing changes and additions to the FAS Highway system. He called attention to changes in Baker County and in Yamhill County as being on state secondary highways, while the remaining additions are on the County FAS Highway system. In Baker County changes are caused because of construction of the Brownlee Dam. In Yamhill County the addition is to cover a connection between the Three Mile Lane Secondary Highway and the Pacific Highway West immediately south of McMinnville. The Commission approved the following changes and additions:

Baker County:

It is proposed to route FAS 505 over the newly constructed road from the vicinity of Richland to the vicinity of Copperfield, and delete from the FAS system that section of FAS 505 which has been relocated, and also delete all of FAS 500 (Robinette-Brownlee) which has been dropped from the state highway system. The section of existing FAS

505 and 504 from Cornucopia southerly to a junction with revised FAS 505 at Halfway is to be redesignated as FAS 504. All deletions from the system will be either inundated by the Dam reservoir or transferred to county jurisdiction by agreement.

Clatsop County:

FAS 607, 2.8 miles, northerly and southerly from Seaside, including a spur to Seaside along 12th Avenue.

FAS 755, 1.3 miles, an extension of existing 755 from its present junction with the Columbia River Highway at Svenson, northerly to a school bus turn-around on Svenson Island.

Gilliam County:

FAS 445, 7.2 miles, between existing FAS 714 north of Rock Creek and the John Day Highway at Shutler.

FAS 446, 10 miles, extending from FAS 714 at Rock Creek southeasterly to John Day Highway at Olex.

Linn County:

FAS 208, 1.1 miles of the existing Albany Airport State Secondary Highway to be deleted from the FAS system as it has been incorporated into the frontage road system for the Interstate Highway in this area and is no longer eligible for improvement with FAS funds.

Polk County:

FAS 194, 4.2 miles extending from the Salem-Dayton Highway north of Salem southwesterly to the Willamina-Salem Highway near Eola.

FAS 560, 4.8 miles extending the existing FAS 560 from the Pacific Highway West at Suver, easterly and northerly to FAS 193 near Buena Vista.

Polk and Yamhill Counties:

FAS 106, 8.5 miles, is the recently designated Willamina-Sheridan State Highway, former route of the Salmon River Highway, extending from the Salmon River Highway near Wallace Bridge, easterly through Willamina and Sheridan, to the Salmon River Highway easterly from Sheridan.

Yamhill County:

FAS 107, 2.0 miles, extending from a junction with the Salmon River and West Side Pacific Highways south of McMinnville, easterly to the Three Mile Lane Highway.

March 5, 1959

FAS 888, 2.2 miles, extending from the Lafayette State Highway, easterly to the Salem-Dayton Highway.

FAS 889, 3.4 miles, extending from FAS 587 west of Yamhill southerly to FAS 111 west of Carlton.

The Engineer presented to the Commission additional 1960-1961 Federal-aid (County Road) Secondary Projects totalling $961,000 as selected by Benton, Clatsop, Columbia, Grant, Linn, Marion and Yamhill Counties. These projects, he stated, comply with rules and regulations for the expenditure of federal-aid money on county-road secondaries. He also mentioned that if the projects are approved, there will remain a total unbudgeted amount of $4,340,000 in the county road FAS program for 1960-1961. The Commission approved the following projects:

County	FAS Hwy. No.	Section & Description	Programmed Amount	FAS Fund
Benton	207	Muddy Creek Section, 0.8 mile. Grade & structure	$ 75,000	1960
Clatsop	755	Svenson Island (Ferris Creek) Bridge Section. Structure & road approaches.	$ 60,000	1960
	607	Neawanna Creek (12th Street) Bridge Section. Structure & road approaches.	36,000	1961
		Subtotal Clatsop County	$ 96,000	
Columbia	609	North Fork Scappoose Creek Bridges (2). Structures only.	$ 50,000	1960
	609	North Fork Scappoose Creek-Elk Creek Section, 6 miles. Grade & Surface.	$ 175,000	1960
		Subtotal Columbia County	$ 225,000	
Grant	453	Wickiup Creek-Lemons Creek Section, 7.5 miles. Grading only.	$ 120,000	1960
Linn	777	Diamond Hill Road-Lane County Line Section, 6.3 miles. Surfacing only.	$ 100,000	1960
Marion	742	Salem-Browning Ave. Section, 1 mile. Grade and pave.	$ 120,000	1960

(projects continued on next page)

County	FAS Hwy. No.	Section & Description	Programmed Amount	FAS Fund
Yamhill	746	South Yamhill River (Ballston) Bridge Section. Additional funds for project approved 6/19/58.	$ 150,000	1959
	888	Palmer Creek Bridge. Structure only.	75,000	1961
		Subtotal Yamhill County	$ 225,000	
		SUBTOTAL, ADDITIONAL PROJECTS		$ 961,000
Previously Approved Project Proposed for Cancellation				
Linn	218	Calapooya River Bridge. Structure only. (Fiscal year 1960 project approved 12/12/58. Cancellation proposed due to possibility of dam construction which would flood bridge site.)	$ 40,000	
		LESS PROJECT PROPOSED FOR CANCELLATION		$ 40,000
		TOTAL ADDITIONAL COUNTY FAS FUNDS...		$ 921,000

Summary By Fiscal Years	1960	1961	Total
Available Funds*	$4,895,000	$3,750,000	$8,645,000
Previously Approved.....	2,681,000	703,000	3,384,000
Unprogrammed Balance...	$2,214,000	$3,047,000	$5,261,000
Proposed Projects, 2/22/59	810,000	111,000	921,000
Unprogrammed Balance....	$1,404,000	$2,936,000	$4,340,000

*From "Status, 1960 & 1961 County FAS Funds" tabulation dated 11/5/58.

Attention was given to a request from the Lions Club of Mapleton for the installation of guard fence on the Siuslaw Highway between Mapleton and Florence. The Engineer reported that a study had been made of this section of the highway and burning operations are now being undertaken to reduce the slick condition of the pavement surface when wet. He recommended that a total of 0.3 mile of guard fence be installed at three curves on the highway between M.P. 5.7 and 5.8; M.P. 7.1 and 7.2; M.P. 9.2 and 9.3; at an estimated cost of $5,000. The Commission approved the installation.

The Commission considered the following request for extension of time within which to complete a State Highway contract. Reimbursement

for engineering expense and other extra expenses incurred by the state in connection with the work during the period of this extension was waived by the Commission.

1. Electric Corporation, Contract No. 5321, for construction of an electrical distribution system in the State Highway Building in Salem, requested additional time of 40 work days within which to complete this contract. Approved as requested.

FOOTNOTE: Action taken by the State Highway Commission upon the extension of time listed above was based upon the recommendation of the Engineer and his reports, which considered, but did not necessarily adopt, either or any of the reasons given by the contractor in his request for the extension of time. (For details see the original of the contractor's request and the Engineer's recommendation on file in Contract No. 5321 in the Secretary's office in Salem.)

The Engineer reported that contract numbers 5016, 5018, 5055, 5072, 5090, 5096, 5138, 5157, 5169, 5212, 5231, 5241, 5261, 5270, 5272, 5274, 5304, 5309, 5355, 5358 and 5374 for highway construction have been completed in accord with requirements of the contract or modifications thereof, and that said contracts are now ready for acceptance by the Commission. After due consideration, the Commission accepted said contracts by adopting the attached resolution relative thereto marked Exhibit "F", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer presented a proposed agreement with the Bureau of Reclamation covering highway crossing of its canals, ditches and laterals in the Prineville area. This agreement, he stated, has been checked and is in conformance with the usual agreement form covering similar crossings and he recommended that it be approved. The Commission approved the agreement.

The Engineer also presented a revised Special City Allotment project located in the City of Burns. He recalled that the Commission on October 23, 1958 had approved a project in the City of Burns on West Taylor Street. The City Council has requested that the project on West Taylor Street be cancelled and a project on Riverside Drive be substituted at an estimated total cost of $27,000. The revised project provides that the City is to grade, drain, and place base rock, and is to pay all costs of the project in excess of $20,000. Upon his favorable recommendation the Commission approved the transfer of projects.

The Commission considered a petition signed by 89 people in Coos County requesting widening and surfacing of the East Fork Road (Coos River Secondary Highway) along the Millicoma River and construction of a bridge at Golden and Silver Falls State Park. The Engineer explained that the road is now oiled from Coos Bay to Allegany, leaving an unimproved section 4.25 miles in length which he estimated would cost $455,000 to construct to acceptable standards. The traffic at the easterly end of the state section is 110 vehicles per day. He

recommended that the petitioners be advised that the project cannot be undertaken at this time due to lack of funds. Concerning the construction of a bridge at Golden and Silver Falls State Park, he recalled that this matter had been before the Commission twice in 1958, and it had been previously decided that the project was not an obligation of the State Highway Commission, as the road on which the bridge is to be located is not on the state highway system nor is it on the county federal-aid secondary system. He recommended that the petitioners be so advised. The Commission accepted his recommendations.

In connection with construction work on the North Grants Pass Interchange, the Engineer reported that the Pacific Telephone and Telegraph Company had been required to relocate a short section of its coaxial cable at a cost to them of approximately $10,000. The construction of the Interchange is now being completed on a slightly revised plan, making it necessary to again shift a part of this cable. The Telephone Company, he stated, has protested assuming the entire additional cost and after negotiation has agreed to pay half the cost. He recommended that the State pay the other half, limited to the sum of $3,495. The Commission approved the proposal.

The Engineer reported that the State Speed Control Board at its last meeting had taken action to establish speed zones in the cities of Vale, Florence and Ontario. To carry these speed zones to a logical conclusion investigations had been made by the Traffic Engineer, and he recommended that the following speed zones be established outside of the city limits of these towns, as follows:

(1) "A" Street and Connections (One-Way Eastbound)

35 miles per hour from the east city limits of Vale to the east end of the one-way couplet.

Washington Street and Connections (One-Way Westbound)

35 miles per hour from the east city limits of Vale to the east end of the one-way couplet.

Central Oregon Highway (City of Vale)

35 miles per hour from the east end of the one-way couplet to a point 150 feet east of the east end of the one-way couplet. (See Exhibit "G-1")

(2) 35 miles per hour on the Oregon Coast Highway between the south city limits of Florence and a point 0.27 mile south of the south city limits of Florence. (See Exhibit "G-2")

(3) 45 miles per hour on the Old Oregon Trail Highway near the city of Ontario from the southerly end of the North Ontario Connection (M.P. 416.18) to Fortner Street, the north city limits of Ontario.

40 miles per hour from Verde Drive, west city limits of Ontario (M.P. 419.10) to a point 0.15 mile west of Sunset Drive (M.P. 419.37) except that from a point 250 feet east of S. W. 13th Street to a point 500 feet west of Verde Drive the indicated speed shall be 20 miles per hour during hours of school crossings. (See Exhibit "G-3")

The Commission approved the reduced speed zones by adopting the attached resolutions relative thereto marked Exhibit "G-1" through "G-3", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

The Engineer also reported that a request had been received from the State Police recommending that a speed zone investigation be made on the Oregon-Washington Highway north of Milton-Freewater. The investigation was made and from the facts ascertained, he recommended that the following speed zones be established north of Milton-Freewater:

45 miles per hour between N. E. Fourth Avenue and a point 500 feet north of N. E. Fifth Avenue, except that between N. E. Fourth Avenue and a point 50 feet north of N. E. Fifth Avenue the indicated speed shall be 20 miles per hour during the hours of school crossings.

50 miles per hour between a point 500 feet north of N. E. Fifth Avenue and a point 250 feet north of Ferndale Road.

The Commission approved the reduced speed zones by adopting the attached resolution relative thereto marked Exhibit "G-4", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Attention was given to a request made by Mr. E. A. Davidson, Mayor of the City of Florence, for an investigation concerning the possibility of raising the existing 25 mile-per-hour speed zone on the Siuslaw Highway in the community of Swisshome. The Engineer stated that an investigation had been conducted and, among other facts determined, it was found that 85 per cent of all vehicles in this area travelled at or below 34 miles per hour and that the maximum recorded speed was 49 miles per hour. In view of these facts, he recommended that a 35 mile-per-hour speed zone be established on the Siuslaw Highway in the Community of Swisshome between a point 500 feet west of Depot Road and a point 0.13 mile west of Stagecoach Road. The Commission approved the speed zone by adopting the attached resolution relative thereto marked Exhibit "G-5", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Out-of-state travel expenses for a number of state highway employees were requested by the Engineer who explained that the trips are necessary in the conduct of state business and to keep abreast with

current highway developments. The Commission approved travel expenses as follows:

(1) G. W. Harra, Materials Engineer, to attend annual meeting of the Triaxial Institute for Structural Pavement Design in Sacramento, California, on March 23 and 24, 1959. Estimated cost $115.

(2) W. H. Kosesan, Landscape Division, to attend Western Weed Conference in Salt Lake City, Utah, on March 18 and 19, 1959. Estimated cost $171.

(3) Carl W. Jordan, Director of Travel Information Division, to attend a meeting of the Western States Tourists Directors at Colorado Springs, Colorado, on March 3 and 4, 1959. Estimated cost $166.90. (Confirmation)

(4) Members of Highway Commission, State Highway Engineer, Deputy State Highway Engineer, one Assistant State Highway Engineer, Chief Counsel, Auditor and one Staff Engineer to attend 38th Annual Conference of Western Association of State Highway Officials in Billings, Montana, on June 22 to 26th, 1959. Estimated cost $185 each, or a total of $1,665.

(5) James Neiger who made 2 trips and Tom Simpson who made one trip at a total cost of $258.50, to various government surplus equipment depots to inspect, purchase and transport surplus equipment to Salem.

(6) Leo Brunell, Equipment Superintendent, who went to various government surplus equipment depots in California, on February 1 to 7, 1959, to secure surplus equipment. Estimated cost $330.

(7) Dennis Clarke, Assistant Director of Travel Information Division, to attend the Los Angeles Sportsmen's and Vacation Show at Los Angeles, California, on March 31 to April 13, 1959. Estimated cost $113.80 which is to be paid by the Pacific Northwest Travel Association.

The Engineer reported that it has been called to his attention that considerable all-day parking is being practiced in the triangular-shaped islands at the Sunnyside-Turner Interchange on the Pacific Highway south of Salem. The parked vehicles restrict sight distance for traffic which intends to enter the freeway at this location. The Commission approved the Engineer's recommendation that parking be prohibited within these islands by adopting the attached resolution relative thereto marked Exhibit "H-1", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer recalled that at the Commission meeting on December 11, 1958 a resolution had been adopted prohibiting parking on the

easterly side of the Albany-Junction City Highway between B Street and a point 475 feet south of B Street in the community of Tangent. Since that time conditions indicate that the regulation is not necessary, and he recommended that the resolution establishing the no-parking restriction be rescinded. The Commission approved his recommendation and thereupon adopted the attached resolution relative thereto marked Exhibit "H-2", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

(A recess was declared from 3:20 p.m. to 3:30 p.m.)

The Commission discussed with the Secretary and the Engineer the purchase of tables and revision of the Edison recording machine to provide for a State Highway Commission meeting setup in the Conference Room in the State Highway Building, Salem. After some discussion the Commission authorized the purchase of ten factory-built tables, two triangular tables to be constructed by State Penitentiary Industries, and a revision of the Edison recording equipment to provide for the use of ten microphones, at a total estimated cost of $1,516. In discussing this matter the Secretary brought out that there is a possible savings of approximately $300 if revision of the recording equipment is performed by State forces.

An abandonment resolution was presented by the Engineer covering the abandonment of certain sections of the original Baker-Homestead Highway, the Halfway Highway and the Pine Creek Highway. These sections, he stated, are no longer needed for highway purposes because of the relocation and opening to travel of the new section of the Baker-Homestead Highway. The provisions of the resolution, he continued, are in compliance with the terms of an agreement previously entered into with Baker County concerning the disposition of the abandoned sections of state highways. Following his favorable recommendation, all three members being present, the Commission approved the abandonment of the highway sections and thereupon adopted the attached resolution relative thereto marked Exhibit "D" which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer also presented a resolution concerning designation of highways in the Grants Pass area because of highway relocation and construction. He recommended that the new freeway by-passing Grants Pass be called the Pacific Highway, that the existing Pacific Highway between the Redwood Interchange and Rock Point be called the Rogue River Highway, that the existing section of the Pacific Highway through Grants Pass together with the future "M" Street spur be designated as a part of the Redwood Highway, and that the Rogue River Loop Highway be redesignated so as to intersect with the Redwood Highway in Grants Pass. The Commission approved his recommendation and thereupon adopted the attached resolution relative thereto marked Exhibit "E" which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission approved the Secretary's report on papers signed in behalf of the Commission during the period January 19 through February 27, 1959.

The Commission confirmed the date for the next regular meeting on April 16 and 17, 1959 in the Conference Room of the State Highway Building, Salem, and set a tentative date of May 28 and 29, 1959 for the following meeting.

A request was considered from the US Army Recruiting Service to install two signs on highway right of way, one on the Oregon Coast Highway south of Astoria at M.P. 9.07 and the other east of Astoria on the Columbia River Highway at M.P. 95.4. The Engineer stated that the sign message and locations had been investigated and approved, and he recommended that permission be granted to install the signs. The Commission approved the installation.

The Commission considered a proposed agreement with Simpson Redwood Company whereby the state grants to the Simpson Redwood Company a flood easement on land owned by the state at Wiley Creek on the Santiam Highway, and the right to erect a spur track beneath the South Santiam Highway Bridge. The Engineer explained briefly that a similar agreement had been entered into in June, 1943, with Foster Booming Company and this agreement had been assigned later to Simpson Redwood Company. The Redwood Company has now requested that a new agreement similar to the original be entered into for a period of ten years unless sooner terminated by mutual agreement of the parties. Following his favorable recommendation the Commission approved the new agreement.

Also considered was a proposed agreement with the Multnomah Board of County Commissioners concerning joint use of the County's building at Rocky Butte for the installation of a remote controlled radio transmitter and receiver for use of the District Maintenace Superintendent. The Engineer explained that the Maintenance Superintendent has established an office in the Howard Cooper Building in Portland and the radio equipment is necessary in his operations. The Commission approved the agreement.

In connection with use of the Howard Cooper Building the Engineer, at the request of Chairman McIver, explained future plans for additional use of the Cooper Building including moving of the Metropolitan Engineer and others into the building.

A request from the Eugene Realty Board, in behalf of the City of Eugene, was considered for the placing of two welcome signs, one at each of the north and south entrances to Eugene. These signs, the Engineer explained, are to be used as a part of the Oregon Centennial year and the sign message and location on state right of way have been approved. Upon his favorable recommendation the Commission approved the installation of the signs.

The Engineer reported that under authority granted on June 19, 1958 he proposed to place a reduced load limit on the Century Drive Highway, No. 372, between M.P. 1.92 and M.P. 11.65, effective 8 am. March 6, 1959. An inspection of Century Drive, he stated, shows that frost is leaving the subgrade and the road is extremely soft. The load limit allows 11,000 pounds gross on any single axle and 20,000 pounds gross on any tandem axles. The Commission confirmed the reduced load limit.

The Commission gave attention to a proposed agreement with Lane County and the McKenzie Water Control District concerning drainage in the vicinity of the "Q" Street Interchange on the McKenzie River-Judkins Point Section of the Pacific Interstate Highway near Eugene. The agreement, he explained, provides for construction of certain floodways in cooperation with the US Forest Conservation Service. The Agreement also specifically releases the Highway Commission for any claim for damages which might result from construction of the floodways. The Commission approved the agreement.

Attention was also given to an agreement with Baker County, the Idaho Power Company, Adams County, Idaho, and the State of Idaho concerning relocation of a portion of the Baker-Homestead Highway and reconstruction of the Ballard Interstate Bridge across the Snake River in connection with construction of the Oxbow and Hells Canyon Dams by the Idaho Power Company. The Engineer commented briefly that the proposed dam construction will flood a portion of the highway but the only cost to the state under the agreement is the maintenance on a mile and a half section of highway, and one-half of the maintenance cost on the new bridge. Legislation, he stated, has been introduced to remove the inundated portion of the highway from the State Highway System. The agreement, he stated, is in order and he recommended that it be approved. The Commission accepted his recommendation.

The Engineer presented a quitclaim deed, an easement deed, and an assignment of easement concerning a flood control project with the US Engineers on Salmon Creek at the Willamette Highway near Oakridge. He pointed out that Salmon Creek is subject to extreme flooding, and considerable damage has been done to residential property on the eastern edge of Oakridge. The City of Oakridge is entering into a flood control project with the US Engineers and has asked that the state make available gravel pit property in the channel of Salmon Creek above the highway bridge. This property, he stated, is of no further value to the state. The city, he contined, has also requested that the Highway Department contribute 25 per cent of the local contribution of $5,600, with the state's share not to exceed $1,400. He recommended that the project be approved subject to the understanding that the Highway Commission is not acting as sponsor and assumes no responsibility for maintenance and operation of the project. The Commission accepted his recommendation.

The Engineer commented briefly on damage occurring near the Portland Zoo on the Sunset Highway. He recalled that claims had been

made to the Commission for damage caused by earth slippage on the Highlands Interchange project. He pointed out that the plans for highway construction in this area were prepared by the City of Portland and the work was done at their request.

The Commission discussed with the Engineer matters to be presented by delegations scheduled to appear on the following day. The Engineer explained various details, but no action was taken by the Commission pending appearance of the delegations.

The Commission also discussed with the Engineer and the Right of Way Engineer the status of projects on which bids are to be received at future lettings.

An agreement with Baker County was presented by the Engineer whereby a change in route is accomplished for the Haines-Anthony Highway in the vicinity of Haines. He explained that this matter had been discussed with the Commission at a prior meeting and had been approved in principle at that time. The Commission approved the agreement.

The meeting was adjourned at 4:30 p.m., to be reconvened at 10:00 a.m. on the following day.

Salem, Oregon
March 6, 1959

The meeting of the Oregon State Highway Commission reconvened at 10:00 a.m. in Room 418, State Highway Building. The following persons were present:

M. K. McIver, Chairman
R. B. Chessman, Commissioner
K. N. Fridley, Commissioner
W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
L. I. Lindas, Chief Counsel
G. E. Rohde, Assistant Counsel
W. T. Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Floyd Query, Secretary

Miss Dorothea Lensch, Portland, Director of Recreation, headed a group which appeared before the Commission regarding possible legislation to establish a Recreation Division within the State Parks organization to advise counties, cities and communities on park matters. Also present were Wm. Pond, Beaverton, Governor's Council on Youth; Robert Bonney, Klamath Falls, Superintendent of Parks, Oregon Recreation

and Parks Association; and George Sirnio, Salem, Health and Physical Education for State. Miss Lensch stated that the work their group is interested in is the recreation needs of the State of Oregon. She told of the studies and reports made by their organization which have shown the need for technical advice on a state level to cities and communities concerning recreation problems. She commented that a bill had been introduced into the last session of the Legislature to provide for consulting service on recreation through a separate commission. It has been their feeling for a long time, she continued, that the parks and recreation functions belong in a single unit, so they are asking the Commission's support in the development within the State Parks Department of a department, position, or function to handle this recreation aspect. She emphasized the need that both communities and tourists have for this type of service and advised that the state-wide P.T.A. and the Oregon Association of Parks and Recreation have endorsed the previous bills submitted to the Legislature. Mr. Pond advised that this type of recreation service at the local level with a working agreement between the State Parks system and the recreation service has been satisfactorily carried out in many other states. He stated that what they are really asking for is development of some agency to consult with and advise communities in the problem of providing the park recreational needs of that particular community. He pointed out that in this program there need be no duplication of staff and that there would be the advantage of communities having access to the skilled technicians already in the parks division. It was his belief that through an interchange of ideas within a given staff the local communities would derive that much more benefit. Commissioner Fridley asked whether this service would involve enough planning work so that it would be necessary to increase the staff in the Parks Planning Department and what the anticipated work load would be. Mr. Pond answered that establishment of this service would involve additional personnel in the Parks Planning Department as well as additional travel, thus requiring a separate budget. He emphasized that they are not suggesting that this budget come out of highway funds but from a separate appropriation. In answer to Commissioner Chessman's question as to where these funds would come from, Mr. Pond replied that they would have to come from the legislature--from the general appropriation. Commissioner Fridley inquired if the bill they desire to introduce carries with it the necessary appropriation. He was advised that it was the intent to introduce, with the Commission's approval, the legislation part of the bill and in conjuction with it an appropriation bill. Mr. Pond stated that the appropriation in the prior bill submitted to the legislature was about $35,000 for the biennium including one full-time employee, the necessary secretarial staff and the overhead involved in a separate board or commission; however, it was his thought that not as much money would be involved in this new bill. Chairman McIver advised the group that the Commission would take this matter under consideration and would advise them of its decision.

The Cascade Highway Association, Inc. appeared before the Commission regarding proposed improvements to Oregon route 213 north of route 214 to Oregon City. Mr. Quinton Estell, Silverton, Secretary

of the Association, acted as spokesman for the group. Others in the delegation were Leonard Kephart, Silverton, President; Lawrence Spraker, Stayton, member; and Bob Cunningham, Molalla, President of the Molalla Chamber of Commerce and a member of the Association. Mr. Estell stated that the Cascade Highway (State route 213) near the intersection of Highway 214, known as the East Hill area, rises abruptly on a curve and is very narrow. This section, he continued, has for many years been a source of serious accidents. It is not believed that the highway can be improved in its present location so relocation is being requested on the westerly outskirts of Silverton. He explained that since the County has improved its portion of the Cascade Highway by rerouting it, the traffic flow comes almost to a dead end because traffic must jog back to the east about one-half mile in order to get onto State Highway 213. This highway is well travelled, particularly in the spring and summer, and frequent traffic jams occur. The Engineer advised that he is thoroughly familiar with the condition of this highway and with the other routes available which would by-pass to the west of Silverton as Mr. Estell mentioned; however, it is a question of when funds will be available to finance this needed improvement. Chairman McIver stated that there will be no money available for their district until next year, and when funds are available their project along with other projects in their district will be considered. Mr. Cunningham stated that they have heard rumors to the effect that plans have been made for the Cascade Highway to by-pass Oregon City from Park Place to the Wye in Oregon City. He offered as his opinion that when the new jail and hospital are completed on top of the hill a bottleneck will be created if the new highway is constructed there. He told how narrow and rough the road is from Mulino Hill past Molalla and the many serious accidents that have occurred on that section. He then stated that they would like some improvement on the rough and crooked section between Marquam and Silverton

Mr. A. H. Colby, City Manager of Nyssa, appeared before the Commission regarding relief from certain restrictions in the deed covering property on Park Avenue recently transferred to the City of Nyssa for public purposes. The property, he outlined, was a stockpile site for which the State had no further use, so the City purchased it for a proposed swimming pool. He added that these restrictive covenants would not allow the City to resell the property in the event the City could not use it. The City Council, he advised, is cognizant of the need for such restrictions in the deed; however, in the event the City is not able to establish a swimming pool at this location, the City will have property which it does not need. He stated that the City is asking for relief without any restrictions, but will be glad to give back to the State, for the amount paid, the portion that is not needed. Mr. Williams explained that the State sold the property to the City at a fraction of its present market value--what it originally cost the State many years ago. This property, he continued, was intended to be used for public purposes and if it cannot be used for such purposes, it was his belief that the State should take back the portion that is not needed and reimburse the City for it. Chairman McIver advised Mr. Colby that he believed the proper way to handle this matter would be to have repre-

sentatives of the State meet with the City Officials to go over the problem, and he instructed the Engineer to arrange such a meeting.

Mr. Colby then brought to the Commission's attention the deplorable condition of an old building on state highway property on the corner of First and Main Streets in Nyssa. He stated that the City would provide the State storage space if the State would allow the City to tear down the building and lease the area for a parking lot. Mr. Williams stated that he is familiar with that building, it having been a broken down building when the property was purchased some 22 years ago. It was his opinion that the building should be removed. Chairman McIver instructed the Engineer to have his representatives also discuss this matter when they meet with the City Officials.

Mr. Julius R. Jensen, Director of the State Department of Planning and Development, Portland, appeared before the Commission regarding the moving of a 1.9 mile section of US 30 in St. Helens to provide for an industrial site. Also appearing with Mr. Jensen were Abe Hoss, Portland, Portland General Electric Company; James Clawson, Secretary of the Port of St. Helens; and J. R. Austin, President of the Port of St. Helens, both from St. Helens. Mr. Jensen pointed out that the principal function of his department is to better the economy of the state including more payrolls for existing industry as well as bringing new industry into the state. In view of the fact that this proposed development will bring a $10,000,000 industry into Columbia County, they are endorsing it. Mr. Clawson explained that the proposed industry will employ 250 people and that their big problem is the fact that the highway runs through the middle of the proposed tract which is located just below St. Helens on the river at Columbia City. Their request, he stated, is that the Highway Department either move or authorize the relocation of that particular section of highway. He pointed out that the railroad company, the power company, and the telephone companies have all agreed to move their facilities. Mr. Jensen advised that the communities are donating land for the development, so all that remains is the removal of the highway section and they are very anxious to secure an answer. Chairman McIver advised that he is quite familiar with the proposed development and their problem; however, he pointed out that the Highway Commission as custodian of the State's funds cannot legally move the highway for the purpose they seek. The Chief Counsel pointed out that from the State's point of view there is no necessity for this particular road since the State now has a facility which is serving the public. Mr. Clawson stated that if there is going to be a plant located in that particular area it will create a tremendous traffic hazard, so the question is not simply a matter of relocating the highway for a private industry. The Engineer pointed out that in the past when a similar situation arose and a traffic hazard was created, the State and the Company involved joined on a fifty-fifty basis to finance correction of the condition, but it was not necessary to relocate the highway. Mr. Clawson urged the Commission to advise them whether or not the highway could be relocated regardless of who will pay for the relocation. The Engineer advised that authority could be granted to relocate the highway if the funds are provided for such purpose. He enumerated similar cases

in which private concerns paid to have the highway moved in order to construct their facilities. Mr. Hoss presented a letter from the Portland General Electric Company endorsing this request and asking the Commission to give full consideration to it.

The following persons representing Highway 20 Association appeared before the Commission regarding a slide area on US 20 east of Foster: From Lebanon, Don Baker, Manager of Chamber of Commerce, Glen Huston, Chamber of Commerce, Rod Donkin, Robert Ragsdale, Fred Spores and Ralph Scroggin; representing the Lebanon Chamber of Commerce, John Speasl, Derwood Smith, Jack Zimbrick, Claude Durlan, Tadd Nelson, and Lee McCoy; Kenneth Bouton, Lebanon, the "Lebanon Express" newspaper; Kurt Kiessow and James Howes, both from Newport, Stanley A. Soli, Sweet Home, Reese Esgar, Foster, Mr. and Mrs. D. C. Hollingsworth, Eugene, Murle Wells, President of Rotary Club, Lebanon, Dave Epps, Vice Chairman Willamette Basin Project Commission, Sweet Home, and Fred Shepard, Bend. Mr. Howes introduced the members of the delegation. Mr. Kiessow expressed appreciation for the work done on the section of US 20 between Newport and Toledo, on some of the sections in the eastern part of the state, and on the construction underway on Pioneer Mountain. He continued that their main reason for appearing today is to request a reconnaissance study of the slide area between Upper Soda and Tombstone Summit which creates quite a problem to the travelling public. They had tried to secure help from the US Forest Service but there was no money available. He pointed out that they had heard rumors to the effect that a new dam will be built on the South Santiam and a section of highway would be relocated, but it is their desire to get some work started on it as soon as possible. It was his opinion that it is useless to try to keep the present road in repair because it is continually sliding. He added that there are two other bad sections of road on which they would like preliminary studies made--the area just west of Philomath, known as Gelately Canyon, and the section on the coast range at Little Elk Mountain. It was his thought that these sections should be undertaken as soon as the Pioneer Mountain Section is completed. Mr. Baker mentioned the congested condition on the two-lane section of US 20 south of Lebanon near the Cascade Plywood Plant. He stated that 1,100 employees travel daily to and from this plant. It was his feeling that a four-lane highway should be constructed from the end of the present four-lane facility in Lebanon to a point beyond the Cascade Plywood Plant. When the new Pacific Freeway is completed, he asked if the Commission plans to change the routing of US 20 and especially how these plans will affect the city of Lebanon. The Engineer advised that there are no plans to change the routing of US 20. The road westerly to the freeway will be open to people who wish to travel it and there will be signs indicating the direction of Corvallis and Lebanon; however, it will not be signed as US 20. Mr. Baker requested the Commission to place signs on the highway indicating the recreational area in Foster. The Engineer advised that the Commission does not place signs on the freeway to mark such areas. He also advised the delegation that all of the money in the present program, which will run through next year, has been allocated, with most of the money allotted to the sections between Corvallis and Philomath and on Pioneer

Mountain. The next priority, he continued, would be the four-laning of the section south of Lebanon. As to the Sheep Creek Slide area, he added, the Highway Department and US Bureau of Public Roads have been making a photogrammetric survey to determine the best route for this section. Mr. Shepard concluded the presentation by stating that since Highway 20 is one of the highways to Central Oregon the people in that area are concerned with the slide condition on US 20 and are happy to learn that the Commission is taking steps to correct it.

Mr. J. H. Scott, Nehalem, representing Neahkahnie Community Club, Nehalem Bay Expansion Association, Manzanita Community Club and City Council, Nehalem City Council, Wheeler City Council, and Oregon Roadside Council, appeared before the Commission regarding the proposed rock quarry on Neahkahnie Mountain. Mr. Scott advised that there was a news item in the local newspapers stating that plans are underway for the development of a rock quarry on the south side of Neahkahnie Mountain. This information, he continued, has made local residents very unhappy because this development will spoil the beauty of the mountain. He added that he had received information to the effect that the entire 180 acres could be purchased for $18,000. He recalled that sometime ago he had written to the Highway Engineer suggesting that right of way north of Neahkahnie Junction be acquired for future traffic lanes and the excess material used on the construction of a road across the Bay which will save four and three-quarters miles in distance. He exhibited a map showing the area and stated that there is a wonderful view of the ocean and mountains. He expressed the opinion that much of the scenic value of Neahkahnie Mountain would be ruined unless this tract is acquired. Land that is not needed for the highway could be added to the adjacent state park and he urged the Commission to give favorable consideration to the purchase of the land before the mountain is defaced.

Miss Anna N. Leiser, Aurora, President of the Aurora Centennial Corporation, headed a group appearing before the Commission for permission to hold a pageant at Champoeg State Park commemorating the voting to form a state government which took place on May 2, 1843. Others in the group were F. Ferguson and Zola McCarty, Secretary of the Aurora Centennial Corporation, both from Aurora. Miss Leiser stated that their organization would like to present a pageant at Champoeg Park and asked if it would be permissible to charge a small fee to cover the Corporation's expenses of presenting this pageant. Chairman McIver stated that this is quite a difficult question to answer as the State cannot charge for the use of the land in public-owned state parks. He advised the group to discuss the matter further with the State Parks Superintendent and the Chief Counsel so that when all details are known perhaps a solution can be found. (Later in the session the Parks Superintendent reported that the Aurora Centennial Corporation suggested that instead of making a charge for the pageant they be allowed to operate a concession stand adjacent to the area where the pageant will be presented which they thought would reimburse them for their expenses. The Parks Superintendent and Chief Counsel recommended that they be granted this concession privilege and the Commission approved their recommendation.)

The Chief Counsel advised that one of the attorneys on his staff, Mr. Robert Holland, has just informed him that he is resigning to accept the position as Chief Counsel of the Department of Motor Vehicles. He recommended that Mr. Glen Sorenson be promoted to fill Mr. Holland's position and given a one-step increase to $575 per month, and that Mr. Richard C. Bemis be promoted to Mr. Sorenson's job and his salary increased to $500 per month. To fill the vacancy in the department he requested that Mr. Ted Elliott Barbera be hired at a minimum salary of $460 per month. The Commission authorized the promotions and the hiring of Mr. Barbera.

The Chief Counsel requested approval of a "Correction of Waiver of Deed Conditions" to the City of Pendleton covering certain property in Section 5, Township 2 North, Range 32 East, W.M., Umatilla County. He explained that the Commission on October 26, 1950 conveyed this property by deed to the City of Pendleton, which deed contained a restriction that the property be used for municipal, public and residential purposes. On May 31, 1957, he continued, the Commission executed an instrument waiving this condition; however, there was an incorrect reference to the parcel of property in question, so this new "Waiver" is merely to correct the recording reference in the previous document. The Commission approved and signed the corrected "Waiver of Deed Conditions".

In accordance with the Commission's instructions the Engineer presented for the Commission's approval and signature a letter, addressed to the Chairman of the Committee on Highways, House of Representatives, expressing the Commission's views on House Bill No. 80, relating to highway use taxes on motor carriers, which bill reduces mileage tax rates on vehicle combinations above 44,000 pounds. The Commission approved and signed this letter.

The Engineer advised that a request has been received from the Highway Engineering Technicians for National Defense Education Preparation for permission to employ State Highway engineering personnel as instructors for a two-hour class each week to teach advance training in highway technicians work. The Federal Government is working in conjunction with the Oregon Department of Vocational Education and is providing considerable funds for this course which project is to be handled in Salem. He explained that they cannot find instructors so have asked to use Highway personnel. The instructors would be paid $4.00 per hour and would not work more than 8 hours a month. He advised the Commission that the matter is being brought to their attention because the Commission recently adopted a resolution prohibiting engineering personnel from accepting outside engineering employment. Mr. Gene Huntley, Director of Personnel and Public Relations for the Highway Department, advised that at the present time it is undetermined as to the number of employees involved but that the organization wishes to be able to approach Highway Department personnel regarding their employment. The Engineer stated that he could see no objections to doing this type of work since it is classroom work and would benefit the department, and recommended approval of the request. Commissioner Chessman voiced the

opinion that he did not like to delineate between right of way engineers and other type of engineers since the Commission had adopted a policy prohibiting outside employment for personnel in both categories; however, he was willing to accept the Engineer's recommendation. After considerable discussion, the Commission approved the Engineer's recommendation.

The Engineer reported that at yesterday's session he recommended that the contract for the combination Grande Ronde River Bridges and UPRR Overcrossings on the Perry-Oro Dell Section of the Old Oregon Trail Highway, Union County, be awarded to the low bidder, Schrader Construction Co., Inc., Portland, at their low bid of $672,373; however, it has come to his attention that the agreement and permit of entry have not been received from the Union Pacific Railroad Company, so he would like to change his recommendation to acceptance of the low bid of Schrader Construction Co., Inc., in the sum of $672,373 and directing him to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received. The Commission approved his recommendation.

The Engineer advised the Commission that the Department has received numerous letters from people around Triangle Lake demanding construction of a new road and citing the many hazards of the present Siuslaw Highway. He suggested that he write to these people and tell them that the Commission recognizes the desirability of making that improvement; however, presently there are no funds available. The Commission approved the Engineer's suggestion and authorized him to answer in this fashion.

The Commission signed the following agreements and other papers:

"Bargain and Sale Deed" with Donald W. Densmoor covering sale of 700 sq. ft. on relocated Albany Section of Pacific Highway East, Linn County.

"Bargain and Sale Deed" with Arthur A. Dewey covering sale of 0.08 acre on Rowena-The Dalles Section of Columbia River Highway, Wasco County.

"Right to Use Cable Easement and Waiver of Access" to Pacific Telephone and Telegraph Company covering relinquishment of access on Albany-Judkins Point Section of Pacific Highway, Linn County.

"Consent to Execution of Sublease" to Catherine A. Ruth permitting sublease of land on Broadway-Franklin Boulevard Section of Pacific Highway, Lane County.

"Indenture of Access" for Bergren property on Medford-County Farm Section of Pacific Highway, Jackson County.

"Trust Agreement" with Bonneville Power Administration covering modification of BPA's Big Eddy-Troutdale Line on The Dalles-Eight Mile Creek Section of The Dalles-California Highway, Wasco County.

"Permit to Construct Fence on Right of Way" to Roscoe R. Knox to construct fence on right of way across Government lands on Post-Lost Creek Section of the Paulina Highway, Crook County.

"Release of Bond" to Butler Contracting Company, Inc.

MINUTES

of the

OREGON STATE HIGHWAY COMMISSION MEETING

held on

March 5 and 6, 1959

EXHIBIT "A"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, in connection with the future improvement of the highway herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed.

NOW, THEREFORE, BE IT RESOLVED that the properties which are hereby declared to be necessary for State highway, park, and other uses under the jurisdiction of the Commission, are those properties shown in Exhibit R/W filed in the Commission's files in Salem under the title of "Right of Way Resolutions", and that said Exhibit R/W was presented to and approved by the Highway Commission at its meeting held March 5, 1959, and by this reference said Exhibit R/W is made a part hereof with like effect as though extended in full herein. That the several options or bases of settlement therein enumerated be, and the same hereby are approved and accepted and that the attorney for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission.

EXHIBIT "B-1"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Unit #5 Section of the Banfield Expressway described as follows:

A parcel of land lying in the NW¼ NW¼ of Section 27, Township 1 North, Range 2 East, W.M., Multnomah County, Oregon, and being a portion of that tract of land described in that certain deed to the State of Oregon, by and through its State Highway Commission, recorded in Book 1552, Page 219 of Multnomah County Records of Deeds; the said parcel being the East 30 feet of said property and being more particularly described as follows:

Beginning at a point 390 feet East of the Southwest corner of said NW¼ NW¼; thence North parallel to the West line of said subdivision 400 feet; thence East parallel to the South line of said subdivision 30 feet; thence South parallel to the West line of said subdivision 400 feet to the South line of said NW¼ NW¼; thence West along said South line 30 feet to the point of beginning.

The parcel of land to which this description applies contains 0.27 acre.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 et. Seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Banfield Expressway, except there is granted the right of access from the said property to said 102nd Avenue off-leg connection to the Banfield Expressway of a width not to exceed 25 feet at a point to be determined prior to the conveyance of the property, said access point to be for private or residential use.

EXHIBIT "B-1" (cont)

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 83 be entered in the minutes and records of the Commission as of the 5th day of March, 1959.

31263

EXHIBIT "B-2"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Salem By-Pass-Jefferson Junction Section of the Pacific Highway described as follows:

A parcel of land lying in the Wm. Neil DLC also lying in the SE¼ of Section 10 and the SW¼ of Section 11, Township 9S, Range 3W, W.M., Marion County, Oregon, and being a portion of that property described in that certain deed to State of Oregon by and through its State Highway Commission, recorded in Book 471, Page 293 of Marion County Records of Deeds; the said parcel being described as follows:

Beginning at the SE corner of said William Neil DLC, said corner being the SE corner of the SW¼ SW¼ of said Sec. 11; thence North 0° 16' East along the East line of said claim 10.283 chains to the N.E. corner of said State of Oregon property; thence North 89° 25' West parallel to the South line of said Neil claim 1,727 feet more or less to a line which is parallel to and 160 feet Easterly of the Centerline of the Pacific Highway; thence South 16° 41'30" West parallel to said Centerline 435 feet, more or less to the North line of that tract conveyed to Ben and Rosa Lee Bennett by deed recorded in Book 387, Page 577 of Marion County Deed Records; thence South 89° 25' East along the North line of said Bennett tract 215 feet more or less, to the N.E. corner of said Bennett tract; thence South 16° 41'30" East along the East line of said Bennett tract 264 feet to the South line of said Neil DLC, said South line being the South line of said State of Oregon property; thence South 89° 25' East along said South line 1,711.45 feet to the place of beginning.

The parcel of land to which this description applies contains 27.15 acres, more or less.

WHEREAS, after consideration, the Commission find and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $8,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be and he hereby is, authorized and instructed to advertise

EXHIBIT "B-2" (cont)

the said property for sale, in accordance with the terms and provisions of ORS 273.060 et. Seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Pacific Highway, except there is access by way of frontage road.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 84 be entered in the minutes and records of the Commission as of the 5th day of March, 1959.

31265

EXHIBIT "B-3"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcels of land in the 39th Ave.-102nd Ave. Section of the Banfield Expressway described as follows:

PARCEL A. A parcel of land lying in the NW¼ of Section 33, Township 1N, Range 2E, W.M., Multnomah County, Oregon, the said parcel being described as follows:

Beginning at the Southeast corner of Lot 32 of Block 6, Lee-Bow Park; thence South along the East line of Lee-Bow Park, 16.52 feet to the North line of Hassalo Street as extended; thence East along the North line of Hassalo Street 375 feet to the true point of beginning; thence West along the North line of Hassalo Street, a distance of 100 feet; thence North parallel to the East line of Lee-Bow Park, 155 feet, more or less, to a point 125 feet Southerly of (when measured at right angles to) the center line of the T.H. Banfield Expressway; thence Southeasterly in a straight line 120 feet, more or less, to a point 85 feet North of the true point of beginning; thence South 85 feet to the true point of beginning.

The parcel of land to which this description applies contains 12,000 square feet more or less.

PARCEL B. A parcel of land lying in the NW¼ of Section 33, Township 1N, Range 2E, W.M., Multnomah County, Oregon, and being a portion of that property described in those certain deeds to State of Oregon by and through its State Highway Commission recorded in Book 1325, Page 556 and in Book 1530, Page 398 of Multnomah County Records of Deeds; the said parcel being that portion of said property lying Southerly of a line which is parallel to and 30 feet Southerly of the center line of the connection road between N. E. Hassalo Street and N. E. Multnomah Street, which center line is described as follows:

Beginning at Engineer's center line Station HM 9+37.37, said Station being at the intersection of the center line of N.E. Hassalo Street with the center line of 91st Avenue; thence S 87° 55' 16" E, 38.86 feet; thence on a 238.73 foot radius curve left (the long chord of which bears N 83° 21' 24" E) 72.68 feet; thence N 74° 38' 04" E, 351.09 feet to Station 14+00, said center line crossing the East line of said NW¼ at Station 12+73.12.

Bearings used herein are based upon the Oregon Co-ordinate System, North Zone.

The parcel of land to which this description applies contains 11,761 square feet.

EXHIBIT "B-3" (cont)

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $3,600.00 for Parcel A and the sum of $3,530.00 for Parcel B, and the Commission is desirous of selling and disposing of said property at prices not less than the appraised amounts.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 et. Seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Banfield Expressway, as to Parcel A;

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 85 be entered in the minutes and records of the Commission as of the 5th day of March, 1959.

31267

EXHIBIT "B-4"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Hillsboro - One Way Street Section of the Tualatin Valley Highway described as follows:

A parcel of land lying in the North half ($N\frac{1}{2}$) of Section 1, Township 1 South, Range 3 West, W.M., Washington County, Oregon, and being a portion of that property described in that certain deed to the State of Oregon by and through its State Highway Commission recorded in Book 375, Page 85 of Washington County Records of Deeds; the said parcel being described as follows:

Beginning at the intersection of the South line of the Westbound traffic lane of the Tualatin Valley Highway and the Westerly line of County Road #1772 extended Southerly, said intersection being approximately opposite and 30 feet Southerly of Station 17+51 on the center line of said Westbound lane, said point also being 29 feet South and 420 feet West of the North quarter corner of said Section 1; thence South 9° 15' West, parallel to and 30 feet Westerly of said County Road center line extended Southerly 205 feet, more or less, to a point which is opposite and 30 feet Westerly of Station 2+40 on the center line of said County Road extended Southerly; thence South 70° 25' West, 35 feet to a point which is opposite and 50 feet Northerly of Station 18+50 on the center line of the Eastbound traffic lane of said Tualatin Valley Highway; thence Northwesterly parallel to and 50 feet Northeasterly of the center line of said Eastbound traffic lane 250 feet, more or less, to a point which is opposite and 50 feet Northeasterly of Station 21+00 on the center line of said Eastbound traffic lane; thence North 17° 33' 40" East, 132 feet, more or less, to a point which is opposite and 30 feet Southerly of Station 20+10 on the center line of said Westbound traffic lane; thence Easterly parallel to and 30 feet Southerly of the center line of said Westbound traffic lane 259 feet, more or less, to the place of beginning.

The parcel of land to which this description applies contains 1.1 acres, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $10,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised

EXHIBIT "B-4" (cont)

amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 et. Seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Tualatin Valley Highway, except there is granted the right of access from the said property to said highway right of way of a width not to exceed 30 feet at four points to be determined prior to the conveyance of the property, said access points to be unrestricted as to use.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 86 be entered in the minutes and records of the Commission as of the 5th day of March, 1959.

31269

EXHIBIT "B-5"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Harbor Drive-Barbur Boulevard Section of the Pacific Highway described as follows:

A parcel of land lying in Block 20, West Portland Park, also lying in Section 31, Township 1S, Range 1E, W.M., Multnomah County, Oregon, the said parcel being described as follows:

Beginning at the Southeast corner of Lot 25 of said Block 20; thence West along the South line of said Lot 25, a distance of 65 feet; thence Northeasterly in a straight line to a point on a line which is parallel to and 30 feet South of the North line of said Block 20, said point being 55 feet West (when measured along said parallel line) from the East line of said Block 20; thence Northeasterly in a straight line to the North line of said Block 20, at a point which is 30 feet West of the Northeast corner of said Block 20; thence East along said North line 30 feet to the Northeast corner of said Block 20; thence South along said East line 100 feet to the point of beginning.

The parcel of land to which this description applies contains 5475 square feet.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $10,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 et. Seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Pacific Highway,

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 87 be entered in the minutes and records of the Commission as of the 5th day of March, 1959.

March 5, 1959

EXHIBIT "B-6"

Minutes of March 5 and 6, 1959

R E S O L U T I O N

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Springfield Section of the McKenzie Highway described as follows:

> A parcel of land lying in Lot 3, Block 61, Washburne's Subdivision of Springfield Investment and Power Company's Addition to Springfield, Lane County, Oregon, and being a portion of that tract of land designated as Parcel No. 1 and described in that certain deed to the State of Oregon, by and through its State Highway Commission, recorded in Book 193, page 241, of Lane County Records of Deeds; the said parcel being described as follows:
>
> Beginning on the South line of said Lot 3 at a point which is 60 feet West of the Southeast corner of Lot 1, said Block 61; thence North parallel to the East line of said Lot 1 to the northerly line of said State of Oregon tract; thence northwesterly to the Northwest corner of said Lot 3; thence South to the Southwest corner of said Lot 3; thence East to the point of beginning, containing 2540 square feet, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et.Seq.

AND, BE IT FURTHER RESOLVED, that this Property Sale Resolution No. 88 be entered in the minutes and records of the Commission as of the 5th day of March, 1959.

March 5, 1959

31271

EXHIBIT "C"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, the City of Independence, an incorporated city in Polk County, Oregon, wishes to extend its boundaries and annex certain contiguous property, including a portion of the Monmouth-Independence Highway, Oregon State Primary Highway No. 43; and

WHEREAS, the City of Independence has requested the consent of the Oregon State Highway Commission for the annexation of a portion of said highway as hereinafter described; and

WHEREAS, the Oregon State Highway Commission is agreeable to the proposed annexation including said portion of the Monmouth-Independence Highway.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED, by the Oregon State Highway Commission as follows:

1. That the City of Independence, Polk County, Oregon may include within the boundaries of the city by a proposed annexation, that portion of the Monmouth-Independence Highway, Oregon State Primary Highway No. 43, described as follows:

> That part of the Monmouth-Independence State Primary Highway No. 43 being a roadway sixty (60) feet in width and extending from Highway Engineer's Station No. 1127+15.12 easterly along said highway to Highway Engineer's Station No. 1134+35.74, Polk County, State of Oregon,

said portion of said highway being located contiguous to and adjoining on the south the territory proposed to be annexed by the City of Independence, and which property is described as follows:

> Beginning at a point on the South line of the Monmouth-Independence State Highway, 1096.26 feet N. 89° 30' W. and 43.33 feet S. 0° 03½' E. from the Southeast corner of the Joseph Carmack Donation Land Claim No. 66 in Township 8 South, Range 4 West of the Willamette Meridian in Polk County, Oregon; and running thence N. 89° 47' W. 720.62 feet to the East line of the Gun Club County Road; thence N. 0° 03½' W. 531.0 feet along the East line of said Gun Club County Road, thence S. 89° 47' E. 720.62 feet; thence S. 0° 03½' E. 531.0 feet to the place of beginning. Excepting therefrom that part of said highway heretofore annexed to the City of Independence.

EXHIBIT "C" (Cont)

2. That this resolution be entered in full in the minutes and records of this Commission as Miscellaneous Resolution No. 229, this 5th day of March, 1959, and the Secretary is ordered to mail a duly certified copy hereof to the Mayor and City Council of the City of Independence, Oregon.

31273

EXHIBIT "D"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, under the provisions of ORS 366.300, whenever the Highway Commission relocates or realigns a state highway or any section thereof, and by reason of said relocation or realignment, there is eliminated from the original highway a section thereof, the eliminated section shall:

(a) If needed for the service of persons living thereon, or communities served thereby, be maintained by the Commission at the State's expense or by the County, or by the State and County, on such terms and conditions as may be agreed upon;

(b) If the abandoned sections are merely a part of the old right of way which are no longer needed for right of way purposes, then they shall revert to the abutting property owners, unless, in the judgment of the Commission, said sections are needed or are valuable for any public use; and

WHEREAS, Chapter 123, Section 14, Oregon Laws 1957 repealed Chapter 252, Section 5 Oregon Laws 1953 describing the Halfway Highway; and

WHEREAS, Chapter 123, Section 7, Oregon Laws 1957 amended Chapter 252, Section 2 of the Oregon Laws 1953 to provide that the Baker-Homestead Highway runs from a junction with the Old Oregon Trail in Baker, easterly via Richmond, Pine Valley, Copperfield and Homestead to the Oregon-Idaho state line; and

WHEREAS, State, in cooperation with the Idaho Power Company, has relocated and constructed a section of the Baker-Homestead Highway, State Primary Highway No. 12, around the Brownlee and Oxbow Dams known as the Richland-Copperfield Section in Baker County; and

WHEREAS, due to the relocation of the aforesaid section, portions of the right of way of the Baker-Homestead Highway, State Primary Highway No. 12; Halfway Highway, State Primary Highway No. 55; and Pine Creek Highway, State Secondary Highway No. 414 are no longer needed for right of way purposes and may be eliminated as sections of said original highways. Said sections to be eliminated are hereinafter designated as Units "A" and "B" as shown colored in red on Exhibit "A" attached hereto and by this reference made a part hereof and Units "C" and "D" as shown colored in brown on the attached Exhibit "A"; and

EXHIBIT "D" (Cont)

WHEREAS, Baker County and the State Highway Commission entered into an agreement on the 19th day of January, 1959, relating to the disposition of those certain sections of the said original Halfway Highway and Pine Creek Highway which are subject to elimination and hereinafter referred to as Units "A" and "B"; and

WHEREAS, said agreement provides that State, by resolution, would formally eliminate said Unit "A" as part of the Halfway Highway, State Primary Highway No. 55 and the state highway system and said Unit "B" as part of the Pine Creek Highway, State Secondary Highway No. 414 and the state highway system; and that all right, title and interest which State has in Units "A" and "B" would pass to and vest in County and County would accept all right, title and interest which State has in said Units "A" and "B" and would maintain said Units "A" and "B" as county roads so long as needed for the service of persons living thereon or communities served thereby; and

WHEREAS, in the judgment of the Highway Commission, Units "C" and "D" are no longer needed for state highway right of way purposes or for the service of persons living thereon or communities served thereby, or for any other public use and therefore, Unit "C" may be eliminated as part of the Halfway Highway, State Primary Highway No. 55 and Unit "D" may be eliminated as part of the former Baker-Homestead Highway, State Primary Highway No. 12 and that all right, title and interest which State has in the right of way of Unit "C" and Unit "D" shall pass to and vest in the abutting property owners; and

WHEREAS, in the judgment of the Highway Commission, certain other sections of right of way of the former and relocated Baker-Homestead Highway, together with sections of the original Halfway Highway and Pine Creek Highway, together with real property acquired by State for roadway and other public purposes, are needed and are valuable for public use and that title should remain in the public and said sections of said highways to which title is to be retained by State, are shown colored in green on the attached Exhibit "A". *

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That by reason of the relocation of the Baker-Homestead Highway, State Primary Highway No. 12 in Baker County, certain sections of the original Baker-Homestead Highway, State Primary Highway No. 12; Halfway Highway, State Primary Highway No. 55; and Pine Creek Highway, State Secondary Highway No. 414; are no longer needed by the State of Oregon and are no longer required for the said new right of way of the said relocated Baker-Homestead Highway. The said sections to be eliminated are identified as Units "A", "B", "C", and "D" as shown on said Exhibit "A" and are described as follows: *

EXHIBIT "D" (Cont)

Unit "A"
All the land situated within the right of way boundary lines of the Halfway Highway as presently routed, beginning at Existing Highway Engineer's Centerline Survey Station 3+30 of said existing highway at the south line of the northwest quarter of the southeast quarter (NW$\frac{1}{4}$ SE$\frac{1}{4}$), Section 11, Township 9 South, Range 46 East, W. M.; thence northwesterly via said existing Halfway Highway to the southeasterly right of way boundary line opposite relocated Highway Engineer's Centerline Survey Station 1080+80 of the relocated Baker-Homestead Highway in the southeast quarter of the northwest quarter (SE$\frac{1}{4}$ NW$\frac{1}{4}$), Section 21, Township 8 South, Range 46 East, W. M.

Unit "B"
All the land situated within the right of way boundary lines of the Pine Creek Highway as presently routed, beginning at the northerly right of way boundary line opposite relocated Highway Engineer's Centerline Survey Station 812+80 of the relocated Baker-Homestead Highway at the north-south centerline of Section 10, Township 8 South, range 46 East, W. M.; thence northerly, easterly, and southerly via said existing Pine Creek Highway to the northerly right of way boundary line opposite relocated Highway Engineer's Centerline Survey Station 761+25 of said relocated Baker-Homestead Highway at the north-south centerline of Section 11, Township 8 South, Range 46 East, W. M.

Unit "C"
All the land situated within the right of way boundary lines of the Halfway Highway as presently routed beginning at the easterly right of way boundary line opposite Highway Engineer's Centerline Survey Station 182+37.3 of the original Baker-Homestead Highway in the southeast quarter of the southwest quarter (SE$\frac{1}{4}$ SW$\frac{1}{4}$), Section 15, Township 9 South, Range 46 East, W. M.; thence northeasterly via said existing Halfway Highway to Highway Engineer's Centerline Survey Station 3+30 of said existing Halfway Highway at the south line of the northwest quarter of the southeast quarter (NW$\frac{1}{4}$ SE$\frac{1}{4}$), Section 21, Township 8 South, Range 46 East, W. M.

Unit "D"
All the land situated within the right of way boundary lines of the Baker-Homestead Highway as formerly routed beginning where said highway is submerged by waters impounded by the Brownlee Dam at approximate Mile Point 44.84 of said highway as formerly routed in the

EXHIBIT "D" (Cont)

northeast quarter of the northeast quarter (NE¼ NE¼), Section 30, Township 9 South, Range 46 East, W. M. thence northeasterly via said highway as formerly routed to the easterly right of way line at approximate Mile Point 70.68 of said relocated highway in the southwest quarter of the northwest quarter (SW¼ NW¼), Section 9, Township 7 South, Range 48 East, W. M.

2. That pursuant to an agreement entered into with Baker County on the 19th day of January, 1959, Unit "A" as heretofore described and as shown colored in red on said attached map marked Exhibit "A", is hereby duly eliminated as a part of Halfway Highway, State Primary Highway No. 55 and Unit "B" as heretofore described and as shown colored in red on said attached Exhibit "A" is hereby duly eliminated as part of the Pine Creek Highway, State Secondary Highway No. 414 and all right, title and interest which State has in said Units "A" and "B" hereby pass to and vest in said Baker County. *

3. That Unit "C" as heretofore described and as shown colored in brown on said attached map marked Exhibit "A" is hereby duly eliminated as part of the Halfway Highway, State Primary Highway No. 55 and Unit "D" heretofore described and as shown colored in brown on said attached map marked Exhibit "A" is hereby duly eliminated as part of the former Baker-Homestead Highway, State Primary Highway No. 12; and all right, title and interest which State has in said Unit "C" and Unit "D" hereby pass to and vest in the abutting property owners. *

4. That this resolution be entered in full in the minutes and records of this Highway Commission as Abandonment and Retention Resolution No. 357 this 5th day of March, 1959, and the Secretary is ordered to mail certified copies hereof to the Baker County Court and to the Idaho Power Company.

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 357, under the heading "Abandonment and Retention", and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "E"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, the Oregon State Highway Commission has relocated and realigned the Pacific Highway, State Primary Highway No. 1, in Josephine and Jackson counties; and

WHEREAS, due to the relocation and realignment of said highway, a portion of the former right of way is without designation or classification as a part of the Oregon State Highway system; and

WHEREAS, pursuant to ORS 366.220, the commission may designate, classify and reclassify the highways comprising the State Highway system as primary and secondary highways; and

WHEREAS, it is the judgment of the commission that the Redwood Highway, State Primary Highway No. 25, shall be extended to include that portion of the original Pacific Highway which is without designation or classification by reason of the relocation and realignment of said Pacific Highway and that said portion of the original Pacific Highway be classified as a primary highway; and

WHEREAS, it is the judgment of the commission that a certain portion of the original Pacific Highway extending from a point at or near Grants Pass to a point at which the original Pacific Highway is joined by the Sams Valley Highway, State Secondary Highway No. 271 at Rock Point, should be designated as the Rogue River Highway, State Primary Highway No. 60; and

WHEREAS, by reason of said classification and redesignation, it is necessary to revise the description for the Rogue River Loop Highway, State Secondary Highway No. 260,

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the Redwood Highway, State Primary Highway No. 25, be and it hereby is extended to include that portion of the original Pacific Highway, State Primary Highway No. 1, as shown colored in blue on Exhibit "A" attached hereto and by this reference made a part hereof, and that said Redwood Highway, State Primary Highway No. 25, is described as follows: *

> From a junction with the relocated Pacific Highway at or near Grants Pass, southwesterly via Kerby to the Oregon-California state line with a spur connection to the relocated Pacific Highway via "M" Street in Grants Pass.

EXHIBIT "E" (Cont)

2. That that portion of the original Pacific Highway extending from a point at or near Grants Pass, at which point the original Pacific Highway route connects the existing Redwood Highway, to a point where the original Pacific Highway joins the Sams Valley Highway, State Secondary Highway No. 271, as shown colored in green on Exhibit "A" is hereby designated as the Rogue River Highway, State Primary Highway No. 60 and is described as follows: *

> From a junction with the Redwood Highway in or near Grants Pass easterly to a junction with the Sams Valley Secondary Highway at Rock Point, a distance of approximately 2 miles west of Gold Hill.

3. That the route of the Rogue River Loop Highway, State Secondary Highway No. 260 as shown colored in yellow on Exhibit "A", is hereby re-described as follows: *

> From a junction with the Redwood Highway near Wilderville, thence northerly and easterly to a junction with the Redwood Highway in Grants Pass.

4. That this resolution be entered in full in the minutes and records of this Commission this 5th day of March, 1959 as Primary Highway Designation Resolution No. 27.

---

* FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 27 under the heading "Primary Highway Designation" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "F"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, the Engineer has reported that the following State Highway Commission contracts for the construction of State Highway projects have been completed according to the terms and provisions of said contracts and that said jobs are now ready for acceptance:

"Contract No. 5016, with Tom Lillebo Construction Co., for construction of the McKercher Bridge on the Halsey-Sweet Home Highway in Linn County, completed December 31, 1958.

"Contract No. 5018, with Valley Construction Co. and Tower Sales & Erecting Co., for the construction of the N. Jefferson Junction-Santiam Junction structures on the Pacific Highway in Marion and Linn Counties, completed January 21, 1959.

"Contract No. 5055, with Cascade Construction Co., for grading and paving on the Hancock Street-Multnomah Street and Stephens Street (Portland) Section of the Pacific East Highway (Northbound) in Multnomah County, completed September 11, 1958.

"Contract No. 5072, with Rogers Construction., Inc., for grading, paving and structures on the Baker County Line-Olds Ferry Section of the Old Oregon Trail and Olds Ferry-Ontario Highways in Malheur County, completed November 25, 1958.

"Contract No. 5090, with R. A. Heintz Construction Co., for grading on the West Unit, Sundial-Rooster Rock Section of the Columbia River Highway in Multnomah County, completed January 23, 1959.

"Contract No. 5096, with Warren Northwest, Inc., for grading and paving on the Forest Grove-Cornelius Unit, Forest Grove-Hillsboro Section of the Tualatin Valley Highway in Washington County, completed February 2, 1959.

"Contract No. 5138, with Hudspeth Pine, Inc., for grading on the Richardson-Siuslaw River Section of the Richardson-Eugene Highway in Lane County, completed October 24, 1958.

"Contract No. 5157, with Roy L. Houck & Sons and Roy L. Houck Sons' Corp. for grading and paving on the West Unit, Shogren-Rowena Section of the Columbia River Highway in Wasco County, completed January 19, 1959.

"Contract No. 5169, with Inter City Sand and Gravel Co., Inc., for construction of the Silvies River Bridge on the Harney County Road in Harney County, completed December 5, 1958.

EXHIBIT "F" (Cont)

"Contract No. 5212, with M. C. Lininger & Sons, for grading and paving on the Third Street-Green Springs Junction Section of the Pacific Highway in Jackson County, completed December 8, 1958.

"Contract No. 5231, with T. C. Wildish, for grading and paving on the Springfield Section of the McKenzie Highway in Lane County, completed November 7, 1958.

"Contract No. 5241, with Erick Enquist for construction of the Milton Creek Bridge on the Columbia Blvd. (Yankton Road) in Columbia County, completed January 30, 1959.

"Contract No. 5261, with Hamilton & Thoms, Inc., for construction of the Calapooya River Bridge on the Pacific Highway in Linn County, completed February 3, 1959.

"Contract No. 5270, with Trowbridge Electric Company, for installation of the Forest Grove Traffic Signals on Pacific Avenue and 19th Street in Washington County, completed January 22, 1959.

"Contract No. 5272, with Valley Construction Company, for construction of the Salt Creek (Whiteson) Bridge on the Whiteson Road in Yamhill County, completed February 20, 1959.

"Contract No. 5274, with Bechtel Bros., for grading and paving on the "H" Street-Broadway Avenue (Baker) Section of the Old Oregon Trail Highway in Baker County, completed December 6, 1958.

"Contract No. 5304, with Inland Construction Company, for construction of the Tualatin River (Shipley) Bridge on Market Road #12 in Clackamas County, completed February 20, 1959.

"Contract No. 5309, with James F. Turner, for construction of the Willow, McDowell and Oak Creek Bridges on FAS Roads 770 and 214 in Linn County, completed February 13, 1959.

"Contract No. 5355, with Serge R. Perrin, for construction of the Sandy Sand Storage Shed on the Mt. Hood Highway in Clackamas County, completed February 5, 1959.

"Contract No. 5358, with E. P. Baltz & Son, for roadside improvement on the Myrtle Creek-Fords Bridge Section of the Pacific Highway in Douglas County, completed January 27, 1959.

"Contract No. 5374, with R. C. Marvel Construction Co., Inc., for grading on the Grass Valley-Rutledge Section of the Grass Valley-Rutledge Road in Sherman County, completed February 10, 1959.

EXHIBIT "F" (Cont)

THEREFORE BE IT RESOLVED that the work covered by State Highway Contracts for the construction of said State Highway projects be declared completed according to the terms of the respective contracts and said jobs are hereby accepted and final payment in connection with each is hereby authorized.

BE IT FURTHER RESOLVED that this Contracts Completed Resolution No. 79 shall be entered in the minutes and records of the Commission as of the 5th day of March, 1959.

31282

EXHIBIT "G-1"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: Central Oregon Highway

Highway number 7 Route number US 20

Location of Termini	Established Speed M. P. H.
"A" Street and Connections (One-way Eastbound)	
From east city limits of Vale (M. P. 246.52) to east end of one-way couplet (M. P. 246.79)	35

From east city limits of Vale (M. P. 246.53W) to east end of one-way couplet (M. P. 246.79W)	35
Central Oregon Highway	
From east end of one-way couplet (M. P. 246.79) to a point 150 feet east of east end of one-way couplet (M. P. 246.82)	35

EXHIBIT "G-1" (Cont.)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Zone Resolution No. 286 be entered in the minutes and records of the Commission as of the 5th day of March, 19 59.

EXHIBIT "G-2"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: Oregon Coast Highway

Highway number 9 Route number US 101

Location of Termini	Established Speed M.P.H.
From south city limits of Florence (M.P. 190.98) to a point 0.27 mile south of south city limits of Florence (M.P. 191.25)	35

EXHIBIT "G-2" (Cont.)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Zone Resolution No. 287 be entered in the minutes and records of the Commission as of the 5th day of March, 19 59.

EXHIBIT "G-3"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

EXHIBIT "H-1"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, the Pacific Highway is a primary state highway under the jurisdiction of the State Highway Commission; and

WHEREAS, it appears that vehicles are being parked in the triangular-shaped islands at the Sunnyside-Turner Interchange on the Pacific Highway, a short distance south of Salem; and

WHEREAS, the parking of vehicles within said islands creates a hazard to the travelling public by restricting sight distance for vehicles intending to enter the freeway at this location; and

WHEREAS, in the opinion of the Commission public travel and public safety require that parking of vehicles should be prohibited on said highway at said location.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the Commission does hereby find and declare, based upon recommendations by members of its staff, that the parking of vehicles within the triangular-shaped islands of the Sunnyside-Turner Interchange on the Pacific Highway, south of Salem, at M. P. 59.32 creates a hazard to the travelling public by restricting sight distance for traffic entering the freeway at this location.

2. That the Commission does further find and declare that the parking of vehicles within said triangular-shaped islands of the Sunnyside-Turner Interchange should be prohibited.

3. That the State Highway Engineer be and he hereby is instructed to erect signs at said termini and at such points as, in his judgment, are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared.

4. That a certified copy of the resolution be sent to the Superintendent of the Department of State Police for his information.

5. That this "No Parking" Resolution No. 193 be entered in the minutes and records of the State Highway Commission as of the 5th day of March, 1959.

31293

EXHIBIT "H-2"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, the Albany-Junction City Highway No. 58 (old US 99) is a State Highway under the jurisdiction of the State Highway Commission; and

WHEREAS, on the 11th day of December, 1958, the Commission adopted a resolution prohibiting parking on the shoulders of said highway in the vicinity of B street in the community of Tangent; and

WHEREAS, further investigation has disclosed that the "No Parking" resolution is not necessary for public safety and convenience;

NOW THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the Commission does hereby find and declare, based upon recommendations by members of its staff, that "No Parking" Resolution No. 190, prohibiting parking of vehicles on the easterly side of the Albany-Junction City Highway between B Street and a point 475 feet south of B Street, approved by the Commission at its meeting December 11, 1958 is hereby rescinded.

2. That the State Highway Engineer be and he hereby is instructed to remove "NO PARKING" signs at said location and take such other action as in his judgment is necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared.

3. That a certified copy of the resolution be sent to the Superintendent of the Department of State Police for his information.

4. That this "No Parking" Resolution No. 190-a be entered in the minutes and records of the State Highway Commission as of the 5th day of March, 1959.

EXHIBIT "I-1"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make complete and final surveys of the routes and locations of the following sections of state highways:

1. John Day River Section of the Wasco-Heppner Highway in Sherman and Gilliam Counties.

2. Poker Creek-Mason Dam Section of the Sumpter Valley Highway in Baker County.

3. Forest Boundary-Haines Section of the Haines-Anthony Highway in Baker County.

and in connection therewith to prepare maps showing the routes and locations of said sections and to file said maps, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said surveys and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said surveys, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1a. That the survey of the John Day River Section of the Wasco-Heppner Highway, beginning at Highway Engineer's Station 289+18.54, a short distance northerly from the John Day River, and extending in a southerly and easterly direction to Highway Engineer's Station 306+79.29, southerly and easterly of the John Day River, together with map, which for identification purposes bears Sketch Map File No. 1R-3-1231 and the date of February 1959 (Right of Way Map No. 6B-26-6, dated November 1947), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.**

1b. That the survey of the Poker Creek-Mason Dam Section of the Sumpter Valley Highway, Baker County, beginning at Highway Engineer's Station 214+74.86 and extending in a westerly direction to Highway Engineer's Station 367+64, near the Mason Dam site on Powder River, together with map, which for identification purposes bears Sketch

EXHIBIT "I-1" (Cont.)

Map File No. 1R-5-1245, dated March 1959, (Right of Way Map No. 8B-12-16, dated December 1958), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.*

1c. That the survey of the Forest Boundary-Haines Section of the Haines-Anthony Highway, Baker County, beginning at Highway Engineer's Station 385+98.99 and extending in a southerly direction to Highway Engineer's Station 14+27.67 in the town of Haines, together with map, which for identification purposes bears Sketch Map File No. 1R-5-1232, dated February 1959 (Right of Way Map No. 8B-12-2,3,4, dated November 1958), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. **

2. That when said highway sections are permanently constructed, the same shall be done in accordance with said surveys and locations unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said surveys constitute and are deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the highways along and over these surveys. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary rights of way pursuant to the normal and approved method for construction of non access controlled highways.

4. That this resolution be entered in the minutes and records of the Commission as of the 5th day of March, 1959, as Survey Resolution No. 190.

---

* The survey for the section of this highway between Engineer's Station 283+00 and Station 313+00 was approved by the Commission in July, 1955.

**FOOTNOTE:

The maps mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 190, under the heading "Resolutions Adopting Surveys" and said maps by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "I-2"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make a complete and final survey of the route and location of the Namorf-Harper Junction Section of the Central Oregon Highway in Malheur County, and in connection therewith to prepare a map showing the route and location of said section and to file said map, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said survey and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said survey, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1. That the survey of the Namorf-Harper Junction Section of the Central Oregon Highway, Malheur County, beginning at Highway Engineer's Station 0.00, near the community of Harper, and extending in a westerly direction to Highway Engineer's Station 450+00, near the community of Namorf, together with the map, which for identification purposes bears Sketch Map file No. 1R-5-1251, dated February 1959 (Right of Way Map No. 8B-12-20, 21, dated February 1959), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

2. That when said highway section is permanently constructed, the same shall be done in accordance with said survey and location unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said survey constitute and are deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the highway along and over this survey. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary right of way pursuant to the normal and approved method for construction of a limited access controlled highway.

4. That heretofore this Commission by resolution dated November 3, 1948, designated the said Central Oregon Highway as a "Throughway" within

the meaning and purpose of ORS 374.005 through ORS 374.095, commonly known as the "Throughway Law", and, for the reasons stated therein, it is hereby directed that the construction of the above mentioned section of highway shall be accomplished pursuant to and within the meaning and scope of said law and said resolution.

5. That this resolution be entered in the minutes and records of the Commission as of the 5th day of March, 1959, as Survey Resolution No. 191.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 191, under the heading "Resolutions Adopting Surveys" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "I-3"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make a complete and final survey of the route and location of the Dodson-Cascade Locks Section of the Columbia River Highway in Multnomah and Hood River Counties, and in connection therewith to prepare a map showing the route and location of the said section and to file said map, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said survey and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said survey, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1. That the survey of the Dodson-Cascade Locks Section of the Columbia River Highway, beginning at Highway Engineer's Station 1467+00, near the community of Dodson, and extending in an easterly direction to Highway Engineer's Station 1860+00 at the westerly edge of the city of Cascade Locks, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1255, dated March 1959 (Right of Way Map No. 5B-8-21, dated January 1935, and 6B-14-11, dated January 1945), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

2. That when said highway section is permanently constructed, the same shall be done in accordance with said survey and location unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said survey constitute and are deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the highway along and over this survey. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary right of way pursuant to the normal and approved method for construction of a complete access controlled highway.

EXHIBIT "I-3" (Cont.)

4. That heretofore this Commission by resolution dated November 3, 1948, designated the said Columbia River Highway as a "Throughway" within the meaning and purpose of ORS 374.005 through ORS 374.095, commonly known as the "Throughway Law" and, for the reasons stated therein, it is hereby directed that the construction of the above mentioned section of highway shall be accomplished pursuant to and within the meaning and scope of said law and said resolution.

5. That this resolution be entered in the minutes and records of the Commission as of the 5th day of March, 1959, as Survey Resolution No. 192.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 192, under the heading "Resolutions Adopting Surveys" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-1"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Wasco-Hay Canyon Section of the Wasco-Heppner Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the Wasco-Hay Canyon Section of the Wasco-Heppner Highway will be constructed, relocated or reconstructed upon right

EXHIBIT "J-1" (Cont)

of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement or maintenance of the Wasco-Hay Canyon Section of the Wasco-Heppner Highway, certain interest in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said widened and relocated Wasco-Heppner Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Wasco-Hay Canyon Section of the said Wasco-Heppner Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in

his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of March, 1959, as Condemnation Resolution No. 1088.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1088, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-2"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light, and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Washington County Line-Highlands Interchange Section of the Sunset Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State

EXHIBIT "J-2" (Cont)

are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and the maintenance of the said Washington County Line-Highlands Interchange Section of the Sunset Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Washington County Line-Highlands Interchange Section of the Sunset Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of

EXHIBIT "J-2" (Cont)

real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of March, 1959, as Condemnation Resolution No. 1089.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1089, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-3"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Corvallis City Section of the Corvallis-Newport Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the Corvallis City Section of the Corvallis-Newport Highway will be constructed, relocated or reconstructed upon right

of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Corvallis City Section of the Corvallis-Newport Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said relocated Corvallis-Newport Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the relocation, construction, improvement and maintenance of the said Corvallis City Section of the said Corvallis-Newport Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

EXHIBIT "J-3" (Cont)

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of March, 1959, as Condemnation Resolution No. 1090.

---

EXHIBIT "J-4"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Blue Mountain Station - Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

EXHIBIT "J-4" (cont)

WHEREAS, portion of the Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951;

NOW THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said relocated Oregon-Washington Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the relocation, construction, improvement and maintenance of the said Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the said Oregon-Washington Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in

his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of March, 1959, as Condemnation Resolution No. 1091.

EXHIBIT "J-5"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Bank Freeway Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-5" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "J-5" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of March, 1959, as Condemnation Resolution No. 1092.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1092, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

tain parcels of real property. The said parcels of real property, or particular interests therein needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Cascade Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.*

3. That the relocation, construction, improvement and maintenance of the said Lake Road-Oregon City Section of the said Cascade Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of March, 1959, as Condemnation Resolution No. 1093.

EXHIBIT "J-6" (cont)

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1093, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-7"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Goble Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-7" (Cont)

WHEREAS, for the purpose of widening, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Goble Section of the Columbia River Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improvement and maintenance of the said Goble Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "J-7" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

EXHIBIT "J-8"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Cascade Locks By-Pass Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and

EXHIBIT "J-8" (cont)

the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Cascade Locks By-Pass Section of the Columbia River Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interest of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted

3. That the relocation, construction, improvement and maintenance of the said Cascade Locks By-Pass Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final

determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or in his absence, any assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

EXHIBIT "J-9"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Cascade Locks-Viento Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-9" (Cont)

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Cascade Locks-Viento Section of the Columbia River Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Cascade Locks-Viento Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determina-

tion such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

EXHIBIT "J-10"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Poker Creek-Mason Dam Section of the Sumpter Valley Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Poker Creek-Mason Dam Section of the Sumpter Valley Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made

EXHIBIT "J-10" (cont)

a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.*

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Poker Creek-Mason Dam Section of the said Sumpter Valley Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of March, 1959, as Condemnation Resolution No. 1097.

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1097, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31329

EXHIBIT "J-11"

Minutes of March 5 and 6, 1959

RESOLUTIO N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites, or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Lyle Gap-Madras Unit, Willowdale-Madras Section of The Dalles-California Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-11" (Cont)

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the Lyle Gap-Madras Unit, Willowdale-Madras Section of The Dalles-California Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Lyle Gap-Madras Unit, Willowdale-Madras Section of The Dalles-California Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said widened and relocated The Dalles-California Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Lyle Gap-Madras Unit, Willowdale -

EXHIBIT "J-11" (Cont)

Madras Section of The Dalles-California Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of March, 1959, as Condemnation Resolution No. 1098.

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1098, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-12"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Albany-Judkins Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-12" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A" no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "J-12" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of March, 1959, as Condemnation Resolution No. 1099.

EXHIBIT "J-13"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve, and maintain the Nehalem River Bridges Section of the Nehalem Secondary Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or trace of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Nehalem River Bridges Section of the Nehalem Secondary Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "J-13" (Cont)

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved Nehalem Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improvement and maintenance of the said Nehalem River Bridges Section of the said Nehalem Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

EXHIBIT "J-16"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the McMinnville Airport-Dayton Junction Section of the Three Mile Lane Secondary Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immedi-

ately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410 the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the McMinnville Airport-Dayton Junction Section of the Three Mile Lane Secondary Highway will be relocated, constructed or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951; and

WHEREAS, it is the judgment of the Highway Commission that those properties to which Oregon Revised Statutes 374.405 apply should have such rights of access as may be permitted properly defined.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said McMinnville Airport-Dayton Junction Section of the Three Mile Lane Secondary Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "J-16" (Cont)

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Three Mile Lane Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said relocated Three Mile Lane Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be defined as to location, width, nature and extent. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired for right of way prior to May 12, 1951.

4. That the relocation, construction, improvement and maintenance of the said McMinnville Airport-Dayton Junction Section of the Three Mile Lane Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

5. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

6. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

7. That this resolution be entered in full in the minutes and records of the Commission this 5th day of March, 1959, as Condemnation Resolution No. 1103.

EXHIBIT "J-16" (Cont)

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1103, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31347

EXHIBIT "J-17"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Portland-Bonneville Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-17" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Portland-Bonneville Section of the Columbia River Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Portland-Bonneville Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "J-17" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of March, 1959, as Condemnation Resolution No. 1104.

---

* FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1104, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-18"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Wasco-Hay Canyon Section of the Wasco-Heppner Highway, and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the Wasco-Hay Canyon Section of the Wasco-Heppner Highway will be constructed, relocated or reconstructed upon right

of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement or maintenance of the Wasco-Hay Canyon Section of the Wasco-Heppner Highway, certain interest in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said widened and relocated Wasco-Heppner Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Wasco-Hay Canyon Section of the said Wasco-Heppner Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judg-

ment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of March, 1959 as Condemnation Resolution No. 1105.

EXHIBIT "J-19"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Lyle Gap-Madras Unit, Willowdale-Madras Section of The Dalles-California Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immedi-

ately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the Lyle Gap-Madras Unit, Willowdale-Madras Section of The Dalles-California Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Lyle Gap-Madras Unit, Willowdale-Madras Section of The Dalles-California Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fuliy as though set forth herein in full. *

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said widened and relocated The Dalles-California Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

EXHIBIT "J-19" (Cont)

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Lyle Gap-Madras Unit, Willowdale-Madras Section of The Dalles-California Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of March, 1959, as Condemnation Resolution No. 1106.

EXHIBIT "J-20"

Minutes of March 5 and 6, 1959

RESOLUT ION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels, or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public, and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Meda Section of the Little Nestucca Secondary Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Meda Section of the Little Nestucca Secondary Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and

required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That the widening in part, relocation in part, construction, improvement and maintenance of the said Meda Section of the said Little Nestucca Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 5th day of March, 1959, as Condemnation Resolution No. 1107.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1107, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-21"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Grants Pass-Rock Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-21" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission s respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A" no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "J-21" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of March, 1959, as Condemnation Resolution No. 1139.

---

* FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1139, under the heading "Real Property Condemnation Resolutions", and said description, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "K"

Minutes of March 5 and 6, 1959

RESOLUTION

WHEREAS, under the provisions of ORS 366.345, the State Highway Commission is authorized to acquire real property or any interest therein for the development and maintenance of state parks by purchase, agreement, donation, or by the exercise of eminent domain; and

WHEREAS, pursuant to said statute, the Highway Commission has acquired by donation certain real property located in Multnomah County, Oregon, for the development of a state park; and

WHEREAS, said property is desirable for a state park because of its scenic beauty and geographic location, and establishing a state park therein will contribute to the general welfare of the people of this state and the motoring public; and

WHEREAS, the Highway Commission has previously officially listed all state parks by a prior resolution;

NOW, THEREFORE, BE IT AND IT HEREBY IS ORDERED by this Commission as follows:

1. That the following real property as hereinafter described be and it hereby is designated as "The Portland Women's Forum State Park":

Beginning at the quarter section stake between Sections 25 and 36 in Township 1 North of Range 4 East of the Willamette Meridian; thence on half section line north 900 feet to a point in the center line of Rooster Rock Road; thence west 230 feet to a point in the center line of Rooster Rock Road, being County Road No. 481, as now surveyed and laid out; and thence in a southerly direction along the center line of said road to where said center line intersects the line first above described, being in the southeast quarter of the southwest quarter of said Section 25, Township 1 North of Range 4 East of the Willamette Meridian, EXCEPT that portion used for road purposes.

ALSO that certain tract beginning at a point north 500 feet along the half section line of Section 25 starting from the quarter section corner between Sections 25 and 36, Township 1 North, Range 4 East of the Willamette Meridian; running thence east parallel with the south line of said southeast quarter of Section 25 to the center line of Rooster Rock Road, being County Road No. 481; thence running northwesterly along the center line of said road till the same intersects the half section line of said Section 25 above mentioned; thence south along said half section line to the place of beginning, all being in said Section 25, Township 1 North, Range 4 East of the Willamette Meridian.

EXHIBIT "K" (Cont)

Beginning at a point in the west line of the southeast quarter of Section 25, Township 1 North, Range 4 East of the Willamette Meridian, which is located 437.50 feet North 3° 59' 30" East from the southwest corner of the said southeast quarter of Section 25; running thence on the west line of said Southeast quarter of Section 25, 62.50 feet to the northwest corner of a certain 3-acre tract deeded by Martha Dabney to the County of Multnomah November 7, 1927, and recorded in Book 1114 on Page 329, Deed Records; thence South 86° 58' 30" East on the north line of said 3-acre tract 177.61 feet to a point in the westerly boundary line of County Road No. 1129 thence southeasterly on said boundary line on a curve to left of 110 foot radius (the chord of which bears south 28° 6' East 0.99 feet) a distance of 0.99 feet to a point, thence South 74° 2' 20" West 189.48 feet to the place of beginning, all in Section 25, Township 1 North, Range 4 East of the Willamette Meridian, SUBJECT to all to the County of Multnomah; and EXCEPT the portions thereof in the Road.

2. Miscellaneous Resolution No. 125, recorded in the minutes and records of this Commission as of the 19th day of January 1955, is hereby amended by adding to the list of state parks included therein, the "The Portland Women's Forum State Park".

IT IS FURTHER ORDERED that this Miscellaneous Resolution No. 125-j be entered in the minutes and records of the Oregon State Highway Commission as of the 5th day of March, 1959, and the Secretary is ordered to mail a duly certified copy hereof to the County Commission of Multnomah County, Oregon.

31635	EXHIBIT "K". Surveys.
31638	EXHIBITS "L-1" - "L-28". Condemnations.

Salem, Oregon
April 16, 1959

The Oregon State Highway Commission met in regular session at 10:00 a.m. in Room 418 of the State Highway Building in Salem. Present were:

M. K. McIver, Chairman
Robert B. Chessman, Commissioner
Kenneth N. Fridley, Commissioner
W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
L. I. Lindas, Chief Counsel
Geo. E. Rohde, Assistant Counsel
Walter T. Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Floyd Query, Secretary

Mr. G. S. Paxson, Assistant Highway Engineer, was excused because of illness.

The Commission approved the minutes of the meeting held March 5 and 6, 1959.

The Parks Superintendent reported on the following park matters:

Use of boys from MacLaren School in state parks: The Parks Superintendent stated that as previously instructed he had discussed with the Engineer and the Chief Counsel the matter of costs in the use of MacLaren School boys in state parks and also the matter of how far the Commission could go in this type of cooperation without illegal use of gas tax funds. It was pointed out by the Chief Counsel that expenditures would constitute a diversion of gas tax monies if the expense was greater in using the boys than it would be if the work was performed by other means. In using the boys in parks work it has been found, the Parks Superintendent stated, that they are not suited for heavier types of work or where skilled labor is required. With these facts in mind, a list was prepared showing the number of boys which might be utilized at a number of state parks. He mentioned briefly that seventeen boys could be used in the vicinity of Newport and seventeen in the vicinity of Nehalem. It was his thought that if some provision could be made for MacLaren School to house and care for the boys at these particular locations, a driver could be furnished to haul them to and from work, provided the MacLaren School would furnish transportation equipment as well as housing facilities. The Commission accepted the report.

(For additional details see the Parks Superintendent's letter to the Commission dated March 16, 1959, in the General Files.)

Request of S. O. Kean that the State acquire for park purposes

eight acres of his land at Mollack Beach, one mile south of Beverly Beach State Park: The Parks Superintendent stated that the property had been investigated and as a result it was his feeling that available funds for purchase of land should be expended in areas that could accommodate more people, such as Ona Beach and in the area now being acquired south of Yaquina Bay. He also pointed out that it would be expensive to develop and maintain the eight acres of land as it is not contiguous to an existing park. The Commission approved his recommendation that the property be not acquired.

Request of Port Orford Chamber of Commerce Centennial Committee that the State construct toilet facilities at Battle Rock State Park or east of the city of Port Orford: The Parks Superintendent recalled that several requests had been made in prior years for a toilet facility and each of them had been rejected for the reason that the facility was within the city limits of Port Orford. Action on a request received in April, 1956, had been deferred pending outcome of the concession lease at the Depoe Bay building. The income from the Depoe Bay building, he continued, has not justified the expense of the building in so far as the toilet facilities are concerned. However, it has taken care of a public demand. The Commission deferred action pending appearance of a delegation concerning this matter on the following day. (Following the appearance of the delegation, the Commission instructed the Parks Superintendent to investigate the feasibility of constructing temporary toilet facilities in the Port Orford area.)

Request of Port of Portland Commission for development of a recreation area on land owned by the Port Commission north of Portland International Airport: The Parks Superintendent stated that the area had been examined and it was found that it can be utilized for recreation purposes but facilities would need to be placed on higher ground. The area is near the City of Portland and would be used principally by residents of the Portland area. As use of the area would be essentially local, and contrary to the Commission's policy of not developing parks for local use, it was his recommendation that development be undertaken by local authorities. The Commission accepted his recommendation.

Request for signing of roads leading to the Willamette Meteorite site in the hills west of Oregon City and upstream from the mouth of the Tualatin River: The Parks Superintendent explained briefly that the Willamette Meteorite is one of the largest ever discovered in the United States but had been removed from the site some 50 years ago and now is in the American Museum of Natural History in New York City. It was his feeling that inasmuch as the meteorite is not to be seen at the location, the Highway Department might be subject to criticism in directing people to a spot on private property to look at a hole. The Commission instructed the Parks Superintendent to contact the Oregon Historical Society and get their opinion in the matter.

Amended agreement with Central Lincoln Peoples' Utility District to extend a power line to serve the state park development at Ona

Beach in Lincoln County: The Utility District will construct the line but to comply with the power company policy, the Parks Superintendent stated that it is necessary to add an amendment to the previously approved over-all agreement with the District. The Commission accepted his recommendation that the agreement be amended to provide for a minimum annual charge of $108.

Proposed leasing of food concession privilege at Humbug Mountain State Park and at Beverly Beach State Park: Requests have been received, the Parks Superintendent stated, for the privilege of operating food concessions at both parks. He pointed out that a small trailer type concession had been operated by Mr. J. B. Kosta at Humbug Mountain State Park in 1958, and his operations had filled a public need. He recommended that authority be granted to lease the concession rights at each of the parks to the highest bidder as soon as proposals can be provided. The Commission accepted his recommendation.

Proposed sale of blown-down timber in Cape Lookout State Park: The Parks Superintendent stated that approximately 412 MFBM of spruce and hemlock timber had been blown down near the summit of the Cape. The blowdown also encompassed U.S. Forest Service land and there is a possibility of a salvage logging operation in conjunction with a sale of their timber in the near future. The Forest Service has agreed to allow use of their roads to haul the State timber. The Commission approved his recommendation that bids be received by auction for sale of the wind-blown timber in Cape Lookout State Park at an estimated value of $6,870.

Proposed transfer of $8,500 in the 1959 parks budget from construction to administration: Part of this money, the Parks Superintendent stated, is required for the study of state parks concerning their competition with private business and their value to local communities. The estimated cost of this project for the year is $5,000. An additional sum in the amount of $3,500 is needed to carry on an arrangement with the National Park Service to make a study relative to the national historical interest of Champoeg State Park. The Commission approved the transfer of funds.

Out-of-state travel expense for R. C. Dunlap, Parks Planning Supervisor, to attend the Columbia Basin Inter-Agency Committee at Spokane, Washington on April 8, 1959, at an estimated cost of $65: The Parks Superintendent stated that the item is being presented at this time to confirm previous telephonic authority. The Commission granted confirmation.

Request of Crooked River Bowmen Club of Prineville to use a portion of the Ochoco Overlook Wayside for a target range: The area they wish to use, the Parks Superintendent stated, is in the southeast corner, a considerable distance from the highway and in a portion of the Wayside that is used very little. As there are no immediate plans for use of the area and the Club has agreed to furnish adequate insurance, he recommended that they be granted a 5-year revocable permit

on an area approximately 500 by 1,500 feet. The Commission approved his recommendation and instructed that an appropriate agreement be prepared covering use of the land.

Proposed allowance to Park employees for uniforms: The Parks Superintendent explained that the Commission previously had approved cooperation in the purchase of uniforms in the amount of $25 annually for those who require wool uniforms and a $15 single fee for those who require cotton uniforms. The uniforms, he continued, have a tendency to fade and in order to keep up the neat appearance of Park employees, he recommended a continuing $10 annual fee for the purchase of cotton type uniforms for Park employees. Chairman McIver commented that the original authorization had been approved by the Commission because Park employees had been required to wear a special type of uniform which they otherwise would not have been required to purchase. The Commission approved the $10 annual fee for cotton type uniforms.

Bargain and Sale Deed to the State from the Lincoln County Court for 128 lots in the area south of Yaquina Bay: The Parks Superintendent pointed out that these lots are in the area in which previous acquisitions have been made for park purposes. Sixty-eight per cent of the required area has been acquired. The County has requested that the State pay half the amount of delinquent taxes for which the lots have been foreclosed by the County. He recommended that the Deed be accepted and that Lincoln County be paid half the delinquent tax money amounting to approximately $900. The Commission approved his recommendation.

Transfer to Deschutes County of a strip of land in Tumalo State Park near Bend as a county road to serve the E. A. McMullin and other properties: This matter, the Parks Superintendent recalled, had been discussed at a previous Commission meeting and it had been deemed desirable that the road be made a public highway. Approval of the County Court has not been formally secured, but the matter has been discussed with the Deschutes County Judge who has agreed to cooperate. The Commission approved transfer of the land to Deschutes County for a public road.

Agreement with the National Park Service covering study of Champoeg State Park as a national historical site: The agreement, the Parks Superintendent stated, covers points necessary in connection with the study which is estimated to cost $3,500. Upon his favorable recommendation the Commission approved the agreement.

Request of Miss Dorothea Lensch, Director of Recreation, Portland, for establishment of a recreation division within the State Parks organization: The Parks Superintendent reported that a bill has been presented in the Oregon legislature which would place the proposed Director of Recreation under the supervision of the State Parks Superintendent to be financed with State Highway monies. It was his feeling that the legislation in its present form would not be particularly harmful. Commissioner Fridley stated that the big need

is for someone to advise towns and other public bodies on park layout and planning. He inquired if the Parks Division now provides advice on park layout, planning, etc., to governmental agencies. The Parks Superintendent replied negatively. Chairman McIver inquired if the Parks Advisory Committee is aware of the matter. The Parks Superintendent stated that they are. The Commission accepted his report.

The Right of Way Engineer commented briefly concerning persons whose homes will be destroyed during construction of the Interstate (Pacific) Highway through Portland. He recalled that there had been some publicity concerning distress which might be caused to home owners by displacement, but so far no reports have been received of any actual cases.

The matter of accepting options for purchase of the Northwestern Ice and Cold Storage plant at Portland along the Pacific Interstate Route was also brought up by the Right of Way Engineer. He pointed out that a change in design of the highway, reducing the construction standards somewhat, had been suggested by the Bureau of Public Roads and the change had been found feasible. He recalled that previously options had been secured based on a much larger taking of the cold storage property than now appears necessary. Under the new plan the amount of property required will be comparatively small. The owners of the Cold Storage plant, he continued, have been advised of these developments and the options have been returned to them. New appraisals are being made on the revised taking. No action was taken.

The Right of Way Engineer presented for consideration options secured for acquisition of real property that is needed for state highway right of way or for other purposes. After giving careful consideration to the individual options as presented, the Commission approved closing the options at the prices mentioned therein by adopting the attached resolution relative thereto marked Exhibit "A", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

In connection with the options presented, the Right of Way Engineer pointed out that on pages 11, 14, 31, 58 and 65 options had been secured for which authority had not been previously granted by the Commission to secure right of way. The Commission granted authority to acquire the following parcels:

(1) File No. 29542, Bissell, L. W. and Helen G.; Crown Point Highway. Gratis.

(2) File No. 29379, Spaulding Pulp & Paper Co.; Oregon Coast Highway, Garibaldi-Bay City Section. $150.

(3) File No. 29519, John Rouse and Mary Rouse Hays, et al.; Baker-Unity Highway, Unity Lake State Park Section. $45.

(4) File No. 29253, Lincoln County; Oregon Coast Highway, South Newport State Park. $967.66.

(5) File No. 29599, Lewis F. and Elnora E. Painter; Pacific Highway West, Eugene Section. $1,200.

The Property Manager's monthly report showing miscellaneous sales in the amount of $39,923 made since the last Commission meeting was presented by the Right of Way Engineer. He also presented a rental report for the period from February 28 to April 9, 1959, showing rental receipts in the amount of $8,956.97. The Commission accepted the reports.

Changes in points of access for two property owners were presented by the Right of Way Engineer. He explained that no additional access is being granted in either instance, but simply changes to accommodate the property owners and for the safety of the traveling public. The Commission approved the following indentures of access:

(a) Etters property, File No. 18373, on the Medford-County Farm Section of the Pacific Highway in Jackson County.

(b) Carlson property, File No. 20317, on the Clatskanie-Delena Section of the Columbia River Highway in Columbia County.

Direct sale of several parcels of property were presented by the Right of Way Engineer who explained that all of the parcels were excess property, no longer required for highway purposes. The properties have been carefully appraised and the selling prices represent current values. The Commission approved sale of the following:

(a) 0.14 acre of the former Gardiner property, File No. 26048, on the Camp Creek-Paulina Section, Paulina Secondary Highway, Crook County, to Louis Davin for the sum of $40.

(b) 3,905 square feet of land from the former Borchers property, File No. 19717, on the Tigard-Newberg Section, Pacific Highway West, in Washington County, to Paul S. Dripps for the sum of $750.

(c) 4.58 acres of the former Patterson Gravel Bar property, File No. 22503, on the Ferry Street Bridge-Mohawk Bridge Section of the Pacific Highway in Lane County, consisting of the utility right of way, to the Eugene Water and Electric Board for the sum of $2,750. See Exhibit "B".

(d) 4,500 square feet of land and a frame building (an abandoned maintenance site) on the former Lindberg property, File No. 7956, on the Port Orford Section of the Oregon Coast Highway in Curry County, to the Port Orford Art Association for the sum of $450.

(e) 0.24 acre of the former Gerber property, File No. 14037, on the Middle Grove-Central Howell Section of the Salem-Silverton Highway in Marion County, to Eldon L. Gerber for the sum of $100.

The Commission approved the sale of the properties and thereupon adopted the attached resolution relative to the sale of the former Patterson property, marked Exhibit "B" which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Authority was requested by the Right of Way Engineer to offer at public sale a number of parcels of State Highway property. These parcels, he continued, are all excess property no longer required for highway purposes and minimum values have been determined by appraisal. The Commission authorized public sale of the properties and thereupon adopted the attached resolutions relative thereto marked Exhibits "C-1" through "C-6" which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

(a) 0.32 acre of the former Schrunk property, File No. 19407, on the Salem By-Pass Section of the Pacific Highway in Marion County for a minimum consideration of $800.

(b) 0.6 acre of the former Ziniker property, File No. 20517, on the Goshen-Divide Section of the Pacific Highway in Lane County for a minimum amount of $100.

(c) 2.2 acres of the former Raetz property, File No. 17652, on the Salem By-Pass Section of the Pacific Highway in Marion County for a minimum consideration of $5,250. See Exhibit "C-1".

(d) 0.5 acre of the former Gronke property, File No. 17363, on the Salem By-Pass Section of the Pacific Highway in Marion County, for a minimum amount of $1,000. See Exhibit "C-2".

(e) Lots 6, 7, 8, 9, 10 and 11 of Block 3, West Moreland Addition to Eugene, File No. 8787, for a minimum consideration of $20,000. See Exhibit "C-3".

(f) 9.16 acres of the former Pugh property, File No. 25387, on the Albany-Judkins Point Section of the Pacific Highway in Linn County, for a minimum consideration of $1,800, consisting of a down payment of $600 and two annual payments of $600, plus interest at the rate of 5½%. See Exhibit "C-4".

(g) Lots 1, 2, 3, 4 and 5 of Block 3, West Moreland Addition to Eugene, File No. 8787, for a minimum amount of $10,000. See Exhibit "C-5".

(h) 2.1 acres of the former Grabert property, File No. 21544, on the Frankport-Greggs Creek Section of the Oregon Coast Highway in Curry County, for a minimum amount of $850.

(i) 6.6 acres of the former Ziniker property, File No. 16054, on the Goshen - Creswell Section of the Pacific Highway in Lane County, for a minimum price of $1,000. See Exhibit "C-6".

Revision of the width of a portion of the right of way on the Grants Pass-Rock Point Section of the Pacific Highway in Josephine County was presented by the Right of Way Engineer. He explained that in acquiring the property negotiations had been conducted with Mr. Glenn L. Simpson on the basis of a 165-foot right of way width. However, a width of 180 feet was actually acquired and Mr. Simpson was paid accordingly. As the additional footage is not required for highway purposes, he recommended that the land be deeded back to Mr. Simpson who has agreed to pay the sum of $70, the same amount that was paid to him. The Commission approved the transfer of property.

Transfer to Douglas County of a retaining wall easement acquired by the State on the Deady-Shady Section of the Pacific Highway was presented by the Right of Way Engineer. The easement was acquired from Franklin J. Voyt when the Pacific Highway right of way across Carden Valley Road was acquired in 1954. Douglas County is now acquiring additional right of way for Garden Valley Road and wishes to acquire the State's rights in the easement. The Commission approved a quitclaim deed to Douglas County covering the easement.

The Chief Counsel presented to the Commission a list of properties needed for the uses indicated therein. Right of way maps and other data were submitted to the Commission. He requested the Commission by resolution to declare the necessity of said properties for the special use to which they are to be put and to authorize the Legal and Right of Way Division to attempt to agree with the owners of said properties as to price, and in the event of disagreement to proceed to acquire such properties by condemnation. The Commission deferred action to allow time for further study. (See ahead for additional entry.)

A report was presented by the Chief Counsel concerning cases which had been tried in court since the last Commission meeting. He pointed out the highlights and unusual circumstances in some of these cases. The Commission accepted the report which is summarized as follows:

("Report of Cases Tried" on following page)

REPORT OF CONDEMNATION CASES TRIED

March 5, 1959 to April 16, 1959

Case	County	Highway	Section	State's Offer	Defendant's Demand	Verdict Judgment

(For additional details, see the Chief Counsel's letters, dated April 13 and 15, 1959, entitled "Report of Condemnation Cases Settled", in the General Files in Salem.)

The Chief Counsel reported on cases which are pending in court.

(1) The Katie Moore case will be tried April 28, 1959: A report will be given at the next meeting.

April 16, 1959

(2) The Corbin case also involving Hankins and Hopkins, who had an unrecorded lease on a portion of the Corbin property on which 200 cords of wood were stored: The State not knowing of the unrecorded lease advised Mr. Corbin to remove the wood. When the contractor went onto the property he burned the wood rather than move it away. The State had been negotiating to purchase the 200 cords of wood for $1,100. The Chief Counsel recommended that the State settle for that amount. The Commission approved his recommendation.

A written report was submitted by the Chief Counsel on offers made to the owners of real property prior to the institution of condemnation proceedings, as follows:

Lyle Gap-Madras Unit, Willowdale-Madras Section of The Dalles-California Highway

R-26876 & R-26877 - Ray Cunningham, et al. Parcel No. 1: 4.22 acres for right of way purposes; and Parcel No. 2: 3.47 acres for right of way purposes. Offer of $971.30 approved by Mr. Fridley March 10, 1959.

R-26880 - Paul T. Jasa, et al. Parcel No. 1: 6.6 acres for right of way purposes; and Parcel No. 2. 0.01 acre for a temporary easement. Offer of $4,650.00 approved by Mr. Fridley March 11, 1959.

R-26887 & R-29283 - Henry A. Dussault, et ux. Parcel No. 1: 2.18 acres for right of way purposes; and Parcel No. 2: 0.24 acre for right of way purposes. Offer of $3,120.00 approved by Mr. Fridley March 16, 1959.

R-29162 - Joe W. Bradbury, et ux. 0.04 acre for right of way purposes. Offer of $425.00 approved by Mr. Fridley March 10, 1959.

Corvallis City Section of Corvallis -Newport Highway

R-27427 - Martin Coopey, et al. 0.55 acre for right of way purposes. Offer of $3,250.00 approved by Mr. McIver March 16, 1959.

R-29243 - Oliver C. Compton, et ux. 0.02 acre for right of way purposes. Offer of $270.00 approved by Mr. McIver April 10, 1959.

R-29244 - James L. Overholser, et al. 0.02 acre for right of way purposes. Offer of $425.00 approved by Mr. McIver April 7, 1959.

Grants Pass-Rock Point Section of the Pacific Highway

R-28851 - Ernest B. Strickland, et al. Acquisition of spring and several pipeline easements. Offer of $1,200.00 approved by Mr. McIver March 3, 1959.

R-29467 - Alfred William Kelm, et ux. 0.2 acre for right of way purposes. Offer of $1,570.00 approved by Mr. McIver March 10, 1959.

Meda Section of the Little Nestucca Secondary Highway

L-3255 (R-28924) - Walter C. Bodyfelt, et al. 2.91 acres for right of way purposes. Offer of $5,950.00 approved by Mr. Chessman March 27, 1959. January 28, 1959, Mr. Chessman approved an amount of $5,900.00. This increase is due to an additional taking.

L-3257 (R-29018) - Clemens J. Hurliman, et ux. 1.53 acres for right of way purposes. Offer of $2,770.00 approved by Mr. Chessman March 27, 1959. January 15, 1959, Mr. Chessman approved an amount of $2,640.00. This increase is due to an additional taking.

Lake Road-Oregon City Section of the Cascade Secondary Highway

R-23444 - Ralph L. Herrick, et al. Parcel No. 1: 3.8 acres for right of way purposes; Parcel No. 2: 0.21 acre for right of way purposes; and Parcel No. 3: 0.87 acre for excess taking. Offer of $27,100.00 approved by Mr. McIver April 4, 1959.

R-28762 - Abernathy Grange #346. 0.12 acre for right of way purposes. Offer of $7,880.00 approved by Mr. McIver March 16, 1959.

East Bank Freeway Section of the Pacific Highway

R-28206 - George H. O'Neil, et al. 98,793 square feet for right of way purposes. Offer of $193,030.00 approved by Mr. McIver April 15, 1959.

R-28276 - Nettie Suwol, et vir. 5,000 square feet for right of way purposes. Offer of $5,200.00 approved by Mr. McIver March 11, 1959.

R-28286 - Louis H. Moran, et ux. 5,000 square feet for right of way purposes. Offer of $17,500.00 approved by Mr. McIver March 10, 1959.

R-28374 - Hawthorne Investment Company, et al. Parcel No. 1: 19,988 square feet for right of way purposes; and Parcel No. 2: 512 square feet for right of way purposes. Offer of $250,000.00 approved by Mr. McIver March 20, 1959.

Cascade Locks-Viento Section of the Columbia River Highway

R-28705 - O. L. Vaughan, et al. 1.81 acres for right of way purposes. Offer of $930.00 approved by Mr. McIver March 16, 1959.

R-28706 - Del Poulson, et al. 0.12 acre for right of way purposes. Offer of $60.00 approved by Mr. McIver March 16, 1959.

R-28709 - Joallen Douthit, et al. Parcel No. 1: 3.25 acres for right of way purposes; and Parcel No. 2: 1.23 acres for right of way purposes. Offer of $2,335.00 approved by Mr. McIver March 26, 1959.

Cascade Locks-Viento Section of the Columbia River Highway (cont.)

R-28713 - Bernard Felix Meinikheim, et ux. 7.97 acres for right of way purposes. Offer of $800.00 approved by Mr. Fridley April 6, 1959.

R-28964 - Leif Knutsen, et al. Parcel No. 1: 0.85 acre for right of way purposes; Parcel No. 2: 5.3 acres for right of way purposes; and Parcel No. 3: 13.45 acres for easement. Offer of $500.00 approved by Mr. McIver March 31, 1959.

Nehalem River Bridges Section of the Nehalem Secondary Highway

R-28036 - Gladys Abercrombie, et al. 0.4 acre for right of way purposes. Offer of $100.00 approved by Mr. Chessman March 10, 1959.

Butte Creek-Burton Canyon Section of the John Day Highway

R-28845 - Joseph R. Thomas, et al. 0.18 acre for slope easement. Offer of $25.00 approved by Mr. McIver March 3, 1959.

Cascade Locks By-Pass Section of the Columbia River Highway

R-27456 - Violet L. Smith, et al. 4,000 square feet for right of way purposes. Offer of $3,650.00 approved by Mr. McIver March 10, 1959.

Goble Section of the Columbia River Highway

R-26678 - Heirs of Frances J. Fowler and C. C. Fowler. Parcel No. 1: 0.12 acre for right of way purposes; and Parcel No. 2: 0.01 acre for excess taking. Offer of $25.00 approved by Mr. McIver March 10, 1959.

Portland-Bonneville Section of the Columbia River Highway

R-29236 - Erick Enquist, et al. 0.14 acre for right of way purposes. Offer of $60.00 approved by Mr. McIver March 9, 1959.

Albany-Judkins Point Section of the Pacific Highway

R-25357 - R. A. Elliott, et ux. 2.91 acres for right of way purposes. Offer of $7,000.00 approved by Mr. McIver March 16, 1959.

Harbor Drive-Barbur Boulevard Section of the Pacific Highway

R-27717 - H. L. Armentrout, et al. 2,750 square feet for right of way purposes. Offer of $6,750.00 approved by Mr. McIver March 16, 1959.

Deep Canyon-Deschutes River Unit, Sisters-Deschutes River Section of the McKenzie Highway

R-28955 - J. A. Struss, et ux. 32.45 acres for right of way purposes. Offer of $324.50 approved by Mr. McIver April 13, 1959

Washington County Line-Highlands Interchange Section of the Sunset Highway

R-20652 - Claire E. Helmcke, et ux. 26,000 square feet for right of way purposes. Offer of $15,000.00 approved by Mr. McIver April 14, 1959.

The Commission approved the offers.

The Chief Counsel also submitted a written report on PUC matters in which the State Highway Commission has been a party, summarized as follows:

PUX 171: Oregon, California and Eastern Railway Company Log Trucks Stops at Grade Crossings. Order No. 36510 issued March 2, 1959. Application of the Railroad Company for an order requiring log trucks to come to a complete stop before crossing 27 grade crossings in Klamath County. Subsequently the application was amended to eliminate all but six crossings. At the hearing the application was found amended so as to include only three crossings. After hearing only one crossing was included in the order.

PUX 172: Great Northern Railway Company Log Truck Stops at Grade Crossings. This matter arose upon the application of Great Northern Railway Company for an order requiring log trucks to come to a complete stop before crossing 10 grade crossings. The application was amended to include only 6 crossings. Order No. 36493 issued February 26, 1959. After hearing the order which was issued required log trucks to stop at only two crossings.

PUX 299: Rogue River Overcrossing over the tracks of Southern Pacific Company in Jackson County. Order No. 36582 issued March 12, 1959. This matter arose upon the application of the Highway Commission. After hearing an order was issued authorizing the construction of the structure in accordance with the Commission's application.

PUX 302: Grade Crossing of the Green Springs Highway in Jackson County, Oregon. Application of Cheney-Cherf and Associates, General Contractors, for authority to cross the Green Springs Highway near Keen Creek Dam in Jackson County, Oregon. Order No. 36560 issued March 2, 1959. This private truck road crossing was intended to be used for only a limited time and the order authorizes the use of the crossing only until July 31, 1959, unless an extension

is granted. The order was issued in accordance with the Commission's answer.

PUX 303: Wildcat Creek Overcrossing - Southern Pacific Company, Lane County. Order No. 36583 issued March 12, 1959. This matter arose upon the application of the State Highway Commission for authority to construct an overcrossing over the tracks of Southern Pacific Company on the Richardson-Eugene Highway and the order was issued in accordance with the petition of the Highway Commission.

The Chief Counsel requested and the Commission granted authority to institute legal proceedings to collect damages done to state property, as follows:

1. McNutt & Sons, Inc., CAO 58-162. Amount involved $853.68.

2. Delco Lumber Products Co., Inc., Portland, Oregon, CAO 57-93. Amount involved $33.81.

3. Convoy Company, Portland, Oregon, CAO 57-191. Amount involved $1,092.26.

4. Norman Caldwell, 206 Ajax, Camp White, Oregon, CAO 58-160. Amount involved $294.24.

The Chief Counsel reported the commencement of action against the State Highway Commission and one of its truck drivers. He explained that this is an action against the State involving an accident in which a highway dump truck collided with a truck being operated by the plaintiff, R. R. DePoor. The Chief Counsel pointed out that the State of Oregon cannot be sued without its consent and that this matter has been referred to the Highway Claims Department for the purpose of filing a Motion to Quash the action. In the event the operator of the truck is sued, he would be defended by the equipment insurance carrier. The Commission accepted the report.

The Commission approved a recommendation made by the Chief Counsel to appeal a court case in Lincoln County - State of Oregon vs. Charles Parker, et al. He explained that the verdict was far out of line from the actual value placed upon the land by the State's appraisers. The State appraisers based their findings upon the market value approach but upon direct examination they were not permitted to tell the jury of their investigation of sales of other properties in the area. Therefore, the appraisal value of the State's case did not reach the jury.

Authority was requested by the Chief Counsel to dismiss two legal actions, summarized as follows:

1. State of Oregon vs Fred P. and Sam D. Rawson, L-2027, is an action at law for damages to the State caused by the removal of cinders from Round Butte at the Cove State Park near Madras in Jefferson County. Investigation revealed that the Rawsons did remove cinders but the State was unable to gather evidence showing the volume of cinders removed from the park. A credit report indicates that they are judgment-proof in Jefferson County as they apparently live in Vancouver, Washington. He recommended that the case be dismissed.

2. State of Oregon vs. Fred P. and Sam D. Rawson, L-2028, is a suit in equity to restrain the Rawsons from removing further cinders from State-owned property. In view of the fact that the Rawsons have not operated an earth-moving business in Jefferson County for some time and it has been several years since they have attempted to remove cinders, he recommended that this case be dismissed.

The Commission authorized dismissal of both cases.

The Chief Counsel reported on the case of Dale Prow, L-3206. He explained that the State's letter of offer stated that real property taxes would be prorated as of the date of settlement. Mr. Prow accepted the offer and signed the option. The option, however, was written to provide that Mr. Prow would pay taxes for a whole year. The State's share on the pro rata basis is $371.16. Upon the Chief Counsel's recommendation, the Commission approved the settlement on the pro rata basis.

The Commission considered reimbursement to Harlan B. and Ora Weaver Carter, L-2699, in the amount of $157.13 for extra income tax costs due to failure of the State to make payment in accordance with terms of the option. The Chief Counsel reported that the State agreed to split the payment so that twenty-five percent would be paid prior to December 31, 1957, and the balance would be paid prior to March 1, 1958. The State inadvertently failed to make payment as agreed. The Carters promptly brought this to the State's attention by submitting a statement from the Hockett Tax Service, stating that their estimated income tax loss for the tax year would be $281.00. Mr. Carter was advised that the State could not pay on an estimated basis and he was requested to defer presentation of the claim until such time as the taxes for the year 1958 were actually computed. The Chief Counsel recommended that this claim be paid as the evidence has been presented. The Commission approved payment of $157.13.

The Commission considered a request from the Shell Oil Company and Texaco Oil Company for a change in restrictions on property within 500 feet of the Pacific Highway near the Murder Creek Interchange, north of Albany. The Chief Counsel explained that when the State originally purchased the land the right was reserved to the landowner to use his remaining property for advertising his farm products, for the renting and sale and leasing of his property, or for the sale of livestock on his remaining property. Subsequent to that time the

State purchased additional properties from the owner and unto him reserved the right to advertise the use to which the remainder is being put. The Shell Oil Company and the Texaco Oil Company are to purchase portions of this property and would like to know which of these restrictions the State is going to enforce as they plan to erect service stations and want to advertise use of same. The Chief Counsel stated that this matter has been discussed with the Engineer and it is their joint opinion that the State would be bound by the second restriction regarding advertising of businesses on the properties, and accordingly a document has been prepared releasing the first restriction and stating that the State will abide by the second restriction. The Commission approved the release as recommended by the Chief Counsel.

Also considered was a settlement presented by the Chief Counsel with the Fidelity and Deposit Company of Maryland concerning a timber trespass by E. W. Homstad on State park land in the N½, NE¼, NW¼ of Section 30, Township 2 South, Range 10 West, W.M., Tillamook County. He explained that under the terms of a permit dated April 14, 1955, Mr. Homstad had furnished a bond written by Fidelity and Deposit Company of Maryland protecting the State from loss occasioned by breach of the permit. Mr. Homstad later cut certain trees on State property and the surety on the bond in recompense for the trees paid to the State the sum of $376, and have asked that a release be given to them to terminate possible controversy in regard to the claim. The Commission approved the release.

Chairman McIver commented that he had recently received a rather caustic letter concerning alleged dilatory payment for the Preble property in the Highlands Interchange vicinity on the Sunset Highway in the western part of Portland. The Chief Counsel stated that the check was being processed when the letter was received and was sent to the payee the day following receipt of the letter. Most of the delay, he explained, had been caused by failure of the owners of the property to comply with the conditions of the sale, including payment of taxes, etc. The Prebles and the Rosenblooms are still occupying their respective properties which have been purchased by the State and are paying rental. As soon as the slide condition becomes more stabilized, he added, it is planned to offer the properties for sale.

Chairman McIver presented 40-year service pins to Assistant Highway Engineers Glenn S. Paxson and P. M. Stephenson. He expressed the Commission's appreciation for the service rendered to the State by these two men and offered them the Commission's congratulations. Inasmuch as Mr. Paxson was absent from the meeting because of illness, the Chairman requested the State Highway Engineer, Mr. W. C. Williams, to present the pin to Mr. Paxson in behalf of the Commission.

The Engineer reported that he had made awards of contracts referred to him by the Commission to award when certain conditions had been taken care of. These conditions, he continued, have been resolved and he requested that the Commission confirm his award of the following contracts:

(1) Structure, grading and paving on the North Yamhill River Bridge Section of Pacific Highway West, Yamhill County. Bids received March 3, 1959. Contract awarded March 9, 1959 to Birkemeier Construction Company, Milwaukie, low bidder.

(2) Grading and paving Morton Street in Vale, Malheur County. Bids received March 3, 1959. Contract awarded March 11, 1959 to Russell Olson Construction Co., Inc., Pendleton, low bidder.

(3) Grading and paving Division Street in Elgin, Union County. Bids received March 3, 1959. Contract awarded March 11, 1959 to E. H. Itschner, Molalla, low bidder.

(4) Construction of Alsea River Bridge, Benton County. Bids received March 3, 1959. Contract awarded March 19, 1959 to O. R. Kennen, Jr., Milwaukie, low bidder.

(5) Grading, oiling, and construction of bridge, scale pit and approaches on South Unit, Lyle Gap-Madras Section of The Dalles-California Highway, Jefferson County. Bids received March 3, 1959. Contract awarded March 27, 1959 to Fred H. Slate Co., Oregon Ltd. and E. C. Hall Company, Portland, low bidder.

(6) Construction of the combination Grande Ronde River Bridges and UPRR Overcrossings on the Perry-Oro Dell Section of the Old Oregon Trail Highway, Union County. Bids received March 3, 1959. Contract awarded April 1, 1959 to Schrader Construction Company, Inc., Portland, low bidder.

(7) Grading, paving and bridge construction on Goble Section of Columbia River Highway, Columbia County. Bids received March 3, 1959. Contract awarded April 1, 1959 to Erland and Blickle Company, Portland, low bidder.

The Commission confirmed the award of the contracts.

The placement of a reduced load limit on the Weston-Elgin Highway No. 330 was reported by the Engineer. This load limit, he stated, was made effective at 8:00 a.m., March 10, 1959, between M.P. 2.50 approximately two and one-half miles east of Weston and

M. P. 37.50 at the junction of the road to Summerville. Thawing of the subgrade had made the roadbed extremely soft and a load limit allowing 11,000 pounds gross on any single axle and 20,000 pounds gross on any tandem axles had been placed. The Commission approved the load limit.

The establishment of a temporary 35 mile-per-hour construction speed zone on the Comstock-Anlauf Section of the Pacific Highway between M. P. 153.95 and M.P. 155.41 was reported by the Engineer. This reduced speed zone, he stated, had been made effective at 11:00 a.m., April 8, 1959 under authority previously granted by the Commission and had been placed for the protection of the traveling public through a section of the Pacific Highway under construction. The Commission confirmed establishment of the construction speed zone.

Attention was given to items of unfinished business appearing on the Secretary's Summary dated March 6, 1959, as follows:

1. Request of Arthur M. Handly, Assistant Secretary to the Board of Control, for housing facilities, additional pay and a more definite agreement concerning the use of boys from MacLaren School in state parks: The Commission ordered this item deleted from the list of unfinished business as the Parks Superintendent had presented a report on the matter earlier in the day.

2. Access to the Columbia River Highway and the development of a park area in cooperation with the U.S. Army Engineers near the mouth of the John Day River: The Engineer stated that the matter is being investigated but a report is not yet ready. This item was ordered to remain on the list of unfinished business.

3. Request of Miss Dorothea Lensch, Director of Recreation, to establish a Recreation Division within the State Parks organization to advise counties, cities and communities in parks matters: As the Parks Superintendent had presented his report on this matter earlier in the day, the Commission ordered this item deleted from the list of unfinished business.

4. Request of the City of Nyssa for relief from restrictions in the deed covering use of the property recently transferred by the Highway Commission to the City of Nyssa: The Engineer recalled that the City had previously indicated a desire to use only a portion of the property but have now decided to keep the whole property under the terms of the deed. This item was ordered deleted from the list of unfinished business.

The Engineer reported that surveys had been completed concerning relocation of several sections of state highways, and he presented maps showing the proposed relocations. In each instance, he

continued, careful engineering consideration has been given to the revised route in order to provide the best possible facility commensurate with the cost involved. Upon his favorable recommendation the Commission approved the following surveys and thereupon adopted the attached resolutions relative thereto marked Exhibits "I-1" through "I-4", which resolutions by this reference are made a part hereof with like effect as though extended in full herein:

1. Juntura-Horseshoe Bend Section of Central Oregon Highway, Malheur County. Exhibit "I-1".

2. Chapen Creek Section of Heppner-Spray Highway, Morrow County. Exhibit "I-2".

3. Smith Crossing-Kellogg Unit, Elkton-Kellogg Section of Elkton-Sutherlin Highway, Douglas County. Exhibit "I-3".

4. Valley Falls-White Rock Section of Fremont Highway, Lake County. Exhibit "I-2".

5. Tillamook River Bridge Section of Netarts Highway, Tillamook County. Exhibit "I-2".

6. North Portland Harbor-North Russell Street Section of Pacific Highway, Multnomah Count. (Minnesota Avenue route) Exhibit "I-4".

7. Hilda Street-Beaver Creek Road Section of Cascade Highway, Clackamas County. Exhibit "I-2".

Consideration was given to deferring improvement of the Wallowa Lake Highway which would have by-passed the town of Lostine in Wallowa County. The Engineer pointed out that when the hearing was conducted in Lostine all of the testimony was in opposition to the by-pass. Subsequent to the hearing a letter was received from the Wallowa County Court stating that it was not in favor of the by-pass. This action, he stated, is different from the recommendation made by the former County Court. As the improvement apparently is not desired by the local people and as it bears a low priority, as well as a low average daily traffic, he recommended that the project be deferred and the $200,000 allocation be reallocated to another highway project in Division No. 5. The Commission adopted his recommendation.

Attention was given to a request from the City of Brookings for permission to erect two large pylons, consisting of upright logs, along the Oregon Coast Highway at the Oregon-California state line. The Engineer pointed out that to allow placement of the pylons as requested would require the acquisition of additional right of way as the existing right of way is only 60 feet wide. In negotiations to acquire additional right of way which would have been needed in the not too distant future

for highway improvement, it was found that reservations of commercial access demanded by Mr. Crissey, with whom negotiations were being conducted, were in conflict with the Commission's policy of access control along the Oregon Coast Highway. In view of these reservations, he recommended that the option be denied. The Commission approved his recommendation.

A proposal by Clackamas County was considered that they deposit with the State the sum of $50,000 at this time and the remaining amount, approximately $50,000, immediately following July 1, 1959. The Engineer explained that the County has been buying right of way for work on Market Road 31, west of Oswego, for a county FAS project, and wishes to get the job done this year. The project, he continued, will require approximately $100,000 of County funds to match the Federal and State contributions. In order to get the project completed this year he recommended that their proposal be accepted. The Commission accepted the County's proposal.

The Engineer reported that a number of cities or towns have taken appropriate action for improvement of city streets under State Tax Street Fund allocations, and that the proposed improvements have been approved by the Highway Department. He, therefore, recommended that the following improvements as proposed in resolutions filed with the Highway Commission be approved:

Funds Accrued First Half of 1958

Dayton	$ 1,979.11
Dufur	1,528.08
Huntington	2,401.13
Ione	969.18
Seaside	11,310.05
Yamhill	1,455.23

Funds Accrued Second Half of 1958

Dayton	$ 2,432.09
Mitchell	1,466.41
Monument	804.74
Yamhill	1,788.30

The Commission approved the cities' projects and thereupon adopted the attached resolution relative thereto marked Exhibit "D" which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Erosion on the Willamette River bank on the Albany-Corvallis Highway, a short distance downstream from Corvallis, was brought up by the Engineer. He pointed out that in the past 20 years or more the river has been eroding the bank and into the highway shoulder area, and during this time somewhat more than $41,000 has been expended

in protecting the river bank, but no permanent protection has been obtained. The U. S. Army Engineers, he continued, have tentatively allocated funds for a bank protection project in this area, the total cost of which is estimated at approximately $90,000. The Army Engineers have offered to cooperate in the project if the State will contribute 25 percent of the cost, or approximately $22,500. This appears to be an advantageous proposal from the State's standpoint, and he recommended that the Commission approve the cooperative offer of the Army Engineers, the details to be covered by an appropriate agreement which will involve the State maintaining the revetment and providing the necessary rights of way. The Commission accepted his recommendation.

Attention was given to a request from the City of Hermiston for a study of certain traffic problems in that city. A traffic engineering investigation was conducted, the Engineer stated, and the results of that investigation were forwarded to the City for consideration. Four recommendations were made concerning striping, prohibition of parking, the installation of a flashing beacon and a school crossing signal or school crossing sign. He pointed out that of these four recommendations only one of them needs Commission action, that being the proposed installation of a flashing beacon at the intersection of First and Main Streets. In connection with the flashing beacon, he also stated that the City had originally requested the installation of a traffic signal but in view of the facts disclosed by the investigation, it was felt that the placement of a four-way flashing beacon stop light would serve better. The City, however, is somewhat apprehensive and has asked that the flashing beacon be installed on a trial basis. The Commission accepted his recommendation for the installation of a flashing beacon, flashing red in all directions, on a trial basis as suggested by the City at an estimated cost of $750 and with the understanding that the City is to assume maintenance of the signal and the cost of furnishing electrical energy. Also involved in the installation of the flashing beacon is a requirement that the City prohibit parking in the west quadrant of First and Main Streets for a distance of 25 feet north of the intersection. The Commission approved the installation of a flashing beacon as recommended.

The meeting recessed at 11:45 a.m. and reconvened at 1:30 p.m. in the same room with the same persons present and participating.

The Commission considered a request from the 82nd Avenue Community Boosters Club of Portland for State cooperation in illumination on 82nd Avenue south of the city limits from Flavel Street at the south city limits to Sunnyside Avenue near Clackamas. This

project, the Engineer stated, is linear illumination and an investigation failed to disclose where these street intersections are more hazardous than many other street intersections on other portions of the highway. He also pointed out that the request is contrary to the policy of the Commission to not participate in linear illumination. The Commission accepted his recommendation that the request be denied.

Attention was given to a request from W. J. Weller, City of Portland Traffic Engineer, for State cooperation in the installation of a traffic signal at the intersection of N. Jersey Street, N. Philadelphia Avenue and Burlington Avenue on the Northeast Portland Highway at the easterly end of the St. Johns Bridge, and for a school crossing signal at the intersection of the Beaverton-Hillsdale Highway and S. W. 25th Avenue. The Engineer stated that both locations had been investigated and it was found that signals are needed. He recommended the installation of a standard fixed-time traffic signal at the easterly end of the St. Johns Bridge at an estimated cost of $3,000, and the installation of a school crossing signal with standard red-amber and flashing amber indications at the intersection of the Beaverton-Hillsdale Highway and S. W. 25th Avenue at an estimated cost of $1,500, it being understood that the cost of installation is to be shared equally between the City of Portland and the State and that the City will maintain the signals and pay for all electrical energy consumed. His recommendation was approved by the Commission.

The Commission also considered a request from the Coos County Court that the State assume the outstanding County bonds issued to cover the County's portion of the cost of Bullards Bridge constructed in 1953. The amount of money outstanding, the Engineer stated, is approximately $220,000. The bridge was built as a cooperative project by the State and Coos County under an agreement entered into December 23, 1952. No precedent can be found, he continued, in which the State has assumed a county obligation when a county road was taken over as a part of the state highway system. The Bullards Bridge is on the route of the Davis Slough-Bandon Section of the revised Oregon Coast Highway and when the new section of highway is opened to public travel, probably in the summer of 1960, the bridge will form an integral part of the highway. However, the bridge is in need of maintenance painting and as it will soon be a part of the state highway system, he recommended that it be taken over as soon as possible, and that the County's request to assume the outstanding bonds be denied. The Chief Counsel pointed out that the State cannot assume the debts of a county as such action is prohibited by provisions of the Oregon constitution. The Commission approved the recommendations as presented by the Engineer.

Under the provisions of new union labor contracts agreed to by the Associated General Contractors, the Engineer reported that fringe benefits are granted in the form of pension payments beginning January 1, 1959, and transportation mileage allowance starting April 1, 1959. As these additional costs are a legitimate part of the contractors' labor bills, he recommended that the Commission approve

payment of these items as a part of the force account labor bills on the same basis that other labor items are now paid, the effective dates being as stated above. The Commission approved the recommendation.

The Commission considered the following requests for extensions of time within which to complete State Highway contracts. Reimbursement for engineering expense and other extra expenses incurred by the State in connection with the work during the time of the extensions was waived by the Commission, unless otherwise stated.

1. E. P. Baltz & Son, Contract No. 5312, for roadside improvement on the Interstate Bridge-Oregon Slough Section of the Pacific Highway in Multnomah County, requested an extension of time from April 15, 1959 to June 15, 1959, within which to complete this contract. Approved as requested.

2. Durbin Bros., Contract No. 5239, for structure, grading and paving on the Trail Creek Bridge Section of the Crater Lake Highway in Jackson County, requested an extension of 25 work-days within which to complete this contract. The request was denied as not being valid within the terms of the contract.

FOOTNOTE: Action taken by the State Highway Commission upon the extensions of time listed above was based upon the recommendation of the Engineer and his reports, which considered but did not necessarily adopt, either or any of the reasons given by the contractors in their requests for extensions of time. (For details see the original of the contractors' requests and the Engineer's recommendations on file in Contract Nos. 5312 and 5239 in the Secretary's office in Salem.)

The Engineer reported that contract numbers 5251, 5255, 5278, 5307, 5321, 5322, 5348, 5356, 5387, 5397, 5400 and 5401 for highway construction have been completed in accord with the requirements of the contracts or modifications thereof and that said contracts are now ready for acceptance by the Commission. After due consideration, the Commission accepted said contracts by adopting the attached resolution relative thereto marked Exhibit "E", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

A tabulation was presented by the Engineer showing four county road projects proposed for programming from the 1960 funds available for secondary highways on county roads. These projects, he said, have been requested by the County Courts and have been found eligible for this program. The Commission accepted his recommendation that the following projects be approved:

(projects listed on following page)

County	FAS Hwy. No.	Section & Description	Programmed Amount	FAS Fund
Clackamas	680	Boones Ferry Road-Oswego Section, 1.6 miles. G. S. & Pave.	$ 500,000	1960
Douglas	855, 253	Diamond Lake-North Umpqua Section, G.S.& Pave. 10 miles.	$ 369,000	1960
Jackson	277	Emigrant Creek Bridge, structure only	$ 40,000	1960
Malheur	525	South Unit, Westfall-Harper Section, 8 miles. G. S. & O.	$ 227,000	1960
		Total ...	$ 1,136,000	

Summary By Fiscal Years:	1960	1961	Total
Available Funds	$4,754,000*	$3,750,000	$8,504,000*
Previously Approved	3,491,000	814,000	4,305,000
Unprogrammed Balance	$1,263,000	$2,936,000	$4,199,000
Proposed Projects, 4/10/59	1,136,000	--	1,136,000
Unprogrammed Balance	$ 127,000	$2,936,000	$3,063,000

*From "Status, 1960 & 1961 County FAS Funds" tabulation dated 11/5/58 less $141,000 which Harney County has made available for expenditure on the Frenchglen State Highway. Unprogrammed balance for fiscal year 1960 and total also have been reduced accordingly.

The Commission discussed with the Engineer the matter of selling the Patterson Gravel Bar acquired near Eugene for materials needed in constructing the Pacific Interstate Highway. It was brought out that the University of Oregon is interested in acquiring this property for public purposes. The Commission instructed that negotiations be entered into with the University of Oregon officials and that a report be submitted at the next regular meeting.

The Engineer requested authority to acquire approximately five acres of land from the U. S. Plywood Corporation in Coquille. He explained that the Coquille Equipment Shop yard is badly over-crowded and congested. The Plywood Corporation has developed an area adjacent

to the westerly side of the shops for plant expansion, but has now indicated a willingness to sell the five-acre tract for $17,500. Four acres of this tract have been leveled ready for use. The property has been viewed by highway appraisers and the price is reasonable. The Commission accepted his recommendation that the property be acquired for the price mentioned. The Engineer also commented that if the property is acquired, it is planned to let a contract during 1959 for a standard maintenance building upon the site.

The Engineer presented for consideration a number of requests for restricted speed zones on various sections of state highways. In each instance, he stated, a traffic engineering investigation was made and it was found that restricted speed zones should be established for the safety of the general public, as follows:

1. 40 mile-per-hour speed zone on the Siuslaw Highway between a point 150 feet west of the Territorial Highway at M. P. 61.87 and the east end of the Slough Bridge at M. P. 62.23. See Exhibit "H-1".

2. 20 mile-per-hour speed zone on the Old Oregon Trail Highway from the westerly east city limits of Nyssa at M. P. 430.78 to the east end of the Short Line Railroad Underpass at M. P. 430.84.

30 mile-per-hour speed zone from the east end of the Short Line Railroad Underpass at M. P. 430.84 to the east city limits of Nyssa at M. P. 431.12. See Exhibit "H-2".

3. 40 mile-per-hour speed zone on the Columbia River Highway from a point 0.22 mile west of the west city limits of Umatilla at M. P. 181.17 to the west city limits of Umatilla at M. P. 181.39. See Exhibit "H-3".

4. 45 mile-per-hour speed zone on the Oregon Coast Highway in the community of Arch Cape between a point 0.20 mile north of Hemlock Street at M. P. 34.41 and a point 0.20 mile north of Maxwell Street at M. P. 35.20. See Exhibit "H-4".

5. 45 mile-per-hour speed zone on the Weiser Spur Highway, No. 455 (US 30N) between a point 0.15 mile south of Second Street and the north side of River Street.

35 mile-per-hour speed zone between the north side of River Street and the Oregon-Idaho State line. See Exhibit "H-5".

The Commission approved the requests for reduced speed zones by

adopting the attached resolutions relative thereto marked Exhibit "H-1" through "H-5", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

Out-of-state travel expenses were requested by the Engineer for the following state employees. He explained that it is beneficial to the Department to have the employees attend these meetings to keep abreast of current developments in their respective fields.

1. W. C. Williams, State Highway Engineer, to attend the meeting of the National Advisory Committee of AASHO Test Road at LaSalle, Illinois, April 9 and 10, 1959, at an estimated cost of $300.

2. J. Al Head, Assistant Traffic Engineer, to attend the meeting of Board of Direction of the Institute of Traffic Engineers in Chicago, Illinois, during the week beginning May 18, 1959, with expenses to be paid by the Institute of Traffic Engineers.

3. Ivan D. Merchant, Bridge Engineer, and Ted Roake, Assistant Bridge Engineer, to attend Western Region meeting of the Bridge Committee of AASHO in Salt Lake City in May at an estimated cost of $155 for each of them.

4. G. S. Paxson, Assistant State Highway Engineer, to conduct four regional meetings of Bridge Committee of AASHO throughout the country during May, 1959, his expenses to be paid by AASHO except for hotel expenses at Salt Lake City, estimated to cost $35.

5. L. I. Lindas, Chief Counsel, to attend preseminar meeting between Bureau of Public Roads and State Right of Way Departments, also the American Right of Way Association's Annual Conference, May 26 through 29, 1959 at St. Louis, Missouri at an estimated cost of $298.55.

6. Carl Jordan, Travel Information Director, to Independence, Missouri April 17 in connection with the start of the wagon train from Independence, Missouri, to Independence, Oregon. Expenses to be paid for meals and lodging only.

The Commission approved the out-of-state travel expenses for those trips in the future and confirmed the trip to LaSalle, Illinois taken by the Engineer April 9 and 10.

To fill a vacancy on the Travel Information Advisory Committee the name of Robert E. Booth of Eugene was presented by the Director of the Travel Division, Mr. Carl W. Jordan. The Commission approved Mr. Booth's appointment.

The Engineer presented a resolution to the Commission covering the abandonment of the Cloverdale-Coast Fork Section of the Springfield - Creswell Highway which has been replaced by a newly constructed

section. He explained that an agreement had been entered into with Lane County whereby the County had agreed to take over the old section of highway when the new section is completed and opened to public travel. The new section, he continued, is now being used by the public, and he recommended that the resolution be adopted to formally transer the old section to the jurisdiction of the County. The Commission approved the abandonment by adopting the attached resolution relative thereto marked Exhibit "F" which resolution by this reference is made a part hereof with like effect as though extended herein in full.

The Commission also approved an agreement presented by the Engineer whereby Umatilla County agrees to take over the old Weston-Milton-Freewater Section of the Oregon-Washington Highway when the new section has been reconstructed and opened to public travel.

Consideration was given to a request from T. C. Wildish of Eugene for cancellation of a permit issued to him allowing use of a haul road across state property near McVay Undercrossing south of Eugene. The Engineer explained that in 1956 a permit had been issued covering the haul road but Mr. Wildish has now requested the use of a different route. The requested route has been studied and its use will be of advantage to the State in that it will eliminate travel by Mr. Wildish's trucks on the McVay Secondary Highway. The Commission accepted his recommendation that the old permit be cancelled and the new one granted.

Consideration was given to some sort of an agreement with Oregon counties to enable them to procure surplus government equipment. In order for the counties to secure the equipment, the Engineer stated that it is necessary that it be secured through the State Highway Department. A conference was held with officials of the governmental agency handling the surplus property program and although the counties are eligible to participate in the program by virtue of the maintenance of Federal-aid Secondary highways, the question of title in the governmental regulations is somewhat confusing. It appears, he continued, that should there be any question as to the legality of transferring title of the equipment from the State to the county, that a long-term lease arrangement would most likely meet any legal objections. As the counties could undoubtedly secure considerable benefit by use of the surplus government equipment, he recommended that permission be given to enter into agreements with counties that are interested, it being understood that the agreements would obligate the counties to reimburse the State for the cost of procuring the equipment, the cost of freight and other incidental costs. the Commission approved his recommendation.

The Engineer reported that in connection with future projects on the Paulina Secondary Highway, it is necessary to secure two material sites from the U.S. Bureau of Reclamation. To use the sites requires that the Commission sign a License for Removing Road-building Materials, and he so recommended. The Commission accepted his recommendation.

The Commission approved the Secretary's report on papers signed in behalf of the Commission during the period from March 2 through April 10, 1959.

The Commission confirmed the date of the next regular Commission meeting for May 28 and 29, 1959, in the Conference Room of the State Highway Building in Salem. Tentative dates of July 2 and 3 or July 9 and 10 were discussed for the next following meeting.

Removal of a spur track from the Klamath Falls Equipment Shop Yard was discussed. The Engineer explained that the spur belongs to the Oregon-California and Eastern Railway Company but has not been used for several years. The Company has agreed to remove the spur track but to do this an agreement is necessary. Upon his favorable recommendation, the Commission approved an appropriate agreement.

Attention was given to a request from the Portland Development Commission for permission to install two signs on highway right of way in Portland to indicate the location of Portland's first urban renewal project. One of these signs, the Engineer said, would be located at the intersection of Harbor Drive and Sheridan Street and the other sign at the intersection of Harbor Drive and Montgomery Street. The text of the proposed signs and the proposed locations, he stated, have been approved and he recommended that permits be issued to erect these signs. The Commission approved the permits.

The Commission also considered a request from the Columbia Utilities Company for permission to install a public telephone booth on the westerly side of the Crater Lake Highway near Shady Cove, in Jackson County. The site for the proposed telephone booth, the Engineer explained, has been inspected and approved. The Commission accepted his recommendation that a permit be granted for the installation of the telephone booth.

The Commission discussed with the Engineer matters to be presented by delegations scheduled to appear on the following day. No action was taken at this time, pending the appearance of the delegations.

A fencing agreement with Mr. E. V. Jackson was brought up by the Engineer who explained that Mr. Jackson, under a similar arrangement, had installed a fence adjoining his property on the Central Oregon Highway between Bend and Burns. Mr. Jackson has additional land to fence and has requested permission to do so with the provision that he will furnish the wire and erect the fence, with the State to stake the location of the fence and furnish the posts. Following the Engineer's favorable recommendation the Commission approved the agreement.

The Engineer recalled that under an agreement in 1951 Washington

County was to take back the temporary route of the Wilson River Highway between Forest Grove and Glenwood when the new route between North Plains and Glenwood was completed. Washington County is now maintaining the road, but while the road was under the jurisdiction of the State several parcels of right of way were acquired in the connections to Forest Grove. It was the Engineer's recommendation that these parcels of right of way be turned over to the county. The Commission approved the transfer and thereupon adopted the attached resolution relative thereto marked Exhibit "G" which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission considered an arrangement for the installation of box culverts in the "Q" Street Interchange Section near Garden Way, easterly from Eugene. The Engineer explained that the County has requested that the State perform the work and bill the County for the cost thereof. Following the Engineer's favorable recommendation, the Commission approved the matter.

A request from Coos County was presented by the Engineer concerning redesignation of a portion of the Oregon Coast Highway between Bandon and Coquille. He recalled that the Commission had previously taken action to designate the section of the Oregon Coast Highway from Coquille north to Davis Slough as an extension of the Coos Bay-Roseburg Highway, the extension to be effective when the new section of the Oregon Coast Highway from Davis Slough to Bandon is completed and opened to public travel. The Coos County Court, he continued, has now requested that the old section of US 101 between Coquille and Bandon be designated as Oregon Highway Route 42 South when the new section between Bandon and Davis Slough is completed. The Commission accepted the Engineer's recommendation that the Coquille-Bandon Section be so designated.

The Engineer stated that a letter had been received from the United States Bureau of Public Roads stating that the State of Oregon leads the nation in getting its Interstate construction program under way. The letter pointed out that Oregon had work under way or completed on 502.7 miles of the Interstate System out of the total mileage of 731.6.

Consideration was again given to a list of properties presented by the Chief Counsel earlier in the day for which he had requested the Commission, by resolution, to declare the necessity of said properties for the special uses to which they are to be put. After considering the properties following the original presentation, the Commission granted authority to condemn the properties if negotiations are not successful and thereupon adopted the attached resolutions relative thereto marked Exhibit "J-1" through "J-24" which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

(For details concerning these properties, see the Chief Counsel's "Recommendation for Condemnations" dated April 16-17, 1959,

filed in the Secretary's Office under the heading "Right of Way Resolutions, Condemnations and Report of Offers".)

The Commission considered a request from the Lake County Court that the State take over as a State Highway the section of the Winnemucca-to-the-Sea Route from Adel southerly and easterly to the Nevada State Line, in return for which Lake County would take over the section of the Warner Secondary Highway, between Adel and Plush. The Commission approved the Engineer's recommendation that he be authorized to conduct an investigation of the request and submit a report at the next meeting.

The Commission discussed with the Engineer bids received on March 24 and April 14, and at 3:00 p.m. Commissioner Chessman announced award of contracts as follows:

BIDS RECEIVED IN SALEM ON MARCH 24, 1959

"Stone base and oiling on Halfway Junction-Copperfield Section of the Baker-Homestead Highway, east of Halfway, in Baker County. The Commission awarded the contract to the low bidder, J. C. Compton Co., McMinnville, at $261,405.50.

"Grading, oiling and rock production on the Mason Siding-Poker Creek and Bridgeport Junction-Baker Sections of the Sumpter Valley and Baker-Unity Highways, south and west of Baker in Baker County. The Commission elects to accept the low bid of Arthur Simonsen & Co., Baker, in the sum of $182,163, and directs the State Highway Engineer to award the contract to said bidder as soon as necessary right of way is acquired.

"Installation of Corvallis Traffic Signals (9th & Harrison), Benton County. Low bid was submitted by Steeck Electric Company, Medford, in the amount of $3,450. However, as this is a city project, all bids were referred to the City of Corvallis for award.

"Stone Base and Paving Project in Bandon (Elmira Avenue), Coos County. The Commission awarded the contract to the low bidder, Warren Northwest, Inc., Portland, at $17,865.

"Glendale (Brown Street-Molly Street) grading and paving project, in Douglas County. The Commission awarded the contract to the low bidder, Roseburg Paving Company, Roseburg, at $18,316.50.

"Oiling and rock production on Webb Slough-Long Creek Section of the Pendleton-John Day Highway, southerly of Pendleton, in Grant and Umatilla Counties. The Commission awarded the contract to the low bidder, E. H. Itschner, Molalla, at $86,422.

"Paving on the Cobleigh Road-Butte Falls Section of the Butte Falls Road, northeast of Medford in Jackson County. The Commission

awarded the contract to the low bidder, Rogue River Paving Company, Medford, at $64,699.

"Eagle Point (N. "G" Street) grading and paving project, in Jackson County. The Commission awarded the contract to the low bidder, Hughes & Dodd Company and Tru-Mix Equipment Company, Medford, at $3,007.

"Central Point (Oak Street) grading and paving project, in Jackson County. The Commission awarded the contract to the low bidder, M. C. Lininger & Sons, Medford at $14,230.50.

"Ashland-California State Line rock production project on the Pacific Highway, south of Ashland in Jackson County. The Commission awarded the contract to the low bidder, Hughes & Dodd Company and Tru-Mix Equipment Company, Medford, at $32,650.

"Antioch Road-Trail rock production project on the Sams Valley and Crater Lake Highways, north of Medford, in Jackson County. The Commission awarded the contract to the low bidder, M. C. Lininger & Sons, Medford, at $34,042.50.

"Ashland Traffic Signals (Helman St. -Morse St.) in Jackson County. The Commission awarded the contract to the low bidder, Steeck Electric Co., Medford, at $26,900.

"Klamath Falls Traffic Signals (6th at Washburn Way) in Klamath County. The Commission awarded the contract to the low bidder, Steeck Electric Company, Medford, at $9,560.

"Grading, stone base, and construction of four reinforced concrete deck girder bridges and two reinforced concrete retaining walls on the West Unit, Siuslaw River-Walton Section of the Richardson-Eugene Highway, west of Eugene, in Lane County. The Commission awarded the contract to the low bidder, Earl L. McNutt Co., Eugene, at $477,817.

"Paving on the Albany-Orleans Junction and Greens Bridge-Kelly Road Sections of the Albany-Oakville and Greens Bridge-Scio County Roads, west of Albany and southeast of Jefferson respectively, in Linn County. The Commission awarded the contract to the low bidder, Roy L. Houck & Sons and Roy L. Houck Sons' Corporation, Salem, at $72,260.70.

"Ironside-Vale Rock Production Project on the John Day Highway, northwest from Vale, in Malheur County. The Commission awarded the contract to the low bidder, N. A. Toole Construction, Ontario, at $44,042.50.

"Five grade separation structures on the Ontario-Idaho Line Section of the Old Oregon Trail Highway in Malheur County. The Commission awarded the contract to the low bidder, Pacific Concrete and

Otis P. Jordan, Jr., Portland, at $533,333.77.

"Rooster Rock State Park extension, on Columbia River Highway east of Portland, in Multnomah County. The Commission awarded the contract to the low bidder, M. J. Brassfield Co., Salem, at $41,822.85.

"Stone Base and oiling on East Unit, Ukiah-Forest Boundary Section of the Ukiah-Hilgard Highway, south of Pendleton, in Umatilla County. The Commission awarded the contract to the low bidder, J. C. Compton Company, McMinnville, at $115,513.25.

BIDS RECEIVED IN SALEM ON APRIL 14, 1959

"Providing ferry service at the Astoria-Megler Crossing of the Columbia River in Clatsop County, Oregon, and Pacific County, Washington, for a three-year period beginning June 1, 1959. The Commission awarded the contract to the low bidder, Astoria Navigation Co., Astoria, at $229,447.50.

"31-month lease of docking privileges for river excursion service at Rooster Rock State Park, adjacent to Columbia River Highway, in Multnomah County. No bids were received.

"Paving on the 10th Street-Main Street Section of Campbell Avenue in Baker, in Baker County. The Commission awarded the contract to the low bidder, Cartwright Construction Co., Durkee, at $17,764.

"Grading on the Little Clear Creek Section of the Oregon City-Viola Road, southeast of Oregon City, in Clackamas County. The Commission awarded the contract to the low bidder, George Blaisdell & Sons and Shirley G. Stone, Oswego, at $17,880.

"Clatskanie (4th Street) grading and paving project, in Columbia County. The Commission elects to accept the low bid of Walter Goodat, Portland, in the sum of $21,617, and directs the State Highway Engineer to award the contract to said bidder as soon as approval of the City of Clatskanie is received and the sum of $5,000 is deposited by the City.

"Maintenance cleaning and painting on Pistol River Bridge on Oregon Coast Highway, south of Gold Beach in Curry County. The Commission awarded the contract to the low bidder, J. E. Brown Co., Portland, at $8,622.

"Grading and paving on North Fork Chetco River Section of the Chetco River Road, northeast of Brookings, in Curry County. The Commission elects to accept the low bid of Pelican Bay Construction Service, Inc., Smith River, California, in the sum of $94,992, and directs the State Highway Engineer to award the contract to said bidder as soon as necessary right of way is acquired.

April 16, 1959

"Grading and oiling on the Deep Canyon-Deschutes River Section of the McKenzie Highway, east of Sisters, in Deschutes County. The Commission elects to accept the low bid of Q. L. Rufener, Inc., Portland, in the sum of $181,923 and directs the State Highway Engineer to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Metal median barrier on existing concrete island and structures on the Fords Bridge Section of the Pacific Highway, south of Myrtle Creek in Douglas County. The Commission awarded the contract to the low bidder, John A. and Dale J. Clarambeau, McMinnville, at $13,972.20.

"Prairie City (Bridge Street and Upriver Road) grading and paving project, in Grant County. The Commission awarded the contract to the low bidder, Arthur Simonsen & Co., Baker, at $9,738.

"Hood River SandShed in Hood River County. The Commission awarded the contract to the low bidder, Wint Roberts and Troy Roberts, Hood River, at $9,552.

"Grading on the Seven Oaks-Table Rock Road Section of the Pacific Highway, near Central Point, in Jackson County. The Commission elects to accept the low bid of Peter Kiewit Sons' Co., Medford, in the sum of $716,294, and directs the State Highway Engineer to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Triangle Lake-Cheshire Rock Production Project on the Siuslaw Highway, southwest of Junction City, in Lane County. The Commission awarded the contract to the low bidder, C. C. Meisel, McMinnville, at $34,873.50.

"Fogarty Creek State Park Latrine Addition on the Oregon Coast Highway in Lincoln County. The Commission awarded the contract to the low bidder, Merlin R. Stam, Eugene, at $6,440.

"Twin Buttes-McKenzie River Section (7 drainage structures) of the relocated Pacific Highway in Linn and Lane Counties. The Commission awarded the contract to the low bidder, C. M. Corkum Co., Inc., Portland, at $274,455.

"Paving on the Ontario-Idaho Line Section of the Old Oregon Trail Highway near Ontario, in Malheur County. The Commission elects to accept the low bid of Rogers Construction Co., Portland, in the sum of $577,901.10 and directs the State Highway Engineer to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Harbor Drive Structure, grading and paving on Harbor Drive-Washington County Line Section of the Pacific Highway in Multnomah County. The Commission awarded the contract to the low bidder, C. M. Corkum Co., Inc., Portland, at $396,927.

"Interstate Bridge Toll Collection System in Multnomah County. The bid opening was deferred until April 21, 1959.

" "Maintenance cleaning and painting on Mills Bridge on the Wilson River Highway, east of Tillamook, in Tillamook County. The Commission awarded the contract to the low bidder, C. H. Savage Co., Portland, at $4,587.

"Paving on the Rowena-Chenoweth Creek Section of the Columbia River Highway, east of Mosier, in Wasco County. The Commission awarded the contract to the low bidder, Rogers Construction, Inc., Portland, at $548,037.

"Paving on The Dalles-Eightmile Creek Section of The Dalles-California Highway, southerly from The Dalles, in Wasco County. The Commission awarded the contract to the low bidder, Vernie Jarl, Gresham, at $574,469.50.

The Chief Counsel presented a proposed settlement with Charles W. Stores, File L-3262, for property to be acquired in Multnomah County. He explained three appraisals had been secured, one at $11,500, one at $12,000 and one at $13,200. An offer had been made to Mr. Stores in the amount of $12,000 which Mr. Stores had refused. However, he has now agreed to settle for the sum of $13,200, and the Chief Counsel recommended that the settlement be accepted. The Commission approved the settlement.

The Commission discussed with the Engineer and the Right of Way Engineer the status of projects on which bids are to be received in the future.

The Commission signed the following agreements and other papers:

"Agreement" with Central Peoples' Utility District Power to extend a line to serve the State park development at Ona Beach in Lincoln County.

"Indenture of Access" to Etters property on Medford-County Farm Section of Pacific Highway, Jackson County.

"Indenture of Access" to Carlson property on Clatskanie-Delena Section of Columbia River Highway, Columbia County.

April 16, 1959

"Bargain and Sale Deed" with Mr. and Mrs. Glen L. Simpson covering sale of parcel of land on Grants Pass-Rock Point Section of the Pacific Highway, Josephine County.

"Bargain and Sale Deed" with Louis Davin covering sale of 0.14 acre on Camp Creek-Paulina Section of Paulina Secondary Highway, Crook County.

"Permit Agreement" with T. C. Wildish, Eugene, for a cancellation of old permit and issuance of new permit for use of a different route across State property along Willamette River near McVay Undercrossing.

"License for Removing Road-building Materials" with U. S. Bureau of Reclamation covering two material sites needed for surfacing two sections of the Post-Camp Creek Section of Paulina Secondary Highway.

"Agreement" with Curry County covering North Fork Chetco River Section of FAS 259. (Authorized December 11, 1958)

"Agreement" with City of Baker covering the installation of traffic signals at the intersection of Fourth and Broadway Streets in Baker. (Authorized October 23, 1958)

"Agreement" with City of Clatskanie covering the Special City Allotment project on Fourth Street in Clatskanie. (Authorized October 23, 1958)

"Throughway Agreement" with Lane County covering Judkins Point-Goshen Section of Pacific Highway. (Authorized August 16, 1956)

"Agreement" with Oregon-California & Eastern Railway Company covering removal of its spur track from the Klamath Falls Equipment Shop Yard.

"Permit to Erect Sign on Highway Right of Way" to Portland Development Commission to install two signs on highway right of way in Portland to indicate the location of Portland's first urban renewal project.

"Memorandum of Agreement" with National Parks Service covering the study of Champoeg State Park.

"Permit to Construct Public Telephone Booth" to Columbia Utilities Company to install and maintain a public telephone booth on Crater Lake Highway near Shady Cove, Jackson County.

"Quitclaim Deed" to Douglas County for State's retaining wall easement on the Deady-Shady Section of the Pacific Highway to be used by the County for Garden Valley Road.

"Release" to Shell Oil Company relative to the relinquishment of certain advertising restrictions on property adjacent to the Pacific Highway in Linn County.

April 16, 1959

"Quitclaim Deed" to City of Brookings for a parcel of land on Section 6, Township 41 South, Range 13 West, W. M., Curry County.

"Quitclaim Deed" to Elmer Bankus for a parcel of land lying in the East half ($E\frac{1}{2}$) of Section 6, Township 41 South, Range 13 West, W.M., Curry County.

"Bargain and Sale Deed" to Carl E. Sagle for a parcel of land on the Springfield Section of the McKenzie Highway in Lane County.

"Bargain and Sale Deed" to Julian Eccles for a parcel of land on the Klamath Falls West Side By-Pass Section of The Dalles-California Highway in Klamath County.

"Fence Agreement" with E. V. Jackson for fencing on the Central Oregon Highway near Brothers in Deschutes County.

"Agreement" with Southern Pacific Co. covering the Rogue River Overcrossing in Jackson County.

"Bargain and Sale Deed" to Washington County covering the transfer of a portion of the relocated temporary route of the Wilson River Highway.

"Supplemental Cooperative Construction Agreement" with Lane County covering box culvert installations at Harlow Road and Garden Way on the Pacific Highway in Lane County.

The meeting was adjourned at 3:15 p.m. to be reconvened at 10:00 a.m. the following day.

(Minutes for second day of meeting on following page.)

Salem, Oregon
April 17, 1959

The meeting of the Oregon State Highway Commission reconvened at 10:00 a.m. in Room 418, State Highway Building. The following persons were present:

M. K. McIver, Chairman
K. N. Fridley, Commissioner
W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
L. I. Lindas, Chief Counsel
G. E. Rohde, Assistant Counsel
W. T. Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Floyd Query, Secretary

Commissioner Chessman was excused.

The following persons appeared before the Commission regarding improvements on the John Day Highway, access approaches from US 30 to John Day Highway at Arlington, and park work in the fossil beds between Kimberly and Dayville: E. R. Fatland, Condon, who was spokesman; G. J. Schreiner, F. B. Mercer, both from the Commercial Club, Condon; Van Rietmann, County Commissioner of Gilliam County, Condon; Herman Oliver, Mayor of John Day; Al Reinertson, Secretary-Manager of Chamber of Commerce, Clay Roberts, Chamber of Commerce Parks Committee, Joe Oliver, Grant County Livestock Association, O. D. Dickens, County Judge of Grant County, all from John Day; Harold Hartfield, Les Grant, both from Arlington Chamber of Commerce, and Frank M. Weatherford, State Representative, Arlington. Mr. Fatland introduced the members of his delegation. Mr. Hartfield advised that the people of their area are not satisfied with the proposed ingress and egress provided from Highway 30 to Highway 19 at Arlington because they are afraid the people will not see the turnoff and miss getting on Highway 19. If possible they would like to have an access in the town of Arlington. The Chamber of Commerce, he continued, is also interested in getting some work done on Highway 19 between Condon and Arlington. Mr. Weatherford told the Commission that they appreciate the efforts in straightening out the road problems in their area, and he particularly mentioned the bad condition of the road between Arlington and Fossil. Mr. Rietmann stated that the Gilliam County Court is still in favor of improvements to Highway 19. He advised that no plywood is now shipped by rail from Condon and many cattle are being shipped by truck over Highway 19, which is made more difficult because part of the road is unimproved. He pointed out that the road is narrow and crooked, the base is inadequate, and the roadbed uneven, which makes it very difficult for the truck hauling of commodities, especially livestock. With the building of the John Day Dam, he continued, travel between the Columbia River and Condon has increased, and since consolidation of schools more

school busses also are using this highway. Mr. Mercer urged the Commission to improve the John Day Highway. Mr. Schreiner stated that the worst section in Gilliam County is the road between Condon and Fossil, and asked the Commission to give consideration to that portion. Judge Dickens introduced the members of the delegation from Grant County and told the Commission that they represent a number of organizations in that area. Mr. Joe Oliver advised the Commission that they have no railroad or airplane freight transportation in their part of the country so must rely entirely on the highway. As a result of the condition of the road, he added, much of the livestock that could be hauled to Portland and the Willamette Valley is being shipped to Idaho or California. Stock growers are particularly concerned about getting this highway improved so larger trucks can move over the highway and get their commodities to market. In reply to Commissioner Fridley's question whether or not it is their opinion that modernization or completion of Highway 206 would affect the flow of these commodities, Mr. Oliver answered that it certainly would help but would not correct the situation entirely. However, he believed that many livestock truckers, especially those that are privately owned, would bring their cattle toward the Portland area if the highway is improved. Mr. Herman Oliver thanked the Commission for the work completed and now under contract on the John Day Highway. He advised that at a recent meeting it was decided that the section between Spray and Kimberly Junction should have first priority. He also mentioned bad spots between Fossil and Condon and between Kimberly and the Ochoco Junction. After the Spray-Kimberly Section is completed he asked that Thirtymile Canyon be surveyed and that the section from Ochoco Junction northerly be improved, with first consideration given to the bad curves. He commented that if the gasoline tax is increased they want some of the money allotted to the John Day Highway. He spoke of the bottleneck on Highway 19 in the canyon and gorge. Mr. Fatland stated that the following is their preference in order of improvement for the 20-mile section between Fossil and Condon: (1) from Thirtymile to Mayville, (2) from Thirtymile to Condon, and (3) from Mayville to Fossil. He called attention to the road between Condon and Arlington and asked that consideration be given to it when money is available. At the request of Mr. Herman Oliver, Mr. Williams advised that there is a balance in the last year of the five-year program (1960) of about $500,000 so that one or more projects in that amount could be allocated to Highway 19; however, the Commission has made no decision as to where this money will be expended. Mr. Reinertson complimented the Commission on the excellent job that has been done in advertising of the John Day Fossil Beds. However, he pointed out that most of the fossil beds are inaccessible to the public and many people who visit this area wish overnight accommodations. He expressed the opinion that a park is greatly needed in the area as there is no state park on Highway 26 that has overnight camping facilities. He mentioned that Cathedral Rock, a beautiful formation in the fossil beds, is inaccessible and unmarked by any road signs. Mr. Herman Oliver exhibited a map on which was shown the John Day Fossil beds and contemplated development at Turtle Cove, located in the fossil beds on Highway 19 a few miles north of the

Ochoco Highway junction. He told of their desire to have a road in this area, and an area cleared at the end of the road so that trailers and cars may park and turn around. The area should be fenced to keep cattle out and picnic and rest room facilities are needed. He also requested that the State investigate the possibility of development at two fossil deposits--one near the Humphrey Ranch, which the State now owns, and the other at the Foree Ranch, both located a few miles south of Turtle Cove. It was his opinion that the deposit at the Foree Ranch could be purchased without too much difficulty. He mentioned the need for a rest area development in the John Day Valley, especially on Highway 26. Mr. Fatland concluded the presentation by requesting that the Highway Commission place a marker on Highway 206 at the turnout at Devils Butte, with arrows thereon pointing to the five mountains that are visible at this site--Mt. Hood, Mt. Adams, Mt. Jefferson, Mt. St. Helens and Mt. Rainier. He mentioned a unique red stone and offered to donate whatever stone is necessary for this marker. Chairman McIver told the delegation that the Commission would give their requests every consideration when the money is available.

Later in the session the Commission instructed the Parks Superintendent to (1) make a study regarding purchase of the fossil bed areas mentioned by the delegation; (2) study the complete area to ascertain the need and a suitable location for a park; and (3) investigate the request of Mr. Fatland for the placement of a marker on Highway 206 at the turnout at Devils Butte. In regard to the fossil beds Commissioner Fridley requested the Parks Superintendent to contact the National Park Service to determine whether or not they may have an interest in the fossil beds.

State Representative Carl Back, representing the Port Orford Centennial Celebration Committee, appeared before the Commission regarding installation of toilet facilities at Battle Rock State Park at Port Orford. Mr. Back stated that the people in his area have endeavored for quite some time to have toilet facilities installed in Battle Rock State Park which has a great many visitors each year. With the Centennial Celebration this year, he continued, Port Orford has invited people from all over the State to visit them on July 4th, but they do not have any adequate rest room facilities. He requested installation of temporary facilities for the summer if it is impossible to install permanent facilities. Chairman McIver advised Mr. Back that the Commission is quite familiar with their problem and that the State Parks Superintendent will restudy the situation, after which Mr. Back will be advised of the Commission's decision.

The following persons appeared before the Commission regarding improvement of the Tygh Grade on US 197: Victor Peterson, Chairman, Highways Committee of The Dalles Chamber of Commerce and Highway Committee of US 197, W. S. Nelson, Manager of The Dalles Chamber of Commerce, both from The Dalles; Fred Ashley, Tygh Valley, Highway Committee of US 197; Howard Corner, Maupin, and Raymond Crabtree, Maupin, both representing Highway Committee

of US 197; and Bill Kortge, The Dalles, County Commissioner of Wasco County. Mr. Peterson acted as spokesman and introduced the members of his delegation. Mr. Nelson referred to a previous brief which they had submitted to the Commission about a year ago in support of this improvement. Since that time, he continued, some extensive changes have taken place in this area, so he read and presented a written statement detailing the reasons this improvement should be made. He stated that the relocation of US 197 from The Dalles to Eightmile Creek intensifies the necessity for improvement of the Tygh Grade in order to gain the benefits created by that new section. He also presented written statements from the Forest Service and the Tygh Valley Lumber Company pointing out the importance of this highway section in the transportation of logs and lumber. He concluded his presentation by stating that the Highway Committee of The Dalles Chamber of Commerce and Wasco County urge early programming of this section so that the advancement and economic development of Wasco County, with corresponding benefit to the State of Oregon, may be accomplished. Mr. Crabtree stated that in the very near future products, including livestock, will be shipped up and down the Columbia River, so that the Tygh Grade section will become a very important link for the county in the transportation of commodities for shipment on the Columbia River. He spoke of the difficulties truckers now encounter on the Tygh Grade and stated that a good modern grade would facilitate lumber and agricultural traffic. It was his opinion that the improvement of this section would be a great advantage to the tourist industry. Mr. Kortge thanked the Commission for the highway improvement now underway between Dufur and The Dalles. He pointed out that a new auction yard is being constructed at The Dalles which will be of great benefit to the farmers; however, many farmers now travel to Madras rather than The Dalles, but he believed that with improvement of the Tygh Grade most of them would come to The Dalles with their livestock and to shop.

The Chief Counsel requested the Commission to adopt a resolution declaring the necessity of acquiring 25 acres of land from the Wheeler Timber Company, File No. R-29364, on Chapen Creek Section of the Heppner-Spray Highway, which is to be used for right of way purposes, and to authorize the Legal and Right of Way Division to attempt to agree with the owner as to price, and in the event of disagreement, to proceed to acquire it by condemnation. After careful consideration, the Commission granted authority to condemn, if necessary, the parcel of property as presented by the Chief Counsel and thereupon adopted the attached resolution relative thereto marked Exhibit "J-25", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Commissioner Fridley stated that he has received a request for information on the programming of work on Highway 730. The Engineer advised that at the present time there is no money programmed on this highway, however, there is $230,000 of reserve primary funds in that division which are tentatively earmarked for that road. It was his opinion that the $230,000 should be used in rebuilding the

highway around Boardman where it is affected by construction of the dam, but no section has been selected nor have any surveys been made.

The Engineer brought to the Commission's attention a telephone call extending an invitation to the Commission from the people of Klamath and Lake Counties to go over the Winnemucca-to-the-Sea route sometime in May. He stated that a formal letter of invitation has been mailed and when it is received he will send a copy to each member of the Commission. The Commission expressed appreciation for the invitation, but took no action.

There being no further business to come before the Commission, the meeting adjourned at 11:30 a. m.

MINUTES

of the

OREGON STATE HIGHWAY COMMISSION MEETING

held on

April 16 and 17, 1959

EXHIBIT "A"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, in connection with the future improvement of the highway herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed.

NOW, THEREFORE, BE IT RESOLVED that the properties which are hereby declared to be necessary for state highway, park, and other uses under the jurisdiction of the Commission, are those properties shown in the right of way resolution, dated April 16 and 17, 1959, pages 1 through 65, as presented by the Right of Way Engineer and approved by the Highway Commission April 16, 1959, and by this reference said right of way resolution of April 16 and 17, 1959 is made a part hereof with like effect as though extended in full herein. That the several options or bases of settlement therein enumerated be, and the same hereby are approved and accepted and that the Chief Counsel for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission.

EXHIBIT "B"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Ferry Street-Mohawk Bridge Section of the Eugene-Springfield Highway described as follows:

A parcel of land lying in Sections 28 and 29, Township 17S, Range 3W, W.M., Lane County, Oregon, and being a portion of that property described in that certain deed dated 4-28-55 to the State of Oregon by and through its State Highway Commission recorded on Reel 58-55D Inst. No. 55609 of Lane County Records of Deeds; the said parcel being described as follows:

Beginning on the Southwesterly boundary of said State of Oregon property, at a point N 62° 48' 30" W, 286.39 feet from a 3/4" galvanized pipe marking a point on the County Survey #1172, said pipe being 698.75 feet South and 1455.78 feet East of the Northwest corner of County Survey #93; thence N 69° 33' 18" E, 845.99 feet; thence N 75° 40' 20" E, 556.7 feet; thence N 58° 44' 20" E, 353.11 feet to the North boundary of said State of Oregon property; thence N 87° 26' 50" W, along the North line of said State property 177 feet; thence S 59° 58' 02" W, 190.70 feet; thence S 73° 32' 15" W, 607.33 feet; thence S 75° 40' 20" W, 968 feet to the Southwesterly line of said State property; thence S62° 48' 30" E, along said Southwesterly line, 256.69 feet to the point of beginning.

Bearings used herein are based upon the Oregon Co-ordinate System, South Zone.

The parcel of land to which this description applies contains 4.58 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $2,750.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of

EXHIBIT "B" (Cont.)

ORS 273.060 et Seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Eugene-Springfield Highway,

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 89 be entered in the minutes and records of the Commission as of the 16th day of April, 1959.

31410

EXHIBIT "C-1"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Salem By-Pass Section of the Pacific Highway described as follows:

A parcel of land lying in Lot 19, Garden City Addition to the City of Salem, situated in Sections 24 and 25, Township 7 South, Range 3 West, W.M., Marion County, Oregon, the said parcel being described as follows:

Beginning on the West line of said Lot 19 at a point which is 363 feet North of the Southwest corner of said Lot 19; thence East, parallel to the South line of said Lot, 300 feet, more or less, to a line which is parallel to and 100 feet westerly of the center line of the Salem By-Pass Section of the Pacific Highway; thence North parallel to said center line 311.85 feet to the North line of said Lot; thence West along said North line 300 feet, more or less, to the Northwest corner of said Lot 19; thence South along the West line of said Lot 311.85 feet to the point of beginning, containing 2.2 acres.

WHEREAS, after consideration the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $5,250.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 et. Seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Pacific Highway.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 90 be entered in the minutes and records of the Commission as of the 16th day of April, 1959.

EXHIBIT "C-2"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Salem By-Pass Section of the Pacific Highway East described as follows:

A parcel of land lying in the Towner Savage DLC, also lying in Section 12, Township 7S, Range 3W, W.M., Marion County, Oregon, the said parcel being described as follows:

Beginning at the Northwest corner of said Savage DLC; thence South along the West line of said Savage DLC, 1650 feet to the true point of beginning; thence East parallel with the North line of said Savage DLC, 240 feet, more or less, to a line which is parallel to and 50 feet Southwesterly of the center line of the relocated Park Lane Service Road; thence Northwesterly along said parallel line 295 feet, more or less, to the West line of said Savage DLC; thence South along said West line, 120 feet, more or less, to the true point of beginning.

The center line herein referred to being described as follows:

Beginning at Engineer's Station 0+00, said Station being 1161.84 feet South and 1016.83 feet West of the Northwest corner of said Savage DLC; thence on a 572.96 foot radius curve right (the long chord of which bears S63° 57' E) 117 feet; thence S 58° 06' E, 124.15 feet; thence on a 477.46 foot radius curve left (the long chord of which bears S 70° 33' E) 207.5 feet to Station 4+48.65 Bk=3+80.45 Ah.; thence S 83° 00' E, 658.73 feet; thence on a 286.48 foot radius curve right (the long chord of which bears S 14°51' 30" E) 340.78 feet to Station 13+79.96.

There is herein reserved by the grantors an easement for the maintenance and control of Claggett Creek over and across a strip of land 30 feet in width lying Westerly of and adjacent to the Westerly line of said Creek.

The parcel of land to which this description applies contains 0.5 acre.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

EXHIBIT "C-2" (Cont)

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 et. Seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Pacific Hwy. E., except there is access by way of frontage road.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 91 be entered in the minutes and records of the Commission as of the 16th day of April, 1959.

EXHIBIT "C-3"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the 11th Avenue Connection, City of Eugene, of the Pacific Highway described as follows:

A parcel of land lying in Lots 1 through 18, Block 3, West Moreland Addition to Eugene, Section 36, Township 17 S., Range 4 W., W.M., Lane County, Oregon; the said parcel being Lots 6 through 11 of said Block 3.

The parcel of land to which this description applies contains 15,000 square feet.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $20,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 et. Seq.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 92 be entered in the minutes and records of the Commission as of the 16th day of April, 1959.

31414

EXHIBIT "C-4"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Albany-Judkins Point Section of the Pacific Highway described as follows:

A parcel of land lying in the E½ NW¼ of Section 4, Township 14S, Range 3W, W.M., Linn County, Oregon; the said parcel being described as follows:

Beginning on the South line of said E½ NW¼ at a point which is 150 feet Westerly of (when measured at right angles to) the center line of the relocated Pacific Highway approximately opposite center line Station 2014+26, said point being on the Westerly line of that tract designated as Parcel #1 in that deed to the State of Oregon by and thru its State Highway Commission, recorded in Book 256, Page 72, Linn County Deed Records; thence 1° 41' E, 1826 feet, more or less, to a point which is opposite and 150 feet Westerly of Station 1996+00 on said center line; thence N 18° 52' 22"W, 425 feet, more or less, to a point which is opposite and 300 feet Westerly of Station 1992+00 on said center line; thence N 43° 19' W, 75 feet, more or less, to the West line of said E½ NW¼; thence Southerly along the West line of said E½ NW¼, 2285 feet, more or less, to the Southwest corner of said E½ NW¼; thence Easterly along the Southerly line of said E½ NW¼ 185 feet, more or less, to the point of beginning.

Said center line is described in said State of Oregon Deed.

The parcel of land to which this description applies contains 9.16 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,800.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 et. Seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real

EXHIBIT "C-4" (Cont)

property and the right-of-way of the Pacific Highway.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 93 be entered in the minutes and records of the Commission as of the 16th day of April, 1959.

31416

EXHIBIT "C-5"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the 11th Avenue Connection, City of Eugene, of the Pacific Highway described as follows:

Lots 1 through 5, Block 3, West Moreland Addition to Eugene, Section 36, Township 17 South, Range 4 West, W. M., Lane County, Oregon; and containing 12,500 square feet.

WHEREAS, after consideration, the Commission finds and declares the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $10,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of O.R.S. 273.060 et seq.

AND BE IT FURTHER RESOLVED, that this Property Sale Resolution No. 94 be entered in the minutes and records of the Commission as of the 16th day of April, 1959.

EXHIBIT "C-6"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Goshen-Creswell Section of the Relocated Pacific Highway described as follows:

A parcel of land lying in the East half of the Northeast quarter and the Northeast quarter of the Southeast quarter of Section 35, Township 18 South, Range 3 West, W.M., Lane County, Oregon, the said parcel being described as follows:

Beginning at the intersection of the southerly line of said northeast quarter of the southeast quarter and a line which is parallel to and 50 feet easterly of the centerline of the Pacific Highway as described in that deed to the State of Oregon (by and through its State Highway Commission), recorded in Book 414, Page 57 of Lane County Deed Records; thence northerly and parallel to said centerline 2310 feet, more or less to a line which is parallel to and 75 feet westerly of the centerline of the relocated Pacific Highway as described in that deed to the State of Oregon (by and through its State Highway Commission) recorded in Reel 27-53 D. instrument #16251 of Lane County Deed Records; thence southerly and parallel to said relocated centerline 2320 feet, more or less to the southerly line of said northeast quarter of the southeast quarter; thence west along said southerly line 250 feet, more or less, to the point of beginning.

The parcel of land to which this description applies contains 6.60 acres, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes,

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq. The conveyance of such property shall provide that there is reserved to the State, and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the relocated Pacific Highway.

EXHIBIT "C-6" (Cont)

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 95 be entered in the minutes and records of the Commission as of the 16th day of April, 1959.

EXHIBIT "D"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, pursuant to the provisions of ORS 366.810, there have been by the Oregon State Highway Commission apportioned to the cities and/or towns hereinafter named for disbursement for street purposes as provided in said law, the amounts set opposite the names of the respective cities or towns:

Funds Accrued First Half of 1958:

Dayton	$ 1,979.11
Dufur	1,528.08
Huntington	2,401.13
Ione	969.18
Seaside	11,310.05
Yamhill	1,455.23

Funds Accrued Second Half of 1958:

Dayton	$ 2,432.09
Mitchell	1,466.41
Monument	804.74
Yamhill	1,788.30

AND, WHEREAS, each of said cities and towns has, by appropriate action evidenced by resolution or other official instrument, certified copies of which have been filed with the State Highway Commission, conformed to and complied with the requirements of said law so as to qualify each for the benefits thereof;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED as follows:

1. That the type, plan and character of improvement proposed in the resolutions filed with the State Highway Commission by the above named respective cities and/or towns hereby are approved.

2. That the action taken respectively by said cities and/or towns as evidenced by appropriate resolutions by them respectively adopted and thereafter filed with the State Highway Commission, shall be and is deemed an appropriate and proper conformance with the requirements of said law by said cities and/or towns individually so as to qualify each to receive and use the funds to them apportioned.

3. That upon entry of this resolution in the minutes and records of the Commission, the Secretary shall thereafter mail to the proper

officer in each of said cities and/or towns a duly certified copy of the resolution or resolutions adopted by the city, together with a copy of the resolution approving the plans submitted by the city.

4. This resolution shall be entered in the minutes and records of the Oregon State Highway Commission as of the 16th day of April, 1959.

EXHIBIT "E"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, the Engineer has reported that the following State Highway Commission contracts for the construction of State Highway projects have been completed according to the terms and provisions of said contracts and that said jobs are now ready for acceptance:

"Contract No. 5251 with Richard L. Martin Co. for constructing the Coon and Pebble Creek Bridges on Pebble Creek Road in Columbia County, completed March 3, 1959.

"Contract No. 5255 with Marshall Construction Co. for constructing the Lonerock Creek and Eightmile Creek Bridges on County Roads FAS Nos. 441-716-717 in Gilliam County, completed March 16, 1959.

"Contract No. 5278 with Richard L. Martin Co. for constructing the Blind Slough Bridge on the Brownsmead Loop Road in Clatsop County, completed March 5, 1959.

"Contract No. 5307 with Inland Construction Co. for constructing three overflow bridges on the Harrisburg-Eugene Highway in Lane County, completed March 18, 1959.

"Contract No. 5321 with Electric Corporation for work on the Highway Building electrical system, completed February 18, 1959.

"Contract No. 5322 with Birkemeier Construction Co. for constructing the Sheridan Street overcrossing on the Pacific Highway in Multnomah County, completed April 8, 1959.

"Contract No. 5348 with Meyer Construction Co. for constructing the Detroit Maintenance Building in Marion County, completed March 12, 1959.

"Contract No. 5356 with Trowbridge Electric Company for installation of traffic signals in the City of Empire on the Cape Arago Highway in Coos County, completed March 14, 1959.

"Contract No. 5387 with Kenneth E. Nielsen for fencing on the Tillamook County Line-Salmon River Section of the Oregon Coast Highway in Lincoln County, completed April 7, 1959.

"Contract No. 5397 with C. C. Meisel for furnishing crushed material in stockpiles on the Sisters Section of the Santiam, McKenzie and McKenzie-Bend Highways in Deschutes County, completed March 11, 1959.

EXHIBIT "E" (Cont)

"Contract No. 5400 with Arthur Simonsen & Co. for furnishing crushed materials in stockpiles on the Princeton-Folly Farm Section of the Crane-Scotts Butte Highway in Harney and Malheur Counties, completed April 3, 1959.

"Contract No. 5401 with Robert C. Wilson for constructing the Halsey Maintenance Building in Linn County, completed April 13, 1959.

THEREFORE BE IT RESOLVED that the work covered by State Highway Contracts for the construction of said State Highway projects be declared completed according to the terms of the respective contracts and said jobs are hereby accepted and final payment in connection with each is hereby authorized.

BE IT FURTHER RESOLVED that this Contracts Completed Resolution No. 80 shall be entered in the minutes and records of the Commission as of the 16th day of April, 1959.

EXHIBIT "F"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, under the provisions of ORS 366.300, whenever the Highway Commission relocates or realigns a state highway or any section thereof, and by reason of said relocation or realignment, there is eliminated from the original highway a section thereof, the eliminated section shall:

A. If needed for the service of persons living thereon or communities served thereby, be maintained by the Commission at the State's expense, or by the County, or by the State and County, on such terms and conditions as may be agreed upon;

B. If the abandoned sections are merely a part of the old right of way which are no longer needed for right of way purposes, then they shall revert to the abutting property owners, unless, in the judgment of the Commission, said sections are needed or are valuable for any public use; and

WHEREAS, State has relocated a section of the Springfield-Creswell Highway, State Secondary Highway No. 222, known as the Cloverdale- Coast Fork Section in Lane County, the northerly terminus of which is at relocated Highway Engineer's Centerline Station 182+00 on the relocated highway and the southerly terminus of which is at relocated Highway Engineer's Centerline Station 288+70.57 on the relocated highway; and

WHEREAS, due to the relocation of the aforesaid section, portions of the former right of way are no longer needed for right of way purposes and may be eliminated as sections of the original Springfield-Creswell Highway, State Secondary Highway No. 222, which sections to be eliminated are hereinafter designated as Units "A", "B", and "C" as shown colored in red on the map attached hereto marked Exhibit "A" and by this reference made a part hereof; and *

WHEREAS, Lane County and the State Highway Commission entered into an agreement on the 10th day of June, 1957, relating to the elimination and disposition to be made of those certain sections of the said original Springfield-Creswell Highway which are subject to elimination and hereinafter referred to as Units"A", "B", and "C"; and

WHEREAS, said agreement provides that State, by resolution, would formally eliminate said Units "A", "B", and "C" as part of the Springfield-Creswell Highway, State Secondary Highway No. 222, and the state highway system and that all right, title and interest which State has in Units "A", "B", and "C" should pass to and vest in the County and County should accept all right, title and interest which State has in said Units "A", "B", and "C" and would maintain said Units "A", "B", and "C" as part of the county road system so long as needed for the service of persons living thereon or communities served thereby;

EXHIBIT "F" (Cont)

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That, by reason of the relocation of the Springfield-Creswell Highway, State Secondary Highway No. 222 in Lane County, certain sections of the former right of way of the Springfield-Creswell Highway are no longer needed by the State of Oregon and are no longer required for part of the said new right of way of the said relocated Springfield-Creswell Highway which said sections are identified as Units "A", "B", and "C" as shown on said Exhibit "A" and are described as follows: *

Unit "A": All the land situated within the right of way boundary lines of the Springfield-Creswell Highway as formerly routed, beginning on said former highway at the southerly right of way line, extended, of the Georgia D. Gilstrap County Road No. 888, where the same intersects said former highway in the southwest quarter of the northwest quarter (SW1/4-NW1/4), Section 8, Township 19 South, Range 2 West, W. M.; thence westerly and southerly along said former highway to the northwesterly right of way boundary line opposite relocated Highway Engineer's Centerline Survey Station 208+20 of said relocated highway in the northwest quarter of the southwest quarter (NW1/4-SW1/4), Section 8, Township 19 South, Range 2 West, W. M..

Unit "B": All the land situated within the right of way boundary lines of the Springfield-Creswell Highway as formerly routed, beginning at the southeasterly right of way boundary line opposite relocated Highway Engineer's Centerline Survey Station 208+60 of said highway as relocated in the northwest quarter of the southwest quarter (NW1/4-SW1/4), Section 8, Township 19 South, Range 2 West, W. M.; thence southerly and westerly via said former highway to the southeasterly right of way boundary line opposite relocated Highway Engineer's Centerline Survey Station 221+90 of said highway as relocated in the southeast quarter of the southeast quarter (SE1/4 - SE1/4), Section 7, Township 19 South, Range 2 West, W. M..

Unit "C": All the land situated within the right of way boundary lines of the Springfield-Creswell Highway as formerly routed, beginning at the northwesterly right of way boundary line opposite relocated Highway Engineer's Centerline Survey Station 221+75 of said highway as relocated in the southeast quarter of the southeast quarter (SE1/4-SE1/4), Section 7, Township 19 South, Range 2 West, W. M.; thence westerly and southerly via said former highway to the northerly right of way boundary line opposite relocated Highway Engineer's Centerline Survey Station 260+00 of said highway as relocated in the northeast quarter of the southwest quarter (NE1/4-SW1/4), Section 18, Township 19 South, Range 2 West, W. M..

EXHIBIT "F" (Cont)

2. That pursuant to the said agreement entered into with Lane County on the 10th day of June, 1957, Units "A", "B", and "C", as heretofore described and as shown colored in red on marked Exhibit "A", are hereby duly eliminated as a part of the Springfield-Creswell Highway, State Secondary Highway No. 222, and all right, title and interest which State has in said Units "A", "B", and "C" hereby pass to and vest in said Lane County. *

3. That this resolution be entered in full in the minutes and records of this Highway Commission as Abandonment and Retention Resolution No. 332-a this 16th day of April, 1959, and the Secretary is ordered to mail a duplicate original hereof to the Lane County Board of County Commissioners.

---

* FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 332-a under the heading "Abandonment and Retention Resolutions" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

31426

EXHIBIT "G"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, the permanent relocation of a section of the Wilson River Highway, No. 37, located in Washington County has been completed and is now open for public travel; and

WHEREAS, during the construction of said section a portion of the aforesaid highway was temporarily routed over certain county roads as well as right of way purchased by the State; and

WHEREAS, Washington County and the State Highway Commission entered into an agreement on the third day of August, 1951, which, among other things, provided for the disposition to be made of a portion of the said temporary route, therein and hereinafter referred to as Unit "D", when the said permanent relocation was open to public travel; and

WHEREAS, said agreement provided that after the said relocated section was open to public travel, the County would accept jurisdiction and control over that portion of the said temporary route, herein referred to as Unit "D", and thereafter maintain the same as part of the county road system as long as needed for the service of persons living thereon, or communities served thereby; and

WHEREAS, said Unit "D" is no longer needed by the State Highway Commission for public use, and is needed by Washington County for a public use in its county road system; and

WHEREAS, it is the purpose of the Highway Commission to take official action and impress its records with the disposition of that portion of the temporary Wilson River Highway route referred to herein as Unit "D" as well as the State owned access rights appurtenant thereto;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED, by the State Highway Commission as follows:

1. That the hereinafter described real property referred to herein as Unit "D", including all access rights, now belonging to the State of Oregon by and through its State Highway Commission, be conveyed by Bargain and Sale Deed, pursuant to the provisions of ORS 271.330, to Washington County, Oregon, a political subdivision of the State of Oregon, to be used for public road purposes;

A parcel of land lying in Washington County, Oregon, and being those tracts of land described in those certain deeds to State of Oregon, by and through its State Highway Commission, recorded in Book 324, Page 456, Book 324, Page 523, Book 325, Page 132, Book 325, Page 268, Book 325, Page 324, Book 325, Page 458 and in Book 326, Page 60 of Washington County Deed Records.

EXHIBIT "G" (cont.)

EXCEPT the following described tract:

Beginning at the most Northerly Northeast corner of that State of Oregon tract, recorded in Book 325, Page 268, of Washington County Deed Records, said corner being North 87° 55' 05" West 1526.8 feet along the North line of said Naylor D.L.C. from the Northeast corner of said T. G. Naylor D.L.C.; thence along the lines of the said State tract South 0°14' 05" West 1067.88 feet and South 83° 47' 10" East 161.94 feet to the most Easterly Northeast corner of said State tract and the true point of beginning of the parcel herein described; thence South 0° 50' 45" West along the Easterly line of said State tract 328 feet, more or less, to a line which is parallel to and 100 feet Easterly of the located center line of the Wilson River Highway connection to Forest Grove; thence Northerly parallel to said center line as follows: along a 138.73 foot radius curve right 72 feet, more or less, to a point of spiral curve; thence along a decreasing spiral curve right through a spiral angle of 36° 237.2 feet; thence North 0° 14' 05" East 66 feet, more or less, to a Northerly line of said State tract; thence South 83° 47' 10" East 100 feet, more or less, to the point of beginning.

The parcel of land to which this description applies contains 5.64 acres.

ALSO, all rights of access, ingress, egress and regress owned by the State of Oregon, by and through its State Highway Commission, by virtue of the above described deeds and as set forth therein.

2. That this Primary Highway Designation Resolution No. 20-a be entered in the minutes and records of the Commission this 16th day of April, 1959, and that a certified copy thereof be forwarded to the County Court of Washington County.

31428

EXHIBIT "H-1"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: Siuslaw

Highway number 34 Route number ORE 36

Location of Termini			Established Speed
M.P. 61.87 (150 feet west of Territorial Highway)	to	M.P. 62.23 (East end of Slough Bridge)	40 M.P.H.

EXHIBIT "H-1" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Zone Resolution No. 291 be entered in the minutes and records of the Commission as of the 16th day of April, 1959.

EXHIBIT "H-2"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

31438

EXHIBIT "I-1"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make a complete and final survey of the route and location of the Juntura-Horseshoe Bend Section of the Central Oregon Highway in Malheur County, and in connection therewith to prepare a map showing the route and location of said section and to file said map, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said survey and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said survey, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed,

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1. That the survey of the Juntura-Horseshoe Bend Section of the Central Oregon Highway in Malheur County, beginning at Highway Engineer's Station 9+05.32, at the northeast city limits of Juntura, and extending in a northeasterly direction to Highway Engineer's Station 185+00, at Horseshoe Bend, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1257, and the date of March 1959, (Right of Way Map No. 8B-13-14, dated February, 1959), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

2. That when said highway section is permanently constructed, the same shall be done in accordance with said survey and location unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said survey constitute and are deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the highway along and over this survey. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary right of way pursuant to the normal and approved method for construction of a limited access controlled highway.

4. That heretofore this Commission, by resolution dated November 3, 1948, designated the said Central Oregon Highway as a "Throughway" within the meaning and purpose of ORS 374.005 through ORS 374.095, commonly known as the "Throughway Law", and, for the reasons stated therein, it is hereby directed that the construction of the above-mentioned section of highway shall be accomplished pursuant to and within the meaning and scope of said law and said resolution.

5. That this resolution be entered in the minutes and records of the Commission as of the 16th day of April, 1959, as Survey Resolution No. 193.

---

* FOOTNOTE:

The maps mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 193, under the heading "Resolutions adopting Surveys" and said maps by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31440

EXHIBIT "I-2"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make complete and final surveys of the routes and locations of the following sections of state highways:

1. Chapen Creek Section of the Heppner-Spray Highway in Morrow County.

2. Valley Falls-White Rock Section of the Fremont Highway in Lake County.

3. Tillamook River Bridge Section of the Netarts Highway in Tillamook County.

4. Hilda Street-Beaver Creek Road Section of the Cascade Highway in Clackamas County.

and in connection therewith to prepare maps showing the routes and locations of said sections and to file said maps, reports, and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said surveys and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said surveys, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1a. That the survey of the Chapen Creek Section of the Heppner-Spray Highway, beginning at Highway Engineer's Station 0+00, at Rock Creek, and extending in a southerly direction to Highway Engineer's Station 445+30, approximately one mile north of the Grant County Line, together with the map, which for identification purposes bears Sketch Map File No. 1R-3-1234, and the date of March, 1959, (Right of Way Maps Nos. 8B-13-5, dated January, 1959, and 8B-6-7, dated July, 1957), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *.

1b. That the survey of the Valley Falls-White Rock Section of the Fremont Highway, beginning at Highway Engineer's Station 872+00, near Chandler Park, and extending in a northerly direction to Highway

Engineer's Station 1045+00, approximately 2.3 miles south of Valley Falls, together with the map, which for identification purposes bears Sketch Map File No. 1R-3-1236, and the date of March, 1959, (Right of Way Map No. 5B-2-1, dated May, 1936), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

1c. That the survey of the Tillamook River Bridge Section of the Netarts Highway, beginning at Highway Engineer's Station 18+00, on the westerly side of the Tillamook River and extending in a northerly and easterly direction to Highway Engineer's Station 49+00, on the easterly side of the Tillamook River, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1266, and the date of March, 1959, (Right of Way Map No. 8B-7-20, dated January, 1958, revised March, 1959), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

1d. That the survey of the Hilda Street-Beaver Creek Road Section of the Cascade Highway, beginning at Highway Engineer's Station 5+00, at Hilda Street in Oregon City, and extending in a southeasterly direction to Highway Engineer's Station 49+00, southerly from Beaver Creek Road, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1271, and the date of April, 1959, (Right of Way Map No. 8B-12-9, dated December, 1958), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

2. That when said highway sections are permanently constructed, the same shall be done in accordance with said surveys and locations unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said surveys constitute and are deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the highways along and over these surveys. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary rights of way pursuant to the normal and approved method for construction of non-access controlled highways.

4. That this resolution be entered in the minutes and records of the Commission as of the 16th day of April, 1959, as Survey Resolution No. 194.

EXHIBIT "I-2" (Cont)

* FOOTNOTE:

The maps mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 194, under the heading "Resolutions Adopting Surveys" and said maps by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31443

EXHIBIT "I-3"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make a complete and final survey of the route and location of the Smith Crossing-Kellogg Unit, Elkton-Kellogg Section of the Elkton-Sutherlin Highway in Douglas County, and in connection therewith to prepare a map showing the route and location of said section and to file said map, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said survey and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said survey, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1. That the survey of the Smith Crossing-Kellogg Unit, Elkton-Kellogg Section of the Elkton-Sutherlin Highway, beginning at Highway Engineer's Station 198+50, at Smith Bridge, and extending in a southerly direction to Highway Engineer's Station 342+00, near Kellogg, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1260, and the date of March, 1959, (Right of Way Map No. 8B-13-11, dated February, 1959), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

2. That when said highway section is permanently constructed, the same shall be done in accordance with said survey and location unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said survey constitute and are deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the highway along and over this survey. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary rights of way pursuant to the normal and approved method for construction of a limited access controlled highway.

4. That this resolution be entered in the minutes and records of the Commission as of the 16th day of April, 1959, as Survey Resolution No. 195.

EXHIBIT "I-4"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make a complete and final survey of the route and location of the North Portland Harbor-North Russell Street Section of the Pacific Highway through the City of Portland in Multnomah County, and in connection therewith to prepare a map showing the route and location of said section and to file said map, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said survey and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said survey, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1. That the survey of the North Portland Harbor-North Russell Street Section of the Pacific Highway, beginning at Highway Engineer's Station 85+50, at North Portland Harbor (on Denver Avenue), and extending in a southerly direction to Highway Engineer's Station 333+22, at North Russell Street, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1269 and the date of April, 1959, field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

2. That when said highway section is permanently constructed, the same shall be done in accordance with said survey and location unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said survey constitute and are deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the highway along and over this survey. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary right of way pursuant to the normal and approved method for construction of a complete access controlled highway.

4. That heretofore this Commission, by resolution dated November 3, 1948, designated the said Pacific Highway as a "Throughway" within the meaning and purpose of ORS 374.005 through ORS 374.095, commonly known as the "Throughway Law", and, for the reasons stated therein, it is hereby directed that the construction of the above-mentioned section of highway shall be accomplished pursuant to and within the meaning and scope of said law and said resolution.

5. That this resolution be entered in the minutes and records of the Commission as of the 16th day of April, 1959, as Survey Resolution No. 196.

The maps mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 196, under the heading "Resolutions Adopting Surveys" and said maps by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31447

EXHIBIT "J-1"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the East Unit, Weston-Weston Mountain Section of the Weston-Elgin Highway; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said East Unit, Weston-Weston Mountain Section of the Weston-Elgin Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this

reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Weston-Elgin Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said East Unit, Weston-Weston Mountain Section of the said Weston-Elgin Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of April, 1959, as Condemnation Resolution No. 1109.

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1109, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-2" 31449

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Grants Pass-Rock Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A" no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.

3. That the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property

may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of April, 1959, as Condemnation Resolution No. 1110.

---

* FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1110, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-3"

Minutes of April 16 and 17, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Cascade Locks By-Pass Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "J-3" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Cascade Locks By-Pass Section of the Columbia River Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Cascade Locks By-Pass Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached,

then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement, or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of April, 1959, as Condemnation Resolution No. 1111.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1111, under the heading "Real Property Condemnation Resolutions , and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-4"

Minutes of April 16 and 17, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Corvallis City Section of the Corvallis-Newport Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the Corvallis City Section of the Corvallis-Newport Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Corvallis City Section of the Corvallis-Newport Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said relocated Corvallis-Newport Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the relocation, construction, improvement and maintenance of the said Corvallis City Section of the said Corvallis-Newport Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein;

that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of April, 1959, as Condemnation Resolution No. 1112.

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1112, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-5"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate in part, widen in part, construct, improve and maintain the Hilgard-La Grande Section of the Old Oregon Trail Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated in part, widened in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land,

part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating in part, widening in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation in part, widening in part, construction, improvement and maintenance of the said Hilgard-La Grande Section of the Old Oregon Trail Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated and widened Old Oregon Trail Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.

3. That the relocation in part, widening in part, construction, improvement and maintenance of the said Hilgard-La Grande Section of the Old Oregon Trail Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 6th day of April, 1959, as Condemnation Resolution No. 1113.

FOOTNOTE

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1113, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "A"

Minutes of April 16 and 17, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said relocated Oregon-Washington Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the relocation, construction, improvement and maintenance of the said Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the said Oregon-Washington Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be

EXHIBIT "J-6" (Cont'

reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this [illegible] day of April, 1959, as Condemnation Resolution No. 1114.

EXHIBIT

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Poker Creek-Mason Dam Section of the Sumpter Valley Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Poker Creek-Mason Dam Section of the Sumpter Valley Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this

reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Poker Creek-Mason Dam Section of the said Sumpter Valley Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

EXHIBIT "J-8"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straitening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Baker-Pleasant Valley Section of the Old Oregon Trail Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is

EXHIBIT "J-8" (Cont)

not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Baker-Pleasant Valley Section of the Old Oregon Trail Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A," no right of access of any nature between the right of way of the said relocated Old Oregon Trail Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Baker-Pleasant Valley Section of the Old Oregon Trail Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatibel with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to

final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of April, 1959, as Condemnation Resolution No. 1116.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1116, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-9"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Forest Boundary-Haines Section of the Haines-Anthony Secondary Highway; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Forest Boundary-Haines Section of the Haines-Anthony Secondary Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "J-9" (Cont)

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Haines-Anthony Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Forest Boundary-Haines Section of the said Haines-Anthony Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of April, 1959, as Condemnation Resolution No. 1117.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1117, under the heading "Real Property Condemnation Resolutions, and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-10"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Deep Canyon-Deschutes River Unit, Sisters-Deschutes River Section of the McKenzie Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served; even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property

described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the Deep Canyon-Deschutes River Unit, Sisters-Deschutes River Section of the McKenzie Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Deep Canyon-Deschutes River Unit, Sisters-Deschutes River Section of the McKenzie Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said relocated McKenzie Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the relocation, construction, improvement and maintenance of the said Deep Canyon-Deschutes River Unit, Sisters- Deschutes River Section of the said McKenzie Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and

prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; and upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of April, 1959, as Condemnation Resolution No. 1118.

EXHIBIT "J-11"

Minutes of April 16 and 17, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Ontario-Snake River Section of the Old Oregon Trail Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the

interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Ontario-Snake River Section of the Old Oregon Trail Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner and the Commission's respective file number, and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Old Oregon Trail Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Ontario-Snake River Section of the Old Oregon Trail Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons of interest of said parcels of real property as to the compensation to be paid for the taking,

and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of April, 1959, as Condemnation Resolution No. 1119.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1119, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-12"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Oregon-Washington Junction-Mission Section of the Umatilla Mission Secondary Highway; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified .

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Oregon-Washington Junction-Mission Section of the Umatilla Mission Secondary Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the

record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Oregon-Washington Junction-Mission Section of the said Umatilla Mission Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interest of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of April, 1959, as Condemnation Resolution No. 1120.

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1120, under the heading "Real Property Condemnation Resolutions , and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-13"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Cascade Locks-Viento Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Cascade Locks-Viento Section of the Columbia River Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said widened and relocated Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Cascade Locks-Viento Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached,

then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of April, 1959, as Condemnation Resolution No. 1121.

EXHIBIT "J-14"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to locate, construct and maintain the Ferry Street Bridge-Mohawk Road Section of the Eugene-Springfield Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be located, constructed and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part

of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of locating, constructing and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the location, construction and maintenance of the said Ferry Street Bridge-Mohawk Road Section of the Eugene-Springfield Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said Eugene-Springfield Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the location, construction and maintenance of the said Ferry Street Bridge-Mohawk Road Section of the Eugene-Springfield Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said

parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

EXHIBIT "J-15"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Bank Freeway Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract

of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of April, 1959, as Condemnation Resolution No. 1122.

EXHIBIT "J-16"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Seven Oaks-Neil Creek Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land,

part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Seven Oaks-Neil Creek Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Seven Oaks-Neil Creek Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

EXHIBIT "J-16" (Cont)

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of April, 1959, as Condemnation Resolution No. 1123.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1123, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-17"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property or any right of interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Lake Road-Oregon City Section of the Cascade Secondary Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Lake Road-Oregon City Section of the Cascade Secondary Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and

EXHIBIT "J-17" (Cont)

the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said relocated Cascade Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as noted. *

3. That the relocation, construction, improvement and maintenance of the said Lake Road-Oregon City Section of the said Cascade Secondary Highway and the highway facilities for which each of said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of April, 1959, as Condemnation Resolution No. 1124.

EXHIBIT "J-17" (Cont)

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1124, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-18"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Elkton-Kellogg Section of the Elkton-Sutherlin Highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the Elkton-Kellogg Section of the Elkton-Sutherlin Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

EXHIBIT "J-18" (Cont)

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Elkton-Kellogg Section of the Elkton-Sutherlin Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said widened and relocated Elkton-Sutherlin Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Elkton-Kellogg Section of the Elkton-Sutherlin Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

EXHIBIT "J-18" (Cont)

31498

EXHIBIT "J-19"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Lyle Gap-Madras Unit, Willowdale-Madras Section of The Dalles-California Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the

owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the Lyle Gap-Madras Unit, Willowdale-Madras Section of The Dalles-California Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Lyle Gap-Madras Unit, Willowdale-Madras Section of The Dalles-California Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said widened and relocated The Dalles-California Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Lyle Gap-Madras Unit, Willowdale-Madras Section of The Dalles-California Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of April, 1959, as Condemnation Resolution No. 1126.

EXHIBIT "J-20"

Minutes of April 16 and 17, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Albany-Judkins Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the

interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A" no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said

parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

EXHIBIT "J-21"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Bank Freeway Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract

of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of April, 1959, as Condemnation Resolution No. 1128.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1128, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-22"

Minutes of April 16 and 17, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Ontario-Snake River Section of the Old Oregon Trail Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the

interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Ontario-Snake River Section of the Old Oregon Trail Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner and the Commission's respective file number, and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Old Oregon Trail Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Ontario-Snake River Section of the Old Oregon Trail Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons of interest of said parcels of real property as to the compensation to be paid for the taking,

and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of April, 1959, as Condemnation Resolution No. 1129.

---

* FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1129, under the heading "Real Property Condemnation Resolutions", and said description, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-23"

Minutes of April 16 and 17, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said relocated Oregon-Washington Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the relocation, construction, improvement and maintenance of the said Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the said Oregon-Washington Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be

reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of April, 1959, as Condemnation Resolution No. 1130.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1130, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-24"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, the State Highway Commission by resolution adopted on the 12th day of September, 1957, and an amendment thereto authorized on the 11th day of December, 1958, declared the necessity for the acquisition of certain real property owned by Royce C. Holloway, et ux., File No. R-25490, situated in the Jordan S. Robinson Donation Land Claim No. 55, Township 11 South, Range 3 West, Willamette Meridian, Linn County, Oregon, for right of way purposes for the relocation, construction, improvement and maintenance of the Albany-Judkins Point Section of the Pacific Highway; and

WHEREAS, said resolution as amended declared that there shall be no rights of access of any nature between the right of way of the said relocated Pacific Highway (formerly Pacific Highway East) and all of the contiguous real property of the owners which abuts thereon remaining after the appropriation of the real property described as Parcel No. 1 in said resolution and amendment thereto, provided, however, that there should be a point of access as set forth in the amendment adopted the 11th day of December, 1955; and

WHEREAS, the State Highway Commission after further investigation, has found that the resolution of the 12th day of September, 1957 and the amendment thereto, adopted the 11th day of December, 1958, should be amended to delete the provision that said right of crossing shall continue only so long as the portions of the property severed by the said highway and served by the said underpass are held under a common ownership.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That the access control language in that certain resolution duly made and entered in full in the minutes and records of the Commission on the 12th day of September, 1957, and the amendment thereto duly made and entered in full in the minutes and records of the Commission on the 11th day of December, 1958, pertaining to the property owned by Royce C. Holloway, et ux., File No. R-25490, as set forth on page 4 of Exhibit "A" of said resolution be and the same hereby is amended to read as follows:

> It is necessary that there shall be no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the owners which abuts thereon remaining after the appropriation of the real property hereinabove described as Parcel No. 1; provided, however, there shall be reserved unto the owners, their heirs and assigns, for service of the said remaining land, the following:

A right to cross beneath a structure to be constructed by the State Highway Commission, at its sole cost, on the real property described as Parcel No. 1, which said structure will carry the relocated Pacific Highway over the Tallman Branch of the Southern Pacific Railroad Company at Highway Engineer's centerline Station 1232+77. The State Highway Commission will extend the structure northerly of the portion over the railroad so as to provide a passageway for use of the owners. The passage will have a minimum horizontal clearance of 16 feet and a minimum vertical clearance of 16 feet.

2. That this resolution be entered in full in the minutes and records of the Commission this 16th day of April, 1959, as Condemnation Resolution No. 857-b.

EXHIBIT "J-25"

Minutes of April 16 and 17, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Chapen Creek Section of the Heppner-Spray Highway; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Chapen Creek Section of the Heppner-Spray Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "J-25" (Cont.)

2 That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said Heppner-Spray Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improvement and maintenance of the said Chapen Creek Section of the said Heppner-Spray Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 17th day of April, 1959, as Condemnation Resolution No. 1195.

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1195, under the heading "Real Property Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

Salem, Oregon
May 4, 1959

The Oregon State Highway Commission met in special session at 10:00 a.m. in Room 418 of the State Highway Building in Salem. Present were:

M. K. McIver, Chairman
K. N. Fridley, Commissioner
Glenn L. Jackson, Commissioner
W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
L. I. Lindas, Chief Counsel
G. E. Rohde, Assistant Counsel
W. T. Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Floyd Query, Secretary

Chairman McIver introduced Mr. Glenn L. Jackson who recently was appointed as a member of the Highway Commission to replace Mr. Robert B. Chessman who resigned.

The Parks Superintendent reported on the following park matters:

Extension of an agreement with the United States Coast Guard to utilize their pole line for State telephone line extension to Cape Arago State Park: The Parks Superintendent stated that since 1949 the State has been using a short section of the Coast Guard pole line along the Oregon Coast for a telephone line to Cape Arago State Park. This agreement is an extension of a previous agreement, involves no cost to the State, and covers a five-year period, beginning April 12, 1959. Since this is a valuable service to the State he recommended approval of the agreement. The Commission adopted his recommendation.

Revised agreement with U.S. Forest Service covering the use of Lakeshore and Mongold areas in the Detroit Lake State Park: The Parks Superintendent explained that the State has developed and is using Lakeshore and Mongold areas in Detroit Lake Park under an agreement with the U.S. Forest Service, dated April 12, 1955. The Forest Service now wishes to more accurately delineate the area in use and has submitted an agreement which reduces the area from an estimated 100 acres to 45 acres but otherwise does not change the terms of the permit. Upon the Parks Superintendent's favorable recommendation, the Commission approved the agreement.

Request for directional signing to the Willamette Meteorite site near Oregon City: As requested by the Commission at its previous

meeting, the Parks Superintendent reported that he had contacted the Oregon Historical Society regarding the matter of signing the road to the point where the meteorite was originally found. Since the Society indicated that they had no interest in signing the point in question, he recommended that the request be denied. The Commission accepted his recommendation.

Request of Representative Carl Back for toilet facilities at Battle Rock State Park: The Parks Superintendent reported that in accordance with Commission instructions he had investigated the matter of installing temporary toilet facilities at Battle Rock State Park in Port Orford to take care of the many people expected at their July 4th celebration, the cost of such facilities being $1,200. These can be installed in 30 days but it will be impossible to install a permanent facility by July 4, and he recommended that the Commission approve the installation of temporary facilities. Chairman McIver asked whether or not the Commission might be setting a precedent if it installs rest room facilities in this location since the park is within the city limits of Port Orford. The Parks Superintendent pointed out that a temporary setup installed in 1935 or 1936 had been removed as it did not prove satisfactory. The Engineer commented that even though this area is within the city limits it is a state park, and it was his thought that if a temporary facility is installed, there eventually will be a demand for a permanent installation. It was his opinion that to install a temporary facility would be a waste of money. The Parks Superintendent estimated that the cost of a permanent installation would be about $7,000 to $8,000. If temporary facilities are installed, he continued, the structures could be moved and used elsewhere, thus providing some salvage value. After a thorough discussion of the matter, Commissioner Jackson moved and the Commission approved the installation of temporary facilities as recommended by the Parks Superintendent.

The Right of Way Engineer presented for consideration options secured for acquisition of real property that is needed for state highway right of way or for other purposes. After careful consideration of the individual options presented, the Commission approved closing the options at the prices mentioned therein by adopting the attached resolution relative thereto marked Exhibit "A", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

In connection with the options presented, the Right of Way Engineer pointed out that on Pages 6, 9, 12 and 17 of the list of options of properties, File Nos. 23458 (Cortanovich), 24333 (Beeman), 29423 (Kelley), 29498 (Weyerhaeuser) and 29413 (Reiber), were not included in authority previously granted by the Commission to secure right of way. The Commission granted authority to acquire the right of way.

The Right of Way Engineer requested authority to offer for public sale properties which are no longer needed for public purposes. The following properties, he stated, have been carefully appraised to determine the minimum values as shown:

(a) 73,750 square feet of Block 34, Leven's Addition in Baker, (on Old Oregon Trail Highway), Baker County, for a minimum consideration of $7,500. (To confirm telephone approval given by Chairman McIver April 28, 1959.) See Exhibit "B-1".

(b) 24 acres of former Hampton property on North Jefferson Junction-Albany Section of Pacific Highway, Marion County, for a minimum consideration of $3,450, with no access to the Pacific Freeway. See Exhibit "B-2".

(c) 110.7 acres of the former Jenks property on Albany-Judkins Point Section of the Pacific Highway, Linn County, for a minimum consideration of $12,550. He advised that there will be no access to the Freeway and the Highway Department will fence the right of way as a part of the construction plan. See Exhibit "B-3".

The Commission authorized public sale of the properties by adopting the attached resolutions relative thereto, marked Exhibits "B-1" through "B-3", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

Changes in location of existing access points were presented by the Right of Way Engineer. He explained that no additional access is being granted, only a change in location or use for convenience of the property owners and safety of the traveling public. He recommended approval of these changes of access. The Commission accepted his recommendation and approved the following indentures of access:

(a) Pilot Rock Lumber Company, File No. 24233, on the Pendleton - Pilot Rock Section of Pendleton-John Day Highway, Umatilla County, change in use from operation of sawmill and transportation of forest products to bulk plant operation in connection with petroleum products.

(b) Compton property, File No. 28183, on Elkton-Kellogg Section of Elkton-Sutherlin Highway, Douglas County, change in location.

The Right of Way Engineer brought up for Commission action a change in access restrictions to allow the transportation of timber products from the Herman K. Pfeiffer property on the Bear Creek Section of the Siuslaw Highway in Lane County. He explained that in the negotiations with Mr. Pfeiffer he was given to understand that the agricultural use restriction on his property would permit him to

transport timber products. To deal fairly with Mr. Pfeiffer, he recommended that a grant of access be prepared which will add the transportation of timber products to the agricultural use. The recommendation was approved by the Commission.

The Chief Counsel presented to the Commission a list of properties needed for the uses indicated therein. Right of way maps and other data were submitted to the Commission. He requested the Commission by resolution to declare the necessity of said properties for the special use to which they are to be put and to authorize the Legal and Right of Way Division to attempt to agree with the owners of said properties as to price, and in the event of disagreement, to proceed to acquire such properties by condemnation. After careful consideration, the Commission granted authority to condemn, if necessary, the parcels of property as presented by the Chief Counsel and thereupon adopted the attached resolutions relative thereto marked Exhibits "C-1" through "C- 8", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

(For details concerning these properties, see the Chief Counsel's "Recommendations for Condemnation", dated May 4, 1959, filed in the Secretary's Office under the heading "Right of Way Resolutions, Condemnations and Report of Offers".)

A report concerning cases which have been tried since the last Commission meeting was presented by the Chief Counsel, as follows:

REPORT OF CONDEMNATION CASES TRIED

April 16, 1959 to May 4, 1959

Case	County	Highway	Section	State's Offer	Defendant's Demand	Verdict
L-2900 Knarr, et al	Multnomah	Columbia River	Portland-Bonneville	$1,600	$6,000	$1,760
L-2908 Spence, et al	Multnomah	Columbia River	Portland-Bonneville	440	2,400	484

REPORT OF TRIAL OF OTHER CASES

Case	Plaintiff	Defendant	County	Cause of Action	Demands of Plaintiff	Verdict or Judgment
L-2818	State Highway Commission	Katherine Moore	Josephine	Enjoin or removal of damage of right of way fence	Decree of Injunction	Decree granted

May 4, 1959

Concerning the Katherine Moore case, he explained that Mrs. Moore's attorney advised him by letter that she would be unable to appear in court because of illness. The State's attorney contacted the judge who issued a permanent injunction against Mrs. Moore for removal or damage of the State's right of way fences.

The Commission accepted the report.

(For additional details see the Chief Counsel's letter dated May 1, 1959, entitled "Report of Condemnation Cases Tried - April 16, 1959 to May 4, 1959" in the General Files, Salem.)

The Chief Counsel also presented a report on the settlement of the case of H. L. Armentrout, et al, File Nos. L-3287 and R-27717. He explained that in 1954 a group of doctors purchased three lots in the City of Portland on the Harbor Drive-Barbur Boulevard Section of Pacific Highway to build a clinic. They hired a Mr. Pardue to work out the details, including the preparation of plans and specifications for the clinic. About that time, he continued, the State negotiated for some of the property and denied any compensation for the $4,393 paid to Mr. Pardue since there was enough remaining property on which to construct the clinic. Subsequently it was found necessary to take an additional 25 feet of this property, appraised at $6,750; however, the doctors demanded $4,400 as compensation for the amount paid Mr. Pardue as they claimed it was now impossible to build the clinic on the remaining property. He expressed the opinion that it would be a toss-up whether or not the Court would allow the $4,400 in evidence, but if it was allowed, in all probability the jury would award the full amount. He recommended settlement in the amount of $6,750 for the land and $2,500 for Mr. Pardue's services, or a total amount of $9,250. Chairman McIver pointed out that if a permit had been issued the State would have been required to pay the full amount. The Commission approved the settlement.

The Chief Counsel brought to the Commission's attention an agreement between the State Highway Commission, Cora Graham, dba Twin City Construction Company, Clarence Braden and the United States Fidelity and Guaranty Company regarding the assignment of State Highway Contract No. 5347, covering certain work on the Gwynn Undercrossing-Jonesboro and Tunnel-Namorf Sections of Central Oregon Highway, Malheur County. He explained that the Twin City Construction Company and Clarence Braden were awarded this contract as joint venturers, and now Clarence Braden wishes to take over the actual performance of this job. The agreement provides that the State allow this transfer of work but that both contractors will be held responsible in the event of the non performance of the contract and that both parties will also be held liable until the contract is completed. The agreement, he stated, is in good form, and he recommended approval of it. The Commission accepted his recommendation and later signed the agreement.

The Engineer reported that since the last Commission meeting he had awarded three contracts which had been referred to him by the Commission to award when certain conditions had been fulfilled. These conditions, he stated, have been fulfilled and he recommended that the Commission confirm his award of the following contracts:

(1) Grading and paving on 4th Street in Clatskanie, Columbia County. Bids received April 14, 1959. Contract awarded April 17, 1959 to Walter Goodat, Portland, low bidder.

(2) Grading, oiling and rock production on Mason Siding-Poker Creek and Bridgeport Junction-Baker Sections of Sumpter Valley and Baker-Unity Highways, Baker County. Bids received March 24, 1959. Contract awarded April 23, 1959 to Arthur Simonsen and Company, Baker, low bidder.

(3) Grading and oiling on Deep Canyon-Deschutes River Section of McKenzie Highway, Deschutes County. Bids received April 14, 1959. Contract awarded April 23, 1959 to Q. L. Rufener, Inc., Portland, low bidder.

The Commission confirmed the award of these contracts.

As previously authorized by the Commission, the Engineer reported that he had placed load limit restrictions on three state highway sections. He explained that due to the weak and wet condition of the oil surface it was necessary to place a load limit effective 3:00 p.m., April 24, 1959, allowing 11,000 pounds gross on any single axle and 20,000 pounds gross on any tandem axles on the following highways:

(1) Crater Lake North Highway No. 232, between M.P. 0.0 and M. P. 3.81.

(2) West Diamond Lake Highway No. 233 (State Route 230) from M. P. 8.0, 2 miles east of Jackson County-Douglas County Line, to M. P. 23.89, its junction with Crater Lake-North Highway.

(3) East Diamond Lake Highway No. 425 (State Route 230) for its entire length which extends from junction with Crater Lake-North Highway No. 232 to The Dalles-California Highway No. 4 (US Route No. 97).

The Commission confirmed the Engineer's action.

The Engineer also reported that the section of the Weston-Elgin Highway No. 330 between M. P. 2.50 and M. P. 10.69 at Basket Mountain County Road, on which a reduced load limit had been placed on March 6, 1959, is now in such condition that legal loads may be transported over it, and he recommended that the load limit be removed

as of 8:00 a.m. April 27, 1959. The section of this highway between M. P. 10.69 and M.P. 37.50, he continued, is still in poor condition and the protective load limit will be retained for a time. The Commission confirmed the Engineer's action.

Reclassification from Group III status to Group I status of the Wasco-Heppner Highway, No. 206, between Wasco and M. P. 11.73 was brought up for consideration by the Engineer. He explained that at the request of the River Terminals Company of The Dalles, a successful test run of a truck and full-trailer combination with an overall length of 60 feet, was made on this highway section. The equipment was able to negotiate the curves without encroaching on the opposing traffic lane and he recommended that this highway section be reclassified to a Group I status. The Commission accepted his recommendation.

Consideration was given to a request from Mr. Hugh McKinley, City Manager of Grants Pass, for the installation of a flashing beacon at the intersection of "G" Street (Rogue River Loop Highway) and Fourth Street in the City of Grants Pass. The Engineer advised that "G" and Fourth Streets form a four-way intersection, both being through streets with the exception of the Fourth Street intersection where "G" Street traffic is required to stop. Investigation revealed that there is an excessive traffic accident record at this intersection as the stop requirement is somewhat of a surprise on this through highway. In view of these findings, he recommended that a flashing beacon be installed by the State at the Fourth and "G" Street intersection at an estimated cost of $600 provided the City will care for the future maintenance and power consumption of the beacon. The Commission approved the installation.

The Engineer brought to the Commission's attention a request from Mrs. Irene Furlong, of the Glendale Co-ordinating Council, Glendale, for investigation of traffic conditions at the Glendale Junction on the Pacific Highway north of Grants Pass. He advised that an investigation revealed that the installation of a flashing beacon is warranted, particularly so since this is one of the few major intersections at grade on the Pacific Highway. The Commission approved his recommendation for the beacon installation at an estimated cost of $800.

Authority was requested by the Engineer to increase the project authorization on Contract No. 5312, for the Interstate Bridge-Oregon Slough Roadside Improvement Project on the Pacific Highway Toll Bridge, Multnomah County. He stated that an increase of $3,000 is necessary because of an error in calculating the amount of $2\frac{1}{2}$-inch pipe needed and because of an increase in the depth of the well, thereby requiring a larger and different type of pump. The Commission approved the increase.

The Engineer presented to the Commission bids received on April 21, 1959 for the Portland-Vancouver, Washington, Interstate Bridges Toll Collection System. He advised that the low bid was received from Taller & Cooper, Inc., Brooklyn, New York, in the amount of $301,600, under Alternate "B". He stated that the Washington State Toll Bridge Authority is meeting today, and he recommended that the contract be awarded to Taller & Cooper, Inc. at their bid price subject to concurrence by the Washington State Toll Bridge Authority. The Commission accepted his recommendation.

The Commission considered a request from the Springfield Chamber of Commerce for a permit to place a sign on the highway right of way on the northerly side of the McKenzie Highway at M.P. 1.49 at the easterly entrance to Springfield. The Engineer advised that the location of the sign and the sign message have been approved, and he therefore recommended that the Commission grant the Chamber a permit to erect the sign. The Commission approved the sign erection.

Consideration was given to a request from the McKenzie River Chamber of Commerce, Leaburg, for permission to erect a "Welcome" sign on highway right of way on the northerly side of the McKenzie Highway at M. P. 55.75. The Engineer stated it was his recommendation that the permit be granted as both the location of the sign and the sign message have been approved. The Commission adopted his recommendation.

The Engineer brought to the Commission's attention a proposed agreement with Southern Pacific Railroad Company covering the installation of illumination at the railroad grade crossing on the Siuslaw Highway east of Mapleton. He estimated the cost of the illumination at $900, and stated that the Railroad Company will pay one-half of the cost, or $450. He recommended that the Commission enter into this agreement with the Railroad Company to alleviate conditions which may cause accidents. The Commission approved participation in the illumination project.

Consideration was given to cooperative agreements with the following parties for the fencing of right of way on the Central Oregon Highway through their properties:

(1) G. I. Ranch Division of Lelco, Inc. to fence 14.54 miles of highway, westerly from the Lake County-Harney County Line.

(2) A. V. Simonsen to fence 1.6 miles of highway, just west of the intersection of the Crooked River Highway.

The Engineer explained that these agreements require the State to furnish the steel posts and do the necessary staking for the fence, the

land owners being required to furnish wire, fastenings and labor to erect the fence. As these agreements are advantageous to the State, the Commission adopted his recommendation that the agreements be approved.

Chairman McIver brought up for discussion the bill recently passed by the Legislature covering the $24,000,000 bond issue for the Astoria Bridge and the $4,000,000 bond issue for Highway 42. The Engineer pointed out that the $4,000,000 bond issue for Highway 42 will probably have an interest rate of about $60,000 per year with $200,000 to be paid against the principal, or a total of $260,000 per year for 20 years. It was his opinion that this money should be charged against Division No. 3; however, there are two ways in which the Commission may handle this matter, (1) take the money from the total amount for the State before allocations are made to the divisions, or (2) make division allocations first and charge the amount against Division No. 3. Chairman McIver stated that the Commission will give careful consideration to this matter.

Regarding the Astoria Bridge, the Engineer recommended that a meeting be arranged between the Oregon State Highway Commission, the Washington State Highway Commission and the Washington Toll Bridge Authority. He advised that the State of Oregon would probably sell the $24,000,000 bond issue and build the bridge. He also stated that he has been advised that the Washington Highway Commission has the authority to pay approximately $600,000 yearly on the bridge without any further action from their legislature. After a thorough discussion of the matter, Chairman McIver instructed the Chief Counsel to confer with the legal counsel of the State of Washington together with the bond attorney who will be hired to pass on the validity and legality of the bond issue. He asked that before a meeting is arranged with the State of Washington, all legal phases should be taken care of, particularly the question of whether or not Washington has the right to obligate itself for the payment of these bonds when they cannot issue them. The Chief Counsel requested authority to confer with Mr. John W. Shuler, bond attorney, of the firm Shuler, Sayre Winfree & Rankin on the legal phases of this bond issue. The Commission granted his request and authorized the Chief Counsel and Engineer to follow the procedure as outlined by Chairman McIver.

Chairman McIver brought up the matter of an inspection trip throughout the state. The Engineer suggested that the Commission's first trip this year follow the route of US 99 through Southern Oregon in the Roseburg, Medford, Grants Pass, Ashland and Klamath Falls areas and over the Winnemucca-to-the-Sea route. After discussing the matter, the Commission decided to leave on its inspection trip on May 30 and return on June 2.

The Engineer requested authority to attend a meeting of the AASHO Test Road Committee in LaSalle, Illinois, on June 8 and 9, 1959, the estimated cost of such trip being $265.70. The Commission granted his request.

Chairman McIver read a letter from Mr. Ben R. Chandler, Coos Bay, former member and Chairman of the State Highway Commission, in which Mr. Chandler commended Governor Hatfield on his selection of Glenn L. Jackson as a member of the Highway Commission.

Mr. Armstrong brought up the matter of appointing someone to the Parks Advisory Committee to fill the vacancy created by the resignation of Glenn L. Jackson. Commissioner Jackson submitted the name of Mr. Sidney Bazett, Grants Pass, as being well qualified to serve on this committee. The Commission authorized the Secretary to write a letter to Governor Hatfield submitting Mr. Bazett's name for the Governor's consideration.

The Engineer brought to the Commission's attention a request by the Legislature and the Department of Finance and Administration that the State Highway Commission change its budget from the calendar year basis to the fiscal year basis (July 1 to June 30) to be in line with other state agencies. He stated that he could see no particular objections to making the change. The Commission took no action on the matter at this time.

The Commission signed the following agreements and other papers:

"Indenture of Access" to Pilot Rock Lumber Company property on Pendleton-Pilot Rock Section of Pendleton-John Day Highway, Umatilla County.

"Indenture of Access" to Compton property on Elkton-Kellogg Section of Elkton-Sutherlin Highway, Douglas County.

"Permit to Erect Sign on Highway Right of Way" allowing Springfield Chamber of Commerce to place sign on northerly side of McKenzie Highway right of way in Springfield at M.P. 1.49.

"Permit to Erect Sign on Highway Right of Way" allowing McKenzie River Chamber of Commerce, Leaburg, to erect a "Welcome" sign on northerly side of McKenzie Highway right of way at M. P. 55.75.

"Agreement" with Union County covering financing of Phillips Creek-Dry Creek School Section of FAS 795. (Authorized December 11, 1958)

"Supplemental Throughway Agreement" with Lane County covering Linn County Line-Judkins Point Section of Pacific Highway, Lane County. (Authorized August 16, 1956)

"Agreement" with U. S. Forest Service covering lease of stockpile site at East Beaver Creek, M. P. 77.45, on Oregon Coast Highway, Tillamook County. (Authorized January 22, 1959)

"Fence Agreement" with G. I. Ranch Division of Lelco, Inc. for fencing right of way of the Central Oregon Highway through the land owned by this Corporation.

"Agreement" with U. S. Forest Service covering the use of the Lake-shore and Mongold areas at Detroit Lake.

"Agreement" with U. S. Coast Guard to utilize their pole line for our telephone line extension to Shore Acres and Cape Arago State Parks.

"Bargain and Sale Deed" to James O. Chappell for a parcel of land on the Harbor Drive-Barbur Blvd. Section of the Pacific Highway in Multnomah County.

"Land Sale Contract" to Byron E. Davis for property on the Hillsboro-Oneway Street Section of the Tualatin Valley Highway in Washington County.

"Quitclaim Deed" to Paul S. Dripps for a parcel of land on the Newberg-Tigard Section of the Pacific Highway West in Washington County.

"Bargain and Sale Deed" to Eldon L. Gerber for a parcel of land on the Middle Grove-Central Howell Section of the Salem-Silverton Highway in Marion County.

"Assignment Agreement" between State Highway Commission, Clarence Braden, Twin City Construction Co. and U. S. Fidelity and Guaranty Company relative to the assignment of Contract No. 5347.

"Agreement" with City of Salem covering the traffic signal installation on the Pacific Highway East Business Route and Silver Creek Falls Highway.

"Agreement" with Weyerhaeuser Timber Company covering removal of cinder materials on the Green Springs Summit Section of the Green Springs Highway in Klamath County.

"Fence Agreement" with A. V. Simonsen for fencing along northerly side of Central Oregon Highway just west of intersection with the Crooked River Highway.

"Agreement" with Southern Pacific Company relative to installation of illumination at grade crossing CO-698.7 by Siuslaw Highway east of Mapleton.

"Abandonment Agreement" with Umatilla County covering the Weston-Milton-Freewater Section of the Oregon - Washington Highway.

"Bargain and Sale Deed" to Hal Smith for a parcel of land on the Harbor Drive-Barbur Blvd. Section of the Pacific Highway in Multnomah County.

May 4, 1959

31528

"Agreement" with Sherman County covering exchange of roads and highways: Wasco-Heppner Highway, Fulton Canyon-Wasco County Road.

"Cooperative Construction Agreement" with City of Cannon Beach re widening Hemlock Street (Oregon Coast Highway) between First and Second Streets.

There being no further business to come before the Commission, the meeting adjourned at 11:30 a.m.

EXHIBITS "A" through "C-8"

MINUTES

of the

OREGON STATE HIGHWAY COMMISSION MEETING

held on

May 4, 1959

EXHIBIT "A"

Minutes of May 4, 1959

RESOLUTION

WHEREAS, in connection with the future improvement of the highway herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed.

NOW, THEREFORE, BE IT RESOLVED that the properties which are hereby declared to be necessary for state highway, park, and other uses under the jurisdiction of the Commission, are those properties shown in the right of way resolution, dated May 4, 1959, pages 1 through 23, as presented by the Right of Way Engineer and approved by the Highway Commission May 4, 1959, and by this reference said right of way resolution of May 4, 1959 is made a part hereof with like effect as though extended in full herein. That the several options or bases of settlement therein enumerated be, and the same hereby are approved and accepted and that the Chief Counsel for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission.

31530

EXHIBIT "B-1"

Minutes of May 4, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the City of Baker Section of the Old Oregon Trail Highway described as follows:

> Block 34 of B. W. Levens' Addition to the City of Baker situated in Section 17, Township 9 S, Range 40 E, W. M., Baker County, Oregon, containing 73,750 square feet.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $7,500.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 96 be entered in the minutes and records of the Commission as of the 4th day of May, 1959.

EXHIBIT "B-2"

Minutes of May 4, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the North Jefferson Junction-Albany Section of the Pacific Highway described as follows:

A parcel of land lying in Sections 27 and 28, Township 9 South, Range 3 West, W.M., Marion County, Oregon, and being a portion of that property described in that certain deed to the State of Oregon, by and through its State Highway Commission, recorded in Book 505, page 792 of Marion County Records of Deeds; the said parcel being that portion of the said property lying westerly of a line which is parallel to and 130 feet westerly of the center line of the Pacific Highway and lying northerly of a line at right angles to said center line at Station 637+00. The center line of the relocated Pacific Highway herein referred to being described as follows:

Beginning at Engineer's center line Station 615+00, said Station being 1617 feet west and 1013 feet south of the north quarter corner of said Section 27; thence South 16° 41' 30" West, 2115.63 feet; thence on a spiral curve left (the long chord of which bears South 16° 21' 30" West) 400 feet; thence on an 11,459.16 foot radius curve left (the long chord of which bears South 10° 24' 15" West) 2113.33 feet; thence on a spiral curve left (the long chord of which bears South 4° 27' West) 400 feet to Station 665+28.96 back equals 665+21.4 ahead; thence South 4° 07' West, 978.6 feet to Station 675+00.

The parcel of land to which this description applies contains 24 acres, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes,

AND, WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $3,450.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of such property shall provide that there is reserved to the State, and waived and relinquished by

EXHIBIT "B-2" (Cont)

the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Pacific Highway.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No, 97 be entered in the minutes and records of the Commission as of the 4th day of May, 1959.

31533

EXHIBIT "B-3"

Minutes of May 4. 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Albany-Judkins Point Section of the relocated Pacific Highway described as follows:

A parcel of land lying in the South half of the Northwest quarter and in the North half of the Southwest quarter of Section 16, Township 12 South, Range 3 West, W.M., Linn County, Oregon, the said parcel being that portion of said South half of the Northwest quarter and the North half of the Southwest quarter lying westerly of a line which is parallel to and 150 feet westerly of the center line of relocated Pacific Highway, which center line is described as follows:

Beginning at Engineer's center line Station 1470+00, said Station being 1136 feet South and 746 feet West of the North quarter corner of said Section 16; thence South 1° 41' West, 3500 feet to Station 1505+00.

The parcel of land to which this description applies contains 110.7 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $12,550.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq. The conveyance of such property shall provide that there is reserved to the State, and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the relocated Pacific Highway.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 98 be entered in the minutes and records of the Commission as of the 4th day of May, 1959.

31534

EXHIBIT "C-1"

Minutes of May 4, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Lancaster Drive-Sublimity Gun Club Section of the North Santiam Secondary Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the

owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Lancaster Drive-Sublimity Gun Club Section of the North Santiam Secondary Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated North Santiam Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Lancaster Drive-Sublimity Gun Club Section of the North Santiam Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said

EXHIBIT "C-1" (Cont)

parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 4th day of May, 1959, as Condemnation Resolution No. 1135.

* FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1135, under the heading "Real Property Condemnation Resolutions", and said description, map and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-2"

Minutes of May 4, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Klamath Falls, West Side By-Pass Section of The Dalles-California Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled.

EXHIBIT "C-2" (Cont)

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the Klamath Falls, West Side By-Pass Section of The Dalles-California Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said relocated The Dalles-California Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property.

3. That the relocation, construction, improvement and maintenance of the said Klamath Falls, West Side By-Pass Section of The Dalles-California Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 4th day of May, 1959, as Condemnation Resolution No. 1136.

EXHIBIT "C-2" (Cont)

* FOOTNOTE:

Minutes of May 4, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, or donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, deemed by the State Highway Commission necessary for the preservation of scenic places and other objects of attraction or scenic value adjacent to or along, or in close proximity to, state highways, or which may be conveniently reached from or by a public highway; and the Highway Commission is also authorized and empowered to acquire land and ground necessary for the development and maintenance of parks, parking places, auto camps, camp sites, roadside development, recreational grounds, or resorts, forest or timbered areas, or other places of attraction and scenic value which, in the judgment of the Commission, are necessary for the convenience of the public and which will contribute to the general welfare and pleasure of the motoring public or road users; and

WHEREAS, the Samuel H. Boardman State Park has been established by and under the jurisdiction and control of the State Highway Commission; and

WHEREAS, the State Highway Commission plans and proposes to enlarge, develop, and maintain the Samuel H. Boardman State Park for public park and recreational purposes and for the convenience of the public and general welfare and pleasure of the motoring public using the highways of the State of Oregon, and for such purposes and in connection therewith the interests in real property hereinafter described are necessary; and

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stockpile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting road, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including

easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Myers Creek-Brookings Section of the Oregon Coast Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for public park and recreational purposes for use in the enlargement, development and maintenance of the Samuel H. Boardman State Park; and does further find and declare that there is needed and required for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Myers Creek-Brookings Section of the Oregon Coast Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A",

under the name of the record owner or reputed owner and the Commission's respective file number, and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Oregon Coast Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Myers Creek-Brookings Section of the Oregon Coast Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein, and that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 4th day of May, 1959, as Condemnation Resolution No. 1140.

---

*FOOTNOTE:

The name of the property owner and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1140, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-4"

Minutes of May 4, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the State Highway Commission plans and proposes to locate in part, relocate in part, construct and maintain the Cascade Secondary Highway and locate and construct a public way known as Airport Road; and

WHEREAS, for the purpose of locating in part, relocating in part, constructing and maintaining the said Cascade Secondary Highway and locating and constructing a public way known as Airport Road, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the location in part, relocation in part, construction and maintenance of the said Cascade Secondary Highway and the location and construction of a public way known as Airport Road, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit

"A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said Cascade Secondary Highway and the public way known as Airport Road and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the location in part, relocation in part, construction and maintenance of the said Cascade Secondary Highway and the location and construction of a public way known as Airport Road and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein, that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 4th day of May, 1959, as Condemnation Resolution No. 1141.

EXHIBIT "C-5"

Minutes of May 4, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Albary-Judkins Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the

EXHIBIT "C-5" (Cont)

interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A" no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said

parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 4th day of May, 1959, as Condemnation Resolution No. 1142.

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1142, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-6"

Minutes of May 4, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to locate, construct and maintain the Harbor Drive-Barbur Boulevard Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be located, constructed and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served,

even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of locating, constructing and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the location, construction and maintenance of the said Harbor Drive-Barbur Boulevard Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner, or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the location, construction and maintenance of the said Harbor Drive-Barbur Boulevard Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken, is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of

said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 4th day of May, 1959, as Condemnation Resolution No. 1143.

EXHIBIT "C-7"

Minutes of May 4, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Seven Oaks--Neil Creek Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land,

part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Seven Oaks-Neil Creek Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Seven Oaks-Neil Creek Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

EXHIBIT "C-8"

Minutes of May 4, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Ontario-Snake River Section of the Old Oregon Trail Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the

interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Ontario-Snake River Section of the Old Oregon Trail Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner and the Commission's respective file number, and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Old Oregon Trail Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Ontario-Snake River Section of the Old Oregon Trail Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons of interest of

EXHIBIT "C-8" (Cont.)

said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 4th day of May, 1959, as Condemnation Resolution No. 1202.

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1202, under the heading "Real Property Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

Salem, Oregon
May 28, 1959

The Oregon State Highway Commission met in regular session at 10:00 a.m. in Room 418 of the State Highway Building in Salem. Present were:

M. K. McIver, Chairman
K. N. Fridley, Commissioner
Glenn L. Jackson, Commissioner
W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
Geo. E. Rohde, Assistant Chief Counsel
Walter T. Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Floyd Query, Secretary

Mr. L. I. Lindas, Chief Counsel, was excused.

The Commission approved the minutes for meetings held April 16 and 17, and May 4, 1959.

The Parks Superintendent reported on the following park matters:

Amendment to agreement with Central Lincoln People's Utility District covering extension of their power line in Beverly Beach State Park: The Parks Superintendent stated that the line extension is needed for overnight camping facilities. The amendment provides that the Power Company be paid a minimum amount of $228 per year, which, he stated, is reasonable as the State is not required to expend any funds for the power line extension. Upon his favorable recommendation, the Commission approved the amended agreement.

Sale of fire-killed timber at Humbug Mountain State Park: During the late summer of 1958, the Parks Superintendent stated, a fire in the park killed or damaged approximately 1967 MBF timber, the salvage value of which is estimated at $35,021. The Commission accepted his recommendation that the damaged timber be offered for public sale by auction as soon as possible. In reply to Commissioner Fridley's inquiry, the Parks Superintendent stated that reforestation would be undertaken after the dead timber is removed.

Statement submitted to Oregon Hydroelectric Commission regarding application of Portland General Electric for a permit to appropriate waters of the Deschutes River on the Round Butte Hydroelectric Project: The Parks Superintendent stated that the proposed project would flood the existing Cove Palisades State Park. A hearing was held by the Hydroelectric Commission at Madras on May 20 and 21, 1959,

and it was pointed out that if the dam is constructed the inundated park facilities should be replaced at the expense of the power company, including the replacement of access roads. He also commented that a hearing is to be held before the Federal Power Commission, at which time practically the same evidence will be presented as at the State hearing. It was his recommendation that negotiations concerning a contract be undertaken at an early date with Portland General Electric Company to assure the movement or the replacement of park facilities by the power company to a location to the west and near the Deschutes River, provided, of course, that the power facility is constructed. The Commission approved the recommendation.

Appointment of a person to the State Parks Advisory Committee to replace Glenn L. Jackson who was appointed to the State Highway Commission: The Parks Superintendent stated that he had contacted Mr. Warne Nunn, Administrative Assistant to the Governor, concerning the appointment of Mr. Sidney Bazett. Mr. Nunn proposed the names of Mr. Collins, Mrs. Brandt and Mrs. Gerke, although he offered no objection to the name of Mr. Bazett. He said that he explained to Mr. Nunn that it is the Commission's policy to appoint well known laymen to the Advisory Committee so that they may analyze controversial problems from a public standpoint rather than from a professional point of view. All three of the people suggested by Mr. Nunn, he continued, represent the professional point of view in landscape or park work. Mr. Nunn, however, wished to discuss the matter with the Governor and stated that he would talk to the Parks Superintendent later.

Proposed development and acquisition of land in Thomas Condon-John Day Fossil Bed State Park: Since the last meeting of the Highway Commission, the Parks Superintendent stated, an investigation had been made in the fossil bed area, with the thought of establishing roads into the interesting portions and the acquisition of additional areas. Approximately 100 acres on the easterly edge of State property at Turtle Cove should be acquired and also a right of way for a road into the area from the highway to the edge of the State-owned land. Another area of approximately 400 acres of land owned by the Foree Ranch and an entrance road should also be acquired. It was his opinion that the cost should be relatively minor as the land is not useful for other than grazing purposes. He also commented that the cost of the project could be included in the 1960 budget other than the cost of a road which is already in the 1959 budget. The Commission authorized negotiations for acquisition of the land as outlined by the Parks Superintendent. The Parks Advisory Committee, the Parks Superintendent added, plans to consider later a suggestion made by Herman Oliver for additional waysides or park areas in Central Oregon.

Proposed acquisition of Sea Lion Caves on the Oregon Coast Highway: A meeting with the owners of the caves was held, the Parks Superintendent reported, but they at first indicated that they were not interested in selling. However, they later stated that the price would be in excess of $500,000, and offered at a later date to furnish a pro-

posal for basis of further negotiation. The Commission directed that a complete report be made, including an inventory of the property, appraised value, the owners' asking price, the gross income, attendance for the last ten years, and how the operation would be handled if operated by the State.

Proposed acquisition of land for a state park in the Smith Rock area near Terrebonne: The Parks Superintendent presented a written report on the matter and commented that if the Commission approved the project it is proposed to obtain private and federal land which would include a great portion of the scenic area and provide a place for day use and a car parking area. The City of Redmond, he continued, has applied to the Federal Government for 120 acres of land which it proposes to turn over to the State for park purposes. It was his thought that the cost of the park in relation to its use would be reasonable and he estimated that approximately 60,000 people would visit the park annually. He estimated that the cost of development would be approximately $35,000, including the land, and the annual maintenance cost would be approximately $2,800. The report, he added, has been studied by the State Parks Advisory Committee and they have recommended acquisition and development of the park. The Commission authorized negotiations for acquisition of the park and development as outlined in the report.

Report on State Parks Advisory Committee Meeting: The Parks Superintendent presented a copy of the minutes of the meeting of the Parks Advisory Committee held in Roseburg on May 15, at which time the County Courts of Lane, Coos, Curry, Douglas, Josephine and Jackson Counties discussed county parks as well as those on the local level. The Commission accepted the report.

Agreement with Taft-Nelscott-Delake Water District to extend their water pipe line to the east side of Devil's Lake State Park: The Parks Superintendent reported that there are no springs in this area and securing a well with an adequate water supply is uncertain. The Water District will extend a four-inch line about 4,000 feet to supply the park's need for the sum of $5,468.68, and he recommended that he be authorized to negotiate an agreement with the Water District on the basis outlined. The Commission approved the recommendation.

The Right of Way Engineer presented for consideration options secured for acquisition of real property that is needed for state highway right of way or for other purposes. After giving careful consideration to the individual options as presented, the Commission approved closing the options at the prices mentioned therein by adopting the attached resolution relative thereto marked Exhibit "A", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

May 28, 1959

The Property Manager's report was presented by the Right of Way Engineer covering miscellaneous sales in the amount of $18,220.82 made since the last Commission meeting, and a rental report for the period from April 9 to May 18, 1959, showing terminations, new rentals and total rental receipts for the month of April in amount of $7,855.83. The Commission accepted the reports.

Authority was requested by the Right of Way Engineer to make direct sales on three parcels of excess property. He explained that on all of them the proposed selling prices reflect appraised values except the property sold to Emil M. Olsen, which is being sold to him under the terms of the deed by which the property was acquired in 1941, the price being one and one-half cents per square foot. The Commission authorized sale of the following:

(a) 6,950 square feet of excess property, File No. 8978, on the Seventh Avenue Connection of the Pacific Highway in Lane County, to Emil M. Olsen for the sum of $104.25.

(b) 1,200 square feet in Block 97, Irvington Park, Portland, File No. 4861, to the City of Portland for street purposes for the sum of one dollar.

(c) 3.35 acres of land from the former Hodgson property, File No. 20545, on the Newport-Toledo Section of the Corvallis-Newport Highway in Lincoln County, to C. E. and Elizabeth Wright and J. R. and Jennie Hodgson for the sum of $670.

The Right of Way Engineer also requested authority to offer for public sale several parcels of excess property which are no longer required for highway purposes. Each of these parcels, he explained, has been appraised and the minimum prices as suggested reflect appraised values. The Commission authorized public sales of the properties, and thereupon adopted the attached resolutions relative thereto marked Exhibits "B-1" through "B-3" which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

(a) 18,810 square feet of land from the former Chipman property, File No. 18469, on the Newport-Toledo Section of the Corvallis-Newport Highway in Lincoln County for a minimum consideration of $1,000, without access to the highway. See Exhibit "B-1".

(b) 3.83 acres of land from the former Wiebe property, File No. 8789, on the Salt Creek-Dolph Corner Section of the Dallas - Coast Highway in Polk County for a minimum consideration of $383.

(c) 7,300 square feet of land from the former Lawler property, File No. 22870, in Reedville, on the Tualatin Valley Highway in Washington County for a minimum consideration of $1,750, with two un-

restricted points of access to the Tualatin Valley Highway. See Exhibit "B-2".

(d) 99,000 board feet of Douglas fir and white fir on property lying east of the Oregon Coast Highway about 11 miles south of Port Orford in Curry County (Arizona Inn slide area), File Nos. 6167 and 6168, for a minimum consideration of $2,245.

(e) 0.15 acre of land from the former Shaw property, File No. 6383, on the Pacific Highway East in the City of Albany, Linn County, for a minimum consideration of $6,500, without access either to the present highway or Queen Street. See Exhibit "B-3".

The Commission considered and approved a "Grant of Access" presented by the Right of Way Engineer allowing two points of unrestricted access to Selmar A. Hutchins and Henry H. Miller on the Elkton-Sutherlin Secondary Highway at its junction with the Pacific Highway near Sutherlin. He explained that the access could be granted without detriment to the traveling public or the state.

An exchange of easements with Pacific Telephone and Telegraph Company was presented by the Right of Way Engineer, who explained that the transaction provides that the State accept a quitclaim deed to 24.79 acres on the Shady-Canyonville Section of the Pacific Highway in exchange for a substitute easement of 1.53 acres for a coaxial cable installation by the Pacific Telephone and Telegraph Company. He presented a form of "Release, Waiver of Access and Grant of Easement" covering the transaction and pointed out that the State is not being injured in any way. The Commission approved the exchange.

Attention was given to an "Indenture of Access" form presented by the Right of Way Engineer covering a change in a point of access to the Hays and Skjaerlund property, File No. 18387, on the Medford-County Farm Section of the Pacific Highway in Jackson County. He pointed out that the change is being made for the convenience of the property owners and the safety of the traveling public and that no additional access is being granted. The Commission approved the "Indenture of Access".

The Right of Way Engineer also presented for the Commission's consideration an "Encroachment Permit" to Mr. and Mrs. Alfred Westerlund and Joel Westerlund to allow a stiffleg crane to encroach upon a portion of the State Highway right of way on the Interstate Bridge Section of the Pacific Highway in Multnomah County. He explained that the permit bears a 60-day revocable clause, and the encroachment is not detrimental to the State's interests. The Engineer pointed out that permitting the encroachment will not create a precedent as there have been a considerable number of similar cases. The Commission approved the "Encroachment Permit".

Consideration was given to an "Agreement" with the Oregon Portland Cement Company covering removal of material from the

Cement Compay's quarry on the Gales-Lime Section of the Old Oregon Trail Highway in Baker County. The Right of Way Engineer explained that the material is to be used on the Durkee-Malheur County Line Rock Production Contract and is the only feasible source of material in the vicinity. The "Agreement" provides payment of five cents per cubic yard for materials secured. Upon the Right of Way Engineer's favorable recommendation, the Commission approved the "Agreement".

The Commission also considered deeding to Paul D. and Betty McConnell 1.37 acres of excess land on the Florence-Lake Tahkenitch Section of the Oregon Coast Highway in Douglas County. The Right of Way Engineer explained that the conveyance was requested by the United States Forest Service to enable them to acquire right of way through the McConnell property for construction of an access road to proposed camp ground construction on the west side of Carter Lake. As the interests of the State would not be injured, he recommended that the conveyance be made without charge. The Commission accepted his recommendation.

The Assistant Chief Counsel presented to the Commission a list of properties needed for the uses indicated therein. Right of way maps and other data were also submitted to the Commission. He requested the Commission to declare by resolution the necessity of said properties for the special uses to which they are to be put and to authorize the Legal and Right of Way Division to attempt to agree with the owners of said properties as to price, and in the event of disagreement to proceed to acquire such properties by condemnation. After carefully considering the properties, the Commission granted authority to condemn the properties if negotiations are not successful and thereupon adopted the attached resolutions relative thereto, marked Exhibits "L-1" through "L-22", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

(For details concerning these properties, see the Chief Counsel's "Recommendations for Condemnation" dated May 28 and 29, 1959, in the Secretary's office under the heading "Right of Way Resolutions, Condemnations, and Report of Offers".)

A written report was submitted by the Assistant Chief Counsel on condemnation cases and other cases which have been tried in court April 17 to May 28, 1959. The Commission accepted the report which is summarized as follows:

("Report of Cases Tried" on following page)

REPORT OF CONDEMNATION CASES TRIED

April 17, 1959 to May 28, 1959

Case	County	Highway	Section	State's Offer	Defendant's Demand	Verdict
L-3291 Coopey, et al.	Benton	Corvallis-Newport	Corvallis City	$ 3,250	None	$ 3,250 (Judgment)
L-2930 Brady, et ux.	Curry	Oregon Coast	Myers Creek-Brookings	14,250	$ 46,500	8,600
L-3071 Davison, et al.	Curry	Oregon Coast	Myers Creek-Brookings	650	190,000	650
L-3280 Lawson, et al.	Hood River	Columbia	Cascade Locks By-Pass	4,240	None	4,240 (Judgment)
L-3207 Kempf, et al.	Josephine	Pacific	Grants Pass Rock Point	1,050	2,000	890
L-3222 Kincaid, et ux.	Josephine	Pacific	Grants Pass Rock Point	None made (State employee)	1,200	1,200
L-2695 Amos, et al.	Klamath	The Dalles California	Klamath Falls By-Pass	375	1,500 (legal owner) 500 (contract purchaser)	1,000
L-3096 Barnwell, et al	Marion	North Santiam Secondary	Sublimity Gun Club-Lancaster Drive	150	1,000	250
L-3093 Smith, et al.	Marion	North Santiam Secondary	Sublimity Gun Club-Lancaster Drive	4,500	8,574	4,500
L-2889 Kneeland, et al.	Multnomah	Pacific	Harbor Dr. - Barbur Blvd.	12,500	14,700	12,500

May 28, 1959

Report of Condemnation Cases Tried (Cont.)

Case	County	Highway	Section	State's Offer	Defendant's Demand	Verdict
L-3117 Cruick-shank, et ux.	Yamhill	Three Mile Lane Secon-dary	McMinnville Airport-Day-ton Jct.	$ 5,200	$ 8,500	$ 7,500
L-3102 Fruit, et al.	Yamhill	Three Mile Lane Secon-dary	McMinnville Airport-Day-ton Jct.	6,800	21,500	16,000

REPORT OF TRIAL OF OTHER CASES

Case	Plaintiff	Defendant	County	Cause of Action	Demands of Plaintiff	Verdict or Judgment
L-2568	Morrison, et al.	State of Oregon	Marion	Claim for extra work under State Highway Contract No. 3956 (Changed Conditions Clause)	$43,000	$39,000

(For additional details see the Chief Counsel's letter dated May 26, 1959, entitled "Report of Cases Tried" in the Commission's files in Salem.)

The Assistant Chief Counsel also presented a written report on condemnation cases which have been settled out of court since the last Highway Commission meeting. The Commission accepted the report which is summarized as follows:

REPORT OF CONDEMNATION CASES SETTLED

Case	County	Highway	Section	State's Offer	Amount of Settlement
R-29290 Barthlomew, et al.	Baker	Sumpter Valley	Poker Creek-Mason Dam	$ 184.25	$ 185
R-28935 Hoffman, et ux.	Clackamas	Cascade Secondary	Lake Road-Oregon City	9,000.00	9,750
R-23386 Hollenbeck, et al.	Clatsop	Oregon Coast	Roosevelt Drive	8,655.00	10,000

May 28, 1959

Condemnation Cases Settled (Cont.)

Case	County	Highway	Section	State's Offer	Amount of Settlement
R-27262 Maneely, et al.	Coos	Oregon Coast	Davis Slough-Bandon	$ 990	$ 870

R-28928 General Development Co.	Jackson	Pacific	Seven Oaks-Neil Creek	750	750

(For additional details, see the Chief Counsel's letter dated May 22, 1959, entitled "Report of Cases Settled" and a letter dated May 27, 1959, entitled "Supplemental Report of Cases Settled" in the Commission's files in Salem.)

An oral report concerning cases pending trial was presented by the Assistant Chief Counsel. He mentioned briefly that 22 cases are set for trial before July 15 when the courts normally go on vacation. Commissioner Fridley inquired if the Troy condemnation case near Baker is scheduled for trial. The Assistant Chief Counsel replied negatively. The Right of Way Engineer indicated that there is still hope for a settlement.

In compliance with a resolution adopted by the Commission December 20, 1951, the Assistant Chief Counsel presented a list of offers

made to property owners prior to the institution of condemnation proceedings. The Commission confirmed the offers as follows:

Seven Oaks-Neil Creek Section of The Pacific Highway

R-28413 - Roger von der Hellen, et al. Parcel No. 1: 5.05 acres for right of way purposes; and Parcel No. 2: 0.13 acre for right of way purposes. Offer of $21,240.00 approved by Mr. McIver April 4, 1959.

R-28414 - John S. Day, et al. Parcel No. 1: 15.6 acres for right of way purposes; and Parcel No. 2: 2,700 square feet for drainage ditch easement. Offer of $33,165.00 approved by Mr. McIver May 1, 1959.

R-28415 - John Bohnert, et al. Parcel No. 1: 5.55 acres for right of way purposes; and Parcel No. 2: 2,000 square feet for drainage ditch easement. Offer of $16,425.00 approved by Mr. McIver April 28, 1959.

R-28421 - Bernie B. Moore, et al. 1.45 acres for right of way purposes. Offer of $5,818.00 approved by Mr. McIver April 30, 1959.

R-28432 - Carl W. Anhorn, et al. 3.32 acres for right of way purposes. Offer of $17,500.00 approved by Mr. McIver April 16, 1959.

R-28437 - Gordon A. Hare, et al. 1.32 acres for right of way purposes. Offer of $3,000.00 approved by Mr. McIver April 21, 1959.

R-28438 - Mary Gertrude Anderson, et al. 2.98 acres for right of way purposes. Offer of $7,155.00 approved by Mr. McIver April 22, 1959.

R-28440 - Dorothy L. Walkemeyer, et al. 4.45 acres for right of way purposes. Offer of $7,765.00 approved by Mr. McIver April 21, 1959.

R-28442 - Lester H. Gilman, et al. 19.0 acres for right of way purposes. Offer of $30,000.00 approved by Mr. McIver April 22, 1959.

R-28926 - Everett A. Faber, et al. 0.71 acre for right of way purposes. Offer of $1,670.00 approved by Mr. McIver May 4, 1959.

R-28928 - General Development Co., et al. 0.36 acre for right of way purposes. Offer of $750.00 approved by Mr. McIver April 23, 1959.

R-29305 - C. A. Petrehn, et al. 0.11 acre for right of way purposes. Offer of $565.00 approved by Mr. McIver May 4, 1959.

Ferry Street Bridge-Mohawk Road Section of the Eugene-Springfield Highway

R-23230 - Farm & Industrial Equipment Co., et al. Parcel No. 1: 5.5 acres for right of way purposes and Parcel No. 2: 0.13 acre for right of way purposes. Offer of $90,625 approved by Mr. McIver May 26, 1959.

R-23515 - Miles E. McKay, et al. Parcel No. 1: 0.01 acre for right of way purposes; Parcel No. 2: 0.02 acre for right of way purposes; and Parcel No. 3: 120 square feet for right of way purposes. Offer of $60,700.00 approved by Mr. McIver May 26, 1959.

R-23519 - Charles L. Gillilan, et al. 3.95 acres for right of way purposes. Offer of $18,100.00 approved by Mr. McIver April 30, 1959.

R-23537 - C. C. Chatterton, et ux. 0.01 acre for right of way purposes. Offer of $25.00 approved by Mr. McIver April 23, 1959.

R-28863 - Wayne W. Hayes, et al. 1.44 acres for right of way purposes. Offer of $109,000.00 approved by Mr. McIver May 19, 1959.

East Bank Freeway Section of The Pacific Highway

R-28210 - Westfair Corporation, et al. 51,000 square feet for right of way purposes. Offer of $145,000.00 approved by Mr. McIver May 5, 1959.

R-28277 - Ralph E. Panhorst, et ux. 5,000 square feet for right of way purposes. Offer of $25,000.00 approved by Mr. McIver May 14, 1959.

R-28308 - Helen Green Chase, et al. 5,000 square feet for right of way purposes. Offer of $41,000.00 approved by Mr. McIver April 23, 1959.

R-28311 - Helen Green Chase, et al. 818 square feet for right of way purposes. Offer of $6,500.00 approved by Mr. McIver April 23, 1959.

R-28337 - Theresa Odalovich, et vir. 10,000 square feet for right of way purposes. Offer of $24,500.00 approved by Mr. McIver May 19, 1959.

R-28394 - The McGuire Investment Co., et al. 5,000 square feet for right of way purposes. Offer of $31,500.00 approved by Mr. McIver May 19, 1959.

R-29131 - Lucile Johnson, et al. 8,333 square feet for right of way purposes. Offer of $5,750.00 approved by Mr. McIver May 7, 1959.

R-29135 - E. A. Hilton, et al. 3,333 square feet for right of way purposes. Offer of $3,500.00 approved by Mr. McIver April 22, 1959.

Ontario-Snake River Section of the Old Oregon Trail Highway

R-27899 - Albert A. Fuchs, et al. 0.65 acre for right of way purposes. Offer of $6,000.00 approved by Mr. Fridley May 5, 1959.

R-27902 - Mary Helen Clark, et al. Parcel No. 1: 1.0 acre for right of way purposes and Parcel No. 2: 0.43 acre for right of way purposes. Offer of $19,250.00 approved by Mr. Fridley May 7, 1959.

R-27903 - Fuller L. Stone, et al. 0.4 acre for right of way purposes. Offer of $17,000.00 approved by Mr. Fridley April 30, 1959.

R-28475 - Martha Lea Vance, et al. 0.04 acre for right of way purposes. Offer of $100.00 approved by Mr. Fridley May 6, 1959.

Wasco-Hay Canyon Section of the Wasco-Heppner Highway

R-28988 - P. G. O'Meara, et ux. 0.13 acre for right of way purposes. Offer of $650.00 approved by Mr. Fridley May 13, 1959.

R-28996 - Gertrude L. Peugh, et al. Parcel No. 1: 3.9 acres for right of way purposes; and Parcel No. 2: 0.56 acres for right of way purposes. Offer of $1,000.00 approved by Mr. Fridley May 20, 1959.

R-29000 - B. Estrelle Hailey, et al. 1.73 acres for right of way purposes. Offer of $1,153.00 approved by Mr. Fridley May 6, 1959.

Lake Road-Oregon City Section of the Cascade Secondary Highway

R-28746 - W. H. McChesney, et al. 0.32 acre for right of way purposes. Offer of $6,000.00 approved by Mr. McIver April 21, 1959.

R-28764 - Charles H. Hattan, et al. 0.13 acre for right of way purposes. Offer of $8,430.00 approved by Mr. McIver April 21, 1959.

East Unit, Weston-Weston Mountain Section of the Weston-Elgin Highway

R-29206 - Robert G. Blomgren, et al. 4.26 acres for right of way purposes. Offer of $1,471.00 approved by Mr. Fridley May 21, 1959.

R-29207 - Asa Alvah Wurzer, et al. 0.16 acre for right of way purposes. Offer of $45.00 approved by Mr. Fridley May 21, 1959.

R-29539 - James H. Sampson, et al. 0.01 acre for right of way purposes. Offer of $25.00 approved by Mr. Fridley May 19, 1959.

Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway

R-29143 - Marion Stafford Hansell, et al. Parcel No. 1: 11.83 acres for right of way purposes; 1.15 acres for right of way purposes; and 0.38 acre for slope easement. Offer of $2,435.00 approved by Mr. McIver May 27, 1959.

May 28, 1959

Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway - (Cont.)

R-29147 - Eva Steen Shannon, et al. 17.6 acres for right of way purposes. Offer of $14,800 approved by Mr. McIver May 27, 1959.

R-29150 - B. & M. Farms, Inc., et al. 20.7 acres for right of way purposes. Offer of $29,000.00 approved by Mr. Fridley May 6, 1959.

Baker- Pleasant Valley Section of the Old Oregon Trail Highway

R-28055 - Margaret Becker, et al. Parcel No. 1: 22.48 acres for right of way purposes; 1.10 acres for right of way purposes; 0.18 acre irrigation ditch easement; and 0.46 acre for channel easement. Offer of $20,250.00 approved by Mr. Fridley May 13, 1959.

R-28056 - Frances M. Troy, et al. Parcel No. 1: 19.7 acres for right of way purposes; Parcel No. 2: 12.6 acres for right of way purposes; Parcel No. 3: 0.11 acre for channel easement; and Parcel No. 4: 0.33 acre for permanent easement. Offer of $15,000.00 approved by Mr. Fridley May 12, 1959.

R-29544 - Ethel A. Palmer, et al. Parcel No. 1: 0.3 acre for right of way purposes; and Parcel No. 2: 0.02 acre for permit of entry. Offer of $102.40 approved by Mr. Fridley April 23, 1959.

Albany-Judkins Point Section of The Pacific Highway

L-2998 (R-25312) - C. A. Huntington, et ux. Parcel No. 1: 6.71 acres for right of way purposes; Parcel No. 2: 1.78 acres for right of way purposes; Parcel No. 3: 1.06 acres for right of way purposes; and Parcel No. 4: 8.38 acres for right of way purposes. Offer of $16,750.00 approved by Mr. McIver April 20, 1959. On October 8, 1957, Mr. McIver authorized an amount of $9,400.00. This increase in amount of offer is due to an additional taking of real property.

R-25356 - Kenneth H. Wylie, et al. Parcel No. 1: 9.89 acres for right of way purposes; Parcel No. 2: 12.4 acres for right of way purposes; and Parcel No. 3: 4.6 acres for right of way purposes. Offer of $74,060.00 approved by Mr. McIver April 21, 1959.

R-25362 - Gordon Kenneth Wylie, et al. Parcel No. 1: 6.0 acres for right of way purposes; Parcel No. 2: 2.04 acres for right of way purposes; and Parcel No. 3: 360 square feet for right of way purposes. Offer of $26,550.00 approved by Mr. McIver May 5, 1959.

R-25364 - J. R. McKy, et ux. 5.35 acre for right of way purposes. Offer of $14,000.00 approved by Mr. McIver May 14, 1959.

Cascade Locks-Viento Section of The Columbia River Highway

R-28949 - Oregon Conference of the Free Methodist Church of North America. 0.27 acre for right of way purposes. Offer of $700.00 approved by Mr. McIver May 6, 1959.

R-28963 - Joe G. Stanton, et al. 1.45 acres for right of way purposes. Offer of $150.00 approved by Mr. McIver April 29, 1959.

Poker Creek-Mason Dam Section of The Sumpter Valley Highway

R-29290 - B. B. Bartholomew, et al. 7.37 acres for right of way purposes. Offer of $185.00 approved by Mr. Fridley April 21, 1959.

Cascade Locks By-Pass Section of The Columbia River Highway

R-29292 - Marjorie M. Clark, et al. 0.04 acre for right of way purposes. Offer of $20.00 approved by Mr. Fridley May 6, 1959.

Corvallis City Section of The Corvallis-Newport Highway

R-28388 - Mikel Matulewski, et al. 6,743 square feet for right of way purposes. Offer of $6,750.00 approved by Mr. McIver May 26, 1959.

Grants Pass-Rock Point Section of The Pacific Highway

R-29013 - John L. Graffis, et al. 13.75 acres for right of way purposes. Offer of $16,140.00 approved by Mr. McIver May 20, 1959.

A report was also presented by the Assistant Chief Counsel and accepted by the Commission concerning orders issued by the Public Utilities Commissioner in which the State Highway Commission has been a party, which orders are summarized as follows:

PUX 150: Fixing train speeds within the limits of incorporated cities of less than 100,000 population on the Coos Bay Branch of Southern Pacific Company. Order No. 36617 issued May 1, 1959. The order involved crossings within the cities of Reedsport, North Bend, Coos Bay, Coquille, Myrtle Point and Powers. The order was issued upon testimony taken and findings made by the Public Utility Commissioner.

PUX 294: Hilgard Detour Overcrossing project across the right of way and tracks of Oregon-Washington Railroad and Navigation Company, Union Pacific Railroad Company, Lessee, on the Old Oregon Trail in Union County. Supplemental Order No. 36664 issued May 7, 1959. Upon application of the State Highway Commission the Commissioner previously issued an order for the construction of a permanent overcrossing structure, for the removal of the present Hilgard over-

crossing structure and for the construction and removal of a temporary overcrossing structure. Subsequent to that time the plan of construction was changed so that it was no longer considered necessary to construct the temporary structure and the supplemental order makes provision for the elimination of the construction and removal of the temporary structure.

PUX 306: Hay Canyon Creek Grade Crossing across the tracks and right of way of Oregon-Washington Railroad and Navigation Compay, Union Pacific Company, Lessee, on the Wasco-Heppner Secondary Highway No. 300 in Sherman County. Order No. 36639 issued April 20, 1959. This matter arose upon the application of the State Highway Commission. The order was issued in accordance with the application.

PUX 308: Pleasant Valley Overcrossing across the right of way and tracks of Oregon-Washington Railroad and Navigation Company, Union Pacific Company, Lessee, on the Old Oregon Trail in Baker County. Order No. 36657 issued on April 27, 1959. This matter arose upon the application of the Oregon State Highway Commission and the order was issued in accordance with the application.

PUX 310: Application of the City of Redmond for authority to construct a crossing at grade with the tracks and right of way of Oregon Trunk Railway near the City of Redmond in Deschutes County. Order No. 36630 issued April 20, 1959. This crossing is not on any road under the jurisdiction of the State Highway Commission and no objection was made to the issuance of a proper order. The order was issued in accordance with the application.

PUX 313: Two county road crossings of the private road of Weyerhaeuser Timber Company in Klamath County. Order No. 36634 issued April 14, 1959. The only interest of the State Highway Commission with respect to these crossings is that the construction of the county road on which they are located will be supervised by the State Highway Commission as a County Federal Aid Secondary project. No objection was made to the issuance of an order in accordance with the said application and the order was issued in accordance therewith.

PUX 314: Construction of railroad spur track at grade across a county road near Conroy in Benton County, locally known as Reservoir Road. Order No. 36643 issued April 20, 1959. This crossing is located on a county road not under the supervision or control of the State Highway Commission and no objection was made to the issuance of a proper order.

PUX 316: Relocation of overcrossing structure over and across the right of way and tracks of Southern Pacific Company on the Mc-Kenzie Highway at Judkins Point at Eugene. Order No. 36663 issued April 30, 1959. This matter arose upon application of the State Highway Commission for authority to construct a new overcrossing structure and to remove an existing overcrossing structure. The order was issued in accordance with the application.

PUX 317: Construction of an overcrossing structure across the right of way of the tracks of Southern Pacific Company on the Federal Interstate Pacific Highway at Judkins Point near Eugene. Order No. 36669 issued May 8, 1959. The proposed structure will cross over the Willamette River, the relocated structure on the McKenzie Highway and over the tracks and right of way of Southern Pacific Company. The order was issued in accordance with the application.

PUX 318: Grade crossing of an industrial spur track across County Road No. 321 in Lane County. Order No. 36644 issued April 21, 1959. This crossing is located upon a county road which is not under the jurisdiction or control of the State Highway Commission and no objection was made to the issuance of a proper order.

The Assistant Chief Counsel reported briefly on commencement of legal actions against the Highway Commission, its officers or employees. In the case of J. Earl Shaffer and Northwestern Mutual Insurance Company vs. Arthur Douglas Tiller and State Highway Commission, he pointed out that Mr. Tiller is employed by the Highway Department and was involved in a vehicular accident. The matter has been turned over to the state equipment insurance carrier and appropriate action will be taken, he continued, to quash the motion against the State Highway Commission.

He also mentioned the case of Florence Taylor vs. Greyhound Bus Company and the State Highway Commission. Florence Taylor was injured while riding in a Greyhound bus. It appears that a dust cloud had been raised on the highway which contributed to the accident. Appropriate action will be taken to secure dismissal of the case as far as the Highway Commission is concerned.

Authorization was requested by the Assistant Chief Counsel to initiate an appeal to the Supreme Court in the following cases:

(1) State of Oregon vs. John Ropp, et ux; L-3037, R-25455 - Linn County Circuit Court Case No. 28573.

(2) James W. Morrison, et al. vs. State of Oregon; L-2568 - Marion County Circuit Court Case No. 43261.

Concerning the Ropp case, the Assistant Chief Counsel stated that he felt an appeal was justified on the basis of an improper showing of damage by the owner during the trial. In the Morrison case, he commented that the judge in trying the case had ruled in favor of the contractor (Morrison - Lamping), and had rendered judgment in the amount of $39,000. The contractor claimed damage because of softness in the roadbed caused by irrigation. The Engineer stated that in his opinion the case should be appealed. The Commission authorized appeal.

May 28, 1959

The Assistant Chief Counsel discussed with the Commission a proposed legislative bill concerning change of highway grade as requested by the Governor. He mentioned that the Governor had vetoed a change of grade bill passed by the 1959 Legislature because it contained several features detrimental to the State. The Governor, however, requested that the Highway Department prepare a bill eliminating the bad features of the original bill. Such a bill, the Assistant Chief Counsel stated, has been prepared after consultation with the Engineer, and he explained briefly the provisions contained in it. The Commission authorized presentation of the bill to the Governor.

The Engineer reported that he had made awards of contracts referred to him by the Commission to award when certain conditions had been taken care of. These conditions have been resolved, and he requested that the Commission confirm his award of the following contracts:

(1) Furnishing and installing of air conditioning system in the State Highway Building Conference Room in Salem, Marion County. Bids received May 5, 1959. Contract awarded May 8, 1959 to Temp-Control Corporation, Portland, low bidder.

(2) Grading on Seven Oaks-Table Rock Road Section of Pacific Highway, Jackson County. Bids received April 14, 1959. Contract awarded May 14, 1959 to Peter Kiewit Sons' Company, Medford, low bidder.

(3) Paving the Ontario-Idaho Line Section of Old Oregon Trail Highway, Malheur County. Bids received April 14, 1959. Contract awarded May 14, 1959 to Rogers Construction Company, Portland, low bidder.

(4) Grading and paving the North Fork Chetco River Section of the Chetco River Road, Curry County. Bids received April 14, 1959. Contract awarded May 13, 1959 to Pelican Bay Construction Services, Inc., Smith River, California, low bidder.

(5) Portland-Vancouver, Washington, Interstate Bridges Toll Collection System, Multnomah County, Oregon, and Clark County, Washington. Bids received April 21, 1959. Contract awarded May 4, 1959 to Taller & Cooper, Inc., Brooklyn, New York, low bidder.

The Commission confirmed award of the contracts.

The posting of construction speed zones on several construction projects for the safety of the traveling public was reported by the Engineer. At his request, the Commission confirmed the establishment of the following construction speed zones:

(1) 20 MPH on Oregon Coast Highway between south end of Bullards Bridge (M.P. 259.72) and a point 0.6 mile south of south end of Bullards Bridge (M.P. 260.32); and 35 MPH between Coquille-Bandon Highway (M.P. 261.60) and a point west of June Avenue (M.P. 261.85), effective 1:00 p.m., April 24, 1959.

(2) 35 MPH on Coquille-Bandon Highway from its junction with Oregon Coast Highway (M.P. 17.28) to a point 0.31 mile east thereof (M.P. 16.97), effective 1:00 p.m., April 24, 1959.

(3) 35 MPH on the Fords Bridge Section of Pacific Highway from M.P. 216.46 to M.P. 217.46, effective 3:00 p.m., April 30, 1959.

(4) 20 MPH on Old Oregon Trail Highway between M.P. 257.5 and M.P. 258.2 (Perry-Oro Dell Section, west of La Grande), effective 10:00 a.m., May 18, 1959.

Removal of reduced load limits was also reported by the Engineer. He explained that the reduced load limits had been placed in effect to prevent damage to the highway surfaces because of thawing conditions. These conditions, he continued, no longer prevail and reduced load limits have been removed from the following sections of state highways:

(1) Weston-Elgin Highway No. 330 from M.P. 30.3 to M.P. 37.5 at Phillips Creek Road, effective 8:00 a.m., May 15, 1959.

(2) Century Drive Highway No. 372 from M.P. 1.92 to M.P. 11.65, effective 8:00 a.m., May 25, 1959.

(3) Crater Lake Highway No. 232 from M.P. 0.0 to M.P. 3.81, effective 5:00 p.m., May 27, 1959.

(4) West Diamond Lake Highway No. 233 from M.P. 8.0, two miles east of the Jackson County-Douglas County Line, to M.P. 23.89, at its junction with Crater Lake-North Highway, effective 5:00 p.m., May 27, 1959.

(5) East Diamond Lake Highway No. 425 over its entire length, effect 5:00 p.m., May 27, 1959.

The Commission confirmed removal of the reduced load limits.

May 28, 1959

A test run was made with truck and full-trailer combination with 60 feet over-all length on the Cascade Secondary Highway No. 160 from 14th Street in Oregon City to Liberal and return, the Engineer reported. The test run was successful as the equipment was able to travel the highway without encroaching upon the opposing traffic lane. The Commission confirmed the Engineer's action in reclassifying this section of highway from Group II to Group I.

The Engineer also reported that a successful test run had been made using truck and full-trailer combination 60 feet in over-all length over the Little Butte Creek Secondary Highway No. 270 from its junction with the Crater Lake Highway to M.P. 15.6 and return. The Commission confirmed the Engineer's action in reclassifying this section of highway from Group II to Group I.

The Commission considered items of unfinished business appearing on the Secretary's Summary, dated May 4, 1959, as follows:

(1) Access to the Columbia River Highway and development of a park area at the mouth of the John Day River in cooperation with the U. S. Corps of Army Engineers: This item was ordered deleted from the list of unfinished business, to be considered as new business when the matter is brought up again.

(2) Proposed sale of the Patterson Bar near Eugene: The Engineer recalled that previously Lane County had requested priority in the right to purchase the land, but it was his understanding that they had withdrawn their request in favor of the University of Oregon who wish to acquire the property for an athletic stadium and attendant facilities. Of the approximate 102 acres originally acquired for a source of construction materials, he continued, about 92 acres remain. Inasmuch as the contractors are now required to provide their own source of material, the Engineer recommended that the remaining property be sold to the University of Oregon for the price that the Highway Commission paid for it, which was $1,000 per acre. The Commission authorized the sale on the basis as recommended by the Engineer. This item is to be deleted from the list of unfinished business.

(3) Proposal of Lake County Court that the State take over the Winnemucca-to-the-Sea Route from Adel to the Nevada State Line provided the County will assume jurisdiction over the Warner Secondary Highway between Adel and Plush: The Commission deferred action on this matter pending their proposed inspection trip in that area on June 1, 2 and 3. The item is to remain on the list of unfinished business.

(4) Central Oregon Delegation's request for additional park areas and facilities in Central Oregon: A report on this item was presented by the Parks Superintendent earlier in the day, and the Commission ordered the item deleted from the list of unfinished business.

(5) Determination of technical and legal aspects concerning the proposed bridge across the Columbia River at Astoria: This item

was ordered deleted from the list of unfinished business as a meeting had been held in Portland on May 27, 1959, with the Washington Highway Commission and Toll Bridge Authority.

The Engineer reported that, as previously authorized by the Commission, surveys for the relocation or reconstruction of certain sections of state highways have been completed. The surveys have been given very careful engineering consideration and provide the most feasible improvement for the traveling public commensurate with the cost involved. The Commission approved the following surveys as presented and thereupon adopted the attached resolution relative thereto marked Exhibit "K", which resolution by this reference is made a part hereof with like effect as though extended in full herein:

(1) Academy Street-Coast Junction Section, Dallas-Rickreall Highway in Polk County.

(2) West Unit, Forest Boundary-Klamath County Line Section of the Lake of the Woods Highway in Jackson County.

(3) McKenzie Highway-Belknap Springs Section of the Clear Lake-Belknap Springs Highway in Lane County.

(4) East Unit, Lost Creek-Cascade Gorge Section, Crater Lake Highway in Jackson County.

An increase in project authorization for the Jonesboro-Tunnel Section on the Central Oregon Highway, Contract 5247, was requested by the Engineer. He explained that considerably more overburden and rotten rock were encountered than anticipated thereby requiring flattening of the excavation slope. The absence of solid riprap rock increased the costs of the Malheur Channel revision and it was also found necessary to reinforce the old pavement with crushed rock to provide stability. The Commission approved an increase of $90,000, from $500,643 to $590,643.

An increase in project authorization was also requested by the Engineer on the Oregon Centennial grounds access road, Contract No. 5273. He explained that work originally contemplated had been deleted from the plans, but due to a very favorable contract price Multnomah County had requested that some of the features be restored. The Commission approved the Engineer's request for an additional amount of $25,500, of which $12,750 is to be paid by the State and the balance by Multnomah County. The Engineer also pointed out that the State's total expenditure on this project would be within the original allocation of $50,000.

The Engineer reported that a request had been received through the Governor's office for the use of a Bailey bridge, owned by the Highway Department, at the Centennial grounds in Portland. The bridge, he stated, is to be used for a pedestrian overpass over a state highway, and he recommended that the Highway Department cooperate in loaning the bridge to the Centennial Commission. He estimated the cost of hauling and erecting the bridge and construction of approach ramps at $4,000. The Commission approved the request.

Chairman McIver announced that awards of contracts would be made at 3: p.m., and at 12 noon the meeting was recessed to be reconvened at 1:30 p.m.

Following lunch, the Commission discussed with the Engineer bids received on May 5 and May 26 on which awards are to be made at 3:00 p.m.

The Commission considered a request by the Engineer for authority to program from Secondary funds the installation of a flashing signal at the Southern Pacific Railroad grade crossing of Depot Street in Rogue River. The Engineer explained that the sight distance at present is good, but with construction of the freeway sight distance will be greatly restricted and the hazard at the crossing materially increased. The Commission approved his recommendation for installation at an estimated cost of $9,000 to be financed from Federal Secondary highway funds. The Commission also granted authority to make application to the Public Utilities Commissioner for the project, with a request that the railroad company be required to pay 10% of the cost of the installation and be required to maintain and operate the signal.

Two Federal Aid Secondary highway projects on county roads, one in Lincoln County and the other in Sherman County, were brought up by the Engineer. He explained that the projects were requested by the counties and qualify for inclusion in the Federal Aid Secondary highway program. The Commission approved the following projects:

County	FAS Hwy. No.	Section & Description	Programmed Amount	FAS Fund
Lincoln	832	Sams Creek Bridge, structure only.	$ 20,000	1960
Sherman	667	Grass Valley-Rutledge Section, 5.9 miles. Surface & oiling.	$ 70,000	1960
		Total	$ 90,000	

(Project report continued on next page)

FAS Project report - cont.

Summary By Fiscal Years:	1960	1961	Total
*Available Funds	$4,754,000	$3,750,000	$8,504,000
Previously Approved	4,507,000**	934,000**	5,441,000
	$ 247,000**	$2,816,000**	$3,063,000
Proposed Projects 5/20/59	90,000	--	90,000
	$ 157,000	$2,816,000	$2,973,000

*From "Status, 1960 & 1961 County FAS Funds" tabulation dated 11/5/58 less $141,000 (1960 funds) which Harney County has made available for expenditure on the Frenchglen State Highway.

** Grant County project approved for $120,000 of fiscal year 1960 funds on 3/5/59 shifted to a fiscal year 1961 fund project at request of county.

The Commission considered the following requests for extensions of time within which to complete state highway contracts. Reimbursement for engineering expense and other extra expense incurred by the State in connection with the work during the time of extension was waived by the Commission unless otherwise stated.

(1) James F. Turner, Contract No. 5310, for construction of the Bates Park Bridge on a Linn County road, requested an increase from 100 to 130 workdays within which to complete this contract. The Commission approved an increase of 15 workdays without assessment of liquidated damages.

(2) C. E. Leseberg, Contract No. 5287, for grading and oiling the Vale Unit, Vale-Grand Avenue, West Unit, and Foothills Drive Sections of the Lytle Boulevard and Foothills Drive County roads in Malheur County, requested an extension of time from 130 to 145 workdays within which to complete the contract. The Commission denied the request.

(3) Warren Northwest, Inc., Contract No. 5273, for grading and paving on the Oregon Centennial grounds, requested an extension of time from 40 to 70 workdays within which to complete the contract. The Commission approved an additional 20 workdays without assessment of liquidated damages.

(4) Eugene Gardens, Contract No. 5381, for extension of camp area at Beverly Beach State Park, requested an extension of 15 workdays within which to complete this contract. The Commission approved an extension of 5 workdays without assessment of liquidated damages.

FOOTNOTE: Action taken by the State Highway Commission

May 28, 1959

upon the extensions of time listed above was based upon the recommendations of the Engineer and his reports which considered, but did not necessarily adopt, either or any of the reasons given by the contractors in their requests for extensions of time. (For details, see the original of the contractors' requests and the Engineer's recommendations on file in the contracts mentioned in the Secretary's office in Salem.)

The Engineer reported that contract numbers 5108, 5310, 5316, 5323, 5340, 5352, 5361, 5389, 5398, 5402, 5403, 5404, 5414, 5439, and 5440 for highway construction have been completed in accordance with the requirements of the contracts or modifications thereof, and that said contracts are now ready for acceptance by the Commission. After due consideration, the Commission accepted said contracts by adopting the attached resolution relative thereto, marked Exhibit "C", which resolution by this reference is made a part hereof with like effect a as though extended in full herein.

The matter of issuance of bonds as authorized by the 1959 Legislature for improvement of Highway 42 was discussed briefly but action was deferred for further study. The Engineer stated that surveys are being made on this highway.

Requests were considered from residents of Drain and from Mrs. Stella Finnell of Barview for reduced speed zones on the Umpqua Highway, about two miles west of Drain, and on the Oregon Coast Highway in the communities of Barview and Barview Heights in Tillamook County. The Engineer reported that the requests have been carefully investigated and the conditions that were found warranted the installation of the following reduced speed zones:

(1) 50 mile-per-hour speed zone on the Umpqua Highway between a point 0.16 mile east of Hardscrabble Creek Road, M.P. 47.66, and a point 0.52 mile east of Hardscrabble Creek Road, M.P. 48.02. (See Exhibit "H-1")

(2) 45 mile-per-hour speed zone on the Oregon Coast Highway between a point 400 feet north of Cedar Street, M.P. 53.71, and a point 0.48 mile south of Cedar Street, M.P. 54.27. (See Exhibit "H-2")

The Commission approved the reduced speed zones by adopting the attached resolutions relative thereto marked Exhibit "H-1" and Exhibit "H-2", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

May 23, 1959

The Engineer also reported that a request had been received for a school crossing speed zone at the school on the Monmouth-Independence Highway between Independence and Monmouth. He explained that on April 13, 1951, a resolution had been adopted establishing a 40 mile-per-hour speed zone but this action was prior to the policy of establishing 20 mile-per-hour exceptions through school zones. He recommended that the existing speed zone be modified to the extent that a 20 mile-per-hour speed zone be established during the hours of school crossings between a point 150 feet west of Talmadge Road, M.P. 0.99, and a point 100 feet west of Gun Club Road, M.P. 1.28. The Commission approved the reduced speed zone by adopting the attached resolution relative thereto marked Exhibit "H-3", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Attention was given to a letter written by Mrs. William M. Mears concerning a hazardous condition at the intersection of the Tualatin Valley Highway and S.W. 90th Avenue in the community of West Slope. The Engineer stated that an investigation disclosed that cars parked on the southerly side of the Tualatin Valley Highway west of 90th Avenue restrict sight distance for drivers attempting to enter the highway from the side road. The Commission accepted his recommendation that shoulder parking be prohibited on the southerly side of the Tualatin Valley Highway between S. W. 90th Avenue and a point 100 feet west of S. W. 90th Avenue, and thereupon adopted the attached resolution relative thereto, marked Exhibit "I-1", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Consideration was also given to a hazardous condition on the Oakland-Shady Highway north of Oakland in the vicinity of the Shricker and Inda Livestock Auction. The Engineer stated that the Maintenance Superintendent in charge in that area had pointed out that there is a great deal of parking on highway shoulders during auctions. As the shoulders of the highway are narrow, he continued, thus restricting the width of the traveled way, and as the auction market has provided adequate off-street parking, he recommended that shoulder parking be prohibited on both sides of the Oakland-Shady Highway between M.P. 6.88 and M.P. 7.26. The Commission approved his recommendation by adopting the attached resolution relative thereto, marked Exhibit "I-2", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Out-of-state travel expenses were requested by the Engineer and approved by the Commission as follows:

(1) Mr. Forrest Cooper, Deputy State Highway Engineer, to attend meeting of subcommittee of the AASHO Operating Committee on Design in LaSalle, Illinois, June 4 and 5, 1959, at an estimated cost of $300.

(2) Mr. Carl Jordan, Director, Travel Information Division,

to attend meeting of Oregon, Washington and British Columbia Travel Directors in Vancouver, B.C., July 6 and 7 at an estimated cost of $62.05.

A petition was considered from a number of truck drivers in the Baker area regarding stop signs at Unity Junction in Baker County. The Engineer explained that at the present time traffic entering the John Day Highway from the Baker-Unity Highway is required to stop, in addition to traffic entering the Baker-Unity Highway from the westerly turning leg. An investigation was made and it was found that because of the low traffic volume and good sight distance, the stop signs at the Unity Junction could be removed without endangering the traveling public and the Engineer so recommended. The Commission accepted his recommendation by adopting the attached resolution relative thereto, marked Exhibit "J", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Sale of a 60-foot riveted plate girder span to the State Forester was considered. The Engineer explained that the span had been used to carry the Oregon American Logging Company Railroad over the Sunset Highway but had been dismantled and stock-piled after the railroad had ceased operation. As the State has no use for the span on its highway system, he recommended that it be sold to the State Forester for the sum of $2,000. The Commission approved the sale.

The Engineer presented for the Commission's consideration a letter dated May 7 to which was attached an itinerary for the Commission trip into southwestern Oregon. No action was taken.

The Engineer brought up a request by Lambert Gardens, Portland, for the installation of finger boards along State Highway routes in the city directing people to Lambert Gardens. The Engineer pointed out that Lambert Gardens is a commercial venture and admission is charged to see the Gardens. It was his opinion that if the request is allowed it would be difficult to deny requests for other signs on highways directing people to other commercial ventures. The Commission approved his recommendation that the request be denied.

The Engineer reported that the Trail Creek Bridge Section on the Crater Lake Highway in Jackson County and the River Banks Farm Section of the Rogue River Highway in Josephine County have been completed and opened to public travel. In accord with previous agreements entered into with the respective counties he recommended that the Commission take formal action to abandon the old sections of highways. The Commission approved the abandonments by adopting the attached resolutions relative thereto marked Exhibit "D-1" and Exhibit "D-2", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

Consideration was given to a request from the Junction City Chamber of Commerce for permission to erect two welcome signs, one on the Pacific Highway West at M.P. 104.32 and one on the Albany-

Junction City Highway at M.P. 30.28. The locations of the signs and the sign messages have been approved, the Engineer stated, and he recommended that permission be granted to install them. Commissioner Jackson inquired if there is provision in these permits, and similar types of permits, to require that the signs be installed on a temporary basis. He mentioned particularly signs which pertain to the Oregon Centennial celebration. The Engineer explained that the permits pertaining to the Centennial signs contain a provision that the permit expires in 1960 and is not renewable. Concerning other types of signs requested by governmental agencies. he pointed out that the Legislature two years ago granted authority for the installation of such signs when approved by the Highway Commission. The Commission approved the installation of the welcome signs.

The Commission also considered a request from the Jackson County Centennial Association for permission to place eight signs on Pacific Highway right of way to indicate the location of the Centennial Association information booth. The Engineer pointed out that the permit prepared for this request contained a provision that the permit expires January 15, 1960 and is not renewable. Upon the Engineer's favorable recommendation, the Commission approved the installation of the signs.

The Commission approved the Secretary's report of papers signed on behalf of the Commission during the period April 13 through May 22, 1959.

The next regular Highway Commission meeting date was set for July 2 and 3 in the Conference Room of the State Highway Building in Salem. A tentative date for the meeting following was set for August 13 and 14.

A supplemental agreement with the City of Coquille was considered modifying an agreement dated December 9, 1955, pertaining to the routing of one-way traffic through the City. The Engineer stated that the modifications have been investigated and he recommended that they be approved. The Commission approved the supplemental agreement.

The Engineer stated that a request had been received from the Governor and the State Speed Control Board requesting a 55 mile-per-hour speed zone on the Salem By-pass Section of the Pacific Highway and on the Banfield Expressway from its western terminus easterly to 102nd Avenue. They also asked that signs be erected indicating a maximum speed of 70 miles per hour on the four-lane section of the Pacific Highway between Salem and Albany. Signs at points of entry from other states were also requested showing information that the designated speed in the State of Oregon is 55 miles per hour unless otherwise indicated. The Commission approved the speed zones, following the

favorable recommendation of the Engineer, and the signs at points of entry, and thereupon adopted the attached resolutions relative thereto, marked Exhibits "H-4" and "H-5", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

The matter of the legality of rubber or rubber and air springs on trucks and trailers was brought up by the Engineer. He pointed out that a new type of spring consisting of a sort of rubber sponge is being used on many new vehicles. These springs, he added, have already been approved and are in use in the State of Washington and he recommended that they be accepted as legal springs in the State of Oregon. Commissioner Fridley inquired concerning the possibility of damage to highways by use of this type of spring. The Engineer replied that they have been quite thoroughly investigated and it appears that their use would cause no more and possibly less stress on highways than the usual steel springs. The Commission approved the new type of springs as recommended by the Engineer.

The Washington Toll Bridge Authority, the Engineer stated, has inquired as to what the State of Oregon intends to do concerning the Oregon approach to the proposed bridge across the Columbia River at Biggs. A meeting, he added, is scheduled with the Toll Bridge Authority for June 19. He pointed out that the State does not have much choice in construction because of the nearness of the railroad and construction of the Columbia Interstate Highway. The cost of the approach he estimated at $200,000 including an overpass over the railroad and legs to form an interchange with US 97. The question as to whether the Federal Government will participate in the cost of the structure on the basis of interstate funds or other Federal-aid funds has not been determined, but he stated that he would follow up on the matter. The Commission approved the project as presented by the Engineer.

The matter of acquiring excess U.S. Government equipment to be used by Oregon counties was discussed. The Engineer recalled that in previous consideration of this matter it had been determined that it would be necessary for the Highway Department to acquire the equipment and lease it to the counties on a long term basis in order to comply with Federal regulations. A type of resolution embodying this thinking has been presented to Mr. C. W. Enfield, Chief Counsel for the U.S. Bureau of Public Roads, and has been approved by him. He explained briefly that the resolution applies only to counties and not to cities or other governmental agencies, and the proposed resolution, among other stipulations, provides that the county deposit with the State the cost of acquiring and handling the equipment prior to delivery. Upon his favorable recommendation, the Commission approved the attached resolution pertaining to the leasing of equipment to counties, marked Exhibit "E", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Consideration was given to requests from the Battin School Parent-Teacher Association and the Lot Whitcomb Parent-Teacher

Association for the installation of traffic lights on 82nd Avenue between Flavel Street and King Road. The Engineer stated that these requests have been carefully investigated and out of seven intersections it had been found that two of them warranted installation of traffic signals. He recommended that the signals be installed at Johnson Creek Boulevard and at King Road, both on 82nd Avenue, at an estimated cost of $22,000. The Commission approved the installations.

The Engineer commented briefly concerning the use of asphaltic concrete pavement and Portland Cement pavement on state highways. He pointed out that the use of four inches of asphaltic concrete is not enough to compare with the usual thickness of Portland Cement concrete, and that the standards now in use are not comparable. The section of the Pacific Highway from the Lane County line southerly to Judkins Point, he stated, lies across river bottom land which is relatively unstable, and he recommended that Portland Cement concrete be used for surfacing this section for a distance of about 12 miles. The Commission approved his recommendation. Commissioner Jackson inquired as to the additional cost of using Portland Cement in comparison with asphaltic concrete. The Engineer replied that the difference is usually about ten per cent of the total cost of the highway.

The Engineer reported that a request had been received from the Eagle Point Lions Auxiliary for the placement of two historical signs on the Crater Lake Highway near Eagle Point. The signs would call attention to the location of a pioneer grist mill. The Oregon Historical Society has approved the context of the signs, and he recommended that they be erected under terms of a permit. The Commission approved the permit.

. The Engineer asked for authority to request a Federal-Aid Urban project for construction of roadways near the Fred Meyer Shopping Center at 102nd Avenue on the Banfield Expressway in Portland. The County and the City, he stated, have performed the greater part of the work to provide access but some work is necessary by the State which he felt would cost about $32,000. The Commission granted authority as requested.

The Eugene Chamber of Commerce, the Engineer stated, has requested that a 50 mile-per-hour speed zone be established on the existing Pacific Highway between Albany and Harrisburg. This request, he continued, undoubtedly stems from the fact that six people were killed in traffic accidents during a ten-day period on this section of highway. Also, the Eugene Chamber of Commerce requested that the new freeway section between Albany and Halsey be opened to the traveling public as soon as it is completed. The Engineer requested, and the Commission granted, authority to investigate the requests and submit a report later.

The Commission discussed with the Engineers matters to be brought up by delegations scheduled to appear on the following day. No action was taken pending appearance of the delegations.

May 28, 1959

At 3:00 p.m. Commissioner Fridley announced awards of contracts on which bids had been received May 5 and May 26, 1959, as follows:

BIDS RECEIVED IN SALEM ON MAY 5, 1959

"Sales privilege permit at Humbug Mountain State Park adjacent to the Oregon Coast Highway in Curry County. The Commission awarded the permit to Orris Knapp and Harold Knapp, Port Orford, at 4.25 per cent.

"Replace and repair dolphins on Coos Bay (McCullough) Bridge at North Bend, on Oregon Coast Highway in Coos County. The Commission awarded the contract to the low bidder, Hillstrom Shipbuilding Co., Coos Bay, at $6,199.95

"Ashland Rock Production Project on the Green Springs and Pacific Highways in Jackson County. The Commission awarded the contract to the low bidder, F. L. Somers, Medford, at $44,544.00.

"Lapine Rock Production Project on The Dalles-California and Fremont Highways in Klamath and Deschutes Counties. The Commission awarded the contract to the low bidder, C. C. Meisel, Mc-Minnville, at $28,500.00.

"Grading 4.19 miles on the McKenzie River-Willamette River Section of the relocated Pacific Highway in Lane County. The Commission elects to accept the low bid of R. A. Heintz Construction Co., Portland, in the sum of $1,852,309.50, and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Cleaning and painting all steel below roadway deck on Yaquina Bay Bridge on Oregon Coast Highway in Lincoln County. The Commission awarded the contract to the low bidder, A. H. Barbour & Son, Inc., Portland, at $54,000.00.

"Paving 12.52 miles on the Halsey Interchange-Lane County Line Section of the relocated Pacific Highway in Linn County. The Commission awarded the contract to the low bidder, Roy L. Houck Sons' Corporation, Salem, at $1,718,220.50.

"Grading and oiling 2.58 miles on the East Unit, Foothills Drive Road, northeast of Vale in Malheur County. The Commission awarded the contract to the low bidder, Babler Bros., Inc., Portland, at $65,090.00.

"Furnish and install air conditioning system in State Highway Conference Room at Salem, Marion County. The Commission awarded the contract to the low bidder, Temp-Control Corp., Portland at $16,789.00

"Traffic Signal Installation on Barbur Blvd. at Capitol Highway in Multnomah County. The Commission awarded the contract to the low bidder, Gateway Electric Co., Portland, at $8,479.00.

"Revise structure at Bridal Veil Interchange on the Columbia River Highway in Multnomah County. The Commission awarded the contract to the low bidder, General Construction Company, Seattle, Washington, at $104,483.40.

"Grading and paving 5.08 miles on the North Unit, Weston - Milton-Freewater Section of the Oregon-Washington Highway in Umatilla County. The Commission elects to accept the low bid of C. R. O'Neil, Creswell, in the sum of $588,321.10, and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Grading and paving 3.79 miles on the East Unit, Weston-Weston Mountain Section of the Weston-Elgin Highway in Umatilla County. The Commission elects to accept the low bid of C. R. O'Neil, Creswell, in the sum of $381,305.00, and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Oiling 4.24 miles on the Phillips Creek-Dry Creek School Section of Sanderson Springs Road in Union County. The Commission awarded the contract to the low bidder, Russell Olson Construction Co., Inc., Pendleton, at $18,724.00.

BIDS RECEIVED IN SALEM ON MAY 26, 1959

"Lease of Park Building and Facilities located at Beverly Beach State Park in Lincoln County. No bids received.

"Durkee-Malheur County Line Rock Production Project on the Old Oregon Trail Highway in Baker County. The Commission awarded the contract to the low bidder, Cartwright Construction Co., Durkee, at $34,770.00.

"Grading and paving 1.85 miles on the Corvallis Section of the relocated Corvallis-Newport Highway in Benton County. The Commission elects to accept the low bid of Miller & Hutchins Contractors, Inc., Roseburg, in the sum of $529,912.00, and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Grading and paving 0.83 mile on the Hilda St. -Beaver Creek Road (Oregon City) Section of the Cascade Highway in Clackamas

County. The Commission elects to accept the low bid of Charles T. Parker Construction Co., Portland, in the sum of $118,365.00, and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Grading and paving 1.61 miles on the Boones Ferry Road-Oswego Section of the Boones Ferry Road-Oswego Road in Clackamas County. The Commission elects to accept the low bid of M. J. Brassfield, Co., Geo. E. Blaisdell & Son Const. Co., and Shirley G. Stone Co., Salem, in the sum of $377,516.00, and the State Highway Engineer is directed to award the contract to said bidder as soon as approval of Clackamas County is received and the sum of $85,800.00 is deposited by the County.

"Maintenance painting on the Oregon City Arch Bridge over the Willamette River at Oregon City on the Oswego Highway in Clackamas County. The Commission awarded the contract to the low bidder, C. H. Savage Co., Portland, at $12,438.00.

"Two reinforced concrete bridges to carry Pittsburg-Scappoose County Road over North Scappoose Creek in Columbia County. The Commission elects to accept the low bid of C. J. Montag and Sons, Portland, in the sum of $42,183.00, and the State Highway Engineer is directed to award the contract to said bidder as soon as approval of Columbia County is received and the sum of $9,500.00 is deposited by the County.

"Oiling 19.10 miles on nine county roads in Deschutes County. The Commission elects to accept the low bid of Horton Construction Co., Portland, in the sum of $85,260.00, and the State Highway Engineer is directed to award the contract to said bidder as soon as approval of Deschutes County is received and the sum of $25,900.00 is deposited by the County.

"Grading and paving 0.51 mile of access road at the Booth Ranch Truck Scale Site on the Pacific Highway in Douglas County. The Commission awarded the contract to the low bidder, Inter City Sand & Grave. Co., Eugene, at $56,716.35.

"Oiling 7.26 miles on three county roads in Gilliam County. The Commission elects to accept the low bid of Russell Olson Construction Co., Inc., Pendleton, in the sum of $25,493.00, and the State Highway Engineer is directed to award the contract to said bidder as soon as approval of Gilliam County is received and the sum of $5,800.00 is deposited by the County.

"Construction of Eighth Street Bridge over Bear Creek for the City of Medford in Jackson County. Low bid was submitted by R & M Construction Company, Central Point, in the amount of $51,038.00. However, as this is a city project, all bids were referred to the City of Medford for award.

"Construct reinforced concrete lining inside existing timber lining in Cape Creek Tunnel on Oregon Coast Highway in Lane County. The Commission awarded the contract to the low bidder, Teeples & Thatcher, Portland, at $100,500.00.

"Multiplate Arches and Pipe Crossings (Q St. Interchange), McKenzie River-Willamette River Section, Pacific Highway, in Lane County. The Commission elects to accept the low bid of R. A. Heintz Construction Co., Portland, in the sum of $103,299.00, and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired.

"Stone base and paving 0.27 mile in Junction City (10th St.), in Lane County. The Commission elects to accept the low bid of Morse Bros., Lebanon, in the sum of $18,189.50, and the State Highway Engineer is directed to award the contract to said bidder as soon as approval of the City of Junction City is received and the sum of $900.00 is deposited by the City.

"Grading and paving 0.98 mile on the Salem-Browning Avenue Section of Liberty Road in Marion County. The Commission elects to accept the low bid of M. J. Brassfield Co., Salem, in the sum of $91,794.00, and the State Highway Engineer is directed to award the contract to said bidder as soon as approval of Marion County is received and the sum of $21,000.00 is deposited by the County.

"Install and revise traffic signals in the City of Salem, Marion County. The Commission awarded the contract to the low bidder, Electric Corp., Salem, at $16,260.00.

"Painting West approaches to the Steel Bridge in Multnomah County. The Commission awarded the contract to the low bidder, Tri-State Painting Company, Portland, at $5,490.00.

"Structure and grading and paving 0.94 mile on the Washington County Line-Highlands Interchange Section of the Sunset Highway in Multnomah County. The Commission elects to accept the low bid of Peter Kiewit Sons' Co., Vancouver, Washington, in the sum of $800,267.40, and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Construct toll collection facilities at south end of bridge over Columbia River between Portland, Oregon and Vancouver, Washington, in Multnomah County. The Commission rejected all bids as being too high.

"Two structures and grading and oiling 6.78 miles on the Wasco-Hay Canyon Section of the Wasco-Heppner Highway in Sherman County. The Commission elects to accept the low bid of Clarence Braden Construction Co., Walla Walla, Washington, in the sum of $543,339.62 and the State Highway Engineer is directed to award the contract to

said bidder as soon as necessary right of way is acquired.

"Grading and stone base (1.44 mile) on the Netarts-Yager Creek Section of the Netarts - Sand Lake County Road in Tillamook County. The Commission elects to accept the low bid of Rex C. Ayers Construction Co., Portland, in the sum of $109,314.50, and the State Highway Engineer is directed to award the contract to said bidder as soon as approval of Tillamook County is received and the sum of $24,600.00 is deposited by the County.

"Paving 7.25 miles on the Glover-Perry Section of the Old Oregon Trail Highway in Union County. The Commission awarded the contract to the low bidder, Rogers Construction Co., Portland, at $90J,793.00.

"Grading and paving 0.98 mile on Western and Allen Avenues in Beaverton, Washington County. The Commission elects to accept the low bid of Porter W. Yett, Portland, in the sum of $99,763.25, and the State Highway Engineer is directed to award the contract to said bidder as soon as approval of Washington County is received and the sum of $22,800.00 is deposited by the County.

"Install highway illumination at Murray Road Intersection on the Sunset Highway in Washington County. The Commission awarded the contract to the low bidder, W. R. Grasle Co., Portland, at $3,592.00.

The State Parks Superintendent stated that a group of people from The Dalles has requested that the State institute condemnation proceedings to acquire property for establishment of a state park where the Deschutes River joins the Columbia River. Investigation of the property to be acquired shows that much of it is owned by a power company. He recalled that previously the Commission had approved the establishment of a park in this area, but negotiations with the power company have disclosed that they do not wish to sell the land. He requested authority to investigate the matter fully and present a report later. The Commission granted the authority, and instructed that the Parks Advisory Committee be advised of the matter and that their opinion be obtained. Commissioner Fridley stated that the power company owning the desired land is a non-operating company formed for speculative purposes. He also brought up the question of riparian rights which might or might not accrue to the owners of the land adjoining the power company's land. He mentioned the matter of clearance beneath the highway bridge and that 20 feet would probably be reasonable.

The meeting adjourned at 3:25 p.m. to be reconvened at 10:00 a.m. on the following day.

May 28, 1959

Salem, Oregon
May 29, 1959

The meeting of the Oregon State Highway Commission reconvened at 10:00 a.m. in Room 418, State Highway Building. The following persons were present:

M. K. McIver, Chairman
K. N. Fridley, Commissioner
Glenn L. Jackson, Commissioner
W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
Geo. E. Rohde, Assistant Chief Counsel
Walter T. Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Floyd Query, Secretary

The following people representing both the West Side Highway Association and the McMinnville Chamber of Commerce appeared before the Commission: From Monmouth, George W. Cooper, President of West Side Highway Association, Carnes Schulmerich, Alvin Irwin, W. A. Martin, David Zardenets, and H. W. Morlan, all representing the Chamber of Commerce; from Dayton, State Senator Carl Francis, Harry Sherman, Chamber of Commerce, and Floyd Willert, Postmaster; from Junction City, Frank Knox, Chairman of the Highway Committee of Chamber of Commerce, Carey Strome, Chuck Hammond and Dave Montgomery, all from Chamber of Commerce; from Amity, Don Jones, Chamber of Commerce, E. O. Morse, Ivan Shields, City Recorder, Ray Holton, Garageman, H. W. Torbet, West Side Highway Association, R. J. Ahlstrom, Mayor, and Jack Wilcox, Commercial Club; from McMinnville, Guy Shumway, County Commissioner, Norris Johnson, Manager of the Chamber of Commerce, W. L. Peavey, Leonard Gilliam, Philip N. Bladine, Gale B. Vinton and J. H. Stanard, all representing the Chamber of Commerce, L. F. Ramsey, Mayor, R. E. Renne, Yamhill County Judge, H. A. Taylor, C. N. Teegarden, Yamhill County Commissioner, Forest O. Garrigus, Chamber of Commerce, and Eugene Marsh, Attorney; from Rickreall, George Fuller, L. C. Miller, Oil Distributor, and George Miller; from Newberg, Martin Redding, H. C. Halgren, Loren Trachsel, C. R. Pearson, Mel Dunston, Chester Windson, Bruce M. Cullison, and Carl H. Butler, all from the Chamber of Commerce, and Milo Ross, President of the Chamber of Commerce; and from Dallas, C. M. Barnhart, Polk County Judge, Allen Dunn and Frank Crawford, Polk County Commissioners, and L. W. Franklin, Polk County Engineer.

Mr. George Cooper acted as spokesman for the West Side Highway Association who appeared regarding improvements to US 99 W between Portland and Corvallis. He introduced his delegation and called

upon Senator Francis as their first speaker. Senator Francis asked the Commission to give their continued attention to the improvement of Highway 99 W to a point at Gumm's Corner, near Newberg. South of the Whiteson dip, he continued, there are twelve narrow bridges which are very perilous, particularly at Amity, at Ash Swale three miles south of Amity, at Rickreall, and at Baskett Slough north of Rickreall. He exhibited pictures of the Rickreall Bridge and submitted a letter from R. C. Miller, distributor for Tidewater Oil Company, Rickreall, telling of the hazardous conditions existing on this bridge because of its narrowness. He mentioned the Holmes Gap Section where reverse curves, a railway crossing and numerous hills create traffic hazards. He told of the many accidents on this section and expressed the opinion that it should be improved and possibly four-laned. He also submitted pictures of the area in question. In response to a question from Senator Francis, Chairman McIver advised that only the portion of US 99 E from Salem to Albany is a part of the Interstate Highway System, as the rest of the highway is on new location. Senator Francis pointed out that although all of the Interstate Highway construction is on the east side of the Willamette River, economic development is also occurring on the west side of the river, particularly the military installation at Camp Adair near Corvallis. In conclusion he urged that favorable consideration be given to the emergency needs of Highway 99 W -- the narrow bridges, the narrow shoulders, the deteriorating condition of the highway in certain locations and the hazards of Holmes Gap -- to prevent a distorted development of the Valley.

Mr. Strome spoke in behalf of the Junction City Chamber of Commerce and the people on the south end of US 99 W. This highway, he pointed out, is being deliberately avoided by motorists because of the narrowness and poor condition of the section between Junction City and McMinnville. He expressed the opinion that since the State has at least a 60-foot right of way along US 99 W, the highway could be made a better thoroughfare for a small expenditure of money compared to the building of a new highway. It is their feeling, he continued, that the people who use this highway are entitled to a better facility. It was his opinion that the traffic on US 99 W will increase tremendously especially with development of the educational research centers at the University of Oregon in Eugene and Oregon State College in Corvallis. The Pacific Highway West, he added, is rapidly becoming a critical bottleneck to transportation in their area. He concluded his presentation by commenting that 45 of the 75 miles of highway is dangerously narrow and rough and is in great need of improvement. Chairman McIver thanked the group and advised them that the Commission would take another look at it. He pointed out that the Commission has been handicapped because of a shortage of funds. At the Chairman's request, Mr. Williams advised the group that in the one remaining year of the present five-year program the only expenditure allocated for this highway is on the four or five mile section near Camp Adair, which contract is planned to be offered for bids sometime after July of this year. Chairman McIver told the group that the Commission will give consideration to their request when the next construction program is adopted.

Mr. Garrigus acted as spokesman for the McMinnville Chamber of Commerce and stated that their main concern is completion to four lanes of the section of US 99 W from a point near McMinnville to Dayton Junction. He exhibited a map showing the location of this section and pointed out that the State now owns most of the right of way for a four-lane facility. Mr. Marsh stated that at the present time the Commission is constructing another bridge across the Yamhill River which will make a four-lane section for a short distance in the northerly part of McMinnville, flanked on each end by two-lane sections. He mentioned a serious condition caused by a curve near St. Joseph northerly from McMinnville where the eastbound traffic crosses the northbound lane, and it is their belief that the curve should be straightened out to make a better alignment. He pointed out that all of the right of way between Lafayette and Dayton Junction has been acquired for a four-lane facility and they are of the opinion that traffic warrants such construction. The people of McMinnville, he commented, are somewhat confused as to where US Highway 99 W will eventually be located -- whether such designation will continue to be used on the present route or if the new construction south of McMinnville will be designated US99W. He added that the residents of McMinnville have no objections to the McMinnville By-pass, the Amity-Dayton Cutoff or the designation of that highway as US99W, but would like to know if the by-pass is to be designated as Route 18 or 99W. He presented pictures showing the large development contemplated at the Linfield Research Institute and stated that the new highway will go right through the middle of it. The Commission's future plans, he continued, are of great concern to the people of McMinnville as they believe too much valuable farm land is being taken without any definite planning and there are too many roads cutting up their area. They have heard rumors, he added, that construction of the by-pass will not be undertaken for three years, so would like to know when it will be constructed as several property owners in the area have plans to erect buildings. He displayed a map of the McMinnville By-pass route and stated that many people are quite anxious to know whether this map is the final plan. Chairman McIver advised the group that the Commission will give consideration to their requests in formulating the next program and that the Engineer will furnish them with added details for the by-pass.

Judge C. M. Barnhart, Polk County, Dallas, appeared before the Commission regarding improvement of the Dallas-Polk Station Road. Others in the delegation were Allen Dunn and Frank Crawford, Polk County Commissioners, and L. W. Franklin, Polk County Engineer, all from Dallas. Judge Barnhart explained that the Polk County Court wishes to request that the State assume jurisdiction over and improvement of the Dallas-Polk Station Road. He exhibited a map showing the location of the road. The existing Dolph Corner-Dallas Secondary Highway has had no major construction work performed on it. It is very hilly, he added, with little sight distance which makes it unsafe for automobiles to pass. He displayed a profile map showing the elevations of the state secondary highway and the proposed route, explaining that on the proposed route there would not be over a 2% grade. The County Court believes that it would be impracticable

to rebuild the present highway and that it would be cheaper to abandon it to the County. The County, he added, is willing to take it over and maintain it as a county road if the State will take over the Dallas-Polk Station Road. He added that it will cost about $150,000 to build this route, and the Court feels justified in asking that early consideration be given to its proposal. He pointed out that one of the finest rock quarries in the State is within four miles of the Dallas Junction, which is one reason for the low cost estimate. Chairman McIver advised the delegation that a study will be made of the matter and the County Court will be advised of the Commision's decision.

Judge Harry C. Fowler, Crook County, Prineville, acted as spokesman for a delegation that appeared before the Commission regarding realignment of the Crooked River Highway. He introduced the other members of his delegation who were Luke Reif, County Commissioner; Russell Vernon, City Councilman; Ivan Chappelle, Manager of the Chamber of Commerce; and Robert Love, President of the Chamber of Commerce; all from Prineville. Judge Fowler explained that the Bureau of Reclamation has agreed to rebuild a seven-mile section of ORE 27, estimated to cost $215,000, to replace a section which will be flooded out by the construction of the Crooked River Dam. The Bureau, he added, plans on building this seven-mile section from the top of the dam around Taylor Butte, about two and one-half miles south of Bear Creek Junction. He pointed out that the Bureau has extended until July 1, 1959, the date on which to arrive at an agreement to change the location. The County's proposal, he continued, is to realign the highway between Prineville and Highway 20 via Roberts. This new route, he estimated, would be about 10 miles shorter than if the present highway is rebuilt. Mr. Vernon told of numerous requests received by service station operators in the Prineville area regarding Highway 27 from Prineville to US 20. Most of these service station operators, he added, directed traffic back to Bend and over US 20, so it is their contention that a great deal of traffic is being routed away from Highway 27 because of the bad condition of the highway. Judge Fowler stated that the County's proposed route will better serve the people in the Prineville area and directly serve seven or eight isolated ranchers. The County's proposal, he continued, is that the $215,000 of reclamation money be allocated to the new road, along with the County's $160,000 of federal matching funds, which would leave only the construction of a bridge across the Crooked River north of Roberts, estimated to cost $228,000, and $35,000 for the fill on the east end of the bridge. If the County is allocated $80,000 of the reclamation money, he advised, the County will guarantee construction of the road from Roberts to the fill on the east side of the bridge, leaving a balance of $135,000 for the bridge and fill. The section from Roberts down Salt Creek to Highway 27, he commented, has already been built by the County to highway standards. He added that it costs about $160,000 for construction of the road from the west side of the bridge to the county road that comes down Juniper Canyon, leaving about eight miles of unconstructed highway. The County requests that the Highway Commission assume the $150,000 additional funds needed for construction of the bridge. He added that the dam is

expected to be constructed this year and used for flood control, so that some of the road might be inundated very soon. He also submitted a second County proposal--that the Highway Commission reclassify ORE 27 from a state primary highway to a federal-aid secondary state highway so the County could use its County federal-aid money on it. The majority of the County Court, he continued, has agreed that the next year's allotment of about $315,000 of federal secondary funds, which has been earmarked for the Paulina area, be reallocated to the rerouting of ORE 27 as the County has proposed. Should this proposal be accepted, he stated, and the County allotted $100,000 of the reclamation money, the County would build to highway specification (gravelled surface) the first 10 miles from Prineville, which would leave the State $500,000 to build the bridge and the rest of the road. Chairman McIver advised the group that the Commission would discuss their proposal later in the day and let them know what decision is reached. (Later in the session after considerable discussion with Judge Fowler, the Commission authorized the Engineer to make a study of the matter and render a report.)

Judge D. R. Cook, Umatilla County, Pendleton, appeared before the Commission regarding improvements to ORE 32 between Stanfield and Umatilla. The following persons composed the rest of the delegation: Cyril Brownell, Umatilla, Chamber of Commerce; Tom Knight and Woody Starrett, Hermiston Chamber of Commerce and Orel Wise, Stanfield. Judge Cook introduced the members of his delegation. He stated that even though it is contemplated to construct a new highway between Stanfield Junction and Umatilla in 10 or 12 years, they would like at this time to have some work performed on the existing highway because of the increase in traffic. The Pendleton Grain Growers, he continued, who truck-haul a large amount of wheat and barley over this road each year, are constructing a new million dollar plant near Hinkle which will also be a contributing factor to increasing the traffic load on the highway. He pointed out that at the present time between 800 and 900 vehicles per day cross the Umatilla Bridge, and since the larger trucks are not permitted to use ORE 32 they must go back to Boardman and back track. He asked the Commission to improve the two small bridges across the main Hermiston Reservoir Feed Canal and a bad turn (known as Deadman's Turn) north of Stanfield. If these improvements were accomplished, he added, it would help tremendously. He commented that the port of Umatilla is growing and tourist attractions are being developed so it will also increase the traffic using this highway. Mr. Brownell also told of the increased traffic, and he thought that some provision should be made so that this highway section could be used by all traffic until a new road is constructed. The Engineer advised that three substandard bridges on that highway are programmed for reconstruction this year. He expressed the opinion that with very little improvement and the widening of the bridges, this highway could be reclassified to a Group I status which would permit all trucks of legal size and weight to use the highway. Mr. Brownell concluded his presentation by stating that if the Commission will give the County some engineering help, the County will fix the Deadman's curve north of Stanfield at their own expense. Mr.

Starrett concurred in the remarks made by the previous speakers and expressed concern about the restrictions placed on trucks which desire to use this highway. Chairman McIver thanked the group for presenting this matter and accepted the County's offer to fix the curve.

The Engineer presented to the Commission a resolution which would declare the Corvallis-Philomath Section of the Corvallis-Newport Highway a throughway, except that portion between Highway Engineer's Station 470+00 and 395+00, such portion having ten or more commercial businesses abutting thereon in any one mile. He recommended adoption of the resolution. The Commission accepted his recommendation and thereupon adopted the attached resolution relative thereto, marked Exhibit "F" which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Attention was given to a request from C. W. and Bessie Clemens for a change in access to their property located on the John Day-Burns Highway north of Burns. The Engineer explained that this change qualified in conformity with a resolution adopted by the Commission on July 31, 1958. He recommended that the commercial access be granted as requested if the Clemens will conform to the Commission's standards for such access as set forth in the above resolution. The Commission accepted his recommendation.

The Engineer presented to the Commission for approval a revised agreement with the U.S. Bureau of Public Roads covering the removal of two power poles on the Mt. Hood Forest Highway Project No. 49-B3, D. He pointed out that the agreement provides for the State to perform the work and be reimbursed by the Bureau for the cost thereof, but not to exceed $800. The Commission accepted his favorable recommendation and signed the agreement later in the session.

Reclassification of a section of the Lake of the Woods Highway No. 270 from its junction with the Old Klamath Lake Secondary Highway to the Lake of the Woods junction was considered. The Engineer reported that a test run had been made with appropriate equipment which indicated that this section can be reclassified from a Group III to a Group I status, and he so recommended. The Commission approved the recommendation.

The Engineer brought up for consideration the matter of permitting house trailers 55 feet in length to travel over Oregon highways. He explained that the Commission's present policy restricts to 50 feet the length of house trailers allowed to travel in Oregon. In the surrounding states of Washington, Idaho and California, he pointed out, 55-foot house trailers are permitted on their highways, and he recommended that the Commission authorize the issuing of

permits for house trailers up to 55 feet in length. The Commission approved his recommendation.

For the benefit of Commissioner Jackson, the Engineer explained the status to date of the road construction program. He pointed out that of the $87,800,000 under construction this year, about $45,000,000 of work has not yet been performed by the contractors. He added that there is still about $30,000,000 left to contract. The next program, he advised, will be considered by the Commission sometime this fall.

The Assistant Chief Counsel submitted a settlement in the case of the State vs. Esther C. Case, et al., File L-3131 (R-28123) for property on the Roosevelt Drive (Seaside) Section of the Oregon Coast Highway, Clatsop County. He explained that the property involved is a business establishment and when the original offer in the amount of $1,500 was made, it was not known that parking would be prohibited along this highway. Subsequently, he continued, appraisals were secured to include this changed condition, ranging from $5,600 to $12,500. The Cases, he stated, are now willing to settle for $6,500, and he so recommended. The Commission approved the settlement.

The Assistant Chief Counsel presented to the Commission an additional list of properties needed for the uses indicated therein in which amendments have been made to properties previously approved. Right of way maps and other data were submitted to the Commission. He requested the Commission to declare by resolution the necessity of said properties for the special use to which they are to be put and to authorize the Legal and Right of Way Division to attempt to agree with the owners of said properties as to price, and in the event of disagreement to proceed to acquire such properties by condemnation. After studying the matter, the Commission granted authority to condemn these properties if negotiations are not successful and thereupon adopted the attached resolutions relative thereto marked Exhibits "L-23" through "L-28", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

(For details concerning these properties, see the Chief Counsel's "Recommendations for Condemnations" dated May 28 and 29, 1959, filed in the Secretary's Office under the heading "Right of Way Resolutions, Condemnations and Report of Offers".)

The Assistant Chief Counsel requested the Commission to adopt a resolution to amend Survey Resolution No. 184, adopted on September 11, 1958, and Survey Resolution No. 120a, adopted on November 3, 1955, so as to designate as a throughway the Coburg Road-Pacific Freeway Junction Section of the Eugene-Springfield Highway in Lane County. This action, he explained, is to clarify the status of the highway and to rescind any previous survey resolution in conflict therewith. The Commission accepted his favorable recommendation by adopting the attached resolution relative thereto marked Exhibit "G", which resolution by this reference is made a part hereof

with like effect as though extended in full herein.

The matter of an additional expenditure of money for the reconstruction of eight Bonneville Power Administration towers and two crossing sites necessitated by highway construction on the Old Oregon Trail Highway east of Meacham was presented by the Right of Way Engineer. He explained that the Commission previously authorized under a trust agreement (File 24091) the deposit of $47,280. The final billing, however, has been received in the amount of $52,855.36, and he recommended that authorization be granted for the expenditure of the additional $5,575.36, subject to final audit. The Commission accepted his recommendation.

The Right of Way Engineer brought up the matter of a change of access points to the Edward H. and Pearl L. Voget property (File No. 18691) located on the Tigard-Newberg Section of the Pacific Highway West in Tigard, Washington County. He pointed out that the State previously granted three points of access 25 feet wide, unrestricted as to use. The Vogets, he continued, have now requested that their access be changed so as to allow two points of access, 35 feet in width, unrestricted as to use, and he so recommended. The Commission accepted his recommendation and later in the session signed an "Indenture of Access" covering the matter.

Chairman McIver commended the Travel Advisory Committee for the time they have so generously given during the past two days while hearing presentations from advertising firms regarding the Travel Information Division's advertising contract for the coming year. He asked Mr. Jordan, Director of the Travel Information Division, to advise the Commission of what transpired at the hearing. Mr. Jordan stated that the Advisory Committee heard very fine presentations from seven advertising agencies. After seriously considering all the facts presented, he continued, the Committee decided to retain the present agency, Cole and Weber, who has handled this contract for the past thirteen years. The Committee, therefore, he added, is recommending that the advertising contract be extended for one year until June 30, 1960. The Commission approved the Committee's recommendation.

For the Commission's information, Mr. Jordan stated that the Governor has recently signed into law the bill passed by the last Legislature in which the responsibility for the Capitol Guide Service will be placed under the Travel Information Division, effective July 1, 1959.

The Commission signed agreements, deeds, contracts and other papers requiring their signatures.

There being no further business to come before the Commission, the meeting adjourned at 12:00 noon.

EXHIBITS "A" through "L-28"

MINUTES

of the

OREGON STATE HIGHWAY COMMISSION MEETING

held on

May 28 and 29, 1959

EXHIBIT "A"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, in connection with the future improvement of the highway herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed.

NOW, THEREFORE, BE IT RESOLVED that the properties which are hereby declared to be necessary for state highway, park, and other uses under the jurisdiction of the Commission, are those properties shown in the right of way resolution, dated May 28 and 29, 1959, pages 1 through 59, as presented by the Right of Way Engineer and approved by the Highway Commission May 28 and 29, 1959, and by this reference said right of way resolution of May 28 and 29, 1959 is made a part hereof with like effect as though extended in full herein. That the several options or bases of settlement therein enumerated be, and the same hereby are approved and accepted and that the Chief Counsel for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission.

EXHIBIT "B-1"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Newport-Toledo Section of the Corvallis-Newport Highway described as follows:

> Lots 2 through 5 inclusive, Block 21, Fredricksburg Addition, situated in the NE$\frac{1}{4}$ of Section 8, Township 11S, Range 11W, W.M., Lincoln County, Oregon, containing 18,810 square feet.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right-of-way of the Corvallis-Newport Highway.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 99 be entered in the minutes and records of the Commission as of the 28th day of May, 1959.

EXHIBIT "B-2"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Beaverton-Forest Grove Section of the Tualatin Valley Highway described as follows:

A parcel of land lying in Lots 7 and 8, Block 3, Reedville, also lying in Section 11, Township 1 South, Range 2 West, W. M., Washington County, Oregon, and being a portion of that property described in that certain deed to State of Oregon by and through its State Highway Commission, recorded in Book 369, Page 204 of Washington County Records of Deeds; the said parcel being described as follows:

Beginning at the Northwest corner of said Lot 7; thence Easterly along the Northerly lines of said Lots 7 and 8, a distance of 100 feet to the Northeast corner of said Lot 8; thence Southerly along the Easterly line of said Lot 8, a distance of 73 feet, more or less, to a line which is parallel to and 45 feet Northerly of the center line of the Tualatin Valley Highway; thence N 81° 37' W, parallel to said center line 100 feet to the Westerly line of said Lot 7; thence Northerly along said Westerly line 73 feet, more or less, to the point of beginning.

The center line of the Tualatin Valley Highway referred to above is described as follows:

Beginning at Engineer's center line Station 200+00, said Station being 1398.37 feet South and 636.62 feet West of the Northeast corner of the Nathan Robertson DLC #45, Township 1 South, Range 2 West, W. M.; thence N 81° 37' West, 1000 feet to Station 210+00.

The parcel of land to which this description applies contains 7300 square feet, more or less.

WHEREAS, after consideration, the Commission finds and declares the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,750.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission, be and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of

EXHIBIT "B-2" (Cont)

ORS 273.060 Et Seq. The conveyance of such property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Tualatin Valley Highway, except there will be two points of access from the said property to the Tualatin Valley Highway of a width not to exceed 25 feet at a point to be determined prior to the conveyance of the property, said access points to be unrestricted as to use.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 100 be entered in the minutes and records of the Commission as of the 28th day of May, 1959.

EXHIBIT "B-3"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Albany Section of the Pacific Highway East described as follows:

A parcel of land lying in Lots 8, 9, 12, and 13 of Block 6, Central Addition to Albany, situated in Section 7, Township 11 South, Range 3 West, W. M., Linn County, Oregon, the said parcel being that portion of said Lots lying Easterly of a line which is parallel to and 50 feet Easterly of the centerline of said Pacific Highway East, and Northerly of a line which is parallel to and 10 feet Northerly of the Southerly line of said Lot 13.

The parcel of land to which this description applies contains 0.15 acre.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $6,500.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right-of-way of the Pacific Highway East and Queen Street, except there is access by way of Calapooia Street.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 101 be entered in the minutes and records of the Commission as of the 28th day of May, 1959.

May 28, 1959

EXHIBIT "C"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, the Engineer has reported that the following State Highway Commission contracts for the construction of State Highway projects have been completed according to the terms and provisions of said contracts and that said jobs are now ready for acceptance:

"Contract No. 5108 with Hamilton and Thoms, Inc., for work on the Yamhill River Bridge and the Wallace Bridge Overcrossing on the Salmon River Highway in Polk County, completed April 14, 1959.

"Contract No. 5310 with James F. Turner for work on the Bates Park Bridge on the McDowell Creek County Road in Linn County, completed May 1, 1959.

"Contract No. 5316 with Eugene Gardens for work on the Ft. Stevens State Park Extension in Clatsop County, completed April 15, 1959.

"Contract No. 5323 with Lloyd Sperling for work on the Cape Lookout State Park Extension in Tillamook County, completed April 14, 1959.

"Contract No. 5340 with Inland Construction Company for work on the Clear Creek Bridge on FAS County Road #810 in Clackamas County, completed April 21, 1959.

"Contract No. 5352 with J. C. Denton and Sons for metal guard rail construction on the Wallowa Lake Section on the Joseph-Wallowa Lake Highway in Wallowa County, completed May 13, 1959.

"Contract No. 5361 with the Highway Protection Corporation for fencing of the Beverly Beach State Park in Lincoln County, completed April 17, 1959.

"Contract No. 5389 with C. J. Montag and Sons for constructing the Tillamook Office Building Addition in Tillamook County, completed April 10, 1959.

"Contract No. 5398 with Brighter Homes Electrical for Bend Traffic Signal Installation at Greenwood Avenue and 3rd Street in Deschutes County, completed May 6, 1959.

"Contract No. 5402 with C. C. Meisel for furnishing crushed materials in stockpiles on the Mehama Section of the North Santiam, Mehama-Mill City and Albany-Lyons Highways in Marion and Linn Counties, completed April 13, 1959.

"Contract No. 5403 with C. A. Lantz for work on the Salem Storage Building Addition in Marion County, completed May 11, 1959.

"Contract No. 5404 with Rogers Construction Company for work on the Rooster Rock State Park parking area extension in Multnomah County, completed May 20, 1959.

EXHIBIT "C" (Cont)

"Contract No. 5414 with Beckley and Thomas Rock Products for furnishing crushed materials in stockpiles on the Bandon-Port Orford Section of the Oregon Coast Highway in Curry and Coos Counties, completed May 19, 1959.

"Contract No. 5439 with Hughes & Dodd Company and Tru-Mix Equipment Company for grading and paving of the Eagle Point (N. "G" Street) Section in Jackson County, completed May 14, 1959.

"Contract No. 5440 with M. C. Lininger & Sons for grading and paving of the Central Point (Oak St.) Section in Jackson County, completed May 22, 1959.

THEREFORE BE IT RESOLVED that the work covered by State Highway Contracts for the construction of said State Highway projects be declared completed according to the terms of the respective contracts and said jobs are hereby accepted and final payment in connection with each is hereby authorized.

BE IT FURTHER RESOLVED that this Contracts Completed Resolution No. 81 shall be entered in the minutes and records of the Commission as of the 28th day of May, 1959.

31608

EXHIBIT "D-1"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, under the provisions of ORS 366.300, whenever the Highway Commission relocates or realigns a state highway or any section thereof, and by reason of said relocation or realignment, there is eliminated from the original highway a section thereof, the eliminated section shall:

A. If needed for the service of persons living thereon or communities served thereby, be maintained by the Commission at the State's expense, or by the County, or by the State and County, on such terms and conditions as may be agreed upon;

B. If the abandoned sections are merely a part of the old right of way which are no longer needed for right of way purposes, then they shall revert to the abutting property owners, unless, in the judgment of the Commission, said sections are needed or are valuable for any public use; and

WHEREAS, State has relocated a section of the Crater Lake Highway, State Primary Highway No. 22, known as the Trail Creek Bridge Section in Jackson County, the northerly terminus of which is at relocated Highway Engineer's Centerline Station 48+00 on the relocated highway and the southerly terminus of which is at relocated Highway Engineer's Centerline Station 6+00 on the relocated highway; and

WHEREAS, due to the relocation of the aforesaid section, a portion of the former right of way is no longer needed for right of way purposes and may be eliminated as a section of the original Crater Lake Highway, State Primary Highway No. 22, which section to be eliminated is hereinafter designated as Unit "A" as shown colored in red on the map attached hereto marked Exhibit "A" and by this reference made a part hereof; and *

WHEREAS, Jackson County and the State Highway Commission entered into an agreement on the 31st day of October, 1958, relating to the elimination and disposition to be made of the said section of the said original Crater Lake Highway, which is subject to elimination and hereinafter referred to as Unit "A", including a certain bridge spanning Trail Creek; and

WHEREAS, said agreement provides that State, by resolution, upon the completion of the said relocated section of the said Crater Lake Highway, would formally eliminate said Unit "A" and said bridge as part of the Crater Lake Highway, State Primary Highway No. 22, and the state highway system and that all right, title and interest which State has in Unit "A" and said bridge should pass to and vest in the County and County would accept all right, title and interest which State has in said Unit "A" and said bridge and would maintain said Unit "A" and said bridge as part of the county road

EXHIBIT "D-1" (Cont)

system so long as needed for the service of persons living thereon or communities served thereby;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That, by reason of the relocation of the Crater Lake Highway, State Primary Highway No. 22, in Jackson County, a section of the former right of way of the Crater Lake Highway is no longer needed by the State of Oregon and is no longer required for part of the said new right of way of the said relocated Crater Lake Highway which said section is identified as Unit "A" as shown on said Exhibit "A" and described as follows: *

> Unit "A": All the land situated within the right of way boundary lines of the Crater Lake Highway as formerly routed, beginning at the westerly right of way boundary line opposite relocated Highway Engineer's Centerline Survey Station 24+00 of said highway as relocated in the southeast quarter of the northwest quarter (SE$\frac{1}{4}$-NW$\frac{1}{4}$), Section 3, Township 4 South, Range 1 West, W.M.; thence northerly and easterly via said former highway to the westerly right of way boundary line of the Tiller-Trail Highway, said line being at the center of Trail Creek in the northeast quarter of the northwest quarter (NE$\frac{1}{4}$-NW$\frac{1}{4}$), Section 3, Township 4 South, Range 1 West, W.M., Jackson County, Oregon.

2. That pursuant to the said agreement entered into with Jackson County on the 31st day of October, 1958, Unit "A", as heretofore described and as shown colored in red on Exhibit "A", is hereby duly eliminated as part of the Crater Lake Highway, State Primary Highway No. 22, and all right, title and interest which State has in said Unit "A" hereby passes to and vests in said Jackson County. *

3. That pursuant to said agreement, the aforementioned bridge spanning Trail Creek, as shown colored in purple on Exhibit "A", is hereby duly eliminated as part of the Creater Lake Highway, and all right, title and interest which State has in said bridge hereby passes to and vests in said Jackson County; and State does hereby grant said County the right to enter upon the right of way of the state highway system adjacent thereto, as shown in green on Exhibit "A", for the purpose of maintaining said bridge. *

4. That this resolution be entered in full in the minutes and records of this Highway Commission as Abandonment and Retention Resolution No. 356 this 28th day of May, 1959, and the Secretary is ordered to mail a duplicate original hereof to the Jackson County Court.

EXHIBIT "D-1" (Cont)

* FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 356, under the heading "Abandonment and Retention" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "D-2"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, under the provisions of ORS 366.300, whenever the Highway Commission relocates or realigns a state highway or any section thereof, and by reason of said relocation or realignment, there is eliminated from the original highway a section thereof, the eliminated section shall:

(a) If needed for the service of persons living thereon, or communities served thereby, be maintained by the Commission at the State's expense or by the County, or by the State and County, on such terms and conditions as may be agreed upon;

(b) If the abandoned sections are merely a part of the old right of way which are no longer needed for right of way purposes, then they shall revert to the abutting property owners, unless, in the judgment of the Commission, said sections are needed or are valuable for any public use; and

WHEREAS, State has relocated and constructed a section of the Rogue River Loop Highway, State Secondary Highway No. 260, in Josephine County known as the River Banks Farm Section, the northerly terminus of which is at relocated Highway Engineer's Centerline Station 0+00 and the southerly terminus of which is at relocated Highway Engineer's Centerline Station 108+14.20 as shown colored in green on the map attached hereto marked Exhibit "A" and by this reference made a part hereof; and *

WHEREAS, due to the relocation of the aforesaid section, a portion of the right of way of the original Rogue River Loop Highway, State Secondary Highway No. 260, is no longer needed for right of way or other public purposes and may be eliminated as a section of said original highway. Said section to be eliminated is hereinafter designated as Unit "A" as shown colored in brown on the attached Exhibit "A". *

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That, by reason of the relocation of a portion of the Rogue River Loop Highway, State Secondary Highway No. 260, in Josephine County, the hereinafter described section of the original Rogue River Loop Highway is no longer needed by the State of Oregon for highway or other public use or for the service of persons living thereon or communities served thereby. The said section to be eliminated is identified as Unit "A" as shown in brown on said Exhibit "A" and is described as follows. *

Unit "A": All the land situated within the right of way boundary lines of the Rogue River Loop Highway as formerly routed, beginning at the easterly right of way line, opposite relocated Highway Engineer's Centerline Survey Station 4+50 of said highway as relocated in the southeast quarter of the

southeast quarter (SE¼-SE¼), Section 24, Township 36 South, Range 7 West, W.M.; thence easterly and southerly along said former highway to the easterly right of way boundary line opposite relocated Highway Engineer's Centerline Survey Station 91+70 of said relocated highway in the northeast quarter of the northwest quarter (NE¼-NW¼), Section 31, Township 36 South, Range 6 West, W.M.

2. That Unit "A" is hereby duly eliminated as a part of the Rogue River Loop Highway, State Secondary Highway No. 260, and the state highway system; and all right, title, and interest which State has in said Unit "A" hereby pass to and vest in the abutting property owners.

3. That this resolution be entered in full in the minutes and records of the Highway Commission as Abandonment and Retention Resolution No. 360 this 28th day of May, 1959, and the Secretary is ordered to mail a certified copy of the same to the Josephine County Court.

---

* FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 360, under the heading "Abandonment and Retention" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "E"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, Administrative Memorandum 2-12, issued by the Bureau of Public Roads, U. S. Department of Commerce on January 24, 1958, has established procedures whereby equipment and materials, declared surplus to the needs of federal agencies, may be transferred to state highway departments for highway purposes; and

WHEREAS, said Administrative Memorandum further provides that any such surplus property so acquired by the state highway departments may be utilized by counties within the state, subject to the following conditions:

(1) The excess property will be used primarily on the federal aid primary or secondary highway systems.

(2) The State Highway Department is satisfied that the county road unit is suitably organized and equipped to perform maintenance on federal aid projects.

(3) Title to any excess property leased by the state highway department to the various counties must remain in the state; and

WHEREAS, ORS 366.395 provides that the State Highway Commission may sell, lease, exchange or otherwise dispose of or permit use of surplus personal property including equipment and materials acquired by the Commission, and it is the opinion of the Commission that any surplus federal equipment which the Commission might acquire under the said Memorandum at the request of the counties would likewise be surplus to the needs of the state, and

WHEREAS, ORS 366.185(3) provides that the Chief Counsel may be authorized by the Commission to exercise the authority granted the Commission by ORS 366.395, and

WHEREAS, the State Highway Commission, in order to expedite the acquisition of surplus federal equipment that can be leased to the various counties of the State of Oregon for the purposes described in said Memorandum 2-12, is desirous of approving general and supplemental forms of agreements whereby the State Highway Commission can, pursuant to ORS 366.185(3) authorize the Chief Counsel to enter into such lease agreements with the various counties.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the Chief Counsel of the State Highway Department be and he hereby is authorized on behalf of the Commission in accordance with the

EXHIBIT "E" (Cont)

terms of ORS 366.185(3) and ORS 366.395 to enter into general and supplemental lease agreements, the forms for which are attached hereto marked Exhibits "A" and "B" and by this reference made a part hereof with the various counties of the State of Oregon for the leasing of such federal surplus personal property as may be acquired by the Commission, at the request of the various counties, pursuant to the said Memorandum 2-12.

2. That this resolution be entered in the minutes and records of the Highway Commission this 28th day of May, 1959, as Miscellaneous Resolution No. 230.

EXHIBIT "A"

GENERAL LEASE AGREEMENT

THIS LEASE, made this _____ day of _____, 1959, between the STATE OF OREGON, by and through its State Highway Commission, hereinafter called "State", and _____ COUNTY, a political subdivision of the State of Oregon, by and through its county officials, hereinafter called "County";

WITNESSETH:

RECITALS:

1. The State Highway Commission is authorized by provisions of ORS 366.395 to sell, lease, exchange or otherwise dispose of or permit the use of surplus personal property, including equipment and materials, acquired by the Commission.

2. Pursuant to the provisions of ORS 366.185(3), the State Highway Commission, by resolution, has authorized its Chief Counsel to exercise certain powers granted the Commission by ORS 366.395 with respect to the leasing of surplus property to counties.

3. In accordance with the procedures established by the Bureau of Public Roads, U.S. Department of Commerce, in Administrative Memorandum 2-12, dated January 24, 1958, state highway departments may acquire equipment and recoverable materials declared to be excess by federal agencies. Said Administrative Memorandum further provides that the said surplus property acquired by state highway departments may be leased to and utilized by counties within the state.

NOW, THEREFORE, the premises being in general as stated in the foregoing RECITALS, it is agreed by and between the State and County as follows:

EXHIBIT "E" (Cont)

GENERAL PROVISIONS:

1. Upon receipt from County of an expression of interest in any items that have been reported as excess by the federal government, the State Maintenance Engineer will ascertain whether such items are available and submit to the federal government a request that said equipment be temporarily held, pending investigation, for transfer to the State. If, after investigating said items, County desires to lease same, County may request that State obtain said surplus equipment or recoverable materials from the federal government for subsequent lease to County by State.

2. State, in consideration of the payment by County to State of the amounts listed on any supplemental lease agreement that may hereinafter be entered into between County and State, agrees to lease to County the items of surplus personal property described in such supplemental lease agreement, for the remaining useful life of said property, under the terms and conditions as hereinafter provided.

3. Contemporaneous with County's request that State hold surplus property for its use, the County shall deposit with the State Highway Department a check for the total price of the said surplus item together with the anticipated cost of delivery, as estimated by the State Highway Maintenance Engineer. The said deposit shall be refunded by State to County in the event that the property requested is unavailable. In the event that the actual cost of delivery is less than the anticipated cost, the difference shall be refunded to County by State. But, if the actual cost of the delivery is in excess of the anticipated cost, County shall reimburse State for the such additional delivery cost.

4. County agrees that the leased property shall be used primarily on the federal aid primary or secondary highway systems.

5. Title to the said leased property shall remain at all times in the State of Oregon, however, the County shall have the full right to use the same, upon the conditions herein contained. The leased property shall be used only by the employees or agents of the County. Except as hereinafter provided, said leased property shall not be transferred or delivered or sublet by County to any other person or corporation, and this lease agreement shall not be assigned by the County, by its own act or by operation of law.

6. County shall at all times and at its sole expense, carry such insurance as it deems necessary to adequately cover said leased property, maintain said property, and at all times hold the same at its sole risk.

7. County agrees to indemnify and hold harmless the State and the State Highway Commission, and members thereof and its officers, employees, and agents, from and against all damages, claims, demands, suits, actions or cause of suit or action resulting from, or because of, any damage to property or injury or death of any person arising out of the occupancy and use of the aforementioned personal property by the County, its employees or agents.

EXHIBIT "E" (Cont)

8. After County determines that the useful life of the leased property is at an end, it shall advise the State Highway Maintenance Engineer of such a determination. If the said Maintenance Engineer concurs in the County's determination that said property is no longer useful for highway purposes, he may authorize County to junk any or all of said property. In junking said property, County shall act as the agent of State, and may retain any proceeds which accrue thereby, as its only reimbursement for its expenses incurred in the junking of said property.

9. County agrees to execute this agreement during a duly authorized session of its county court.

IN WITNESS WHEREOF, the parties have subscribed their names and affixed their seals as of the day and year first above written.

EXHIBIT "F"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, by the authority granted in ORS 374.015(1), the Highway Commission is empowered to lay out, locate, relocate, adopt, establish, construct, designate, maintain and supervise the use and operation of new highways which shall be known as "throughways" as that term is defined in ORS 374.010; and

WHEREAS, ORS 374.015(2) provides that any relocated section of an existing highway or such portions of existing highways which at the time the same are designated as throughways, have less than ten commercial businesses abutting thereon in any one mile, may be designated and constructed as, or converted into throughways by the Highway Commission; and

WHEREAS, the Highway Commission has directed the highway engineer to prepare a map of that portion of the Corvallis-Newport Highway, State Primary No. 33, commencing at Highway Engineer's Centerline Station 0+00 in the City of Corvallis and extending thence westerly therefrom through Corvallis to Highway Engineer's Centerline Station 333+90 at the easterly city limits of the City of Philomath, Benton County, Oregon, showing those sections of the Corvallis-Newport Highway having less than ten commercial businesses abutting thereon in any one mile catering to the motoring public, and those portions having ten or more commercial businesses abutting thereon in any one mile catering to the motoring public, and the highway engineer, pursuant to the direction of the Highway Commission, has caused said map to be made and filed in the offices of the Highway Department in Salem, Oregon, a copy of which is attached hereto, marked Exhibit "A" and by this reference made a part hereof which shows the location of those portions upon which are located ten or more commercial businesses catering to the motoring public; and *

WHEREAS, the Highway Commission has considered the aforesaid map and, after due deliberation, does hereby find and declare that for the purposes of preserving human lives and minimizing property damage and to facilitate the safe and convenient transportation of persons and property by motor vehicle and to promote the safety and welfare of the public in general, that the Corvallis-Philomath Section of the Corvallis-Newport Highway having less than ten commercial businesses abutting thereon in any one mile catering to the motoring public shall henceforth be classified, reconstructed, relocated and maintained as a throughway as that term is defined in ORS 374.010.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the Highway Commission as follows:

1. That that portion of the Corvallis-Philomath Section of the Corvallis-Newport Highway, commencing at Highway Engineer's Centerline Station 0+00 in the City of Corvallis and thence extending westerly to Highway Engineer's Centerline Station 333+90 at the easterly city limits of the

EXHIBIT "F" (Cont)

City of Philomath and including any portion or units thereof which may hereafter be relocated, is hereby selected, designated and established as a throughway as that term is defined in ORS 374.010, except for that portion thereof which at the time of the adoption of this resolution has ten or more commercial businesses abutting thereon, catering to the motoring public in any one mile, which portion of the said Corvallis-Philomath Section of the Corvallis-Newport Highway is specifically set forth herein as follows:

(a) Extending from Highway Engineer's Centerline Station 470+00 on the said Corvallis-Newport Highway westerly along the said Corvallis-Newport Highway to Highway Engineer's Centerline Station 395+00.

2. Whenever the said Corvallis-Philomath Section of the Corvallis-Newport Highway or any section or portion thereof which herein has been designated as a throughway is relocated, reconstructed or otherwise permanently improved, such relocation, reconstruction or improvement shall be accomplished so as to preserve the character of the said Corvallis-Philomath Section of the Corvallis-Newport Highway as a throughway.

3. The map prepared and filed by the highway engineer which is attached hereto and marked Exhibit "A" disclosing the location of those portions of the Corvallis-Newport Highway upon which there are ten commercial businesses abutting on the Corvallis-Philomath Section of the Corvallis-Newport Highway, bearing the date of May, 1959, is hereby adopted and approved for the purpose for which it was prepared. *

4. That this resolution be entered in the minutes and records of the Highway Commission this 29th day of May, 1959, as Resolution File No. 13

---

* FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 13, under the heading "Throughways and Right of Access File" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "G"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, the Commission, by Resolution No. 184 dated September 11, 1958, heretofore adopted a survey for the relocation of the Coburg Road-Pacific Freeway Junction Section of the Eugene-Springfield Highway, beginning at Highway Engineer's Station 36+00 at an intersection with Country Club Road and extending in an easterly direction to Highway Engineer's Station 150+00 approximately one mile east of Garden Way Road, together with the map, which for identification purposes bears Sketch Map File No. 1R-3-1220, and the date of September, 1958 (Right of Way Map No. 7B-31-20 dated May, 1955, and Right of Way Map No. 1A-13-22, dated September, 1958), field notes and other engineering data submitted by the engineer; and

WHEREAS, under ORS 374.015(2) the State Highway Commission may lay out, locate, relocate, adopt, establish, construct, designate, maintain, and supervise the use and operation of new highways known as throughways; and

WHEREAS, after due consideration of the aforesaid survey, field notes and other engineering data, it is the judgment of the Commission that the same should be approved and filed and said section designated a throughway within the meaning of the Throughway Law.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmative as follows:

1. The Coburg Road-Pacific Freeway Junction Section of the Eugene-Springfield Highway hereinbefore described is hereby selected, designated, and established as a throughway within the meaning and purpose of ORS 374.005, commonly known as the Throughway Law, and for the reasons stated therein it is hereby directed that the construction of the same shall be accomplished pursuant to and within the meaning and scope of said law.

2. That this resolution shall supercede and rescind so much of Survey Resolution No. 120A, adopted by the Highway Commission November 3, 1955, as conflicts herewith.

3. That this resolution be entered in the minutes and records of the Commission as of this 29th day of May, 1959, as Survey Resolution No. 184A.

EXHIBIT "H-1"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: Umpqua

Highway number 45 Route number ORE 38

Location of Termini			Established Speed
M. P. 47.66 (0.16 mile east of Hardscrabble Creek Road)	to	M. P. 48.02 (0.52 mile east of Hardscrabble Creek Road, west of Drain)	50 M. P. H.

EXHIBIT "H-1" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Zone Resolution No. 296 be entered in the minutes and records of the Commission as of the 28th day of May, 19 59.

EXHIBIT "H-2"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: Oregon Coast Highway

Highway number 9 Route number US 101

Location of Termini			Established Speed
M. P. 53.71 (400 feet north of Cedar Street)	to	M. P. 54.27 (0.48 mile south of Cedar Street, in communities of Barview and Barview Heights)	45 M. P. H.

EXHIBIT "H-2" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Zone Resolution No. 297 be entered in the minutes and records of the Commission as of the 28th day of May, 19 59.

EXHIBIT "H-3"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

EXHIBIT "I-1"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, the Tualatin Valley Highway No. 29 is a State Highway under the jurisdiction of the State Highway Commission; and

WHEREAS, it appears that vehicles are being parked on the shoulders on the southerly side of said highway west of S. W. 90th Avenue in the community of West Slope; and

WHEREAS, the parking of vehicles in said area creates a hazard to the traveling public and to vehicles attempting to enter the highway from S. W. 90th Avenue, and for eastbound vehicles approaching S. W. 90th Avenue, by restricting sight distance; and

WHEREAS, in the opinion of the Commission, public travel and public safety require that parking of vehicles should be prohibited on said highway at said location;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the Commission does hereby find and declare, based upon recommendations by members of its staff, that the parking of vehicles on the southerly side of the Tualatin Valley Highway between S. W. 90th Avenue (M. P. 1.70, Highway Engineer's Station 85+00) and a point 100 feet west of S. W. 90th Avenue (M. P. 1.72, Highway Engineer's Station 86+00) creates a hazard to the traveling public.

2. That in the opinion of this Commission the shoulders of said highway are not of sufficient width to permit parking of vehicles thereon and at the same time to provide the degree of safety and convenience which, in the opinion of the Commission, should be provided the motoring public.

3. That the Commission does further find and declare that the parking of vehicles in said area of the said highway should be prohibited.

4. That the State Highway Engineer be and he hereby is instructed to erect signs along said section at such points as in his judgment are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared, on which signs shall be printed in plain letters the words, "NO PARKING ON HIGHWAY SHOULDERS".

5. That a certified copy of this resolution be sent to the Superintendent of the Department of State Police for his information.

6. That this "NO PARKING" Resolution No. 194 be entered in the minutes and records of the State Highway Commission as of the 28th day of May, 1959.

31632

EXHIBIT "I-2"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, the Oakland-Shady Highway No. 234 is a State Highway under the control and jurisdiction of the Oregon State Highway Commission; and

WHEREAS, it appears that vehicles are being parked on the shoulders of said highway at an auction sale establishment north of Oakland; and

WHEREAS, the parking of vehicles on said shoulders at said location creates a hazard to the traveling public by restricting the traveled portion of the highway; and

WHEREAS, off-street parking has been provided by the auction house; and

WHEREAS, in the opinion of the Commission, public travel and public safety require that parking of vehicles be prohibited on said highway at said location;

NOW, THEREFORE BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the Commission does hereby find and declare, based upon the recommendations by members of its staff, that parking of vehicles on both sides of the Oakland-Shady Highway between M. P. 6.88 (Highway Engineer's Station 1999+00) and M. P. 7.26 (Highway Engineer's Station 2019+00) creates a hazard to the traveling public.

2. That in the opinion of this Commission the shoulders of said highway are not of sufficient width to permit parking of vehicles thereon and at the same time provide the degree of safety and convenience which, in the opinion of the Commission, should be provided the motoring public.

3. That the Commission does further find and declare that the parking of vehicles on both sides of the said Oakland-Shady Highway at said location should be prohibited.

4. That the State Highway Engineer be and he hereby is instructed to erect signs at said termini and at such points as, in his judgment, are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared.

5. That a certified copy of the resolution be sent to the Superintendent of the Department of State Police for his information.

6. That this "No Parking" Resolution No. 195 be entered in the minutes and records of the State Highway Commission as of the 28th day of May, 1959.

EXHIBIT "J"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, the State Highway Commission is authorized to designate main traveled or "through" highways or sections thereof by placing at the entrances thereto from intersecting highways signs or markers, notifying drivers of vehicles to stop before entering or crossing such designated highway or highways, and the State Highway Commission is further authorized to designate particular intersections and place such stop signs or markers at one or more entrances thereto; and

WHEREAS, the Commission heretofore on the 27th day of April, 1943, and the 21st day of September, 1949, adopted resolutions by which said state highways and sections thereof were declared to be and were designated as main or "through" highways, and the State Highway Engineer was instructed to properly mark the same; and

WHEREAS, by said resolutions of April 27, 1943 and September 21, 1949, the Highway Commission declared the John Day Highway No. 5 and the Baker-Unity Highway No. 13 to be "through" highways and stipulated that traffic should stop before entering said highways; and

WHEREAS, since adoption of the said resolutions a traffic engineering investigation has been made which reveals that there is no roadside culture and no sight distance restriction at this wye-type intersection, and that the traffic volumes are about 400 vehicles per day on all three legs of this junction, and based upon results of said investigation the State Highway Engineer has recommended the modification of the aforementioned resolutions of April 27, 1943 and September 21, 1949.

NOW, THEREFORE, based upon the results of said traffic engineering investigation and upon the recommendation of the State Highway Engineer, the Commission does hereby find, declare, resolve and order as follows:

1. That said resolutions of April 27, 1943, and September 21, 1949, be amended to read as follows:

a. The John Day Highway, US 26, Highway No. 5, be amended to read: "except that no stop shall be required for Baker-Unity Highway traffic entering the John Day Highway, No. 5, at M. P. 210.36 and M. P. 210.60."

b. The Baker-Unity Highway, ORE 7, Highway No. 13, be amended to read: "except that no stop shall be required for traffic entering the Baker-Unity Highway, No. 13, from the John Day Highway connection at M. P. 0.27."

In all other respects the provisions of said resolutions of April 27, 1943, and September 21, 1949, shall remain in full force and effect.

EXHIBIT "J" (Cont)

2. That the State Highway Engineer be and he hereby is instructed to place or cause to be placed and thereafter maintain the necessary signs and markers to accomplish the traffic control and regulation contemplated by this resolution. Such signs as may be erected at said intersection shall conform to the types and standards heretofore approved by the Commission.

3. That this resolution shall be entered in the minutes and records of the Commission as of the 28th day of May, 1959, as "Through Highways" Resolution No. 4e, and a duly certified copy thereof delivered to the U. S. Bureau of Public Roads and a like copy to the County Clerk of Baker County and to the Superintendent of the Department of State Police for their information.

EXHIBIT "K"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make complete and final surveys of the routes and locations of the following sections of state highways:

1. Academy Street-Coast Junction Section of the Dallas-Rickreall Highway in Polk County.

2. West Unit, Forest Boundary-Klamath County Line Section of the Lake of the Woods Highway in Jackson County.

3. McKenzie Highway-Belknap Springs Section of the Clear Lake-Belknap Springs Highway in Lane County.

4. East Unit, Lost Creek-Cascade Gorge Section of the Crater Lake Highway in Jackson County.

and in connection therewith to prepare maps showing the routes and locations of said sections and to file said maps, reports, and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said surveys and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said surveys, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1a. That the survey of the Academy Street-Coast Junction Section of the Dallas-Rickreall Highway, beginning at Highway Engineer's Station 0+15, at Main and Academy Streets in Dallas, and extending in a northerly direction to Highway Engineer's Station 23+50, at the Rickreall-Coast Junction intersection, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1267, and the date of April, 1959 (Right of Way Maps Nos. 8B-13-20, dated March, 1959, and 4B-23-1, dated January, 1934), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

1b. That the survey of the West Unit, Forest Boundary-Klamath County Line Section of the Lake of the Woods Highway, beginning at High-

way Engineer's Station 600+00, at the Forest Boundary, and extending in an easterly direction to Highway Engineer's Station 902+40, approximately two miles west of Fish Lake, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1270, and the date of May, 1959, (Right of Way Map No. 8B-13-21, dated April, 1959), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

1c. That the survey of the McKenzie Highway-Belknap Springs Section of the Clear Lake-Belknap Springs Highway, beginning at Highway Engineer's Station 0+00, approximately $1\frac{1}{4}$ miles west of the Belknap Junction, and extending in an easterly direction to Highway Engineer's Station 106+47, near Belknap Springs, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1286, and the date of May, 1959, (Right of Way Map No. 8B-14-9, dated April, 1959), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

1d. That the survey of the East Unit, Lost Creek-Cascade Gorge Section of the Crater Lake Highway, beginning at Highway Engineer's Station 641+80, east of Lost Creek, and extending in a northeasterly direction to Highway Engineer's Station 821+74.35, approximately one-half mile east of Cascade Gorge, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1293, and the date of May, 1959, (Right of Way Map No. 8B-14-12, dated May, 1959), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

2. That when said highway sections are permanently constructed, the same shall be done in accordance with said surveys and locations unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said surveys constitute and are deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the highways along and over these surveys. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary rights of way pursuant to the normal and approved method for construction of non-access controlled highways.

4. That this resolution be entered in the minutes and records of the Commission as of the 28th day of May, 1959, as Survey Resolution No. 197.

EXHIBIT "K" (Cont)

* FOOTNOTE:

The maps mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 197, under the heading "Resolutions Adopting Surveys" and said maps by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-1"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Tillamook River Bridge Section of the Netarts Highway; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocating in part, constructing, improving and maintaining of the said Tillamook River Bridge Section of the Netarts Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

EXHIBIT "L-1" (Cont.)

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said widened and relocated Netarts Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns for service of their respective remaining land, such access reservations as are noted.*

3. That the widening in part, relocating in part, constructing, improving and maintaining of the said Tillamook River Bridge Section of the said Netarts Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959, as Condemnation Resolution No. 1145.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, being Resolution No. 1145, under the heading "Real Property Condemnations Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31640

EXHIBIT "L-2"

Minutes of May 28 and 29, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Bank Freeway Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract

of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

EXHIBIT "L-2" (Cont.)

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959, as Condemnation Resolution No. 1146.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1146, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-3"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public, and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and purposes to widen, improve and maintain the Hilda Street-Beaver Creek Road (Oregon City) Section of the Cascade Highway; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improving and maintaining of the said Hilda Street-Beaver Creek Road (Oregon City) Section of the Cascade Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "L-3" (Cont)

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said widened and improved Cascade Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improving and maintaining of the said Hilda Street-Beaver Creek Road (Oregon City) Section of the Cascade Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959, as Condemnation Resolution No. 1147.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1147, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-4"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain Academy Street-Coast Junction Section of the Dallas-Rickreall Highway; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improving and maintaining of the said Academy Street-Coast Junction Section of the Dallas-Rickreall Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "L-4" (Cont)

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said widened and improved Cascade Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improving and maintaining of the said Academy Street-Coast Junction Section of the said Dallas-Rickreall Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959, as Condemnation Resolution No. 1148.

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1148, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-5"

Minutes of May 28 and 29, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Pleasant Valley -Ontman Section of the Old Oregon Trail Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which

is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Pleasant Valley-Oxman Section of the Old Oregon Trail Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said relocated Old Oregon Trail Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Pleasant Valley-Oxman Section of the Old Oregon Trail Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said

EXHIBIT "L-5" (Cont.)

parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959 as Condemnation Resolution No. 1149.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1149, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-6"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property or any right of interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Lake Road-Oregon City Section of the Cascade Secondary Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Lake Road-Oregon City Section of the Cascade Secondary Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and

the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said relocated Cascade Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as noted. *

3. That the relocation, construction, improvement and maintenance of the said Lake Road-Oregon City Section of the said Cascade Secondary Highway and the highway facilities for which each of said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959, as Condemnation Resolution No. 1150.

EXHIBIT "L-6" (Cont)

* FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1150, under the heading "Real Property Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-7"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Grants Pass-Rock Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "L-7" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a through way, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "L-7" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959 as Condemnation Resolution No. 1151.

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1151, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-8"

Minutes of May 28 and 29, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Willamette River-42nd Avenue Section of the T. H. Banfield Expressway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "L-8" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Willamette River-42nd Avenue Section of the T. H. Banfield Expressway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated T. H. Banfield Expressway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Willamette River-42nd Avenue Section of the T. H. Banfield Expressway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title

EXHIBIT "L-8" (Cont)

to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959, as Condemnation Resolution No. 1152.

---

*FOOTNOTE:

EXHIBIT "L-9"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Unit, Hamilton-Long Creek Section of the Kimberly-Long Creek Highway; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said East Unit, Hamilton-Long Creek Section of the Kimberly-Long Creek Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "L-9" (Cont)

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Kimberly-Long Creek Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said East Unit, Hamilton-Long Creek Section of the said Kimberly-Long Creek Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959, as Condemnation Resolution No. 1153.

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1153, under the heading "Real Property Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-10"

Minutes of May 28 and 29, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Wasco-Hay Canyon Section of the Wasco-Heppner Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

EXHIBIT "L-10" (Cont)

WHEREAS, portions of the Wasco-Hay Canyon Section of the Wasco-Heppner Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement or maintenance of the Wasco-Hay Canyon Section of the Wasco-Heppner Highway, certain interest in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said widened and relocated Wasco-Heppner Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Wasco-Hay Canyon Section of the said Wasco-Heppner Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "L-10" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959, as Condemnation Resolution No. 1154.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1154, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31664

EXHIBIT "L-11"

- Minutes of May 28 and 29, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

EXHIBIT "L-11" (Cont)

WHEREAS, portions of the Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said relocated Oregon-Washington Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the relocation, construction, improvement and maintenance of the said Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the said Oregon-Washington Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be

reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959, as Condemnation Resolution No. 1155.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1155, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-12"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Roosevelt Drive (Seaside) Section of the Oregon Coast Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which

is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the Roosevelt Drive (Seaside) Section of the Oregon Coast Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951; and

WHEREAS, For the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that the rights of access that may be permitted should be defined;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Roosevelt Drive (Seaside) Section of the Oregon Coast Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that the rights of access that may be

EXHIBIT "L-12" (Cont)

permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of said widened and relocated Roosevelt Drive (Seaside) Section of the Oregon Coast Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be defined as to location, width, nature and extent, the rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired for right of way prior to May 12, 1951.

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Roosevelt Drive (Seaside) Section of the Oregon Coast Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein, that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959 as Condemnation Resolution No. 1156.

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1156, under the heading "Real Property Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-13"

Minutes of May 28 and 29, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Cascade Locks By-Pass Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "L-13" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Cascade Locks By-Pass Section of the Columbia River Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Cascade Locks By-Pass Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached,

then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement, or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959, as Condemnation Resolution No. 1157.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1157, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-14"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straitening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Baker-Pleasant Valley Section of the Old Oregon Trail Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is

not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Baker-Pleasant Valley Section of the Old Oregon Trail Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A," no right of access of any nature between the right of way of the said relocated Old Oregon Trail Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Baker-Pleasant Valley Section of the Old Oregon Trail Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatibel with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to

EXHIBIT "L-14" (Cont)

final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959, as Condemnation Resolution No. 1158.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1158, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-15"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Bank Freeway Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract

of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

EXHIBIT "L-15" (Cont)

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959, as Condemnation Resolution No. 1159.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1159, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-16"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the East Unit, Weston-Weston Mountain Section of the Weston-Elgin Highway; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said East Unit, Weston-Weston Mountain Section of the Weston-Elgin Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this

reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Weston-Elgin Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said East Unit, Weston-Weston Mountain Section of the said Weston-Elgin Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959, as Condemnation Resolution No. 1160.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1160, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light, and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Washington County Line-Highlands Interchange Section of the Sunset Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the

owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and the maintenance of the said Washington County Line-Highlands Interchange Section of the Sunset Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Sunset Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Washington County Line-Highlands Interchange Section of the Sunset Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached,

then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959, as Condemnation Resolution No. 1161.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1161, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31684

EXHIBIT "L-18"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Coburg Road-Pacific Freeway Junction Section of the Eugene-Springfield Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which

is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Coburg Road-Pacific Freeway Junction Section of the Eugene-Springfield Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said relocated Eugene-Springfield Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Coburg Road-Pacific Freeway Junction Section of the Eugene-Springfield Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said

parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959 as Condemnation Resolution No. 1162.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1162, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-19"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Cascade Locks-Viento Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Cascade Locks-Viento Section of the Columbia River Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said widened and relocated Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Cascade Locks-Viento Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached,

then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959, as Condemnation Resolution No. 1163.

---

* FOOTNOTE:

EXHIBIT "L-20"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Elkton-Kellogg Section of the Elkton-Sutherlin Highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the Elkton-Kellogg Section of the Elkton-Sutherlin Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

EXHIBIT "L-20" (Cont)

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Elkton-Kellogg Section of the Elkton-Sutherlin Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said widened and relocated Elkton-Sutherlin Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Elkton-Kellogg Section of the Elkton-Sutherlin Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

EXHIBIT "L-20" (Cont)

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959, as Condemnation Resolution No. 1164.

---

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1164, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31693

EXHIBIT "L-21"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the State Highway Commission plans and proposes to locate in part, relocate in part, construct and maintain the Cascade Secondary Highway and locate and construct a public way known as Airport Road; and

WHEREAS, for the purpose of locating in part, relocating in part, constructing and maintaining the said Cascade Secondary Highway and locating and constructing a public way known as Airport Road, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the location in part, relocation in part, construction and maintenance of the said Cascade Secondary Highway and the location and construction of a public way known as Airport Road, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit

"A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said Cascade Secondary Highway and the public way known as Airport Road and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the location in part, relocation in part, construction and maintenance of the said Cascade Secondary Highway and the location and construction of a public way known as Airport Road and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein, that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959, as Condemnation Resolution No. 1165.

EXHIBIT "L-21" (Cont)

* FOOTNOTE:

The name of the property owner and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1165, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-22"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property or any right of interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Lake Road-Oregon City Section of the Cascade Secondary Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Lake Road-Oregon City Section of the Cascade Secondary Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and

the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said relocated Cascade Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as noted. *

3. That the relocation, construction, improvement and maintenance of the said Lake Road-Oregon City Section of the said Cascade Secondary Highway and the highway facilities for which each of said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of May, 1959, as Condemnation Resolution No. 1166.

EXHIBIT "L-22" (Cont)

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1166, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.
